

ADDENDUM 3

October 19, 2018

ITN TS 77-18

PUBLIC TRANSPORTATION SERVICES

This addendum is to address the following changes to the tentative dates:

Questions Deadline from potential proposers due: Date: October 17, 2018 (4:00 PM)

Issue Addendum # 3 (Q & A): Date: October 19, 2018 (4:30 PM)

Proposals Due: Date: October 26, 2018 (2:00 PM)

Addendum #2 Proposals due date is being amended via Addendum #3

1. Please clarify if the Contractor is responsible for vehicle cleaning. If it is the Contractor's responsibility, what is the frequency of cleaning, minor and major?

A: Contractor will be responsible for all cleaning. Buses are washed daily and cleaned out on a daily basis.

2. Please provide detailed breakdown of cleaning and servicing requirements
 - a. Exterior washing-required daily
 - b. Interior cleaning –required daily
 - c. Interior detailing –required weekly
 - d. Waxing/Buffering/Seat shampoo-NA

3. The County reserves the right at any time to require the Contractor to provide certified copies of any insurance policies to document the insurance coverage specified in this Agreement. Complete copies of policies contain proprietary information (relating to other contracts/customers) which we are not permitted to make public. Please confirm that the County will accept the certificate of insurance evidencing the required coverage as is typically done in the industry.

A: Contractor would need to redact any proprietary information prior to submission to the County

4. All insurance policies shall include a clause to provide 30 days written notice to Okaloosa County for any changes, cancellations, or non-renewal of the policy, with the exception of 10 day notice for cancellation due to non-payment of premium. Such notice shall be given directly to the County Representative. The standard is to provide Notice of Cancellation 30 days, 10 days for Non-payment, the current Cancellation language found on the standard ACORD form is "Should any of the above described policies be cancelled before the expiration date thereof, notice will be delivered in accordance with the policy provisions." Please confirm that the County will amend the contract to the industry standard.

A: The County will not be able to make any changes to the insurance section.

5. In order to have sufficient time to prepare a cost competitive proposal we are requesting that the proposal due date be postponed for two weeks.

A: The new date is October 26, 2018 at 2:00 PM delivered to Okaloosa County BCC, 5479A Old Bethel Road, Crestview, FL, 32536. Please note, Crestview does not have next day delivery service.

6. Please confirm the start date of the service.

A: January 21, 2018 (tentative)

7. Will the County consider a 90 day implementation period for any incoming contractor to properly transition service and incumbent employees?

A: No, see attached timeline schedule goals

8. Please provide all bidders with the specific pricing sheet for this RFP, so that all price proposals are submitted with costs outlined in the same manner. Please provide such a pricing sheet in an electronic format.
A: See attachment
9. So that it is clear to all bidders, please confirm the volume of HOURS on which all bidders are expected to base their proposal. Are there any plans to change the volume of hours in the next 12 months? The next 24 months?
A: Not at this time
10. Will pricing be evaluated based on the Year 1 price only, or will the County be evaluating and scoring the full contract term cost? Are option years included in the scoring as well?
A: Pricing is evaluated at a five year term cost
11. What are the current rates paid to the current contractor(s) for each type of service?
A: \$35.84
<http://www.co.okaloosa.fl.us/sites/default/files/contracts/contract/C15-2323-GM.pdf>
12. What was the total amount paid to the incumbent contractor(s) for the last two fiscal years (by year)?
A: See number 11
13. How long has the incumbent contractor been the provider for the services for the County? If this includes extension years, how many years were extended
A: October 1, 2015 to present
14. Please provide a list of the top 10 trip generator locations for the paratransit services. If the information is available, please provide the percent of trips that originate from these locations.
A: See attached list provided
15. Please provide all bidders with copies of the last three months of:
 - a. Monthly invoices
A: on base: June-August, see attached.
 - b. Monthly management reports
A: County doesn't receive these
16. Please provide a copy of the current contract for these services
A: See number 11
17. If local, state, or federal governments change the laws, rules, or regulations that affect minimum wages and/or benefits that are mandated for employees that are employed by this contract, and this event was not known at the time of bidding, and this event occurs during the term of any contract resulting from this procurement- how will the County respond to the request for increased compensation? Bidders need to understand the risk associated with such an unknown event should it occur.

A: If wage/benefits increase above 15%, County will re-negotiate with Contractor as needed.

18. If the Contractor is responsible for all taxes, permits, and licenses, will the County please provide the last two years cost associated with such expenses?

A: N/A

19. Please provide the revenue service hour definition for each of the different services contemplated in the ITN.

A: Fixed route- hours that vehicles travel while in revenue service, excluding deadhead hours. Actual vehicle hours include revenue service and layover/recovery time.

Paratransit- hours from "First Pick-up to Last Drop Off" is considered when the vehicle arrives at their first pickup to when the vehicle concludes their last drop off, does not include deadhead or layover/recovery time. Every effort should be made to limit excessive layover away from the garage.

20. In order for all bidders to accurately gauge the cost of insurance, please provide the total miles and total hours, and current deadhead miles and deadhead hours for the services contemplated by this ITN. For the fixed route please provide this information by route.

A: See attached 2016 and 2017 Deadhead data

21. What are the current pull out and return to yard times for each fixed route?

A: See attached spare ratio data

22. Are the operating hours (7am-7pm) and days (M-F) of operation the same for each type of service? If not, please provide operating hours and days of service for each type of service.

A: Paratransit Peak Hours (Monday – Friday)

5:45am – 8:00am

1:30pm – 6:30pm

Paratransit Peak Hours (Saturday)

5:45am – 8:00am

1:30pm – 6:30pm

Paratransit Peak Hours (Sunday)

5:00am – 7:00am

23. Termination for Convenience- Would the County consider modifying this contract clause for a minimum 30 day notice?

A: No

24. Does 5333(b) (formerly Section 13c) of Title 49, regarding Transit Labor apply to this contract? If yes, please provide all bidders a copy of the 5333(b) or 13(c) agreement.

A: No

25. As our company would like to hire as many of the employees that make up the current workforce as possible, it is important to us to ensure that they make at least as much as they do now. Please provide a current seniority list (names can be stricken to protect privacy-

perhaps just list position name and number along with seniority date). Please also indicate if these positions are full time or part time, and current rate of pay.

A: Training operator \$9/hr.

Starting operator \$12/hr.

Top Operator \$13/hr.

26. Are any of the current employee's part of a labor union? If they are, please provide copies of the current collective bargaining agreement, any TA agreements, side letters, or other documentation that indicates the current agreement parameters with the incumbent contractor.

A: No.

27. Please provide contact information for any local union representative that currently represents any of the current employees.

A: N/A

28. If there is a living wage ordinance in effect for the service area covered by the services outlined in the ITN, or one that is currently being considered by local legislation, please provide this information so all bidders can consider this when building their pricing.

A: No.

29. In order to ensure that none of the current employees go backwards in benefits should a transition occur, please provide information regarding the current rates/benefits for these employees. Please include specific information such as a rate sheet, regarding co-pays, dependent coverage and amount of premium to be paid by employer.

A: Not Available

30. Please provide a listing of current positions provided by the current contractor, or an organizational chart outlining these positions. Please indicate the percentage that these current positions are dedicated to the current contract.

A: See Attached

31. Please explain if there have been any challenges due to the incumbent contractor having driver shortages?

A: There have not been any challenges due to driver shortages since the starting pay was moved to \$12/hour.

32. Please provide any information about current incentive programs that are offered to the current employees of this contract?

A: N/A

33. In the scenario where there are exterior factors beyond the control of the contractor (such as traffic, weather delays, etc.) that cause a route to continue past scheduled hours, will the contractor be compensated for this time, or will the County only allow the contractor to bill for the scheduled hours?

A: Yes.

34. Paratransit- Does billable time begin at the first pickup, even if that pickup is a no show?

A: Yes if the established procedures have been followed.

35. Please provide the number of vehicles used at peak time for each of the services contemplated by the ITN. If this information is available by day of week please provide it in that format.

A: Fixed route- 15-20 during peak time
Paratransit- Paratransit Peak Hours (Monday – Friday)
5:45am – 8:00am
1:30pm – 6:30pm
Paratransit Peak Hours (Saturday)
5:45am – 8:00am
1:30pm – 6:30pm
Paratransit Peak Hours (Sunday)
5:00am – 7:00am

36. What is the current level of productivity for each of the service types provided? What is the average productivity per year for each of the past years?
A: Not Available
37. What is the current on time performance for each of the service types provided? What is the average on time performance per year for each of the past three years?
A: Not Available
38. What is the current level of complaints per 1,000 boardings for each of the service types provided? What is the average level of complaints per 1,000 boardings per year for each of the past three years?
A: Not Available
39. Please clarify who certifies the passengers for the paratransit services? If this is a Contractor responsibility, what are the responsibilities involved in this task.
A: The County Mobility Coordinator handles this task.
40. Is trip editing required for the paratransit service? If yes, is the contractor required to conduct 100% trip edits for this service? If not, what are the expectations of the contractor for this task?
A: Question is unclear
41. How does the County determine on-time performance? Is sampling acceptable, or is 100% verification required?
A: Sampling on fixed route is acceptable, 100% verification is needed for paratransit.
42. If a passenger is picked up early, or prior to the window, does this count against on time performance for this contract?
A: Yes.
43. Please provide the current call volume, broken down by weekday, Saturday and Sunday to include hourly levels if possible.
A: Not Available
44. Please provide the amount of liquidated damages (and what categories those damages were assessed to) for each month over the past year that were charged to the current contractor.
A: N/A
45. If non-revenue vehicles (i.e. relief, supervisor, shop) are currently being provided by the County, what is the number and type of these vehicles being provided?
A: (5) Five Ford Explorers and (1) One Ford F-150
46. If non-revenue vehicles (i.e. relief, supervisor, shop) are currently being provided by the contractor, what is the number and type of these vehicles being provided? Does the County have requirements for the specifications of non-revenue vehicles for this contract?
A: N/A

47. Will County make any vehicles available to an incoming contractor to perform the necessary training during the transition period? If yes, how many and what type?
A: Yes, one of each type of vehicle shall be available for use on the weekdays. On Saturday, Sunday, and holidays all vehicles may be available.
48. Please clarify the average miles per vehicle per year for the county provided fleet.
A: N/A
49. What is the current spare ratio for the revenue fleet?
A: See attached Spare Ratio data
50. Is the County or Contractor responsible for towing? If the Contractor is responsible, what is the average cost of towing annually for the past 3 years?
A: County is responsible
51. What are the 3 biggest challenges that County faces for the services contemplated by this ITN?
A: 1) On-time performance
2) Reduce passenger complaints
3) Increase riders per hour
52. What are the County's main goals for the next contract term?
A: see ITN 1.5
53. What does County wish to accomplish over the next decade for these services?
A: See ITN 1.5
54. Does the County have a minimum for training hours for new hires?
A: N/A
55. How many shelters are there?
A: 10 Transit Passenger Shelters
56. Please provide the number of Non-Emergency Stretcher trips were provided in 2017 and 2018.
A: None
57. Please confirm that neither a bid bond nor performance bond is required for this solicitation.
A: See Section II of the ITN
58. In order for proposers to accurately project required staffing and deadhead for the EC Rider Dial-A-Ride service, please provide the following information (in an Excel or comparable electronic format) for a typical, non-holiday weekday, a typical Saturday and a Typical Sunday.
- Scheduled pick-up times for each trip
A: N/A
 - Pick-up and drop-off addresses for each trip
A: N/A
 - Number of passengers for each trip.
A: N/A
59. When does the summer schedule begin and end.
A: Memorial Day to Labor Day
60. For those routes (20, 30, 32, 33) that don't have actual timetables online can we get these time tables?
A: See attached route timetables
61. Please confirm the County would like only the original proposal submission to be unbound and that the eight copies should be bound.

- A: Yes, plus one (1) electronic version.
62. Please provide the latest update of the Transportation Disadvantaged Service Plan (TDSP).
A: See Attached.
63. Can the county please provide the proposal documents referenced in this section that the proposers are required to complete where the responses should be located?
A: See #32 of ITN
64. The unlinked trips associated with the Fixed-Route (MB) have decreased each year since 2015. Is this a result of less routes and service provided or some other reason?
A: No, passenger transition to paratransit has affected the total, it is not limited solely to ADA services.
65. The unlinked trips associated with the Demand Response service has increased each year since 2015. Is this primarily a result of increased demand for ADA services?
A: See number 64
66. Non-Emergency Stretcher service is not a standard service associated with public transportation. Is this a requirement associated with the Medicaid Broker contracts? Do these contracts mandate provision of this service?
A: See contracts attached via links
67. Please provide the most recent evaluation of the current Contractor by the Local Coordinating Board (LCB).
A: See Attached.
68. It is stated that Okaloosa County is under contract with the Florida Commission for the Transportation Disadvantaged (CTD) to provide Medicaid Non-Emergency Transportation. The CTD no longer has authority for Medicaid Transportation services. The RFP further states under this contract is a requirement to provide bariatric services. Please clarify the Contractor is not responsible for providing these services.
A: Answers will follow in supplemental addendum
69. In the vehicle inventory two vehicles are classified for service as "Airporter". Will the County please explain what this service entails and how it differs from FR or DR?
A: We do not provide services to the Airport at this time.
70. In the chart on page 79 of the RFP there is a column for CDL. Some are marked No: other cells are blank. Is a CDL required for any of these vehicles that have no response in this column?
A: A CDL is required for vehicles that can hold 15 passengers or more or are 25 feet or larger.
71. Please explain the process for scheduling service with Medicaid Brokers. Does the County have the necessary interfaces to capture trips through software used by the Brokers? Does the Contractor have the ability to deny trips based on service constraints? Is the Contractor required to bill the brokers directly or is that the responsibility of the County?
A: The County has the necessary interfaces to capture the trips and the Contractor has the ability to deny trips based on service constraints. The County is responsible for billing the brokers.
72. Do the paratransit vehicles have MDTs in them that coordinate with Trapeze? Which model and type are they?
A: Yes, Samsung Galaxy E 9.7"
73. Does the County know if the Trapeze system has PASS-MON?

A: Yes, it has PASS-MON.

74. For transferring the vehicles for maintenance, is it a time-consuming process? Please explain how that process works in coordination with the County's maintenance department.

A: No. Transit vehicles are scheduled for repair maintenance, preventative maintenance, and general maintenance by Okaloosa County Vehicle Fleet Maintenance with direct coordination with Transit Operations.

75. Does the County maintenance department coordinate with the Contractor regarding PMI schedule or is it the Contractor's responsibility? Please explain how that process works.

A: Yes, PM Inspections are scheduled in accordance with Emerald Coast Rider's Maintenance Plan, with email correspondence being issued and direct communication held between the two parties.

76. Is the bus wash automatic and the drivers run them through as they fuel? Is that all near where the admin facility is? Please explain the process.

A: The bus wash system is automatic and onsite at the Transit Admin & Maintenance Facility; but, vehicles are fueled at the Okaloosa County Fleet Maintenance Shops (ex. Crestview and Fort Walton) and other Fuelman Sites within the service area.

77. How many Road Supervisors are there for each service? Do they do the transit stop maintenance?

A: 4 Four Road Supervisors that monitor, supervise, and assist both Fixed Route and Paratransit Operations.

78. Is the County billed the same rate for FR and paratransit or different rates by the current contractor?

A: Yes

79. Coordination Contractors- Please explain the role of the Contractor in interfacing with these entities.

A: Question unclear

80. What role does the Contractor have in monitoring, inspecting, and collecting data from Coordination Contractors?

A: Question Unclear

81. How is the maintenance time cycle generated and who is responsible for capturing the data?

A: Scheduled and preventative maintenance are outlined in the Okaloosa County – Emerald Coast Rider Maintenance Plan, with facilitation and compliance by Vehicle Fleet Maintenance.

82. Is the County currently using an Electronic Logging Device for DVIs that has been mandated for the state of Florida? If so, what system does the County currently use? Who is responsible for upkeep? Who is financially responsible for the fees as well as cost associated with replacements and/or additions?

A: No, currently all manual. Transit Grants Coordinator

83. Does the Demand Response hours in the table on the first page of Attachment A include all of the hours for Items 2-6 listed in Attachment A? Is there a breakdown of hours by each type of service?

A: Yes. No there is not a breakdown for these services

84. Please confirm the revenue definition for the fixed route and paratransit. Is it gate to gate including all hours from the time a vehicle leaves the garage and returns to the garage or is it first time point to last time point based on schedules?

A: Definition shall be provided as outlined by the National Transit Database or Federal Transit Administration.

Fixed Route – hours that vehicles travel while in revenue service, excluding deadhead hours. Actual vehicle hours include revenue service and layover/recovery time.

Paratransit – hours from “First Pick-up to Last Drop Off” is considered when the vehicle arrives at their first pickup to when the vehicle concludes their last drop off, does not include deadhead or layover/recovery time. Every effort should be made to limit excessive layover away from the garage.

85. Please provide invoices for the last 12 months.

A: See Attached.

86. Please provide detail of current benefits offered to employees (medical, dental, retirement, etc.) and current participation rates.

A: N/A

87. If the County cannot provide the Seniority list, will the County please provide the total number of drivers currently employed by the current contractor to provide all services necessary?

A: See attached employee roster and organizational chart

88. Please provide the CBA (if applicable) including any applicable amendments and MOUs.

A: No existing bargaining unit or labor union.

89. 49 USC 5333(b) under the Federal Transit Act (commonly referred to as “13(c)”). Please confirm that there are no outstanding employer liabilities that would carry over from the current contract to the new Contractor that need to be accounted for.

A: N/A

90. Please provide the daily weekday, Saturday and Sunday revenue hours for each service

A: See invoices attached for revenue hours

91. Please provide the weekday, Saturday, and Sunday pullouts for each service.

A: Paratransit Peak Hours (Saturday)

5:45am – 8:00am

1:30pm – 6:30pm

Paratransit Peak Hours (Sunday)

5:00am – 7:00am

92. Please provide detailed trip data for an average one-month period including: pickup and drop-off addresses and times, number of passengers, miles, wheelchair vs. ambulatory, trip time, and trip miles.

A: N/A

93. Please provide a fleet replacement plan. How many vehicles of each type does the County plan to replace in each year of the contract?

A: TBD

94. Please provide a listing of any liquidated damages charged or incentives earned over the past 12 months. Please clarify if the liquidated damages listed in the RFP differ from the current contract.
A: There are no liquidated damages outlined in the current contract.
95. Will vehicles be made available for startup and training purposes?
A: Yes
96. Will training rooms at the client's facility be made available for startup and training purposes?
A: Yes.
97. Does the Contractor need to supply any support vehicles? Does the County have any requirements regarding support vehicles regarding type, number, age, limit, and fuel type?
A: No
98. Is there any DBE obligation for the Proposer/Contractor?
A: Yes, see 5B ITW Attachment "B" includes Monthly reports and Annual reports.
99. Are uniforms to be provided by the Contractor? If so please specify requirements.
A: Yes, they must have the Escambia County transit rider logo and slacks/shorts. Light blue, tan, or dark blue are acceptable colors.
100. Please provide the addresses for both transit facilities. Please indicate which services and vehicles are staged/ housed at each facility.
A: Okaloosa County Transit Administration & Maintenance Facility
EC Rider
600 Transit Way
Fort Walton Beach, FL 32547

Okaloosa County Transit – Crestview Office
EC Rider
5265 Cavalier Drive
Crestview, FL 32536

Okaloosa County Transit – North Site
EC Rider
198 S. Wilson Street
Crestview, FL 32536
101. How many dispatchers, schedulers, and customer service reps are there currently?
A: Six (6) Dispatchers, Two (2) Schedulers, Three (3) Customer Service (1 Receptionist and 2 Reservationists)
102. Is the County requesting that the rates, only be broken down by revenue hour?
A: Yes
103. Is a per trip rate acceptable to the County for the paratransit side?
A: No
104. Will the provider be billed for the preventative maintenance mentioned in Section 1.7?
A: No, Okaloosa County Vehicle Fleet Maintenance will assume and administer all maintenance repairs associate with Transit Operation.
105. Is the county providing radios for the vehicles?

A: yes, Okaloosa County will assume responsibility of providing push-to-talk radios or radio system.

106. With the pre-bid date being moved to October 12th, will the question deadline be extended further?

A: Yes, October 17, 2018

107. Please provide a date when proposers can expect answers to be provided to questions

A: October 19, 2018

108. Please provide a copy of the Logisticare contract and provider manual

A: <http://www.co.okaloosa.fl.us/sites/default/files/contracts/contract/C15-2323-GM.pdf>

109. Please provide a copy of the Secure contract and provider manual.

A: <http://www.co.okaloosa.fl.us/sites/default/files/contracts/contract/C17-2577-GM.pdf>

110. Please provide the list of formal training and retraining program required by Logisticare and Secure.

A: See #108 & 109

111. What is the number of Brokered service trips from Logisticare per month for the last 36 months?

A: See attached invoices for the last twelve months for Maruti

112. What is the number of brokered service trips from Secured Transport per month for the last 36 months?

A: See attached invoices for the last twelve months for Maruti

113. What is the no show rate for brokered service trips from Logisticare? By month or year for the last 3 years?

A: Logisticare does not allow for a no-show rate

114. What is the no show rate for brokered service trips from Secured Transport? By month or year for the last 3 years?

A: Secured Transportation does not allow for a no-show rate

115. Out of the last 3 years how many days has the average 1.7 riders per revenue not been met?

A: There are new standards being established for this contract

116. Out of the last 3 years how many days has the average of 2.0 (or higher) riders per revenue hour been met?

A: There are new standards being established for this contract.

117. What are the examples of "telephone records or other documentation acceptable to the County" that would support no shows?

A: Contractor can provide a phone log/cancellation log/no-show sheet/driver manifest

118. What contractors and subcontractors would be used and which Contractor would be responsible for paying?

A: Question unclear. The County would only contract with the selected Contractor.

119. Please detail the invoicing procedures for Logisticare.

A: See attached

120. Please detail the invoicing procedures for Secure Transportation.

A: See attached

121. Please explain Contractor's role in "assisting with the negotiation of brokered transportation contracts with non-medical emergency transportation.

A: Support role

122. Please explain Contractor's role in "negotiating contracts with subcontractors for services.

A: Support role

123. Please explain the current method of updating the Medicaid eligibility records. Are Medicaid eligibility records received by the transportation brokers or from AHCA?

A: Contractor is not required to do any updates.

124. Please provide the name of any stretcher transportation subcontractors used in the past three years.

A: N/A

125. How many stretcher transportation trips were need per year over the past three years? Is a monthly breakdown available?

A: N/A

126. How are determinations made regarding whether a Medicaid beneficiary needs stretcher transportation? Are those determinations made by the transportation brokers? Are those determinations made by the Contractor? What is the current SOP for making those determinations?

A: N/A

127. Does the work involve services provider to the Agency for Persons with Disabilities (APD)?

A: Answers will follow in supplemental addendum

128. Would Contractor be required to complete background checks through the APD Clearinghouse?

A: Answers will follow in supplemental addendum

129. Would the contractor need to comply with HIPAA?

A: Yes

130. Would the Contractor need to comply with the DRA Education Requirements?

A: N/A

131. Please provide price pages.

A: See pricing attachment

132. Please provide the current rates paid to the existing contractor for variable and fixed costs. Also, please indicate the total amount paid to the contractor for the last fiscal year.

A: N/A

133. Please confirm the volume of hours and/or trips on which proposers should base their proposals. Please describe plans for any changes to the volume of hours in the next 12 months.
A: N/A
134. Please provide the revenue service hour definition for each of the services listed in the RFP.
A: Definition shall be provided as outlined by the National Transit Database or Federal Transit Administration.
135. Please provide/confirm the current revenue miles and hours; current deadhead miles and hours; and current total miles and hours for these services.
A: See attached 2016 and 2017 reporting
136. Please clarify the number of vehicles used in revenue service by day of week and peak service ours and number of buses in service at these times.
A: See Spare Ratio Data Attached
137. Please provide detailed information for each Fixed Route to help with blocking and scheduling. Please include deadhead hours and miles, number of buses currently used on each route, pull-out and return-to-yard times, etc.
A: See 2016 and 2017 Deadhead attachments
138. For fixed route service, please clarify if billable time continues past scheduled hours on the last trip due to exterior factors (traffic, weather, incidents, etc.).
A: Yes
139. For paratransit service, please clarify if revenue hours begin at the first pick-up, even if that pick-up is a no show.
A: Yes, if all the proper procedures are followed.
140. Does the Agency have any requirements regarding support vehicles? Type, number, age limit, fuel type. How many are currently being used by the contractor?
A: County will provide all vehicles.
141. Please advise if the contractor is required to provide any items on the bus (fare boxes, radios, MDT, etc.)
A: No.
142. Please provide the current spare ratio during peak service.
A: See attached Spare Ratio Data
143. Please provide the current maintenance technical work schedule.
A: Okaloosa County Vehicle Fleet Maintenance will assume and administer all maintenance repairs associated with Transit Operation.
144. Does the agency have a vehicle maintenance replacement schedule that can be shared? Any new buses in the process of being procured for either replacement or expansion?
A: 1 cutaway bus on back order
145. Productivity goal of 1.7 for each day of operation. Would the Agency consider an overall monthly goal of 1.7 since weekend ridership levels do not allow for efficiencies to be maximized?
A: The productivity goal is already monthly, at a rate of 1.7.
146. What is the current level of productivity for each of the services?

A: N/A

147. Please provide a listing of any liquidated damages charged or incentives earned over the past 12 months. Please clarify if the liquidated damages listed in the RFP differ from the current contract.

A: There are no liquidated damages outlined in the current contract.

148. Please verify that there is no Disadvantaged Business Enterprise (DBE) goal established for this contract and that a good faith effort is not required.

A: There is a DBE goal set by Transit and good faith efforts are required.

149. Are the current drivers/employees part of a labor union?

A: No.

150. Please provide information regarding the current benefits and co-pays for the current employees to include drivers and staff. Please include as many specifics as possible.

A: N/A

151. Please clarify any specifics required relating to phone and data lines needed. Number of lines, data line type.

A: County provides this equipment.

152. How many years has the existing contractor held this contract including extensions?

A: The existing contractor has held this contract since October 15, 2015.

153. Please provide copies of the last three months of management reports from the Contractor.

A: N/A

154. Please provide copies of the last three months of invoices from the Contractor.

A: See attachment

155. Software: Please describe, including manufacture product name and version number, the scheduling and dispatching products in place.

A: Trapeze software

156. Software: Please describe any additional modules in place to supplement the scheduling and dispatching system.

A: Trapeze PASS, TripSpark Driver Mate, and Trapeze FLEX

157. Software: Please indicate whether these products are hosted by the Client, software manufacturer, or if Contractor would be required to provide the hosting services.

A: The County provides these services.

158. Please describe the manufacturer make and model of any equipment currently in use or planned for use on the vehicles including cameras, safety/security systems, routers, signs, passenger counters, tablets, and fare boxes.

A: Answer will follow in a separate addendum.

159. Hardware: Is there a requirement for integration of tablets, signage, and passenger counters with the dispatching system?

A: No. Projects are in the planning to stage to purchase signage, APC's, Passenger Annunciators

160. IT: Who is required to provide the internet circuit for the facility?

A: County

161. IT: Is the Contractor able to segment a separate VLAN off the Agency internet service?

A: County IS/IT

162. IT: What up/down bandwidth is available to the Contractor on the Agency internet service?
A: County IS/IT
163. IT: Please confirm Contractor can install their own managed router and switch for segmented VLAN.
A: County IS/IT
164. IT: Please provide detail on the office/facility phone and internet lines/connections in each work area.
A: County IS/IT
165. IT: Does the Contractor need to provide any network cabling or facility IT upgrades?
A: County IS/IT
166. IT: Is there rack space available for Contractor servers, switch, routers, etc.?
A: County IS/IT
167. IT: Does the Contractor network need to support a facility camera system? If so, please provide details on the system.
A: County IS/IT
168. IT: Are there any non-standard system applications that need to be installed on Contractor's workstations?
A: County IS/IT
169. IT: What systems, applications, or on-bus technology does the Contractor need to provide computers or servers for?
A: County IS/IT
170. IT: Call recordings- Are contractors required to make call recordings available to the County? HIPAA regulations raise concerns in this area and may require a very controlled process.
A: County IS/IT
171. IT: For the Agency provided telephone system, are there Service Level Agreements, Business Continuity Plans, or Disaster Recovery plans that Contractors need to follow? If so, please provide copies.
A: County IS/IT
172. IT: Are there any current challenges or concerns with provided technology that need to be addressed? An example might be the system lacks capacity for anticipated growth.
A: County IS/IT
173. IT: Please provide a diagram of the Technology landscape showing applications/services, who uses each, are they on a server or in the cloud, etc.
A: County IS/IT
174. Would a respondent to the above ITN be disqualified under Section III: General Proposal Conditions (paragraph 13) or otherwise in the ITN requirements, if the respondent included an individual as a proposed employee (i.e.: General Manager, Operations Manager and/or Safety and Training Manager) and that individual is also included as a proposed employee by a different competing respondent in their ITN response? Please also comment on any other conflicts this may present, if any.
A: No, but the Contractor must comply with the anti-collusion clause.
175. Would a respondent to the above ITN be disqualified under Section III: General Proposal Conditions (paragraph 13) or otherwise in the ITN requirements, if the respondent included a

subcontractor (i.e.: either an individual or business entity) for services and that subcontractor is also included as a proposed subcontractor by a different competing respondent in their ITN response? Please also comment on any other conflicts this may present, if any.

A: No, but the Contractor must comply with the anti-collusion clause.

1.11 TIMELINE GOALS-**all times are tentative**

Proposal Response Due	Date: 26 October 2018, 2:00 p.m.
ITN Committee Review to Short List	Date: 8 November 2018
Short List Announcement	Date: 9 November 2018
Negotiations with Short List Vendors	Date: 12-16 November 2018
Oral Presentation/Demonstration with Responses	Date: 29 November 2018
Intent to Award	Date: 30 November 2018
Board Review and Approval	Date: 18 December 2018
Outsourced Support Transition Begins	Date: 21 January 2019
Transition Complete	Date: 31 January 2019

Attachments: Maruti Invoice 17-11 August 2017 Grant Worksheet.xlsx

Yes, please change the number to 701748. I printed the grant sheet prematurely and forgot to replace it. The finished worksheet is attached. I will arrange for it to be picked up probably before lunch.

Thanks,

Janet M. Willis

Transit Coordinator/Grants Manager
Phone: 850/683-6255

Please note: Due to Florida's very broad public records laws, most written communications to or from County employees regarding County business are public records, available to the public and media upon request. Subject: Maruti Invoice 17-11
Importance: High

Janet,

On the contract pay request, would you like for me to change dept 701648 to 701748?

On the Grants worksheet, could you please complete the sections for Wave and Corridor and forward to me so that I may replace in the invoice package. The amounts being allocated for each grant department were not filled in.

Once I receive the revised grants worksheet, the invoice will be ready for further processing. The invoice will need the County Administrator's signature. Will someone be coming to pick this up and walk through for County Administrator signature and return to Finance for further processing?

Thank you,
Ashley

Ashley S. Endris

Subject: RE: July Invoice

Ashley,

I wasn't able to get in touch with Mr. Hofstad's office so please proceed to process the invoice as normal.

Thanks,

Janet M. Willis

Transit Coordinator/Grants Manager
Phone: 850/683-6255

Please note: Due to Florida's very broad public records laws, most written communications to or from County employees regarding County business are public records, available to the public and media upon request. Therefore, this written e-mail communication, including your e-mail address, may be subject to public disclosure.

Subject: RE: July Invoice
Importance: High

Janet,

I have finished my review of the Maruti Invoice 17-10. Please confirm that 701648 should read 701748 on the contract pay request. If the TD invoice is correct as is, everything else looks good.

The deadline to get pay requests to Accounts Payable in order for them to get processed tomorrow is no later than noon today. This pay request is over the \$25,000 threshold, so it will need to be signed by the County Administrator first. Will you be sending someone to walk it through so that it will get paid this week, or would you like for me to continue processing as normal?

Thank you,
Ashley

Good morning,

I am looking over the documents that you sent this morning. I was out yesterday. I will let you know as soon as I finish my review if I have everything needed to continue processing.

Thank you,
Ashley

Ashley,
Attached are the correct invoices that Maruti has now signed and a revised copy of the grant worksheet. Are you able to use the signed Contract Approval Form that you already have and revise the grant allocations as on the attached form?

This is the invoice that Maruti should have pulled and signed or at least it's the one that I used because it says "Final Revised" but they have 4 different versions in the invoice folder. I will straighten this out on Monday.

Thanks,

Good afternoon,

In reviewing the Maruti Invoice #17-10, I noticed some mistakes that need correcting. Please see attached marked up pages with my questions/comments. I have also attached an email previously sent concerning the amounts on the TD invoice, which affects the amounts allocated to the different grants on this invoice.

Please revise as needed and resubmit the revisions to me, or I can send the invoice back to your attention for revision and resubmission, please let me know.

Thank you,
Ashley

Ashley,

Joann nor Bob was there the other day to print the correct invoice and give it to Parth and it looks like Maruti pulled the wrong invoice and signed it. I've requested several times that they only have one file in the invoice location. I'll get back with you. I think Parth is already gone for the day anyway.

Subject: Re: Maruti Invoice Issues

Jane, I didn't realize the 5311 adjustment had already been made so yes, it's fine to reduce program income on the paratransit invoice by that amount and charge to 5311. As for the one cent, wasn't it a rounding error? You can charge it to PI though.

Sent from my iPhone

On Aug 28, 2018, at 2:36 PM, Jane Evans <jevans@myokaloosa.com> wrote:

Elliott/Janet,

In order to complete the Maruti Invoice approval, we need the following items:

- 1) \$643.49 is left on the 701841 FDOT 5311 grant. We need to add that account and amount to the Payment Approval Form and reduce Program Income 70544 for the same amount.
- 2) The Paratransit section is .01 less than the Gross Expenses Total. Would the penny be put against 70544?

If you agree to these changes, please respond and we will change the Payment Approval Form then continue processing.

Subject: RE: Pay Request for Maruti

I believe that is the 5311/rural grant so it can only be charged to 70544/534410 (program income).

Janet M. Willis

Transit Coordinator/Grants Manager

Subject: RE: Pay Request for Maruti

Okay, I do understand the information you provide below.

However, 701841 will be overspent in its entirety balance is presently \$50,791.24 and this pay request as coded \$51,144.62 a deficit of \$353.38.

Please provide where you would like the deficit coded (this way a journal entry to correct after the fact can be avoided), we will edit the face of the pay request accordingly.

We will await Elliot's response regarding the amendment to further process, thank you.

Marcella B. Eubanks
Finance Manager, Okaloosa County Clerk of Courts

Walton County Council on Aging
1154 Baldwin Ave.
Defuniak Springs, FL 32435
Tel. 850-892-8165
Fax 850-892-8169

Dear Kay Brady,

Maruti Fleet and Management, provided transportation in support of the **Title OA3B** program for the month of June 2016. The charge for this transportation is **\$3027.03**

Please make check payable to Maruti Fleet and Management and mail to the address below at your earliest convenience.

If you have any questions, please contact me at 850-833-9173. Thank you for the privilege of serving you.

Respectfully,

A handwritten signature in black ink that reads "Crystal S. Myers". The signature is written in a cursive style with a long horizontal line extending to the right.

Crystal S. Myers
Administrative Manager
Maruti Fleet and Management
600 Transit Way
Fort Walton Beach, FL 32547

Subject: Maruti Invoice 17-09
Importance: High

Janet,

Please see attached. When you add up the numbers allocated to 701542, 701543, and 70544 on your grant worksheet, they do not match the totals allocated on the contract pay request. When you look at how you have allocated to these grant departments on the fixed route invoice, it does not match how you have allocated to the grant departments on your grant worksheet. Please provide a correction to either the grants worksheet, or the fixed route invoice.

I have also included markups on the TD invoice. The calculations were off a bit, but the total being charged to 701648 is still \$42,415.

Please provide me with either a corrected grants worksheet, or a corrected fixed route invoice, depending on how you would like to allocate the amounts to the grant departments. This may change how the totals are allocated on the face of the contract pay request as well.

Please also confirm if you would like for me to correct the TD invoice as shown in the attached.

Thank you,
Ashley

Ashley S. Endris

Dear Kay Brady,

Maruti Fleet and Management, provided transportation in support of the Title OA3B program for the month of May 2018. The charge for this transportation is \$3,498.38.

Please make check payable to Maruti Fleet and Management and mail to the address below at your earliest convenience.

If you have any questions, please contact me at 850-833-9173. Thank you for the privilege of serving you.

Respectfully,

A handwritten signature in black ink, appearing to read "Captain D. Myers", with a long horizontal line extending to the right.

Subject: RE: Pay Request for Maruti

Mindy, I just spoke with JD on this. Please pay the invoice based on the FY17 reimbursement rate. Make a note to ensure that when the amendment and direction for FY18 payment is finalized, any over/under payment, if applicable, is adjusted for at that time.

Elliott, as I'm sure you agree, it's critical we get this amendment updated as soon as possible. The Clerk's office will do whatever we can to help but we have got to get this vendor's relationship on the right path.

Yes, we are working with the County Attorney's office on some liquidated damages clauses. Hopefully we will have something soon.

Thank you, Elliot.

Is an amendment in the works to update FY 18's rates? Should one be in the works?

I will await upper management's decision on this subject.

Subject: Pay Request for Maruti

Good afternoon,

I am in receipt of the October invoice/Pay Request for Maruti Fleet Management.

According to the contract, per amendment #2, the billable rate of 33.54 was for FY 17.

How should FY 18 billable rates be handled? Is there an amendment for the FY 18 billable rate?

Is there language in the contract or a clause that we have overlooked?

Please advise.

Thank you,
Mindy

Subject: Gulf Power reimbursement

Attached is the Gulf Power reimbursement request for Maruti Transit. Maruti failed to submit the invoice to us in a timely manner. I check our records and the December – January bill was never paid.

Thanks,

Janet M. Willis

**AMENDMENT TWO TO CONTRACT C15-2323-GM BETWEEN
MARUTI AND OKALOOSA COUNTY**

This AMENDMENT made and entered into this 20 day of September, 2016, amends Contract C15-2323-GM, dated August 18, 2015 by and between Okaloosa County, Florida, a political subdivision of the State of Florida (the "County") and Maruti Fleet and Management, LLC (the "Contractor").

RECITALS

WHEREAS, on March 20, 2015, Okaloosa County issued RFP GM 18-15 seeking proposals from qualified vendors to provide public transportation services; and

WHEREAS, on August 18, 2015 the County and Contractor entered into a Contract (C15-2323-GM) which authorized the Contractor to provide fixed-route and paratransit public transportation services; and

WHEREAS, on November 17, 2015, Contract C15-2323-GM was amended to include language required by the Florida Commission for the Transportation Disadvantaged pertaining to payment of subcontractors; and

WHEREAS, due to an oversight in fuel billing, Contractor owes the County \$223,782.34 for fuel spent for the provision of transportation services; and

WHEREAS, in order to more efficiently operate the system, Contractor and County agreed to Contractor's hiring a position to provide daily cleaning of vehicles, which expense was not included in the original contract, and Contractor has incurred further unforeseen expense in the provision of vehicle insurance and tolls that were not addressed in the original contract; and

WHEREAS, County and Contractor agree that it is necessary and mutually desirable to amend Contract C15-2323-GM to reconcile costs and payments.

NOW THEREFORE, in consideration the mutual covenants set forth herein and other good and valuable consideration, the County and Contractor hereby amend Contract C15-2323-GM as follows:

1. The above Recitals are incorporated as essential terms of this Amendment.

2. The Contract budget is amended effective October 1, 2015 to include an additional amount of \$20,270.84 to provide for routine, daily vehicle maintenance such as washing, vacuuming, and other non-mechanical maintenance not provided by the County Fleet Management Department; through September 30, 2016.
3. The Contract is amended effective October 1, 2015 to include the reimbursement for vehicle insurance in the amount of \$42,032.73.
4. Article 4 C.1 is stricken in its entirety and replaced to read as follows:

Fixed-Route service will be billed by the contractor at a rate of \$36.51 hour for Actual Revenue Hours. For the purposes of this contract, Actual Revenue hours will be defined as follows and as provided in the National Transit Database. In effect at the time of this Amendment.

Actual Vehicle Hours

The hours that vehicles travel while in revenue service plus deadhead hours. Actual vehicle hours include:

- *Revenue service*
- *Deadhead*
- *Layover/recovery time*

Deadhead (Miles and Hours)

The miles and hours that a vehicle travels when out of revenue service. Deadhead includes:

- *Leaving or returning to the garage or yard facility*
- *Changing routes*
- *When there is no expectation of carrying revenue passengers.*

However, deadhead does not include:

- *Charter service*
- *School bus service*
- *Operator training*
- *Maintenance training*

Layover / Recovery Time

The hours scheduled at the end of the route before the departure time of the next trip. This time is scheduled for two reasons:

- *To provide time for the vehicle operator to take a break (layover)*
- *To provide time to get back on schedule before the next trip departs if the trip arrives late at the end of the route (recovery).*

Paratransit services will be billed by the contractor at the rate of \$31.56 per hour for the Vehicle Revenue Hours. For purposes of this contract Vehicle Revenue

Hours will be defined as "First Pick-Up to last Drop Off"; First Pick-Up to last Drop Off is considered when the vehicle arrives at their first pick up to when the vehicle concludes their last drop off does not include deadhead or layover/recovery time.

5. The Contract is amended to include the reimbursement for *Gate-to-Gate* in the amount of \$39,649.00 beginning October 1, 2015 through September 30, 2016.
6. The Contract budget is amended effective October 1, 2015 to include the reimbursement for toll road charges in the amount of \$3,844.32 beginning October 1, 2015 through September 30, 2016.
7. The total Contract budget for FY 16 is hereby adjusted to a total amount of \$2,711,875.89
8. C16-2323-GM is hereby amended to include the following additional provision:

Public Records

IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT OKALOOSA COUNTY RISK MANAGEMENT DEPARTMENT 5479 OLD BETHEL ROAD CRESTVIEW, FL 32536 PHONE: (850) 689-5977 riskinfo@co.okaloosa.fl.us.

Contractor must comply with the public records laws, Florida Statute chapter 119, specifically Contractor must:

- a. Keep and maintain public records required by the County to perform the service.
- b. Upon request from the County's custodian of public records, provide the County with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in chapter 119 Florida Statutes or as otherwise provided by law.
- c. Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of the contract if the contractor does not transfer the records to the County.
- d. Upon completion of the contract, transfer, at no cost, to the County all public records in possession of the contractor or keep and maintain public records required by the County to perform the service. If the contractor transfers all public records to the public agency upon completion of the contract, the contractor shall destroy any duplicate public records

that are exempt or confidential and exempt from public records disclosure requirements. If the contractor keeps and maintains public records upon completion of the contract, the contractor shall meet all applicable requirements for retaining the public records. All records stored electronically must be provided to the public agency, upon the request from the public agency's custodian of public records, in a format that is compatible with the information technology systems of the public agency.

9. Okaloosa County shall immediately credit to the Contractor the amount of \$105,796.89 which represents the adjustments contained in Paragraphs 2, 3, 5 and 6 of this Amendment. That amount shall not be paid to the Contractor but shall be used to offset the amounts owed to the County by the Contractor for fuel charges. With the adjustment of the remaining amount owed by this amount by the Contractor for fuel charges is reduced to \$117,985.45.
10. Beginning with the September, 2016 payment and ending with the payment of February 2017, the Clerk shall withhold from any reimbursement due to Contractor the amount of \$19,664.24 per month to complete payment of the amount owed for fuel charges.
11. Contractor shall pay for fuel consumed in performance of service in August 2016 and September 2016 upon presentation of a fuel invoice from County.

12. Beginning October 1, 2016, the County shall directly recover from grants the cost of fuel, water, sewer, gas, telephone service, and electrical service used by Contractor in the provision of transportation services. To ensure prompt recovery of these costs, Contractor shall, within two (2) working days of receipt, forward to the County all bills and invoices from the fuel, water, sewer, gas, telephone, and electrical services providers.

13. The FY 17 (October 1, 2016 through September 30, 2017) budget for public transportation services as provided to Contract C15-2323-GM is hereby established at \$2,817,031.57.
14. The billable rates for FY 17 are hereby set at \$33.54 for fixed route and \$33.54 for paratransit.

All provisions not revised by this first amendment shall remain in full force and effect.

Subject: Maruti Invoice 17-12
Importance: High

Janet,

Please see attached, I am correcting the face of your contract pay request changing the amount that is being coded to 70544-534410 by one penny. This will change the total invoice amount by one penny as well. I have also corrected the total amount on the Paratransit invoice. I am correcting the department # 701648 to 701748.

Please confirm that you are okay with the changes.

Thank you,
Ashley

Ashley S. Endris
Accountant, Okaloosa County Clerk of Courts

Subject: RE: Maruti invoice

Yes, it is. That should be 701748 since it's a new CTD fiscal year. I keep making that same mistake. Sorry.

Thanks Janet. As I'm reviewing this for my first time I noticed the Budget Department #701648 on the Payment Approval Form does not tie to the Maruti invoice #701748 or other supporting documents. Is the 701648 a typo or does this account need to be updated on Maruti?

Thanks,

Danielle Garcia

Subject: RE: Maruti invoice

Yes, it is. That should be 701748 since it's a new CTD fiscal year. I keep making that same mistake. Sorry.

Thanks Janet. As I'm reviewing this for my first time I noticed the Budget Department #701648 on the Payment Approval Form does not tie to the Maruti invoice #701748 or other supporting documents. Is the 701648 a typo or does this account need to be updated on Maruti?

Thanks,

Danielle Garcia

General Information

The Transportation Disadvantaged Service Plan is an annually updated tactical plan jointly developed by the Planning Agency (West Florida Regional Planning Council) and the Community Transportation Coordinator (CTC), which contains development, service, and quality assurance components. The Local Coordinating Board reviews and approves the Service Plan and it is submitted to the Commission for the Transportation Disadvantaged for final action.

Federal Transit Administration (FTA) programs through authorizing legislation that amends Chapter 53 of Title 49 of the U.S. Code President Obama signed the [Fixing America's Surface Transportation \(FAST\) Act](#), reauthorizing surface transportation programs through Fiscal Year 2020. Federal transit law requires that projects selected for funding under the [Enhanced Mobility for Individuals and Individuals with Disabilities \(Section 5310\) Program](#) be "included in a locally developed, coordinated public transit-human services transportation plan," and that the plan be "developed and approved through a process that included participation by seniors, individuals with disabilities, representatives of public, private, and nonprofit transportation and human services providers and other members of the public" utilizing transportation services. These coordinated plans identify the transportation needs of individuals with disabilities, older adults, and people with low incomes, provide strategies for meeting these needs, and prioritize transportation services for funding and implementation. Florida's Transportation Disadvantaged Service Plan is developed through the input of Local Coordinating Boards whose membership includes citizens, public transportation, and human service providers. In addition to being a statutory requirement of Chapter 427, the Transportation Disadvantaged Service Plan may also be used to satisfy this federal requirement.

Through the guidance and support of the Coordinating Board, both the development and service components should complement each other. The Local Coordinating Board plays an important role in the support, advisement, monitoring, and evaluation of the Coordinator based on the approved Transportation Disadvantaged Service Plan. Through the Local Coordinating Board's involvement in the review and approval of the plan, the Coordinating Board is able to guide and support the Coordinator in implementing coordination efforts and locally developed service standards that are consistent with the needs and resources of the community.

A Transportation Disadvantaged Service Plan must be developed and maintained for each service area as recognized by the Commission. An initial Transportation Disadvantaged Service Plan is due within 120 calendar days after the execution of the initial Memorandum of Agreement. The Service Plan will cover a five-year period, with annual updates for years two through five, due prior to July 1 of each subsequent year. The development and submission of the Service Plan and annual updates are the responsibility of the Coordinator, the Planning Agency, and the Local Coordinating Board. **In order to prevent any loss of funding, it is critical that the plan and updates are submitted timely.**

The Planning Agency is responsible for ensuring that the Transportation Disadvantaged Service Plan is completed, approved and signed by the Local Coordinating Board.

A copy of the Transportation Disadvantaged Service Plan approval letter and signed roll call vote will be furnished to the Community Transportation Coordinator and the Planning Agency after it has been executed by the Commission.

The general information provided in this section is from the Florida Commission for the Transportation Disadvantaged Instruction Manual for the Memorandum of Agreement and the Transportation Disadvantaged Service Plan 2007/2008 (Rev. November 2007).

According to Florida Statutes [ss 427.011(1)], Transportation Disadvantaged (TD) persons are defined as “those persons who because of physical or mental disability, income status, or age are unable to transport themselves or to purchase transportation and are, therefore, dependent upon others to obtain access to healthcare, employment, shopping, social activities, or children who are handicapped or high-risk or at risk as defined in s. 411.202.”

The primary goal of community transportation is to provide people with access to places for work, medical care, and shopping so that they can live vital, productive and rewarding lives. It is easy to take such access for granted in our society, yet the lack of transportation resources is a major barrier for many people who are unable to drive or do not have access to a car and must depend on friends or family to help them meet their basic daily needs. The inability to travel often leads to isolation, withdrawal from society and neglect of medical needs.

The Okaloosa County Transportation Disadvantaged Service Plan (TDSP) addresses the needs of elderly, disabled or economically disadvantaged people in Okaloosa County and reflects a careful review of various data, travel patterns, policies, agency responsibilities and funding to define a five-year detailed implementation plan (which is updated annually) to help meet those needs.

The TDSP is comprised of three parts:

Development Plan – identifies long term goals and objectives for the local program based on data provided. The goals and objectives offer accountability and opportunities to implement strategies to address the needs and gaps of local transportation for the disadvantaged.

Service Plan – identifies the operational and administrative structure as it exists today.

Quality Assurance – describes the methods utilized to evaluate the services provided by the Community Transportation Coordinator (CTC), transportation providers, and the Planning Agency. This section also discusses the local service standards established by the coordinating board that are used to monitor and evaluate the effectiveness of the system.

The TDSP is developed in accordance with Florida Law and Title VI of the Civil Rights Act of 1964, which prohibits discrimination in public accommodation on the basis of race, color, religion, sex, national origin, handicap, or of marital status. Persons believing they have been discriminated against on these conditions may file a complaint with the Florida Commission on Human Relations at 850-488-7082 or 800-342-8170 (voice messaging).

Development Plan

INTRODUCTION TO THE SERVICE AREA

The preparation and development of a Transportation Disadvantaged Service Plan (TDSP) provides agencies, coordinators, planners and citizens with a blueprint for coordinated service, a framework for service performance evaluation and a means to project vision in the transportation disadvantaged services for the future. A strategic approach has been used to develop this TDSP. First, an evaluation of the current strengths and weaknesses of the service area is accomplished. This includes compiling a database of demographics and existing conditions, and reviewing TD related plans and service providers. This will answer the question: Where are we? Secondly, there is an in-depth assessment of the goals and objectives, which will provide direction and answer the question: Where do we go from here? This is accomplished by reviewing the supply and demand of services and funding provided. An evaluation of existing services versus TD needs and demands is undertaken using a transportation service supply and condition approach. Thirdly, we answer the question: How do we get where we want to go from where we are? This is accomplished by developing a plan to achieve the service area's goals while building on the strengths and eliminating the weaknesses.

Background of the Transportation Disadvantaged Program

The State of Florida is a recognized leader of providing coordinated human services transportation for individuals that are transportation disadvantaged. In 1989, a major commitment to mobility in the State of Florida was formalized when the legislature revised Chapter 427 Florida Statutes (F.S.) creating the Florida Coordinated Transportation System (FCTS) and a dedicated funding source. The FCTS includes the Commission for the Transportation Disadvantaged (CTD); Designated Official Planning Agencies (DOPA); Community Transportation Coordinators (CTC); Local Coordinating Boards (LCB); Transportation Operators (TO); purchasing and funding agencies/entities; and most importantly, those in need, the Transportation Disadvantaged (TD). Chapter 427 defines TD persons as those persons who because of physical or mental disability, income status, or age are unable to transport themselves or to purchase transportation. The legislation also includes children who are "high-risk" or "at-risk" of developmental disabilities.

The local organization providing the coordination is Okaloosa County Board of County Commissioners and the operational services for Okaloosa County is provided by Okaloosa County Transit. They have been instrumental in providing transportation disadvantaged services to the community since 1987. A history of how Okaloosa County Transit came to provide services in Okaloosa County is discussed in the following section.

Community Transportation Coordinator Designation Date/History

Okaloosa County Coordinated Transportation, Inc. began service the summer of 1987 as a project of the Okaloosa County Council on Aging, Inc. After being designated as the Community Transportation Coordinator (CTC) by the Commission for the Transportation Disadvantaged, Okaloosa County Coordinated Transportation, Inc. staff gathered data from the agencies mandated to participate in coordination in order to plan and develop a coordinated transportation system.

In 1990, the Ft. Walton Metropolitan Planning Organization (now the Okaloosa-Walton Transportation Planning Organization) recommended and the Commission for Transportation Disadvantaged officially designated Okaloosa County Coordinated Transportation, Inc. as the Community Transportation Coordinator (CTC) for Okaloosa County.

In 2003, the Okaloosa County Board of County Commissioners (BCC) assumed the role as CTC in order to better coordinate the county transit system with transportation disadvantaged services, contracting with Okaloosa County Coordinated Transportation, Inc. D/B/A Okaloosa County Transit (OCT) to provide both services for the citizens of Okaloosa County. Okaloosa County BCC selected a new contract operator (Maruti) through a competitive procurement process. Maruti began providing service October 1, 2015.

Organization Charts

Organizational charts have been included in the appendices. The charts identify those involved in the provision of service, from the Commission for the Transportation Disadvantaged, through the local Coordinating Board, to the Community Transportation Coordinator and the Planning Agency, and to the consumers. The Transportation Disadvantaged Program Concept Chart is shown in Figure 1. The organization chart for Okaloosa County Board of County Commissioners is shown in Figure 2 and the organization chart for the contract operator, Maruti, is shown in Figure 3.

Consistency Review of Other Plans

The Transportation Disadvantaged Service Plan is consistent, where applicable, with local government Comprehensive Plans, Regional Policy Plans, Transit Development Plans, Commission for the Transportation Disadvantaged 5Yr/20Yr Plan, MPO Long Range Transportation Plans, and Transportation Improvement Programs.

This section summarizes and reviews all relevant previous plans, studies and documents pertaining to the Transportation Disadvantaged program in the service area. The following plans have been found to be relevant and are summarized and reviewed here. They are:

- Local Government Comprehensive Plans
- Regional Policy Plan
- Transit Development Plan
- Commission for the Transportation Disadvantaged 5yr/20Yr Plan
- Long Range Transportation Plan
- Transportation Improvement Program

Local Government Comprehensive Plans

Local governments located within Okaloosa County that have a comprehensive plan that addresses public transportation are as follows: (1) Okaloosa County, (2) Crestview, (4) Destin, and (5) Fort Walton Beach. Public transportation for the other municipalities (Cinco Bayou, Laurel Hill, Mary Esther, Niceville, Shalimar, and Valparaiso) is inclusive under the Comprehensive Plan of Okaloosa County.

Okaloosa County (2009)

The TDSP is consistent with the following items from the Comprehensive Plan of Okaloosa County. The transportation section of the Okaloosa County Comprehensive Plan covers Cinco Bayou, by reference.

Transportation

Goal 1: Provide a safe, economic and efficient transportation system that maximizes the mobility of people and goods.

Objective 1.1: Develop a Long Range Transportation Plan that identifies multi-modal and intermodal transportation facilities that will function as an integrated system and address the mobility needs of the area.

Policy 1.1.2: Participate in the development of the Five Year Transit Development Plan especially in the establishment of numerical indicators against which the achievement of the mobility goals of the community can be measured, such as modal split, annual transit trips per capita, and automobile occupancy rates.

Objective 1.7: Maintain and improve access to important regional facilities including airports, educational facilities, parks, historical and recreational areas and military installations.

Policy 1.7.1: Coordinate roadway and transit service improvements with the Okaloosa County Airport Master Plan, the Fort Walton Beach MPO, the FDOT 5-Year Transportation Plan, and the Continuing Florida Aviation System Plan (CFAST) to ensure that future transportation access needs of the County's airport facilities are met.

Policy 1.7.2: Promote the implementation of the Ft. Walton Beach Urbanized Area MPO 202 Plan as it relates to roadway improvements improving access to major attractors in Okaloosa County, including airports and other related public transportation facilities.

Policy 1.7.3: Ensure that the Five Year Transit Development Plan includes strategies to address motorized and non-motorized access to all major attractors in Okaloosa County, including intermodal terminals and access to aviation and rail facilities.

Goal 2: Provide an energy efficient transportation system.

Objective 2.2: Reduce energy consumption by promoting actions to increase the occupancy of vehicles [e.g., ridesharing, mass transit, High Occupancy Vehicles (HOV) lanes or to reduce travel demand].

Goal 3: Provide a transportation system in harmony with environmental, social, economic and aesthetic features of the area.

Objective 3.2: Encourage accessible public transportation for the transportation disadvantaged through coordination of local social service transportation.

Policy 3.2.1: Continue to support the provision of transportation disadvantaged by the designated provider.

Policy 3.2.2: Coordinate plans for transportation-disadvantaged services with the development of the Five-Year Transit Development Plan as updates are completed.

Goal 4: Provide a transportation system that optimizes preservation and efficiency of existing transportation facilities.

Objective 4.1: Minimize the need for construction of new highways through development of a Congestion Management System and identification of strategies to reduce travel demand, encourage alternative modes of travel and implement traffic operations improvements.

Policy 4.1.3: Support and promote public awareness campaigns that focus attention on the societal and environmental impacts and costs of travel choices, and that make people aware of the range of travel choices available. Make information available at all county office on any commuter assistance programs, public transit, the coordinated transportation system program, and any bicycle/pedestrian programs endorsed by the County.

NOTE: In July 2012, an Okaloosa County Policy Letter was released stating the following regarding Okaloosa County Transit: "The Transit budget proposed for Fiscal Year 2013 does not include any funding for the two Crestview fixed routes or the express route (Crestview/Fort Walton Connector), but does maintain funding for the four Fort Walton Beach routes, route 20 (Santa Rosa Blvd) and the three tourism routes. The Fort Walton routes are to be paid with a combination of FTA and Board funds, Route 20 with FTA funds, while the three tourism routes are to be paid using FDOT corridor funds which can only be used on the US 98 corridor with no local match required. Paratransit services will remain in place, though it is anticipated that demand will increase due to the loss of fixed routes, and it is extremely likely that non-essential trips will be denied. The continued reduction of the general fund contribution will result in a faster drawdown of the other revenue (including most importantly FTA funds) which will affect transit planning in future years, beginning in Fiscal Year 2013."

On September 18, 2012, the Okaloosa Board of County Commissioners voted to add extra funds to keep all routes with the understanding that all routes could be cut next fiscal year.

City of Crestview decided to end their financial support to Routes 11 & 12. There is no other funding source to support these routes so Routes 11 & 12 were cancelled as of January 31, 2014.

The Transit Coordinator & Grant Manager for Okaloosa County, Lani Birchett, resigned effective March 13, 2014. We will miss Lani and the many contributions she had made to public transportation.

On March 24, 2014, TPO staff met with Okaloosa County staff, representatives from the municipalities within Okaloosa County, and FDOT to discuss a long term financial plan and a plan for more of a coordinated effort at the local level supporting planning, programming, policy development, operations, maintenance and further overall development of the transit system. Discussions included the idea of developing a Transit Cooperative Board, for interested municipalities within Okaloosa County, in order for each to contribute funding to the transit system as well as to have input in decisions regarding the system.

Crestview (2010)

The TDSP is consistent with the following items from the Comprehensive Plan of the City of Crestview.

Transportation Element

Goal 8.A: Provide a safe, cost effective and functional roadway and transportation system for all residents and visitors to the City of Crestview.

Objective 8.A.1: Continually provide for safe, convenient, efficient and cost effective motorized and non-motorized traffic circulation with the City upon adopted of this Ordinance.

Policy 8.A.1.9: In cooperation with the MPO, participate in the development of the “Five Year Transit Development Plan” with emphasis on the establishment of numerical indicators against the mobility goals of the City can be measures, such as modal split, annual transit trips and automobile occupancy rates.

Policy 8.A.1.10: Continue to support the Okaloosa County Coordinated Transportation Program, the WFRPC’s Park and Ride program, and the County’s “WAVE” public transit system. Also, the City will continue its active participation with the MPO and the development of its Congestion Management System Plan in order to increase use of alternatives to single occupancy vehicles, alter trip patterns and improve traffic flow, among other things.

Policy 8.A.1.12: As part of the 2008 Evaluation and Appraisal Report Amendments, the City will adopt congestion management system goals, objectives and policies in the form of a multi-modal transportation district (MMTD) in coordination with the FDOT, TPO and Okaloosa County. The MMTD district will be implemented through policies including but not limited to providing for improvements to the Okaloosa County “WAVE” public transit system including placing transit facilities within an appropriate radius from residential development along SR 85 in the City’s boundaries; requiring the City to work with the TPO, Okaloosa County and the Eglin AFB to create opportunities for workforce commuter service to include identification of feasible park and ride locations; requiring all new residential developments to promote the use of workforce commuter service to residents employed by the AFB; working with the AFB, Okaloosa County, FDOT and the TPO to promote use of the workforce commuter service.

Objective 8.A.2: Maintain the design function of roadways for present and future residents upon adoption of this Ordinance.

Policy 8.A.2.4: The City shall update its concurrency management system to allow for the implementation of its proportionate fair share ordinance and generation of funds from permitted development. The City shall dedicate a portion of these proportionate fair share funds to the completion of a comprehensive long-range transportation plan, implementation of any express transit service between Crestview and Eglin AFB, and for funding short term improvements to relieve congested facilities.

Goal 13.A: Provide coordination of this plan (ordinance) with Okaloosa County, other local government (as appropriate) and other governmental agencies providing services within the City.

Objective 13.A.1: To review, on an annual basis, actions that have taken place to coordinate the Comprehensive Plan of Crestview with the Plans of other units of government and the Okaloosa County School Board.

Policy 13.A.2.8: The City shall coordinate with Okaloosa County, the West Florida Regional Planning Council (WFRPC), the Okaloosa-Walton Transportation Planning Organization, Ride On Commuter Services, FDOT, and Eglin AFB (and other military installations in the region) to plan and implement express transit service between park-and-ride locations in Crestview and Eglin AFB (and between Crestview and other military installations if feasible). The City will also participate in regional efforts to develop and implement other transportation demand management strategies to reduce peak travel demand on SR 85.

NOTE: In July 2012, the Crestview City Council voted to begin amending the city's comprehensive plan to drop transportation concurrency thereby eliminating the proportionate fair share that would generate funds from permitted development that would go towards funding the express transit service between Crestview and Eglin AFB.

Destin (2010)

The TDSP is consistent with the following items from the Comprehensive Plan of the City of Destin.

Section 2-1: Transportation Goals, Objective and Policies.

The purpose of this element is to establish the desired and projected transportation system within the City of Destin and to plan for future motorized and non-motorized transportation systems. Future transportation systems are supported by the data inventory and analysis of existing and project transportation conditions, and by the goal, objectives and policies of this element.

Goal 2-1: Multimodal Transportation System. Develop an efficient, high quality, multimodal transportation system that balances community circulation needs with regional travel demand.

Objective 2-1.3: Adopt A Multimodal Transportation District. The City shall implement a multimodal transportation district (MMTD) that allows for a more balanced approach to designing the City's transportation system. Rather than focusing solely on increasing roadway capacity to meet the needs of future development, the MMTD shall decrease the emphasis on automobile mobility and help reduce vehicle miles of travel per person while promoting accessibility by all modes through redevelopment of the built environment and improvement of cycling, pedestrian, and transit networks. While the operations of the existing road network will be maintained and enhanced with strategic new connections, reconstruction, and widening projects as appropriate, investment in sidewalks, cycling facilities, and transit service will be significantly increased. Urban design standards shall ensure that development is designed to be integrated and accessible, encouraging increased use of non-auto forms of transportation.

Policy 2-1.3.3: Design Development to be Supportive of Multimodal Transportation. On-site multimodal transportation infrastructure to provide connections to public sidewalks, cycling facilities, transit stops, buildings, parking and adjacent land uses. Shade trees, lighting, street furniture, and other amenities along sidewalks and at transit stops to improve the design and accessibility on the on-site multimodal transportation infrastructure.

Policy 2-1.3.4: Expand Pedestrian and Cycling infrastructure. The City shall enhance the existing pedestrian and cycling network through filling gaps in the network and providing new pedestrian and cycling facilities throughout the city. These facilities shall provide a continuous pedestrian and cycling network between residential areas, the Community Redevelopment Areas (CRA), and transit connections.

Policy 2-1.3.5: Expand and Enhance Transit Coverage and Service. The City shall continue to coordinate with Okaloosa County and provide financial support through a local match to Okaloosa County Transit to extend service coverage to the north of Harbor Boulevard/Emerald Coast Parkway and expand the existing service to Harbor Boulevard/Emerald Coast Parkway to year-round operation at 20-minute headways for 14 hours of service per day. The City shall coordinate with Okaloosa County on future updates of the Transit Development Plan to ensure continued enhancement of transit service within the City. Each development shall contribute towards establishing transit stops at a maximum of ¼-mile spacing on Harbor Boulevard/Emerald Coast Parkway through dedication of right-of-way or provision of infrastructure; creating an unobstructed, paved path between an existing or planned transit stop and the development; and providing a financial contribution towards the costs of expanding transit service coverage. The city shall also encourage the implementation of private shuttle services as a component of planned development.

Section 3-1: Housing Goals, Objectives, and Implementing Policies.

Goal 3-1: Quality Residential Environment. Allocate land area to accommodate a supply of housing responsive to the diverse housing needs of the existing and projected future population and assist the private sector in providing affordable quality housing in neighborhoods protected from incompatible uses and served by adequate public facilities.

Objective 3-1.9: Coordinate Housing Type and Location with Transportation Programs. Land use and transportation planning shall be coordinated to assure that affordable housing, higher density housing, and housing for special groups are accessible to future public transportation programs or transit systems.

Policy 3-1.9.2: Transportation Programs. The City shall make available information and brochures regarding any transportation programs available to the elderly, disabled, or transportation disadvantaged by Okaloosa County, the Okaloosa-Walton Transportation Planning Organization, or the West Florida Regional Planning Council.

Section 8-1: Intergovernmental Coordination Goals, Objectives, and Implementing Policies.

Goal 8-1: Provide for Improved Intergovernmental Coordination. The City of Destin shall undertake actions necessary to establish governmental relationships designed to improve the coordination of public and private entities involved in development activities, resource conservation, and growth management, including the achievement of consistency among all government agencies implementing plans and programs affecting the City.

Objective 8-1.1: Intergovernmental Coordination Activities. The City shall review, on an annual basis, actions it has taken to coordinate the Comprehensive Plan of Destin with the plans of other units of government and shall continue to improve coordination activities.

Policy 8-1.1.2: Transportation Issues. The City shall participate as a member on the technical advisory committees for the TPO. Regional transportation issues, including transit and programs for the transportation disadvantaged, shall be coordinated through the TPO.

Fort Walton Beach (2011)

The TDSP is consistent with the following items from the Comprehensive Plan of the City of Ft. Walton Beach.

Transportation Element

Goal B: Provide for a safe, energy efficient, cost effective and uncongested multimodal transportation system in the city, as well as to and from the surrounding regional areas, in a manner that not only accommodates today's demand but also reasonably anticipates growth.

Objective B.3: Coordinate the traffic circulation system, including multimodal systems, with the future land use shown on the future land use map series.

Policy B.3.2: The City shall participate in the preparation of corridor studies for all designated principal and minor arterial roadways and will coordinate the studies with adjacent communities. The corridor studies shall consider land uses adjoining the corridor, access management, and multi-modal transportation options including sidewalks, bikeways, and transit.

Policy B.3.4: The City shall continue to coordinate with Okaloosa County in the provision of transit services within the City and seek methods to improve transit services to residents and visitors in the City.

Policy B.3.5: The City will prioritize multi-modal improvements based on the needs identified on the sidewalk network map, the bikeways map, and the mass transit map.

Objective B.6: Integrate a safe system of bikeways and pedestrian facilities into the City.

Policy B.6.4: When fixed route transit service is implemented, transit stops will be provided and include sidewalk access.

Objective B.7: Maintain a transportation concurrency exception area (TCEA) coterminous with the Fort Walton Beach Community Redevelopment Area (CRA).

Policy B.7.7: The City will maintain and update strategies to achieve improvements to the multi-modal transportation system. Strategies may include transit stops and shelters.

Objective B.8: Meet the needs of the transportation disadvantaged.

Policy B.8.1.: The City will coordinate with transit providers to ensure accessibility of demand responsive services to City residents.

Policy B.8.2: The City will coordinate with transit providers to ensure compliance with transit requirements of the Americans with Disabilities Act (ADA).

Regional Policy Plan

On May 20, 2004, a new regional transportation planning partnership of the four western counties in West Florida was created. The new "Northwest Florida Regional Transportation Planning Organization," a partnership of the then Pensacola Metropolitan Planning Organization (MPO), serving Escambia and Santa Rosa Counties, and the Okaloosa – Walton Transportation Planning Organization (TPO), serving Okaloosa and Walton Counties, was created by interlocal agreement using Chapter 163, Florida Statutes, as its basis and written to comply with the new requirements for regional transportation coordination in Paragraph 339.175(5)(i)(2), approved by the Legislature in 2003. The new legislation authorized contiguous metropolitan planning organizations and individual political subdivisions to enter into agreements to coordinate transportation plans and policies.

This process began as a result of Census 2000, which illustrated that the Fort Walton Beach Urbanized Area extended westward, well beyond the Okaloosa County Line, resulting in an intrusion of almost 5 miles to Navarre in Santa Rosa County. Traffic patterns clearly indicate a high number of residents of Navarre head to Okaloosa County for jobs and shopping. Since much of the developed portion of Santa Rosa County is within the Pensacola Urbanized Area and Santa Rosa Commissioners have sat on the Pensacola Metropolitan Planning Organization since the mid-1970s, the Pensacola MPO and Okaloosa-Walton TPO each adopted a policy to maintain separate organizations, using the Santa Rosa-Okaloosa County Line as the boundary, during reorganization in 2003.

However, the Florida Department of Transportation also noted the overlap of urbanized areas, prompting the Secretary Tom Barry to write letters to each organization in February 2003, recommending two options: either merge into a single metropolitan planning organization spanning the four-county region; or establish a formal process to coordinate and develop a regional transportation plan and priorities. Creation of the Northwest Florida Regional Transportation Planning Organization was the start of implementing a formal coordination process resulting in a regional transportation plan and priorities.

The members of the Northwest Florida Regional TPO are the Florida-Alabama TPO (formerly Pensacola MPO) and the Okaloosa-Walton TPO. Each organization appoints eight representatives to the Regional TPO, for a total of sixteen voting representatives. Non-voting representatives are the Secretary of the Florida Department of Transportation District 3 and the Chairman of the Eglin Air Force Base Encroachment Committee.

The Northwest Florida RTPO's activities include identifying regional significant transportation projects, which improve mobility across county and metropolitan planning area boundaries. A regional transportation network map and priorities were adopted on September 21, 2005.

A primary focus for the RTPO is the challenge along the US 98 corridor of encroachment, environmental protection, evacuation, and economic growth. A workshop was held on February 2, 2005 to address these issues. The workshop brought together federal and state transportation officials, state legislators, members of all the transportation planning organizations between Baldwin County, Alabama and Bay County, Florida and other stakeholders.

The Regional Transportation Network Criteria adopted on September 21, 2005 is as follows:

Regionally significant transportation facilities and services are those that serve regional transportation needs, such as access within the region and access to and from areas outside of the region. These facilities and service include:

(a) Corridors – highway, waterway, rail, fixed guideway, and **regional transit corridors** serving military, major regional commercial, industrial, or medical facilities; and

(b) Regional Transportation Hubs – military installations, passenger terminals (e.g., commuter rail, light rail, intercity **transit**, etc.), commercial service and major reliever airports, deepwater and special generator seaports, and major regional freight terminals and distribution centers.

Regionally significant facilities exhibit one or more of the following characteristics:

- ◆ Serves the goals of the Strategic Intermodal System (SIS) and the Florida Intrastate Highway System (FIHS),
- ◆ Facility is, or provides service to, regional transportation hubs, including those listed in Paragraph (b),
- ◆ Facility or service is an integral part of an interconnected regional transportation network,
- ◆ Facility is included on the STRAHNET System to meet military mobility needs,
- ◆ Facility or service provides for interstate travel and commerce and is important to the economic vitality (tourism) of the region,
- ◆ Facility or service crosses county or state boundaries,
- ◆ Roadway facility is functionally classified as an arterial roadway,
- ◆ Facility serves as a hurricane evacuation or emergency support route, which provides access to Logistical Support Areas (LSA),
- ◆ Facility or service is used by a significant number of persons who live or work outside the county in which the facility or service is located,
- ◆ Facility or service is a fixed guideway transit facility (includes ferry service) that offers an alternative to regional highway travel, or
- ◆ Facility provides connection to institutions or higher learning or major medical facilities.

Facilities and services that are determined to be regionally significant do not have to be part of the State Highway System.

Transit Development Plan

The Okaloosa County Transit Development Plan (TDP) Major Update (2017-2026) was adopted by the Okaloosa County Board of County Commissioners on August 16, 2016 and was approved by the Florida Department of Transportation (FDOT) on October 18, 2016. Updates from the TDP are incorporated in this Major Update of the Okaloosa County Transportation Disadvantaged Service Plan (TDSP) as applicable.

Commission for the Transportation Disadvantaged 5Yr/20Yr Plan

The TDSP is consistent with the Commission for the Transportation Disadvantaged 5Yr/20Yr Plan, specifically the following key areas:

CTD Mission: To ensure the availability of efficient, cost effective and quality transportation services for transportation disadvantaged persons.

Guiding Principles: (1) Remember the customer/rider's needs first. (2) The Commission should work together in a collaborative and creative manner. (3) Promote the value and quality of service while looking for opportunities.

The Commission will be able to measure progress towards vision attainment by evaluating annual changes in the following performance measures: (1) cost per trip; (2) CTD cost as a percentage of total trip cost; (3) federal funding for TD; and (4) state funding for TD.

The quality of TD services will be measured by the expectation that a qualified individual will be picked up in a reasonably reliable, timely, safe and professional manner, as appropriate, given the locale.

The Commission will be able to measure progress towards vision attainment by evaluating annual changes in the following performance measures: (1) number of trips provided; (2) number of passengers/customers served; and (3) number of passenger complaints.

Maintain and preserve an efficient and effective transportation infrastructure that is accessible to all eligible transportation disadvantaged citizens while meeting the needs of the community.

The Commission will be able to measure progress towards vision attainment by conducting annual surveys and evaluating changes in the survey responses.

Establish a statewide and transportation disadvantaged system that functions seamlessly by coordinating service and operations across local government lines and that is flexible enough to accommodate and link special riders with providers.

The Commission will be able to measure progress toward vision attainment by evaluating annual changes in the following performance measures: (1) cost per trip; (2) number of passengers/customers served; and (3) trips per passenger.

Okaloosa-Walton TPO Long Range Transportation Plan

The Long Range Transportation Plan (LRTP) is a blueprint for maintaining and enhancing the regional transportation system. The LRTP identifies roadway, transit, bicycle and pedestrian, intelligent transportation systems (ITS), and other improvements needed over the next 25 years. Developing the LRTP is a collaborative effort between the public, local governments, and state and federal partners. Over the course of the study, the TPO will examine future transportation needs of the region and determine how to best address those needs. The LRTP includes a Needs Plan and a Cost Feasible Plan. The Needs Plan, as its name implies, is a plan that identifies all of the transportation projects necessary to meet future demands. The Needs Plan is reviewed and prioritized. The prioritized projects are included in the Cost Feasible Plan based on anticipated funding.

The current plan, which includes a planning timeframe through 2040, was adopted in February 16, 2017. The Cost Feasible Plan identifies funding for transit system enhancements.

Transportation Improvement Program

The purpose of the Transportation Improvement Program (TIP) is to provide a project listing that reflect the needs and desires of the Transportation Planning Organization (TPO) Study Area. The TIP is also developed to reflect the financial restraints within the various funding sources and programs. The TIP is a five-year plan for transportation improvements within the TPO Study Area. It contains information about the type of work to be completed, project phasing, estimated costs, and funding sources. The Code of Federal Regulations defines the TIP as a “prioritized listing/program of transportation projects covering a period of four years that is developed and formally adopted by a MPO (metropolitan planning organization) as part of the metropolitan planning process, consistent with the metropolitan transportation plan, and required for projects to be eligible for funding under Title 23 U.S.C. and Title 49 U.S.C. Chapter 53” [23 C.F.R. 450.104]. Florida Statutes requires the addition of a fifth year to the TIP [339.175(8)(c)(1)]. The TIP is also required to include all regionally significant projects, regardless of funding [23 C.F.R. 450.324(d)].

The TIP is developed by the Okaloosa-Walton TPO in cooperation with the Florida Department of Transportation (FDOT) and Okaloosa County Transit. These cooperating agencies provide the Okaloosa-Walton TPO with estimates of available federal and state funds for use in development of the financial plan. The TIP is financially constrained for each year and identifies the federal, state, and regionally significant projects that can be implemented using existing revenue sources as well as those projects that are to be implemented through use of projected revenue sources based upon the FDOT and ALDOT Final Work Programs and locally dedicated transportation revenues.

Transit projects are drawn from the Five Year Transit Development Plan and priorities are provided to the TPO by the local transit operator. Projects for the Transportation Disadvantaged Program are provided by social service agencies and the designated Community Transportation Coordinator (CTC). Funding comes from

FTA, FDOT, CTD, local governments, and social services agencies. The current Okaloosa-Walton TPO Transportation Improvement Program (TIP) for 2018-2022 was adopted on June 15, 2017. This TDSP is consistent with the Transportation Improvement Program.

Public Participation

Public participation activities include participation in the Annual National Dump the Pump Day with promotions through local available venues. Okaloosa County was promoted on the local television program “Focus on Okaloosa” again in 2011. Transit service available to the public was promoted on this program. Transit continues to work with local military family service agencies by promoting the service via distribution of the Ride Guide and other public transit material.

Transit also works with the local Headstart organization to promote public transit at the annual “World’s Largest Baby Shower,” this event typically takes place in March. OCT promotes fixed route transit by free pass give-aways when opportunities arise.

Okaloosa County staff participated in the Salsa Festival on June 25, 2011 as a marketing outreach effort as well as to obtain transit survey information from festival goers.

The Okaloosa County Transportation Disadvantaged Coordinating Board meeting held on May 23, 2012.

Okaloosa County staff, as well Florida Commission for the Transportation Disadvantaged staff, attended the 5th Annual Northwest Florida Regional Transit Roundtable held in Milton, Florida on June 28, 2012. The Roundtable was hosted by Santa Rosa Transit, which is provided by Santa Rosa County and operated by Pensacola Bay Transportation. Pensacola Bay Transportation is also the Community Transportation Coordinator (CTC) for Escambia and Santa Rosa Counties.

A public hearing was held on May 23, 2018 to offer an opportunity for anyone with comments or questions to address the Local Coordinating Board.

SERVICE AREA PROFILE/DEMOGRAPHICS

The majority of the information contained in this section, Service Area Profile/Demographics, has been obtained from the Okaloosa County Transit Development Plan (TDP) Major Update 2017-2026 prepared by Tindal Oliver and adopted by the Okaloosa County Board of County Commissioners on August 16, 2016 and approved by the Florida Department of Transportation (FDOT) on October 18, 2016.

Service Area Description

Okaloosa County has a total area of 1,082 square miles (935.63 square miles of land and 146.37 square miles of water). Okaloosa County, part of the Florida Panhandle, is bordered by the State of Alabama to the north, Santa Rosa County to the west, Walton County to the east, and the Gulf of Mexico to the south.

Demographics

Land Use

Land use patterns play an important role in the effectiveness and efficiency of public transportation services. Much of Okaloosa County is characterized by relatively low densities. One of the significant land uses in the area that affects transportation is Eglin Air Force Base. The geographical location of the base separates the northern part of the county, Crestview, from the southern part of the county, Fort Walton Beach, causing development to be spread out and divided. This creates a challenge in providing public transportation services.

Population Profile

This section is intended to provide a description of the population of the service area. Population information contained in this section includes: total population, population breakdown by age groups, population densities and growth, income information, employer status, housing classifications and patterns, and government and institutional descriptions.

Growth

Population information from the 2010 Census was used to develop a general population profile for the study area. According to the 2000 U.S. Census, the population of Okaloosa County was 170,498 persons. As shown in Table 1, data from the decennial Census show that Okaloosa County's population as a whole increased nearly 6% from 2000 to 2010, from 170,498 to 180,751 persons. This averages to an annual growth rate of 0.55%. During the next four years, the population increased to an even higher average annual rate of 0.91%, resulting in a total population of 188,984 persons in 2014. Medium population projections prepared by BEBR1 estimate the population of Okaloosa County will grow to 191,500 people by 2020 (6%) and 203,600 people by 2030 (13%).

TABLE 1
Okaloosa County General Characteristics

Characteristic	2000	2010	Percent Change 2000–2010	2013*	2014
Persons	170,49	180,75	6.01%	185,852	188,984

*2009–2013 ACS Data, 2014 ACS 1-Year Estimates Source: 2000 and 2010 Census, 2010 ACS

The majority of Okaloosa County residents live in unincorporated areas of the county. The most populous city is Crestview, with a population of 20,978 in 2010. Compared to Florida as a whole, Okaloosa County experienced a relatively small increase in population growth from 2000 to 2010, with an increase of only 6.1%, compared to 17.6% statewide. By contrast, between 2000 and 2010, neighboring Walton County had the 8th highest percent growth increase in the state (35.6%), a number that is small in absolute terms, with only 14,442 new residents. Since 1990, Crestview continues to be the fastest-growing city in Okaloosa County, growing by 6,212 residents between 2000 and 2010. Valparaiso, Mary Esther, Laurel Hill, and Fort Walton Beach each experienced negative growth during that same time period. Table 2 provides population trends for the last few decades for the municipalities within Okaloosa, Walton, and Okaloosa counties and the Crestview-Fort Walton Beach-Destin Metropolitan Statistical Area (MSA). Between 1990 to 2000 and 2000 to 2010, the region grew 23.1% and 6.2 %, respectively; most of this growth occurred in Walton County.

TABLE 2
Population Growth for the Region and Municipalities

Area	Population			Percent Change	
	1990	2000	2010	1990–2000	2000–2010
Crestview-Fort Walton Beach-Destin	171,536	211,099	235,865	23.1%	11.7%
Okaloosa County	143,777	170,498	180,822	18.6%	6.1%

Demographics

The percent male and female ratio has been virtually equal and unchanged since the year 2000. Although Okaloosa County has a relatively small proportion of minority population, the county has become more ethnically diverse over time. In 2010, 81% of the population was White. Black, Hispanic, Asian, and other races represented 9.2%, 6.8%, 2.9%, and 5.7% of the population in 2010, respectively. The Black or African American population has gradually increased, and the Hispanic population has almost doubled in proportion, from 4.28% in 2000 to 8.49% in 2014. This growth in minorities represents a potentially growing key market of traditionally transit-dependent populations.

TABLE 3
Demographic Characteristics

Age Distribution

The current and future age distribution of the population in Okaloosa County is a major factor when considering demand for public transportation. According to the Okaloosa-Walton County 2040 Long Range Transportation Plan (LRTP) prepared by the Okaloosa-Walton TPO, the region’s population is unique, in that there are a high number of retirees, many of which have ties to the military; however, the average age in Okaloosa County is also younger overall than that of the Florida. The age distribution has seen incremental changes since the year 2000, most notably with the decreasing percent change in those that are minors.

TABLE 4
Okaloosa County Age Distribution Trends Compared with Florida

Age	Geography	2000	2010	2014
17 and under	Okaloosa County	22.34%	18.4%	18.8%
	Florida	(22.8%)	(21.3%)	(20.9%)
18–64	Okaloosa County	63.72%	62.7%	65.9%
	Florida	(59.6%)	(61.4%)	(60.9%)
65+	Okaloosa County	13.95%	18.9%	15.3%
	Florida	(17.6%)	(17.3%)	(18.2%)

Source: 2000 Census, 2010 Census, 2014 ACS

Persons ages 15 or younger are not legally allowed or able to operate a motor vehicle. However, younger children below age 14 are unlikely to ride transit on their own, but could do so in the 10-year horizon as they become more independent. Teenagers who are between ages 14 and 18 are more likely to not have their own vehicle and, therefore, have a higher propensity for using transit or finding a ride (carpool). Within Okaloosa County, the younger population generally resides in the inland and suburban areas such as Crestview. The teenage group between ages 15–19 is projected to increase from 6.49% in 2014 to 7.65% in 2025, as shown in Table 5.

TABLE 5
Projections by Age Group

Age Group	Projection Year			
	2014	2015	2020	2025
0–9	13.2%	13.3%	12.6%	13.6%
10–14	6.4%	6.5%	7.1%	6.3%
15–19	6.5%	6.4%	6.9%	7.7%
15–17	3.9%	3.9%	4.2%	4.62%
18–19	2.6%	2.5%	2.7%	3.0%
20–44	34.7%	34.9%	36.4%	37.6%
45–64	28.5%	28.6%	28.3%	26.6%
65+	16.1%	16.7%	19.6%	23.1%

Source: BEBR

Older persons also may be more likely to use public transportation as the aging process begins to limit their ability to drive. The retired population generally lives in the coastal areas. Table 6 shows the current and forecasted older adult population for Okaloosa County and Florida, based on data from BEBR’s *Florida Population Studies Population Projections*. By 2025, the older-adult population is projected to increase to 20.1% of the county’s total population. Furthermore, the population segment between ages 45 and 65, which will be the next wave of retirees, currently represents approximately 28.6% of the total population within the county. A growing need for public transit within Okaloosa County can be assumed, considering the growing share of age groups that are more likely to use transit.

**TABLE 6
Older Adult Population Projections**

Geography	Census Estimates BEBR Projections							
	2010	2014	2015	2020	2025	2030	2035	2040

Source: Based on BEBR population projections for Florida and its counties 2015–2040, with estimates for 2014

Income information

Income is a leading influence in travel decisions. Because there is less disposable income available, it can be inferred that low-income households are less likely to own one vehicle per licensed driver or able to make fewer discretionary trips and, therefore, may be more dependent on public transit, particularly for non-essential or recreational trips. Based on 2014 household income levels, the majority of Okaloosa County’s population lies within the middle- to upper-class ranges. In general, households within the coastal areas tend to be more affluent, as is typically seen throughout Florida. The county has seen household incomes trending higher, with a 10% increase in the number of households making more than \$50,000 in annual income since 2000, as shown in Table 7. This trend of higher incomes is consistent with the increase in the number of households with three or more vehicles, which has also increased 15% since 2000, indicating more disposable income for transportation.

**TABLE 7
2000, 2010, and 2014 Household Income**

Characteristic	2000	2010	2014	% Change 2000–2014
Household Income				
Under \$10,000	6.4%	7.0%	6.1%	-4.7%
\$10,000–\$49,999	53.5%	41.4%	37.6%	-29.7%

Below poverty level	8.84%	10.60%	13.4%	51.6%

Source: 2000 Census, 2010 Census, ACS 2014

Population and Housing Density

Where the unit of value “households” refers to the number of people living in a home, the term “housing units” refers to the structures in which people live. According to the census, “A *housing unit* is a house, an apartment, a mobile home or trailer, a group of rooms, or a single room occupied as a separate living quarters, or if vacant, intended for occupancy as separate living quarters. Separate living quarters are those in which the occupants live separately from any other individuals in the building and which have direct access from outside the building or through a common hall.”

Household size

According to the U.S. Census bureau, the average size of American households has been declining for decades. A reverse in that decline has been found in recent years due to the growth in multi-generational households. There have also been notable trends found in the state with increasing household size potentially due to higher unemployment leading to adult children moving back in with parents.

Employment

Employment and labor characteristics also help to understand land use and travel patterns that affect transit service. Like population density, Okaloosa County has a relatively low overall employment density that poses a

challenge to finding transit-supportive areas. This is compounded by the fact that Eglin Air Force Base is a major land use that physically splits the county north-south. The region’s major employers are the US military, the Okaloosa and Walton County school boards, and Northwest Florida State College. These large employers create an exceptional demand on the transportation system. After the military, tourism is the second largest contributor to the local economy. Along the coastal areas are more service and tourist-oriented jobs than in the northern portions of the county. Other large employers include area hospitals and several military contractors.

Journey-to-Work Characteristics

Journey-to-work characteristics for Okaloosa County were compiled from the American Community Survey (ACS) and are shown in Table 8. These characteristics include mode of transportation to work, travel time to work, departure time to work, mode of transportation by occupation type, and destination of work trip. As is typical in most Florida communities, the primary mode of commuting to work is by driving alone. Currently, only 0.1% of commuters travel to work using public transportation, an important consideration when determining the potential market of choice riders for transit. The mean travel time to work for workers ages 16 and older is 23.1 minutes, indicating that commuters must travel some distance between work and home. The majority of commuters leave for work during the traditional peak hours of travel, which is consistent with the typical commuting patterns of the state.

TABLE 8
Okaloosa County Commuting Characteristics

Characteristic	2014
Mode to Work	
Drove alone	85.1%
Carpooled	7.0%
2-person carpool	5.8%

Major Activity Centers

Major trip generators in Okaloosa County include Eglin Air Force Base, technology and defense contractors affiliated with the Base, retail sites, several medical facilities (such as Fort Walton Beach Medical Center, Twin Cities Hospital, North Okaloosa Medical Center, White-Wilson Medical Center, and Sacred Heart Hospital on the Emerald Coast), Emerald Coast Convention Center, tourist attractions, and government facilities.

SERVICE ANALYSIS

The majority of the information contained in this section, Service Analysis, has been obtained from the Okaloosa County Transit Development Plan (TDP) Major Update 2017-2026 prepared by Tindale Oliver and adopted by the Okaloosa County Board of County Commissioners on August 16, 2016 and approved by the Florida Department of Transportation (FDOT) on October 18, 2016.

The analysis of Okaloosa County community transportation services is composed of three criteria: forecasts of transportation disadvantaged population, needs assessment, and barriers to coordination.

Forecasts for Transportation Disadvantaged Population

Chapter 427.011(1) of the Florida Statutes defines Transportation Disadvantaged (TD) persons as:

“Those persons who because of physical or mental disability, income status, or age are unable to transport themselves or to purchase transportation and are, therefore, dependent upon others to obtain access to health care, employment, education, shopping, social activities, or children who are handicapped or high-risk or at risk as defined in s. 411.202.”

The Okaloosa County Board of County Commissioners provides public transportation to the transportation disadvantaged (TD) population of Okaloosa County. Service for the TD population is funded by the Federal Transit Administration (FTA), FDOT, the Florida Commission for the Transportation Disadvantaged (CTD), local governments, and social service agencies.

The 2014 TD population was estimated at 62,277 persons, and the unduplicated passenger head count (UDPHC) of persons provided paratransit transportation services was 5,812 according to the Florida CTD. Table 2-10 presents the trend in the TD population and TD passengers in Okaloosa County between 2012 and 2014. The potential TD population serviced in 2013–2014 was estimated to be 9% according to the Florida CTD’s 2014 Annual Operation Reports (AOR). TD passenger ridership fluctuated between 2012 and 2014. Although the county’s potential TD population increased overall by 2.4% during this three-year period, there was a significant decrease in the number of TD passengers served from 2013 to 2014. This is likely due to funding shortfalls, as changes made in Medicare funding occurred statewide and Florida experienced a decrease of 19.7% in TD trips statewide.

TABLE 9
Okaloosa County TD Population and Passenger Trends

Year	2012	2013	2014	% Change (2012–2014)

Needs Assessment

In assessing the transportation (service and capital purchase) needs and demands for individuals with disabilities, elderly, low income, and high risk and at-risk children, the following projects with estimated costs and funding sources have been identified and are summarized in Table 11 below.

TABLE 11

Projects	County	Estimated Cost	Funding Source
Purchase replacement dial-a-ride vehicles to provide transportation for the elderly, disadvantaged and disabled citizens in Okaloosa County.	Okaloosa	\$1,160,000	Urbanized Area - 5307 (capital)
Provide transportation services for disadvantaged and disabled citizens in Okaloosa County coordinated through the CTC.	Okaloosa	\$300,000	Urbanized Area - 5307 (operating)
Formula (competitive) grant to enhance mobility for seniors and persons with disabilities by providing funds for programs to serve the special needs of transit-dependent populations beyond traditional public transportation services.	Okaloosa	To be determined	Enhanced Mobility of Seniors and Individuals with Disabilities - 5310
Capital and/or operating assistance to provide rural transportation services in Okaloosa County coordinated through the CTC.	Okaloosa	\$60,000	Non-Urbanized Area - 5311
Capital funding to replace, rehabilitate, and purchase buses, vans, and related equipment, and to construct bus-related facilities. Funds are eligible to be transferred by the state to supplement urban and rural formula grant programs (e.g., 5307 and 5311).	Okaloosa	To be determined	Bus & Bus Facilities (5339)
To determine whether a new or innovative technique or measure can be used to improve or expand public transit services. Service Development Projects specifically include projects involving the use of new technologies; services, routes, or vehicle frequencies; the purchase of special transportation services; and other such techniques for increasing service to the riding public.	Okaloosa	To be determined	Public Transit Service Development Funds
Provide transportation services coordinated by the CTC to other human services organizations.	Okaloosa	\$ 464,919 TBD \$ 25,000 \$ 52,020	CTD-TD Medicaid County Farebox

Barriers to Coordination

The following are continued barriers to adequate coordination:

- A. Lack of commitment with scarce tax dollars.
- B. Not enough funding to cover demand.
 - 1) Securing Local funding.
 - 2) Specific issues directly related to funding sources.
- C. Reluctance of some medical providers to cooperate with transportation coordinator.
- D. No AHCA providers in local area.
- E. Eglin Air Force Base geographical location is a barrier separating the North part (Crestview) from the Southern part of Okaloosa County.

GOALS, OBJECTIVES, AND STRATEGIES

Develop goals, objectives and strategies for the local coordinated transportation program. Goals, objectives, and strategies are critical to the implementation of the Transportation Disadvantaged Service Plan. They are important policy statements that have been carefully considered by the Coordinator and the Planning Agency with the direction and support of the Coordinating Board. They represent a statement of local policy that will be used to manage the future transportation disadvantaged program within the service area. The plan for advancing from where you are today to where you need to be should be presented in this section through long range goals, specific measurable objectives, and strategies.

A goal is a statement of purposed intended to define an ultimate end or condition. It reflects a direction of action, and is a subjective value statement. Goals may include more than one objective. That is, there may be more than one milestone necessary to achieve a goal.

An objective is a specific, measurable action that can be taken toward achieving the goal. Objectives should be dated. Deficiencies and corresponding corrective actions, as well as any service improvements or expansions should be identified within this section as dated objectives.

Strategies are specific actions that will be taken to achieve the objectives. These represent priority actions that will be carried out as part of the planning or quality assurance activities. For accountability purposes, the annual evaluation of the Coordinator should assess both the progress on the strategies themselves and how well the strategies that have been implemented advance the progress towards reaching or achieving the corresponding objectives.

The following Goals and Objectives were updated. The Objectives and Strategies are consistent with previous year's Objectives and Strategies. The goals are categorized into service availability, efficiency, quality of service, necessary funding and program accountability. The strategies are pursuant to adequate funding available.

GOAL 1: Ensure availability of transportation services to the Transportation Disadvantaged	
OBJECTIVES	STRATEGIES
1. Provide service to riders who only have demand response service as means of transportation.	a. Continue to efforts to move customers from dial-a-ride door-to-door service onto the fixed route system. b. Continue to partner with various agencies to provide transportation. (Ongoing)
2. Maximize cooperation between entities not involved in the Florida Coordinated Transportation System (FCTS).	a. Network with other Community Transportation Coordinators by sharing system improvements and funding opportunities among each other. (Continuous) b. Identify potential Coordination and Purchase of Service Contracts. (Ongoing)
3. Continue to promote passenger and general public awareness of all transportation services provided by OCT. EC Rider	a. Pursue educational and marketing opportunities for the dial-a-ride system through training, new applicant education, brochures, and presentations to community and civic groups. (Ongoing)
GOAL 2: Ensure cost-effective and efficient transportation services.	
OBJECTIVES	STRATEGIES
1. Deliver services via the most cost effective means.	a. Offer incentives such as free passes for transitioning dial-a-ride users to fixed route. b. Involve all levels of staff in identifying cost-reducing and/or efficiency-increasing measures that can be implemented. (Ongoing)
GOAL 3: Ensure quality of service provided to the Transportation Disadvantaged	
OBJECTIVES	STRATEGIES
1. Maintain courteous and respectful customer relations.	a. Continues semi-annual customer relations training and conducts semi-annual screenings to determine call hold and call answer times. (Ongoing) b. Sample on time delivery performance on a quarterly basis. (Quarterly) c. Maintain rider survey rating of overall system performance at a 90% excellent/good/satisfactory rating.
2. Maximize customer comfort and safety.	a. Maintain rider survey rating of comfort and cleanliness performance at a 90% excellent/good/satisfactory. b. Conduct safety training as required for new employees and updated for existing employees. (Immediate) c. Continue "Driver of the Quarter" program based on dependability, no accidents, and no complaints with incentives to the winning drivers. (Ongoing)
GOAL 4: Ensure necessary funding to support the program	
OBJECTIVES	STRATEGIES
1. Increase total funds to meet unmet demand for non-sponsored trips.	a. Seek funding from local government to provide local match for transportation services while pursuing private funding through community involvement with agencies. (Continuous)
GOAL 5: Ensure program accountability	
OBJECTIVES	STRATEGIES
1. Adhere to rules and contract requirements of The Commission for the Transportation Disadvantaged.	a. Comply with the Community Transportation Disadvantaged contract requirements. (Continuous) b. Comply with contract standards and submit an accurate Annual Operating Report including all Purchase of Service and Coordination Contracts data. (Continuous)

IMPLEMENTATION SCHEDULE

Increasing system efficiency is a primary component of this Implementation Plan. The implementation plan also involves execution of the plan's policies and goals & objectives. For the TDSP, the implementation plan identifies actions and activities, type of action required, responsible entity for taking action, and the timing. The Community Transportation Coordinator will provide an overview of the ongoing system improvements and review steps, as well as provide a timeline for actions and strategies to meet the above stated goals.

Action/Strategy	Responsible Agency	Time Frame to be Completed
Adopt Transportation Disadvantaged Service Plan (TDSP) Annual Update.	LCB	May 2017
Endorse Okaloosa County Transit Bus Stop Assessment Plan	O-W TPO	Aug 2013
Approve Transit Development Plan (TDP) Annual Progress Report.	FDOT	Oct 2016
Endorse TDP Annual Progress Report.	TPO	Jul 2016
Adopt TDSP Major Update (every 5 years).	LCB	Oct 2017
4 minivans received July 2012, 4 cutaways received Aug 2012, and 7 additional cutaways received Oct 2012 for replacement of aged and/or high mileage vehicles.	CTC	2012
Public Transportation marketing campaign kickoff.	TPO	Nov 2012
Procurement and Installation of Bus Stop Shelters.	CTC	TBD
Request for Proposal of Intelligent Transportation System.	CTC	TBD
ITS System Complete.	CTC	TBD
Implement new Internal Destin Route.	CTC	TBD
Adhere to rules and contract requirements of the CTD.	CTC	Ongoing
Attend and report at public meetings.	CTC	Ongoing
Attend media events to promote public transit.	CTC	Ongoing
Continue to develop and refine the transit center concept as a means of expanding new and existing fixed-routes.	CTC	Ongoing
Deliver transportation by most cost effective means.	CTC	Ongoing
Increase total funds to meet unmet demand for non-sponsored trips.	CTC	Ongoing
Maintain courteous and respectful customer relations.	CTC	Ongoing
Maximize cooperation between coordination contractors.	CTC	Ongoing
Maximize customer comfort and safety.	CTC	Ongoing
Promote awareness of all public transit service available.	CTC	Ongoing
Provide service to riders that cannot access fixed-route service.	CTC	Ongoing

The Okaloosa County vehicle replacement plan is summarized in the table below and illustrates the projected schedule for replacing **dial-a-ride** vehicles.

OKALOOSA COUNTY
Dial-a-Ride Vehicle Replacement Plan
FY 2013 – 2022

Model Year	Approval Year (w/Approval from)	Manufacturer / Model	Type	# of Vehicles	Replacement Vehicle Years									
					FY 2013	FY 2014	FY 2015	FY 2016	FY 2017	FY 2018	FY 2019	FY 2020	FY 2021	FY 2022
2006	2011	Ford	Sedan	4	4	4	4	4	4	R				
2014	2020	MOVT	Mini Van	2	4	4	4	4	2	2	2	R

Service Plan

OPERATIONS

The operations element is a profile of the Coordinator's current system which provides basic information about the Coordinator's daily operations. This element is intended to give someone with little or no knowledge of the transportation operations an adequate level of understanding. A Glossary of Terms is provided in the appendices of this plan.

Types, Hours and Days of Service

Ambulatory, wheelchair and stretcher service are provided.

Dial-a-Ride service provides door to door pick-up and drop-off.

Normal vehicle operating hours are Monday - Friday, 5:00 A.M. to 11:00 P.M.; and Saturday 6:00 A.M. to 7:00 P.M. and Sunday 7:00 A.M. to 12:00 P.M.

Service is available 7 days a week/24 hours per day. After normal vehicle operating hours, service is limited to urgent transportation needs (Hospital discharges, urgent non-emergency medical care, etc.). Service must be arranged during normal office hours.

Deviated Fixed-Route service is available in Crestview - Route 14, Ft. Walton Beach - Routes 1-5, Okaloosa Island - Route 20, Destin to Miramar Beach - Routes 30, 32, 33, and a North/South County Connector - Route 14, with service through Niceville.

Mandatory use of the deviated fixed route is required when it will satisfy the transit needs of the client and there are no contraindications of its use by the client.

Subscription trips are provided to riders requiring repetitive trips to the same destination 3 or more times per week. **Subscriptions must be renewed every 60 days.**

Accessing Services

Trips may be reserved up to 7 days in advance.

Reservations/Office operating hours are Monday – Friday, 7:30 A.M. to 4:30 P.M.

Reservations must be made by 11:59 A.M. the day prior to the requested ride. Reservations must be received by close of business reservations operating hours (1:59 A.M.) the last working day prior to a weekend or holiday transportation.

Reservations may be made by calling 833-9168 (South County) or 689-7809 (North County), Monday through Friday 7:30 A.M. to 4:30 P.M. Reservations are closed on weekends and holidays.

Cancellations should be made as soon possible. Late cancellations (within 1 hour of scheduled pick up) will be treated as a no show.

A No Show is charged when a trip is cancelled within 1 hour of scheduled pick up time or the client is not at the scheduled pick-up location and the driver is no later than 10 minutes after the scheduled pick up time.

Non-Sponsored/transportation disadvantaged (TD) riders must complete an application with proper documentation to be eligible to utilize TD funds. Eligibility is determined based on availability of other transportation, income, disability, age, a finding of "at-risk" for children, and the ability to use the deviated fixed route system.

Shopping requests are scheduled accordingly:

- Crestview, Destin, and Niceville areas - Tuesday and Thursday from 10 a.m. to noon.
- Fort Walton Beach areas - Tuesday and Saturday 10 a.m. to noon.

Out of County trips and long distance Okaloosa trips are limited to designated days and times to best meet the needs of passengers and maximize the efficiency and effectiveness of available resources.

Transportation Operators and Coordination Contractors

Transportation operators are selected through the Competitive Bid process. A selection committee evaluates and scores the proposals based on specific evaluation criteria identified in the proposal and then recommends a contract award to the Okaloosa County Commission for approval.

Coordination contractors request to enter into a Coordination Agreement with the CTC to participate in the County's Coordinated Transportation system. The Agreements are presented to the Okaloosa County Commission for approval.

Current Coordinated providers are:

Pyramid
432 Green Acres Road
Fort Walton Beach, FL 32547
850-862-7139

Pensacola Cares dba Fort Walton Beach Development Center
1045 Mar Walt Drive
Fort Walton Beach, FL 32547

Public Transit Utilization

Continued efforts to shift Dial-a-Ride users to the fixed-route system will continue. The existing fixed-route service, 10 routes, with year round service should facilitate this effort. Additionally, in conjunction with the recently formed Transit Cooperative consisting of county and municipal leaders, current and future routes will be reviewed to improve the fixed-route area of operation, hours of service, days of service, and frequency of runs.

School Bus Utilization

Current CTC resources are adequate and actually more cost effective than school bus utilization.

Vehicle Inventory

A Vehicle Inventory of the vehicles utilized in the coordinated system is included in the appendices.

System Safety Program Plan Certification

Each Transportation Operator and Coordination Contractor from whom service is purchased or funded by local government, state or federal transportation disadvantaged funds, shall ensure the purchasers that their operations and services are in compliance with the safety requirements as specified in Section 341.061, Florida Statutes, and Chapter 14-90, F.A.C. The System Safety Program Plan certification can be found in the appendices.

Intercounty Services

Transportation operators and coordination contractors are required to plan and work with county and municipal community transportation representatives, transportation operators, and coordination contractors in adjacent and other areas of the state to coordinate the provision of community trips that might be handled at a lower overall cost to the community by another Coordinator.

Through the efforts of the West Florida Regional Planning Council, discussions have recently begun with Escambia, Santa Rosa, and Okaloosa Counties to study the feasibility of coordinating transportation through the 3 counties. These discussions will continue as we receive updated census data and new urbanized area boundaries are determined.

Emergency Preparedness and Response

The County contracted transportation operators and coordination contractors are an integral element of the County's Disaster Preparedness Plans. The County contracted transportation operator serves as ESF-1 in the County Emergency Operations Center. During periods of emergencies, the County contracted transportation operator supports operations by providing vehicles and drivers to meet requests by Okaloosa County Public Safety.

Educational Efforts/Marketing

Marketing efforts continue to focus on transportation services available to all residents of the County. Presentations to local service agencies as well as nationally affiliated clubs will continue. Flyers have been sent to all local clubs, organizations, and groups as well as inserts to in-house publications and the local Chambers of Commerce. Items are also published in the local newspapers and used by local radio shows. Staff has appeared on public interest television shows. The County contracted transportation operator, in conjunction with the recently formed Transportation Cooperative consisting of county and municipal leaders, will develop and circulate additional releases and advertising.

Acceptable Alternatives

Requests For Proposal (RFP) will continue to be developed to try and contract a private operator to help us expand our night and weekend services and continued efforts will be made to obtain additional stretcher service operators for our clients. Promoting the deviated fixed route system is another alternative that could reduce trip costs for riders.

Service Standards

The Community Transportation Coordinator and any Transportation Operator from whom service is purchased or arranged by the Community Transportation Coordinator shall adhere to Commission approved standards. These standards include:

Drug and Alcohol Policy. For safety sensitive job positions within the coordinated system regarding pre-employment, randomization, post-accident, and reasonable suspicion as required by the Federal Transit Administration.

Companions and children. Okaloosa County children under the age of twelve (12) require a companion. The requirement may also be imposed if the child has special needs or exhibits behavior problems. The minimum age of companion must be 18 years or older.

Child Restraints. The Okaloosa LCB, in accordance with *Florida Statute, Title XXIII, Chapter 316.613, Child restraint requirements*, must ensure children 5 years of age and under are transported in a crash tested, federally approved child restraint device. Additionally, the Okaloosa LCB has determined that infants (birth to 20 pounds) are required to be transported in an infant carrier, which is the responsibility of the parent or guardian. The transportation operator does not provide infant carriers.

The transportation operator provides limited child restraint seats for children greater than 20 pounds up to child restraint maximum rated capacity of 50 pounds. Clients must request a child restraint seat when placing their transportation reservation/request.

Rider Property. Property that can be carried by the passenger in one trip and can safely be stowed on the vehicle, shall be allowed to be transported with the passenger at no additional charge. Passenger property includes wheelchairs, child seats, stretchers, secured oxygen, personal assistive devices, or intravenous devices.

Vehicle Transfer Points. Shall provide shelter, security, and safety of passengers.

Local Toll Free Phone Number for Consumer Comment. Shall be posted inside the vehicle. The TD Helpline phone number, **1 (800) 983-2435**, shall also be posted inside all vehicles of the coordinated system. The local complaint process shall be outlined as a section in the local Transportation Disadvantaged Service Plan including, advising the dissatisfied person about the Commission's Ombudsman Program as a step within the process as approved by the local Coordinating Board. All rider information/materials (brochures, user's guides, etc.) will include the TD Helpline phone number.

Out of County Trips. Shall be provided only when the rider cannot be accommodated within Okaloosa County. Medical documentation is required.

Vehicle Cleanliness. The interior of all vehicles shall be free from dirt, grime, oil, trash, torn upholstery, damaged or broken seats, protruding metal or other objects or materials which could soil items placed in the vehicle or provide discomfort for the passenger.

Billing Requirements to Contracted Operators. All bills shall be paid within 7 working days to subcontractors, after receipt of said payment by the Community Transportation Coordinator, in accordance with Section 287.0585, Florida Statutes.

Rider/Trip Data. Must be maintained or accessible by the Community Transportation Coordinator on each rider being transported within the system.

Adequate Seating. For Dial-a-Ride services shall be provided to each rider and **companion**, child, or personal care attendant, and no more passengers than the registered passenger seating capacity shall be scheduled or transported in a vehicle at any time. For transit services provided by transit vehicles, adequate seating or standing space will be provided to each rider and **companion**, child, or personal care attendant, and no more passengers than the registered passenger seating or standing capacity shall be scheduled or transported in a vehicle at any time.

Driver Identification. Drivers for Dial-a-Ride services, including coordination contractors, shall be required to announce and identify themselves by name and company in a manner that is conducive to communications with the specific passenger, upon pickup of each rider, group of riders, or representative, guardian, or associate of the rider, except in situations where the driver regularly transports the rider on a recurring basis. Each driver must have photo identification that is in view of the passenger. Name patches, inscriptions or badges that affix to driver clothing are acceptable. For transit services, the driver photo identification shall be in a conspicuous location in the vehicle.

Passenger Assistance. The Dial-a-Ride driver shall provide the passenger with boarding assistance, if necessary or requested, to the seating portion of the vehicle. The boarding assistance shall include opening the vehicle door, fastening the seat belt or utilization of wheel chair securement devices, storage of mobility assistive devices, and closing the vehicle door. Assisted access must be in a dignified manner. Drivers may not assist wheelchair up or down more than one step.

Smoking and Eating on Vehicles. Is prohibited in any vehicle.

Cancelled Late and No-Show Policies. The Community Transportation Coordinator and the Local Coordinating Board shall jointly develop a policy on passenger no-shows. Assessing fines to passengers for no-shows is acceptable but such policy and process shall be identified as follows:

Trips should be cancelled by 12 noon the day prior to the scheduled pick up time. This type of cancellation would be considered a Cancelled in Advance (CA) and would not be considered a cancel or no-show.

Trips that are cancelled after 12 noon to 2 hours prior to the scheduled pickup time will be classified as a Cancelled Late (CL) and will be documented by ECR.

Trips that are cancelled within 2 hours of the scheduled pickup time will be classified as a No-Show (NS). **The contractor will contact the client to determine the cause for the no-show. The contractor will share the information within the organization to reduce No-shows and recorded in Trapeze.**

Trips that are cancelled at the door are considered a No-Show. **The contractor will contact the client to determine the cause for the no-show. The contractor will share the information within the organization to reduce No-shows and recorded in Trapeze.**

If a driver is later than **15** minutes from the scheduled pick-up time and the client is not present or cancels at the door, the trip will be classified as a Missed Trip and will not be counted as a No-Show.

If the client frequently fails to notify the appropriate office with the terms stated above, then that client may be subject to suspension.

If the client responds to any cancelled late or no-show notifications and provides acceptable, verifiable evidence that the cancelled late or no-show was due to unforeseen and unavoidable circumstances, the missed trip will not be counted against the client.

Cancellations should be called into the transportation coordinator offices at 833-9168.

No Show Policy.

EC Rider has established the following "No Show" policy for Dial-a-Ride clients. Passengers who establish a pattern or practice of excessive "No Shows" shall be subject to suspension of service. This policy is necessary in order to recognize the negative impact "No Shows" have on other passengers and service provided.

A passenger is considered a "No Show" if the passenger fails to board at the scheduled pick up locations when the driver has wait 5 minutes during the 45 minute pick up window. EC Rider has a 45 minute pick up window that means that means your ride may arrive anytime from 30 minutes prior to your scheduled pick time to 15 minutes after your scheduled pick up time

Example: If your scheduled pick up time is 9 AM the driver may arrive anytime between 8:30 AM – 9:15 AM.

All riders must then be ready to board the vehicle during the entire 45 minute pick-up window and the driver will only wait 5 minutes.

Example: If a driver arrives at 9 AM the driver will wait until 9:05 AM before departing.

If you're a driver arrives before your scheduled pick up time, the rider does not have to board the vehicle until the scheduled pick up time and the driver will only wait 5 minutes after the scheduled time.

Example: If you are scheduled for a 9 AM pick up and the vehicle arrives at 8:50 AM you do not have to board the vehicle until your scheduled time but the vehicle will only wait until 9:05 before leaving for the next passenger pick up.

An individual is considered a "No Show" if he/she is not available for pick up as described above.

Each leg of a client's trip is treated separately. If a client misses a scheduled pick up, EC Rider will not cancel that passenger's return trip. If the client does not appear for the return trip, that incident will count as a "No Show" as well. A client will be counted as a "No Show" for each leg of any trip they fail to cancel and do not appear.

Clients will not be penalized for "No Shows" or late cancellations due to circumstances beyond their control.

Example: Cancellations due but, not limited to power outages, family emergency, illness or error caused by EC Rider.

Once a client shows a trend or has in excess of 15% cancellations in a 30 day period, call the client to remind them of their increasing "No Shows" and explain the affect "No Shows" have to the systems resources and other clients. Explain when to call to avoid a "No Show". You will frequently find a simple reason and solution to the "No Show" such as client has relocated, on vacation, in the hospital, visiting family transporting and some forget they are on a "standing order".

Excessive "No Shows" in excess of 15% of the client's total trips in a 3 month rolling period may or may not result in sanctions as described below.

Once a client shows a trend or has in excess of 15% cancellations in a 1 month period, call the client to remind them of their increasing "No Shows" and explain the affect "No Shows" have to the systems resources and other clients. Explain when to call to avoid a "No Show". You will frequently find a simple reason and solution to the "No Show" such as client has relocated, on vacation, in the hospital, visiting family transporting and some forget they are on a "standing order". Document the call, date, time, person spoke with and the details of the conversation from both perspectives.

Excessive "No Shows" in excess of 15% for 2 months. Notify the client a second time, reminding them of the previous documented conversation. If necessary, send a warning letter. Reference your previous conversations, outline the "No Show" incidents and explain the consequences if the trend continues and reaches a 3 month rolling period.

Excessive "No Shows" in excess of 15% for 3 months. Notify the client telephonically and in writing they will be suspended from service for a period of up to 30 days. Once the 30 days has passed, the client may begin receiving service. If the "No Show" trend continues in excess of 15% following the reinstatement of services, the client may be suspended for additional periods of time.

Suspension Removal. Suspension will only be removed by the sponsoring agency and the CTC or transportation operator.

Upon any conversation following a suspension of service the clients or representatives must be counseled on the policies and responsibilities of using the coordinated system (i.e., canceling trips appropriately, shared ride, cost to CTC, future loss of transportation.) If a client feels that he/she had been unfairly suspended the client may appeal through the Grievance Procedure of the LCB or CTC.

Communication Equipment. All vehicles providing service within the coordinated system, shall be equipped with two-way communications in good working order and audible to the driver at all times to the base.

Vehicle Air Conditioning, Heating Equipment, and Camera System. All vehicles providing service within the coordinated system, shall have working air conditioners, heaters and cameras in each vehicle. Vehicles that do not have a working air conditioner, heater or camera will be scheduled for repair or replacement as soon as possible.

First Aid Policy. Drivers are not required to have First Aid training.

Cardiopulmonary Resuscitation. Drivers are not required to have CPR training.

Pick-Up Window. Clients are to be ready for pick up 30 minutes prior to their scheduled pick-up time. The "pick up window" for your trip will be 30 minutes before or 15 minutes after your scheduled pick up time. For scheduled returns, clients are expected to be dropped off 15 minutes before or after the scheduled drop off.

Appointment/Requested Late Drop-off Time. For clients with appointment or a requested late drop-off time, the operators are expected to be deliver clients no earlier than 30 minutes before and no later than the appointment or requested late drop-off time.

On-Time Performance. The primary operator will have a 90% on-time performance rate for all completed trips.

Income Eligibility - Income eligibility will be based on 200% of the Federal Poverty Guideline based on the most current federal fiscal year. Income eligibility may be adjusted by the Program Manager based on the availability of resources. Individual exceptions meeting the Federal Poverty Guideline must be approved, in writing, by the Program Manger or CTC. Any adjustments or exceptions will be briefed and approved at the next available Local Coordinating Board (LCB) meeting.

Advance Reservation Requirements. Advance reservations for Dial-a-Ride trips must be made by 11:59 A.M. CT the day prior to the requested ride. Additionally, reservations must be received by 1:59 A.M p.m. CT the last working day prior to weekend or holiday. Same day demand response trips, which provide little advance notification, will be reviewed on a case-by-case basis.

Public Transit Ridership. Continue efforts to move customers from Dial-a-Ride door-to-door service onto the fixed route system to provide greater independence for applicable riders.

Complaints. Total complaints per year shall not exceed 0.5% (0.005) of the total trips per year.

Accidents. The maximum allowable number of accidents during any one evaluation period will be 1 chargeable accident per 100,000 miles.

Road Calls. There should be no less than 10,000 miles between each road call.

Call Answering Time. The CTC office attempts to answer all calls within 12 seconds, approximately four rings.

Driver Criminal Background Screening. All drivers in the coordinated system must have a favorable Level 2 background screening.

Local Complaint and Grievance Procedure/Process

The Community Transportation Coordinator (CTC) has established the following grievance procedure as authorized by the Commission for the Transportation Disadvantaged pursuant to Chapter 427, Florida Statutes and Rule 41-2, F.A.C.

A formal grievance is a written complaint to document any concerns or an unresolved service complaint regarding the operation or administration of TD services. The CTC shall make every effort to resolve any problems at the complaint stage prior to becoming a grievance.

Step 1:

The CTC formal grievance process shall be open to addressing concerns by any person or agency including but not limited to: purchasing agencies, users, potential users, private-for-profit operators, private non-profit operators, the designated official planning agency, elected officials, and drivers.

By contacting the CTC office, a written copy of the grievance process and rider policies will be made available to anyone, upon request. The CTC will be responsible for posting on all vehicles in plain view of riders, including transportation subcontractors and coordination contractors, the contact person and telephone number for access to information regarding reporting service complaints or filing a formal grievance.

All grievances filed must contain the following information:

1. The name and address of the complainant.
2. A statement of the reasons for the grievance and supplemented by supporting documentation, made in a clear and concise manner.
3. An explanation of the requested relief desired by the complainant.

All formal grievances submitted to the CTC shall be mailed to:

Okaloosa Board of County Commissioners
Transit Coordinator and Grants Manager
1804 Lewis Turner Blvd, Suite 200
Ft. Walton Beach, FL 32547
Phone: 850-609-7003

Step 2:

If the aggrieved party is not satisfied with the CTC decision, they may have the Local Coordinating Board (LCB) Grievance Committee hear the grievance and make recommendations to the CTC on their behalf.

To request a LCB Grievance Committee contact the Okaloosa County Transportation Disadvantaged Coordinating Board Chair at P.O. Box 11399, Pensacola, FL 32524-1399 (phone 850-332-7976 x231 or 1-800-226-8914).

Step 3:

- Commission for the Transportation Disadvantaged

If satisfaction cannot be achieved at the local level, a grievance/complaint can be submitted to the Commission for the Transportation Disadvantaged (CTD) Ombudsman Program/TD Hotline at 1-800-983-2435.

Similar to the LCB, the Commission for the Transportation Disadvantaged can hear a grievance and make recommendations or advise the CTC. Apart from these grievance processes, aggrieved parties also have recourse through Chapter 120, F.S., administrative hearing process or the judicial court system.

Note: At any point in the grievance process, the grievant may submit the grievance to the, CTC, Local Coordinating Board (LCB) or the Commission for Transportation Disadvantaged Ombudsman.

CTC Monitoring Procedures of Operators and Coordination Contractors and Coordination Contract Evaluation Criteria

The CTC conducts an annual evaluation of its Operators and Coordination Contractors to ensure contractual compliance. The CTC monitors Operators and Coordination Contractors by examining the areas listed in the Safety Compliance Review. The review is conducted on an annual basis to ensure compliance with the Safety System Program Plan, Commission and locally approved standards, and insurance requirements. The evaluation report is provided to the Local Coordinating Board for review.

A written letter and report are issued to the Operators and Coordination Contractors citing items that require corrections. A deadline is given for corrections to be made. A follow up monitoring is conducted if necessary.

COST/REVENUE ALLOCATION & RATE STRUCTURE JUSTIFICATION

The Commission has established the Rate Calculation Model, a standard process for the development of rates for transportation services that are arranged or provided by the Coordinator. This model can be used by the Commission in comparing and approving rates to be paid to and used by Coordinators and in determining cost-based rates to be charged to all purchasing agencies.

The Rate Calculation Model Worksheets and Rates for Services are reviewed and updated annually. The Rate Calculation Model allows for annual changes to occur based on changes to the level of service, expenditures and revenues.

The Commission's rate calculation model is used to develop rates for non-sponsored trips. Other purchasing agencies have their methods of developing rates for transportation services using vehicle mile rates and/or pick up fees.

Rates for transportation services are included in the service rates summary table below. The summary details type of service provided, unit rate whether passenger mile or trip, and cost per unit.

The Okaloosa County CTC has chosen to use the Program-Wide Rates effective for services. The Rate Model Worksheets for FY 19 (July 1, 2018 to June 30, 2019) are located in the appendices for reference.

The FY19 rates below are for Program-Wide Rates Passenger Mile Rate and will be included in the executed Trip and Equipment (T&E) Grant for FY19.

**Okaloosa County
Service Rates Summary**

Type of Service Provided	Unit	Amended FY 2015/16 Passenger Mile Rate Only	FY 2017/18 Passenger Mile Rate Only	FY 2018/19 Program-Wide Passenger Mile Rate Only
Ambulatory	Passenger Mile	\$ 1.35	\$ 2.84	\$ 2.40
Wheelchair	Passenger Mile	\$ 2.32	\$ 2.83	\$ 2.40
Stretcher	Passenger Mile	\$ 4.84	---	---

Quality Assurance

The Local Coordinating Board reviews and approves the Service Plan and it is submitted to the Commission for the Transportation Disadvantaged for final action. The Commission provides feedback on what areas of the plan need to be modified for next year.

The previous Transportation Disadvantaged Service Plan (TDSP) signed review letter and roll call sheet are included in the appendices. The previous TDSP was approved and no items were cited as deficient or inadequate.

Community Transportation Coordinator Evaluation Process

A Local Coordinating Board subcommittee assists the planning agency in evaluating the Community Transportation Coordinator on an annual basis. The evaluation of the CTC is based on performance indicators, measures of effectiveness and efficiency, and level of coordination. The evaluation worksheets are included in the appendices.

In an effort to monitor the services provided to the transportation disadvantaged by the CTC, an annual survey of the riders is conducted. The data is used to identify areas where the CTC is achieving its goals and objectives and areas where they are not. The rider surveys were conducted at the beginning of the year.

A summary of the survey results along with a comparison of the previous two years are included in the appendices along with the comments that were submitted.

The survey results indicate that **54%** of the trips were for medical/dental purposes and **24%** were for school/work.

It should be noted that **41%** use community transportation 11 or more days a month.

If community transportation was not provided, **47%** indicated that they would not be able to make the trip while **19%** indicated they would ride with someone else.

Effective: _____ to _____

STATE OF FLORIDA
COMMISSION FOR THE TRANSPORTATION DISADVANTAGED
MEMORANDUM OF AGREEMENT

This Memorandum of Agreement is between the COMMISSION FOR THE TRANSPORTATION DISADVANTAGED, hereby referred to as the "Commission," and

the COMMUNITY TRANSPORTATION COORDINATOR, designated pursuant to Chapter 427, F.S., to serve the transportation disadvantaged for the community that includes the entire area of

_____ county(ies), and hereafter referred to as the "Coordinator."

This Agreement is made in consideration of the mutual benefits to both parties; said consideration acknowledged hereto by the parties as good and valuable consideration.

The Parties Agree:

- I. The Coordinator Shall:
 - A. Become and remain totally apprised of all of the Transportation Disadvantaged resources available or planned in their designated service area. This knowledge will be used to plan, coordinate, and implement the most cost effective transportation disadvantaged transit system possible under the economic and other conditions that exist in the designated service area.
 - B. Plan and work with Community Transportation Coordinators in adjacent and other areas of the state to coordinate the provision of community trips that might be handled at a lower overall cost to the community by another Coordinator. This includes honoring any Commission-approved statewide certification program that allows for intercounty transportation opportunities.
 - C. Arrange for all services in accordance with Chapter 427, Florida Statutes, and Rule 41-2, FAC, and as further required by the Commission and the local Coordinating Board approved Transportation Disadvantaged Service Plan.
 - D. Return any acquired profits or surplus funds originating through the course of business as the Coordinator that are beyond the amounts(s) specifically identified and approved in the accompanying Transportation Disadvantaged Service Plan. Such profits or funds shall be returned to the Coordinator's transportation system or to any subsequent Coordinator, as a total transportation system subsidy, to be applied to the immediate following operational year. The Coordinator will include similar language in all coordination contracts to assure that transportation disadvantaged related revenues are put back into transportation disadvantaged services.

E. Accomplish this Project by:

1. Developing a Transportation Disadvantaged Service Plan for approval by the local Coordinating Board and the Commission. Coordinators who are newly designated to a particular service area shall submit a local Coordinating Board approved Transportation Disadvantaged Service Plan, within 120 calendar days following the execution of the Coordinator's initial memorandum of agreement with the Commission, for approval by the Commission. All subsequent Transportation Disadvantaged Service Plans shall be submitted and approved with the corresponding memorandum of agreement. The approved Transportation Disadvantaged Service Plan will be implemented and monitored to provide for community-wide transportation services for purchase by non-sponsored transportation disadvantaged persons, contracting social service agencies, and other entities that use local, state, or federal government funds for the purchase of transportation for the transportation disadvantaged.
2. Maximizing the use of available public school transportation resources and public fixed route or fixed schedule transit services and assuring that private or public transit, paratransit operators, and school boards have been afforded a fair opportunity to participate to the maximum extent feasible in the planning process and in the development of the provisions of the Transportation Disadvantaged Service Plan for the transportation disadvantaged.
3. Providing or arranging 24-hour, 7-day per week transportation disadvantaged service as required in the designated service area by any Federal, State or Local Government agency sponsoring such services. The provision of said services shall be furnished in accordance with the prior notification requirements identified in the local Coordinating Board and Commission approved Transportation Disadvantaged Service Plan.
4. Complying with all local, state, and federal laws and regulations that apply to the provision of transportation disadvantaged services.
5. Submitting to the Commission an Annual Operating Report detailing demographic, operational, and financial data regarding coordination activities in the designated service area. The report shall be prepared on forms provided by the Commission and according to the instructions of said forms.

F. Comply with Audit and Record Keeping Requirements by:

1. Utilizing the Commission recognized Chart of Accounts defined in the *Transportation Accounting Consortium Model Uniform Accounting System for Rural and Specialized Transportation Providers* (uniform accounting system) for all transportation disadvantaged accounting and reporting purposes. Community Transportation Coordinators with existing and equivalent accounting systems are not required to adopt the Chart of Accounts in lieu of their existing Chart of Accounts but shall prepare all reports, invoices, and fiscal documents relating to the transportation disadvantaged functions and activities using the chart of accounts and accounting definitions as outlined in the above referenced manual.

2. Assuming the responsibility of invoicing for any transportation services arranged, unless otherwise stipulated by a purchase of service contract or coordination contract.
 3. Maintaining and filing with the Commission, local Coordinating Board, and all purchasing agencies/entities such progress, fiscal, inventory, and other reports as those entities may require during the period of this Agreement.
 4. Providing copies of finance and compliance audits to the Commission and local Coordinating Board as requested by the Commission or local Coordinating Board.
- G. Retain all financial records, supporting documents, statistical records, and any other documents pertinent to this Agreement for a period of five (5) years after termination of this Agreement. If an audit has been initiated and audit findings have not been resolved at the end of five (5) years, the records shall be retained until resolution of the audit findings. The Coordinator shall assure that these records shall be subject to inspection, review, or audit at all reasonable times by persons duly authorized by the Commission or this Agreement. They shall have full access to and the right to examine any of the said records and documents during the retention period.
- H. Comply with Safety Requirements by:
1. Complying with Section 341.061, F.S., and Rule 14-90, FAC, concerning System Safety; or complying with Chapter 234.051, F.S., regarding school bus safety requirements for those services provided through a school board; and
 2. Assuring compliance with local, state, and federal laws, and Commission policies relating to drug testing. Conduct drug and alcohol testing for safety sensitive job positions within the coordinated system regarding pre-employment, randomization, post-accident, and reasonable suspicion as required by the Federal Highway Administration and the Federal Transit Administration.
- I. Comply with Commission insurance requirements by maintaining at least minimum liability insurance coverage in the amount of \$200,000 for any one person and \$300,000 per occurrence at all times during the existence of this Agreement for all transportation services purchased or provided for the transportation disadvantaged through the Community Transportation Coordinator. Upon the execution of this Agreement, the Coordinator shall add the Commission as an additional **named insured** to all insurance policies covering vehicles transporting the transportation disadvantaged. In the event of any cancellation or changes in the limits of liability in the insurance policy, the insurance agent or broker shall notify the Commission. The Coordinator shall insure that contracting transportation operators and coordination contractors also maintain the same minimum liability insurance, or an equal governmental insurance program. Insurance coverage in excess of \$1 million per occurrence must be approved by the Commission and the local Coordinating Board before inclusion in the Transportation Disadvantaged Service Plan or in the justification of rates and fare structures. Such coverage may be provided by a self-insurance program established and operating under the laws of the State of Florida and written verification of insurance protection in accordance with Section 768.28, Florida Statutes, shall be provided to the Commission upon request.

- J. Safeguard information by not using or disclosing any information concerning a user of services under this Agreement for any purpose not in conformity with the local, state and federal regulations (45 CFR, Part 205.50), except upon order of a court, written consent of the recipient, or his/her responsible parent or guardian when authorized by law.
- K. Protect Civil Rights by:
1. Complying with state and federal laws including but not limited to laws regarding discrimination on the basis of sex, race, religion, age, disability, sexual orientation, or national origin. The Coordinator gives this assurance in consideration of and for the purpose of obtaining federal grants, loans, contracts (except contracts of insurance or guaranty), property, discounts, or other federal financial assistance to programs or activities receiving or benefiting from federal financial assistance and agreeing to complete a Civil Rights Compliance Questionnaire if so requested by the Commission.
 2. Agreeing that compliance with this assurance constitutes a condition of continued receipt of or benefit from federal financial assistance, and that it is binding upon the Coordinator, its successors, subcontractors, transferee, and assignees for the period during which such assistance is provided. Assure that all operators, subcontractors, subgrantee, or others with whom the Coordinator arranges to provide services or benefits to participants or employees in connection with any of its programs and activities are not discriminating against those participants or employees in violation of the above statutes, regulations, guidelines, and standards. In the event of failure to comply, the Coordinator agrees that the Commission may, at its discretion, seek a court order requiring compliance with the terms of this assurance or seek other appropriate judicial or administrative relief, to include assistance being terminated and further assistance being denied.
- L. To the extent allowed by Section 768.28, Florida Statutes, and only to the monetary and other limitations contained therein, indemnify and hold harmless the Commission and all of the Commission's members, officers, agents, and employees; purchasing agency/entity officers, agents, and employees; and the local, state, and federal governments from any claim, loss, damage, cost, charge or expense arising out of any act, action, neglect or omission by the Coordinator during the performance of this Agreement, whether direct or indirect, and whether to any person or property to which the Commission or said parties may be subject, except that neither the Coordinator nor any of its sub-contractors will be liable under this section for damages arising out of injury or damage to persons or property directly caused or resulting from the sole negligence of the Commission or any of its members, officers, agents or employees; purchasing agency/entity, officers, agents, and employees; and local, state, or federal governments. Nothing herein is intended to serve as a waiver of sovereign immunity by any agency/entity or Coordinator to which sovereign immunity may be applicable. Nothing herein shall be construed as consent by a state agency/entity or political subdivision of the State of Florida or the federal government to be sued by third parties in any matter arising out of any Agreement or contract. Notwithstanding the foregoing, pursuant to Section 768.28, Florida Statutes, no agency or subdivision of the state shall be required to indemnify, insure, or assume any liability for the Commission's negligence.

- M. Comply with standards and performance requirements of the Commission, the local Coordinating Board approved Transportation Disadvantaged Service Plan, and any purchase of service contracting agencies/entities. Failure to meet the requirements or obligations set forth in this MOA, and performance requirements established and monitored by the local Coordinating Board in the approved Transportation Disadvantaged Service Plan, shall be due cause for non-payment of reimbursement invoices until such deficiencies have been addressed or corrected to the satisfaction of the Commission.
- N. Comply with subcontracting requirements by executing or negotiating contracts for transportation services with Transportation Operators and Coordination Contractors, and assuring that the conditions of such contracts are maintained. The requirements of Part 1, Paragraph E.5. through M are to be included in all contracts, subcontracts, coordination contracts, and assignments made by the Coordinator for services under this Agreement. Said contracts, subcontracts, coordination contracts, and assignments will be reviewed and approved annually by the Coordinator and local Coordinating Board for conformance with the requirements of this Agreement.
- O. Comply with the following requirements concerning drivers and vehicles:
1. Drivers for paratransit services, including coordination contractors, shall be required to announce and identify themselves by name and company in a manner that is conducive to communications with the specific passenger, upon pickup of each rider, group of riders, or representative, guardian, or associate of the rider, except in situations where the driver regularly transports the rider on a recurring basis. Each driver must have photo identification that is in view of the passenger. Name patches, inscriptions or badges that affix to driver clothing are acceptable. For transit services, the driver photo identification shall be in a conspicuous location in the vehicle.
 2. The paratransit driver shall provide the passenger with boarding assistance, if necessary or requested, to the seating portion of the vehicle. The boarding assistance shall include opening the vehicle door, fastening the seat belt or utilization of wheelchair securement devices, storage of mobility assistive devices, and closing the vehicle door. In certain paratransit service categories, the driver may also be required to open and close doors to buildings, except in situations in which assistance in opening/closing building doors would not be safe for passengers remaining on the vehicle. Assisted access must be in a dignified manner. Drivers may not assist wheelchair up or down more than one step, unless it can be performed safely as determined by the passenger, guardian, and driver.
 3. All vehicles shall be equipped with two-way communications in good working order and be audible to the driver at all times to the base.
 4. All vehicles providing service within the coordinated system, shall have working air conditioners and heaters in each vehicle. Vehicles that do not have a working air conditioner or heater will be scheduled for repair or replacement as soon as possible.

P. Comply with other requirements as follows:

1. Transport an escort of a passenger and dependent children as locally negotiated and identified in the local Transportation Disadvantaged Service Plan.
2. Determine locally in the Transportation Disadvantaged Service Plan, the use, responsibility, and cost of child restraint devices.
3. Transport with the passenger at no additional charge, passenger property that can be carried by the passenger and/or driver in one trip and can be safely stowed on the vehicle. Additional requirements may be negotiated for carrying and loading rider property beyond this amount. Passenger property does not include wheelchairs, child seats, stretchers, secured oxygen, personal assistive devices, or intravenous devices.
4. Provide shelter, security, and safety of passengers at vehicle transfer points.
5. Post a local or other toll-free number for complaints or grievances inside each vehicle. The local complaint process shall be outlined as a section in the local Transportation Disadvantaged Service Plan including advising the dissatisfied person about the Commission's Ombudsman Program as a step within the process as approved by the local Coordinating Board.
6. Provide out-of-service-area trips, when determined locally and approved by the local Coordinating Board, except in instances where local ordinances prohibit such trips.
7. Keep interior of all vehicles free from dirt, grime, oil, trash, torn upholstery, damaged or broken seats, protruding metal or other objects or materials which could soil items placed in the vehicle or provide discomfort for the passenger.
8. Determine locally by the local Coordinating Board and provide in the local Transportation Disadvantaged Service Plan the billing requirements of the Community Transportation Coordinator. All bills shall be paid to subcontractors within 7 calendar days after receipt of said payment by the Coordinator, in accordance with Section 287.0585, Florida Statutes.
9. Maintain or have access to a passenger/trip database on each rider being transported within the system.
10. Provide each rider and escort, child, or personal care attendant adequate seating for paratransit services. No more passengers than the registered passenger seating capacity shall be scheduled or transported in a vehicle at any time. For transit services provided by transit vehicles, adequate seating or standing space will be provided to each rider and escort, child, or personal care attendant, and no more passengers than the registered passenger seating or standing capacity shall be scheduled or transported in a vehicle at any time.
11. First Aid shall be determined locally and provided in the local Transportation Disadvantaged Service Plan.

12. Cardiopulmonary Resuscitation shall be determined locally and provided in the local Transportation Disadvantaged Service Plan.

II. The Commission Shall:

- A. Recognize the Coordinator as the entity described in Section 427.011(5), Florida Statutes, and Rule 41-2.002(4), F.A.C.
- B. Attempt to insure that all entities with transportation disadvantaged funds will purchase transportation disadvantaged services through the Coordinator's system.

III. The Coordinator and the Commission Further Agree:

- A. Nothing in this Agreement shall require the Commission to observe or enforce compliance with any provision thereof, perform any other act or do any other thing in contravention of any applicable state law. If any of the provisions of this Agreement is found by a court of law to violate any applicable state law, the purchasing agency/entity will at once notify the Commission in writing in order that appropriate changes and modifications may be made by the Commission and the Coordinator to the end that the Coordinator may proceed as soon as possible with the provision of transportation services.
- B. If any part or provision of this Agreement is held invalid, the remainder of this Agreement shall be binding on the parties hereto.
- C. Termination Conditions:
 1. Termination at Will - This Agreement may be terminated by either party upon no less than thirty (30) days notice, without cause. Said notice shall be delivered by certified mail, return receipt required, or in person with proof of delivery.
 2. Termination for Breach - Unless the Coordinator's breach is waived by the Commission in writing, the Commission may, by written notice to the Coordinator, terminate this Agreement upon no less than twenty-four (24) hours notice. Said notice shall be delivered by certified mail, return receipt requested, or in person with proof of delivery. Waiver by the Commission of breach of any provision of this Agreement shall not be deemed to be a waiver of any other breach and shall not be construed to be a modification of the terms of this Agreement, and shall not act as a waiver or estoppel to enforcement of any provision of this Agreement. The provisions herein do not limit the Commission's right to remedies at law or to damages.
- D. This agreement will expire unless an extension is granted to the Coordinator in writing by the Commission, in accordance with Chapter 287, Florida Statutes.
- E. Renegotiations or Modifications of this Agreement shall only be valid when they have been reduced to writing, duly approved by the Commission, and signed by both parties hereto.

F. Notice and Contact:

The name and address of the contract manager for the Commission for this Agreement is: **Executive Director, 605 Suwannee Street, MS-49, Tallahassee, FL 32399-0450**. The representative/position of the Coordinator responsible for administration of the program under this Agreement is:

Janet Willis, Grants Manager/Transit Coordinator Phone: (850) 423-4898
Okaloosa County Growth Management 1250 N. Eglin Parkway, Suite 301, Shalimar, FL 32579

In the event that either party designates different representatives after execution of this Agreement, notice of the name and address of the new representative will be rendered in writing to the other party and said notification attached to originals of this Agreement.

This document has been reviewed in its entirety and approved by the local Coordinating Board at its official meeting held on May 17, 2017.

Justin P. Moore
Coordinating Board Chairperson

WITNESS WHEREOF, the parties hereto have caused these presents to be executed.

Glossary of Terms

Commission for the Transportation Disadvantaged - Glossary of Terms and Abbreviations

The following glossary is intended to coordinate terminology within the Florida Coordinated Transportation System. It is imperative that when certain words or phrases are used, the definition must be universally acknowledged.

Accidents: when used in reference to the AOR, the total number of reportable accidents that occurred through negligence of the transportation provider whereby the result was either property damage of \$1,000.00 or more, or personal injury that required evacuation to a medical facility, or a combination of both.

(AER) Actual Expenditure Report: an annual report completed by each state member agency and each official planning agency, to inform the Commission in writing, before September 15 of each year, of the specific amount of funds the agency expended for transportation disadvantaged services.

Advance Reservation Service: shared or individual **Dial-a-Ride** service that is readily delivered with at least prior day notification, seven days a week, 24 hours a day.

Agency: an official, officer, commission, authority, council, committee, department, division, bureau, board, section, or any other unit or entity of the state or of a city, town, municipality, county, or other local governing body or a private non-profit transportation service providing entity.

(ADA) Americans with Disabilities Act: a federal law, P.L. 101-336, signed by the President of the United States on July 26, 1990 providing protection for persons with disabilities.

(AOR) Annual Operating Report: an annual report prepared by the community transportation coordinator detailing its designated service area operating statistics for the most recent operating year.

(APR) Annual Performance Report: an annual report issued by the Commission for the Transportation Disadvantaged that combines all the data submitted in the Annual Operating Reports and the CTD Annual Report.

(ASE) Automotive Service Excellence: a series of tests that certify the skills of automotive technicians in a variety of maintenance areas.

Availability: a measure of the capability of a transportation system to be used by potential riders, such as the hours the system is in operation, the route spacing, the seating availability, and the pickup and delivery time parameters.

Bus: any motor vehicle designed for carrying more than 10 passengers and used for the transportation of persons of compensation.

Bus Lane: a street or highway lane intended primarily for buses, either all day or during specified periods, but used by other traffic under certain circumstances.

Bus Stop: a waiting, boarding, and disembarking area, usually designated by distinctive signs and by curbs or pavement markings.

(CUTR) Center for Urban Transportation Research: a research group located at the University of South Florida's College of Engineering.

(CMBE) Certified Minority Business Enterprise: any small business concern which is organized to engage in commercial transactions, which is domiciled in Florida, and which is at least 51 percent owned by minority persons and whose management and daily operations are controlled by such persons. These businesses should be certified by the Florida Department of management Services.

Chapter 427, Florida Statutes: the Florida statute establishing the Commission for the Transportation Disadvantaged and prescribing its duties and responsibilities.

Commendation: any written compliment of any aspect of the coordinated system, including personnel, vehicle, service, etc.

(CDL) Commercial Driver's License: a license required if a driver operates a commercial motor vehicle, including a vehicle that carries 16 or more passengers (including the driver), or a vehicle weighing more than 26,000 pounds.

Commission: the Commission for the Transportation Disadvantaged as authorized in Section 427.013, Florida Statutes.

(CTD) Commission for the Transportation Disadvantaged: an independent agency created in 1989 to accomplish the coordination of transportation services provided to the transportation disadvantaged. Replaced the Coordinating Council on the Transportation Disadvantaged.

(CTC) Community Transportation Coordinator: (formerly referred to as A coordinated community transportation provider) a transportation entity competitively procured or recommended by the appropriate official planning agency and local Coordinating Board and approved by the Commission, to ensure that safe, quality coordinated transportation services are provided or arranged in a cost effective manner to serve the transportation disadvantaged in a designated service area.

Competitive Procurement: obtaining a transportation operator or other services through a competitive process based upon Commission-approved procurement guidelines.

Complaint: any written customer concern involving timeliness, vehicle condition, quality of service, personnel behavior, and other operational policies.

Complete (or Full) Brokerage: type of CTC network in which the CTC does not operate any transportation services itself, but contracts with transportation operators for the delivery of all transportation services.

Coordinated Transportation System: includes the CTC, the transportation operators and coordination contractors under contract with the CTC, the official planning agency, and local Coordinating Board involved in the provision of service delivery to the transportation disadvantaged within the designated service area.

Coordinated Trips: passenger trips provided by or arranged through a CTC.

Coordinating Board: an entity in each designated service area composed of representatives who provide assistance to the community transportation coordinator relative to the coordination of transportation disadvantaged services.

Coordination: the arrangement for the provision of transportation services to the transportation disadvantaged in a manner that is cost effective, safe, efficient, and reduces fragmentation and duplication of services. Coordination is not the same as total consolidation of transportation disadvantaged services in any given service area.

Coordination Contract: a written contract between the community transportation coordinator and an agency who receives transportation disadvantaged funds and performs some, if not all of, its own services, as well as services to others, when such service has been analyzed by the CTC and proven to be a safer, more effective and more efficient service from a total system perspective. The Commission's standard contract reflects the specific terms and conditions that will apply to those agencies who perform their own transportation, as well as joint utilization and cost provisions for transportation services to and from the coordinator.

Deadhead: the miles or hours that a vehicle travels when out of revenue service. From dispatch point to first pickup, and from last drop-off to home base, or movements from home base to maintenance garage or fuel depot, and return.

Demand Response: a paratransit/Dial-a-Ride service that is readily delivered with less than prior day notification, seven days a week, 24 hours a day. This service can be either an individual or shared ride.

Designated Service Area: a geographical area subject to approval by the Commission, which defines the community where coordinated transportation services will be provided to the transportation disadvantaged.

Disabled Passenger: anyone which a physical or mental impairment that substantially limits at least one of the major life activities (i.e., caring for one's self, walking, seeing, hearing, speaking, learning).

Dispatcher: the person responsible for having every scheduled run leave the yard or garage on time and maintain a schedule, matching the work force with the workload on a minute-by-minute basis. In demand-response transportation, the person who assigns the customer to vehicles and notifies the appropriate drivers.

Driver Hour: the period of one hour that a person works whose main responsibility is to drive vehicles.

Economies of Scale: cost savings resulting from combined resources (e.g., joint purchasing agreements that result in a lower cost per gallon or quantity discount for fuel).

Effectiveness Measure: a performance measure that indicates the level of consumption per unit of output. Passenger trips per vehicle mile is an example of an effectiveness measure.

Efficiency Measure: a performance measure that evaluates the level of resources expended to achieve a given level of output. An example of an efficiency measure is operating cost per vehicle mile.

Emergency: any occurrence, or threat thereof, whether accidental, natural or caused by man, in war or in peace, which results or may result in substantial denial of services to a designated service area for the transportation disadvantaged.

Emergency Fund: transportation disadvantaged trust fund monies set aside to address emergency situations and which can be utilized by discreet contract, without competitive bidding, between the Commission and an entity to handle transportation services during a time of emergency.

Employees: the total number of persons employed in an organization.

Fixed Route: (also known as Fixed Route/Fixed Schedule) service in which the vehicle(s) repeatedly follows a consistent time schedule and stopping points over the same route, whereby such schedule, route or service is not at the users request (e.g. conventional city bus, fixed guideway).

(FAC) Florida Administrative Code: a set of administrative codes regulating the state of Florida.

(FCTS) Florida Coordinated Transportation System: a transportation system responsible for coordination and service provisions for the transportation disadvantaged as outlined in Chapter 427, Florida Statutes.

(FDOT) Florida Department of Transportation: a governmental entity. The CTD is housed under the Florida Department of Transportation for administrative purposes.

(FS) Florida Statutes: the laws governing the state of Florida.

(FTE) Full Time Equivalent: a measure used to determine the number of employees based on a 40-hour work-week. One FTE equals 40 work hours per week.

(FAC) Fully Allocated Costs: the total cost, including the value of donations, contributions, grants or subsidies, of providing coordinated transportation, including those services which are purchased through transportation operators or provided through coordination contracts.

General Trips: passenger trips by individuals to destinations of their choice, not associated with any agency program.

Goal: broad conditions that define what the organization hopes to achieve.

Grievance Process: a formal plan that provides a channel for the adjustment of grievances through discussions at progressively higher levels of authority, culminating in mediation, if necessary.

In Service: the time a vehicle begins the route to provide transportation service to the time the route is completed.

In-Take Clerk/ Reservationist: an individual whose primary responsibility is to accept requests for trips, enter dates on requests, determine eligibility and provide customer service.

Latent Demand: demand that is not active (I.E., the potential demand of persons who are not presently in the market for a good or service).

Limited Access: the inability of a vehicle, facility or equipment to permit entry or exit to all persons. Lack of accessibility of vehicle, facility or other equipment.

Load Factor: the ratio of use to capacity of equipment or a facility during a specified time period.

Local Government: an elected and/or appointed public body existing to coordinate, govern, plan, fund, and administer public services within a designated, limited geographic area of the state.

Local Government Comprehensive Plan: a plan that meets the requirements of Sections 163.3177 and 163.3178, Florida Statutes.

(LCB) Local Coordinating Board: an entity in each designated service area composed of representatives appointed by the official planning agency. Its purpose is to provide assistance to the community transportation coordinator concerning the coordination of transportation-disadvantaged services.

(MIS) Management Information System: the mechanism that collects and reports key operating and financial information for managers on a continuing and regular basis.

(MOA) Memorandum of Agreement: the state contract included in the transportation disadvantaged service plan for transportation disadvantaged services purchased by federal, state, or local government transportation disadvantaged funds. This agreement is between the Commission and the community transportation coordinator and recognizes the community transportation coordinator as being responsible for the arrangement of the provision of transportation-disadvantaged services for a designated service area.

(MPO) Metropolitan Planning Organization: the area-wide organization responsible for conducting the continuous, cooperative and comprehensive transportation planning and programming in accordance with the provisions of 23 U.S.C.s. 134, as provided in 23 U.S.C.s. 104(f)(3). Also serves as the official planning agency referred to in Chapter 427, F.S. Many MPOs have been renamed as TPOs (Transportation Planning Organizations).

Network type: describes how a community transportation coordinator provides service, whether as a complete brokerage, partial brokerage, or sole provider.

Non-coordinated Trip: a trip provided by an agency, entity, or operator who is in whole or in part subsidized by local, state, or federal funds, and who does not have coordinator/operator contract with the community transportation coordinator.

Non-sponsored Trip: transportation disadvantaged services that are sponsored in whole by the Transportation Disadvantaged Trust Fund.

Objective: specific, measurable conditions that the organization establishes to achieve its goals.

Off Peak: a period of day or night during which travel activity is generally low and a minimum of transit service is operated.

(OPA) Official Planning Agency: the official body or agency designated by the Commission to fulfill the functions of transportation disadvantaged planning. The Metropolitan Planning Organization shall serve as the planning agency in areas covered by such organizations.

Operating Cost: the sum of all expenditures that can be associated with the operation and maintenance of the system during the particular period under consideration.

Operating Cost per Driver Hour: operating costs divided by the number of driver hours, a measure of the cost efficiency of delivered service.

Operating Cost per Passenger Trip: operating costs divided by the total number of passenger trips, a measure of the efficiency of transporting riders. One of the key indicators of comparative performance of transit properties since it reflects both the efficiency with which service is delivered and the market demand for the service.

Operating Cost per Vehicle Mile: operating costs divided by the number of vehicle miles, a measure of the cost efficiency of delivered service.

Operating Environment: describes whether the community transportation coordinator provides service in an urban or rural service area.

Operating Expenses: sum of all expenses associated with the operation and maintenance of a transportation system.

Operating Revenues: all revenues and subsidies utilized by the operator in the provision of transportation services.

Operating Statistics: data on various characteristics of operations, including passenger trips, vehicle miles, operating costs, revenues, vehicles, employees, accidents and roadcalls.

Operator Contract: a written contract between the community transportation coordinator and a transportation operator to perform transportation services.

Organization Type: describes the structure of a community transportation coordinator, whether it is a private-for-profit, private non-profit, government, quasi-government, or transit agency.

Paratransit/Dial-a-Ride: elements of public transit that provide service between specific origins and destinations selected by the individual user with such service being provided at a time that is agreed upon between the user and the provider of the service. Paratransit services are provided by sedans, vans, buses, and other vehicles.

Partial Brokerage: type of CTC network in which the CTC provides some of the on-street transportation services and contracts with one or more other transportation operators to provide the other portion of the on-street transportation disadvantaged services, including coordination contractors.

Passenger Miles: a measure of service utilization, which represents the cumulative sum of the distances ridden by each passenger. This is a duplicated mileage count. For example: If 10 people ride together for 10 miles, there would be 100 passenger miles.

Passenger Trip: a unit of service provided each time a passenger enters the vehicle, is transported, then exits the vehicle. Each different destination would constitute a passenger trip. This unit of service is also known as a one-way passenger trip.

Passenger Trips per Driver Hour: a performance measure used to evaluate service effectiveness by calculating the total number of passenger trips divided by the number of driver hours.

Passenger Trips per Vehicle Mile: a performance measure used to evaluate service effectiveness by calculating the total number of passenger trips divided by the number of vehicle miles.

Performance Measure: statistical representation of how well an activity, task, or function is being performed. Usually computed from operating statistics by relating a measure of service output or utilization to a measure of service input or cost.

Potential TD Population: (formerly referred to as TD Category I) includes persons with disabilities, senior citizens, low-income persons, and high risk or at risk children. These persons are eligible to receive certain governmental and social service agency subsidies for program-related trips.

Program Trip: a passenger trip supplied or sponsored by a human service agency for the purpose of transporting clients to and from a program of that agency (e.g., sheltered workshops, congregate dining, and job training).

Public Transit: means the transporting of people by conveyances or systems of conveyances traveling on land or water, local or regional in nature, and available for use by the public. Public transit systems may be governmental or privately owned. Public transit specifically includes those forms of transportation commonly known as paratransit.

Purchased Transportation: transportation services provided for an entity by a public or private transportation provider based on a written contract.

(QAPE) Quality Assurance and Program Evaluation.

(RBF) Request for Bids: a competitive procurement process.

(RFP) Request for Proposals: a competitive procurement process.

(RFQ) Request for Qualifications: a competitive procurement process.

Reserve Fund: transportation disadvantaged trust fund monies set aside each budget year to insure adequate cash is available for incoming reimbursement requests when estimated revenues do not materialize.

Revenue Hours: total vehicle hours used in providing passenger transportation, excluding deadhead time.

Revenue Miles: the total number of paratransit service miles driven while TD passengers are actually riding on the vehicles. This figure should be calculated from first passenger pick-up until the last passenger drop-off, excluding any breaks in actual passenger transport. For example: if 10 passengers rode 10 miles together, there would be 10 revenue miles.

Ridesharing: the sharing of a vehicle by clients of two or more agencies, thus allowing for greater cost efficiency and improved vehicle utilization.

Roadcall: any in-service interruptions caused by failure of some functionally necessary element of the vehicle, whether the rider is transferred or not. Roadcalls exclude accidents.

Rule 41-2, F.A.C.: the rule adopted by the Commission for the Transportation Disadvantaged to implement provisions established in Chapter 427, F.S.

Scheduler: a person who prepares an operating schedule for vehicles on the basis of passenger demand, level of service, and other operating elements such as travel times or equipment availability.

Shuttle: a transit service that operates on a short route, or in a small geographical area, often as an extension to the service of a longer route.

Sole Provider: (also referred to as Sole Source) network type in which the CTC provides all of the transportation disadvantaged services.

Sponsored Trip: a passenger trip that is subsidized in part or in whole by a local, state, or federal government funding source (not including monies provided by the TD Trust Fund).

Standard: something established by authority, custom, or general consent as a model or example.

Stretcher Service: a form of non-emergency paratransit service whereby the rider is transported on a stretcher, litter, gurney, or other device that does not meet the dimensions of a wheelchair as defined in the Americans with Disabilities Act.

Subscription Service: a regular and recurring service in which schedules are prearranged, to meet the travel needs of riders who sign up for the service in advance. The service is characterized by the fact that the same passengers are picked up at the same location and time and are transported to the same location, and then returned to the point of origin in the same manner.

(SSPP) System Safety Program Plan: a documented organized approach and guide to accomplishing a system safety program set forth in Florida Rule 14-90.

Total Fleet: this includes all revenue vehicles held at the end of the fiscal year, including those in storage, emergency contingency, awaiting sale, etc.

(TQM) Total Quality Management: a management philosophy utilizing measurable goals and objectives to achieve quality management practices.

Transportation Alternative: those specific transportation services that are approved by rule to be acceptable transportation alternatives, and defined in s.427.018, F.S.

(TD) Transportation Disadvantaged: those persons, including children as defined in s.411.202 F.S., who because of physical or mental disability, income status, or inability to drive due to age or disability are unable to transport themselves or to purchase transportation and have no other form of transportation available. These persons are, therefore, dependent upon others to obtain access to health care, employment, education, shopping, or medically necessary or life-sustaining activities.

Transportation Disadvantaged Funds: any local government, state or available federal funds that are for the transportation of the transportation disadvantaged. Such funds may include, but are not limited to, funds for planning, transportation provided pursuant to the ADA, administration of transportation disadvantaged services, operation, procurement and maintenance of vehicles or equipment, and capital investments. Transportation disadvantaged funds do not include funds expended by school districts for the transportation of children to public schools or to receive service as a part of their educational program.

Transportation Disadvantaged Population: (formerly referred to as TD Category II) persons, including children, who, because of disability, income status, or inability to drive due to age or disability are unable to transport themselves.

(TDSP) Transportation Disadvantaged Service Plan: a three-year implementation plan, with annual updates developed by the CTC and the planning agency, which contains the provisions of service delivery in the coordinated transportation system. The plan shall be reviewed and recommended by the local Coordinating Board.

(TPO) Transportation Planning Organization.

Transportation Disadvantaged Trust Fund: a fund administered by the Commission for the Transportation Disadvantaged in which all fees collected for the transportation disadvantaged program shall be deposited. The funds deposited will be appropriated by the legislature to the Commission to carry out the Commission's responsibilities. Funds that are deposited may be used to subsidize a portion of a transportation disadvantaged person's transportation costs, which are not sponsored by an agency.

Transportation Operator: a public, private for profit, or private non-profit entity engaged by the community transportation coordinator to provide service to the transportation disadvantaged pursuant to an approved coordinated transportation system transportation disadvantaged service plan.

Transportation Operator Contract: the Commission's standard coordination/operator contract between the community transportation coordinator and the transportation operator that outlines the terms and conditions for any services to be performed.

Trend Analysis: a common technique used to analyze the performance of an organization over a period of time.

Trip Priorities: various methods for restricting or rationing trips.

Trip Sheet: a record kept of specific information required by ordinance, rule or operating procedure for a period of time worked by the driver of a public passenger vehicle in demand-response service. Also known as a driver log.

(UPHC) Unduplicated Passenger Head Count: the actual number of people that were provided paratransit transportation services, not including personal care attendants, non-paying escorts/companion, or persons provided fixed schedule/fixed route service.

Unmet Demand: the number of trips desired but not provided because of insufficient service supply.

Urbanized Area: a city (or twin cities) that has a population of 50,000 or more (central city) and surrounding incorporated and unincorporated areas that meet certain criteria of population size or density.

(USDHHS) U.S. Department of Health and Human Services: a federal agency regulating health and human services.

(USDOT) U.S. Department of Transportation: a federal agency regulating the transportation field.

Van Pool: a prearranged ride-sharing service in which a number of people travel together on a regular basis in a van. Van pools are commonly a company-sponsored van that has a regular volunteer driver.

Vehicle Inventory: an inventory of vehicles used by the CTC, transportation operators, and coordination contractors for the provision of transportation disadvantaged services.

Vehicle Miles: the total distance traveled by revenue vehicles, including both revenue miles and deadhead miles.

Vehicle Miles per Vehicle: a performance measure used to evaluate resource utilization and rate of vehicle depreciation, calculated by dividing the number of vehicle miles by the total number of vehicles.

Vehicles: number of vehicles owned by the transit agency that are available for use in providing services.

Volunteers: individuals who do selected tasks for the community transportation coordinator or its contracted operator, for little or no compensation.

Will-Calls: these are trips that are requested on a demand response basis, usually for a return trip. The transportation provider generally knows to expect a request for a will-call trip, but can not schedule the trip in advance because the provider does not know the exact time a passenger will call to request his/her trip.

OKALOOSA COUNTY COMMUNITY TRANSPORTATION
2018 RIDER SURVEY COMMENTS

1. I just started using it and I'm wondering why 😊
2. I like my transit bus. I love the driver. They are so very kind.
3. Everyone very courteous. Very pleased with the service. Bus #79.
4. Miss Q is an excellent driver and has great interpersonal skills. Talks to her riders and is always courteous. She is a joy!
5. Cindy is a very professional driver. Always courteous, extremely helpful, and a very pleasant person. Also very safe driver.
6. Cindy was very kind and helpful.
7. Very very courteous and helpful. Thank you Thank you
8. There was an unruly rider today, he was loud to the driver (all unnecessary). Driver was pleasant and helpful.
9. Thank you so much for the rides.
10. I have been using your service for 22 years and very happy you offer it.
11. Not aware of other means of transportation.
12. I like riding the bus. Think it would be nice to ride on weekends too!
13. Wait time after appointment can sometimes be long.
14. Get more drivers stop making the drivers have such a tight schedule
15. Overall great.
16. Driver was on-time for pickup. Bus was new and very clean.
17. This service is excellent for me.
18. The program provides needed services for those who otherwise would not have the necessary transportation i.e. disabled, and those without vehicles.
19. I never get to an appointment on time. Always late.
20. Need Saturday runs!! Need to be able to schedule two weeks ahead.
21. They don't meet my times at transit. Breakdown from Secure Trans and transit times change - can't bring me home at times.
22. Crestview bus drivers need to stay in Crestview they know the routes up there. Ft. Walton drivers need to stay in Ft. Walton!
23. Professional
24. Very good driver (Emily).
25. Driver, Cindy is extremely personable and helpful.

2018 RIDER SURVEY COMMENTS

26. I was thinking it was 15 minutes before but it's 30 minutes. My pickup time is at 6 am driver came at 5:30 am rushing one day. Rushing not courteous.
27. A few times I asked for car seat - was not provided.
28. Transit system picked me up today at 7:45 am when my appointment time was at 9 am ... Got to my appointment at 8 am! An hour early 😞
29. Please give Emily a raise. She deserves it. Excellent and pleasant.
30. Dispatch is not trustful about where the ride is and very difficult to get hold of them. I depend on transportation to my appointments on time.
31. I really like riding on the bus but I hate being late for work.
32. I have been riding transportation for several years and overall I have seen improvements the company has made. However pick up times can still do with some adjustments based on scheduling.
33. I get put on hold way too much and they never get back on.
34. The driver we had today was very helpful and it was a nice ride to and from Doctor appointments. Thank you :)
35. Some of the drivers on Route 2 won't go to the Mary Esther post office unless they see someone at the bus stop. If we are standing away for the bus stop the driver won't see us and not drive to the bus stop to make sure.
36. Scheduler needs to be more aware of times and needs. I am late to work too much 😞
37. The drivers are late a lot of times picking me up in the evening time. And there have been several times that they have come to pick me up to be at work almost an hour early.
38. Drivers like Ms. Ollie, Mary, M. Troy, and Mike make it so comfortable and secure. They always help me carry my tote bag inside.
39. Drivers very good - office very poor.
40. I couldn't do without the buses. I pray for staff and drivers every night.
41. I am pleased with the service my son receives.
42. Regular drivers "take care of me" in my motorized chair. I call them "My Angels".
43. This trip was time sensitive and required me to be present in a certain timeframe limit or face loss of employment. It was close but the driver was excellent in her navigation skills rendering me on time. Thank you.
44. Sometimes they can be too late or too early, but other than that all is good.
45. Very Good.
46. Cindy has been great. Most of my issues are with arriving on time.
47. Waiting periods for return home can get crazy. Hardly ever on time. Up to one hour of wait time.

OKALOOSA COUNTY COMMUNITY TRANSPORTATION
2018 RIDER SURVEY COMMENTS

48. Drivers are excellent. Problems are change and checks need to be accepted. Scheduling has been a problem.
49. Takes too long to pick you up.
50. Sometimes after you get picked up I ride for an hour.
51. Reservations could be more faster and on time.
52. Afternoon runs are late half hour to an hour and a half. Morning is good.
53. When calling dispatch, put me on hold or answering machine. Reserved rides get filled up to often to where I have to find another way to get to my appointments. Missed connections with VA transportation from Eglin to Pensacola for very important Doctor's appointment. Once the "Rider" never showed and the other showed at dropoff time.
54. Excellent service.
55. Stop picking people up so early cause of your schedule.
56. The Bridgeway staff are upbeat and very professional. They are caring and understanding in a crisis situation.
57. Ride the wave is fun and the people there are nice and kind
58. Overall, the service has greatly improved from what it was a one point after Maruti took over. There are still some days when I'm picked up very late from work, however, due to other drivers not showing up for work. At one time, Maruti had a few "runners" that would be able to pick up the slack when a driver didn't show up, but I found out that they didn't have those anymore - at least, that's what a driver told me. The current operations manager is very willing to work with me, though - I had a situation where I got sick at work and had to come home early, and he was able to find a driver to pick me up within 30 minutes of my calling him, which I greatly appreciated!

APPROVED FEBRUARY 28, 2018

EVALUATION INFORMATION

USING THE AOR, COMPILE THIS INFORMATION:

1. OPERATING ENVIRONMENT: RURAL SMALL URBAN

2. ORGANIZATION TYPE: PRIVATE-FOR-PROFIT
 PRIVATE NON-PROFIT
 GOVERNMENT
 TRANSPORTATION AGENCY

3. NETWORK TYPE: SOLE PROVIDER
 PARTIAL BROKERAGE
 COMPLETE BROKERAGE

4. NAME THE OPERATORS THAT YOUR COMPANY HAS CONTRACTS WITH:

- **Maruti Transit Group (Primary)**

5. NAME THE GROUPS THAT YOUR COMPANY HAS COORDINATION CONTRACTS WITH:

- **Pyramid Inc.**
- **Pensacola Care**

6. NAME THE ORGANIZATIONS AND AGENCIES THAT PURCHASE SERVICE FROM THE CTC AND THE PERCENTAGE OF TRIPS EACH REPRESENTS?

Name of Agency	% of Trips
Commission for the Transportation Disadvantaged (CTD)	30.67%
Agency for Health Care Administration (AHCA) / MEDICAID	43.84%
Agency for Persons with Disabilities (APD)	1.49%
Department of Elder Affairs (DOEA)	3.74%
Department of Education (DOE)	0.05%
Other	20.20%

7. REVIEW AND DISCUSS TD HELPLINE CALLS:

	Number of calls	Closed Cases	Unsolved Cases
Total Calls	None Reported		0

COMPLIANCE WITH CHAPTER 427, F.S.

Review the CTC monitoring of its transportation operator contracts to ensure compliance with 427.0155(3), F.S. "Review all transportation operator contracts annually."

WHAT TYPE OF MONITORING DOES THE CTC PERFORM ON ITS OPERATOR(S) AND HOW OFTEN IS IT CONDUCTED?

Daily onsite Monitoring is performed. Monthly, quarterly and annual data is collected and reviewed.

Is a written report issued to the operator? **X** Yes No

WHAT TYPE OF MONITORING DOES THE CTC PERFORM ON ITS COORDINATION CONTRACTORS AND HOW OFTEN IS IT CONDUCTED?

If vehicles are in place – Quarterly and Annual

Is a written report issued? Yes **X** No

WHAT ACTION IS TAKEN IF A CONTRACTOR RECEIVES AN UNFAVORABLE REPORT?

CTC is reviewing the monitoring process.

IS THE CTC IN COMPLIANCE WITH THIS SECTION? **X** Yes No

Review the TDSP to determine the utilization of school buses and public transportation services [Chapter 427.0155(4)] "Approve and coordinate the utilization of school bus and public transportation services in accordance with the TDSP."

HOW IS THE CTC USING SCHOOL BUSES IN THE COORDINATED SYSTEM?

NOT USING

Rule 41-2.012(5)(b): "As part of the Coordinator's performance, the local Coordinating Board shall also set an annual percentage goal increase for the number of trips provided within the system for ridership on public transit, where applicable. In areas where the public transit is not being utilized, the local Coordinating Board shall set an annual percentage of the number of trips to be provided on public transit."

HOW IS THE CTC USING FIXED ROUTE PUBLIC TRANSPORTATION SERVICES IN THE COORDINATED SYSTEM?

The CTC's software system is designed so that when the reservationist is book a trip, the software will recognize if the trip is near a fixed route bus stop. If the trip is located near a stop, the reservationist will supply this information to the client and applications are review to see if riders are near a bus route.

IS THERE A GOAL FOR TRANSFERRING PASSENGERS FROM PARATRANSIT TO TRANSIT?

Yes No

If YES, what is the goal? **New Goal – transfer 100 riders to fixed route**

Is the CTC accomplishing the goal? **N/A (new goal established)** Yes No

IS THE CTC IN COMPLIANCE WITH THIS REQUIREMENT? Yes No

Comments:

**New Goal Establish – CTC will work to come up with ways to transfer riders and document the riders transferred.
Mobility Manager also helps provide training to riders to navigate the fixed route system**

Compliance with 41-2.006(1), Minimum Insurance Compliance "...ensure compliance with the minimum liability insurance requirement of \$200,000 per person and \$300,000 per incident..."

WHAT ARE THE MINIMUM LIABILITY INSURANCE REQUIREMENTS?

\$200,000 per person and \$300,000 per occurrence

WHAT ARE THE MINIMUM LIABILITY INSURANCE REQUIREMENTS IN THE OPERATOR AND COORDINATION CONTRACTS?

\$1,000,000 per person and \$1,000,000 per occurrence

HOW MUCH DOES THE INSURANCE COST (per operator)? **\$ 353,466**

DOES THE MINIMUM LIABILITY INSURANCE REQUIREMENTS EXCEED \$1 MILLION PER INCIDENT?

Yes No If yes, was this approved by the Commission? Yes No

IS THE CTC IN COMPLIANCE WITH THIS SECTION? Yes No

Compliance with 41-2.011(2), Evaluating Cost-Effectiveness of Coordination Contractors and Transportation Alternatives.

“...contracts shall be reviewed annually by the Community Transportation Coordinator and the Coordinating Board as to the effectiveness and efficiency of the Transportation Operator or the renewal of any Coordination Contracts.”

1. IF THE CTC HAS COORDINATION CONTRACTORS, DETERMINE THE COST-EFFECTIVENESS OF THESE CONTRACTORS.
Reduce the number of trips under non-sponsored for those who can ride the fixed route system (maybe purchase bus passes).

2. DO YOU HAVE TRANSPORTATION ALTERNATIVES? Yes No

IS THE CTC IN COMPLIANCE WITH THIS SECTION? Yes No

COMPLIANCE WITH 41-2, F.A.C.

Observed during LCB ride along and office visit.

Compliance with Commission Standards “...shall adhere to Commission approved standards...”

Commission Standards	Comments
Local toll free phone # must be posted in all vehicles.	See Trip Observations
Vehicle Cleanliness	Observed – Interior clean/Exterior raining
Passenger/Trip Database	Discussed – Paper and Tablet
Adequate seating	Observed
Driver Identification	Observed
Passenger Assistance	Observed
No Smoking, Eating and Drinking	Observed
Two-way Communications	Observed
Air Conditioning/Heating	Observed
Billing Requirements	Explained during Evaluation

Compliance with Local Standards “...shall adhere to Commission approved standards...”

Local Standards	Comments
Transport of Escorts and dependent children policy	Okaloosa county children under the age of twelve (12) require an escort. The requirement may also be imposed if the child has special needs or exhibits behavior problems.
Use, Responsibility, and cost of Child restraint devices	Any child 5 years of age or younger must be transported by using a crash-tested, federally approved car seat. The carrier is the responsibility of the parent or guardian
Out-of-Service Area trips	Shall be provided when resources are available. HMO out of service area trips are also provided when available.
CPR/1st Aid	First Aid will be administered as needed & 911 will be called for additional assistance. Drivers are required to complete 1st Aid and CPR training every 2 years.
Driver Criminal Background Screening	All drivers in the coordinated system must have a favorable Level II Background screening which includes local law enforcement, Florida Department of Law Enforcement and FBI background screening.
Rider Personal Property	Passenger property that can be carried by the passenger and/or driver in one trip and can safely be stowed on the vehicle shall be allowed to be transported with the passenger at no additional charge. Additional requirements may be negotiated for carrying and loading rider property beyond this amount. Passenger property does not include wheelchairs, child seats, stretchers, secured oxygen, personal assistive devices, or intravenous devices.
Advance reservation requirements	Reservations/Office operating hours are Monday – Friday, 7:30 A.M. to 4:30 P.M., excluding holidays. Trips may also be requested Reservations for trips requested on Tuesdays through Saturdays must be made by 11:59 A.M. the day prior to the requested ride. Reservations for trips requested on Sundays and Mondays must be requested no later than 11:59 AM on the preceding Friday.
Pick-up Window	For scheduled pick-up, clients are expected to be picked up 15 minutes before or after the scheduled pick up. For scheduled returns, clients are expected to be dropped off 15 minutes before or after the scheduled drop off.

Measurable Standards/Goals	Standard/Goal	Latest Figures	MET/NOT MET
Public Transit Ridership	New Goal transfer 100 riders

If CTC has a policy on seat belts, did the driver ensure the passengers were properly belted? Yes

No

Was the vehicle neat and clean, and free from dirt, torn upholstery, damaged or broken seats, protruding metal or other objects? Yes No

Is there a sign posted on the interior of the vehicle with both a local phone number and the TD Helpline for comments/complaints/commendations? Yes No **Did not see a local number**

Does the vehicle have working heat and air conditioning? Yes No

Does the vehicle have two-way communications in good working order? Yes No

If used, was the lift in good working order? Yes No

Was there safe and appropriate seating for all passengers? Yes No

Did the driver properly use the lift and secure the passenger? Yes No If no, please explain:

Comments: Courtney my driver, went about and beyond with a very difficult client.

MEMORANDUM

To: Robert Berkstresser
From: Renea Black
Date: January 17, 2018
RE: Okaloosa County CTC Evaluation

Trip Observation Summary

Date of Observation: January 16, 2018
Person conducting the observation: Renea Black
Number of Passengers picked up/dropped off: 2
Ambulatory: 2
Non-Ambulatory: 0

Was the driver on time?

Passenger 1: Yes, arrived 6 minutes early for first pick up; drop off was timely.
Passenger 2: Yes, arrived 2 minutes early for second pick up

Did the driver provide any passenger assistance?

Passenger 1: Yes, driver assisted passenger with carry-on items at pick up; however, did not assist passenger at drop off.
Passenger 2: No, driver did not assist passenger.

Was the driver wearing any identification?

Yes, driver was wearing a vest and ID Badge. Driver was not wearing a uniform except for a vest. A name tag was not easily visible, if worn.

Did the driver render an appropriate greeting?

Passenger 1: Driver greeted the passenger very briefly.
Passenger 2: Driver greeted the passenger very briefly.

If CTC has a policy on seat belts, did the driver ensure the passengers were properly belted?

I do not have a copy of the CTC policy on seat belts, so unsure if one exists. However, the driver did not ask or otherwise acknowledge the seat belts available to the passengers or to myself.

Was the vehicle neat and clean, free from dirt, torn upholstery, damaged or broken seats, protruding metal or other objects?

The vehicle appeared to have received a surface cleaning, however it appeared the vehicle would benefit from a more detailed cleaning on a routine basis. There was no evidence of torn upholstery, damaged or broken seats, protruding metal or other objects. However, the vehicles exterior was damaged in a number of places and the paint is very faded.

Is there a sign posted on the interior of the vehicle with both a local phone number and the TD Helpline for comments/complaints/commendations?

Signs with local numbers and helpline for comments/complaints/commendations were posted on the interior of the vehicle. The signs were temporary in nature, i.e. taped pieces of paper that were often peeling away and curled leaving the information illegible for passengers.

Does the vehicle have working heat and air conditioning?

The vehicle had working heat. Weather on the day of the observation did not require air conditioning so I am unable to confirm working air conditioning.

Does the vehicle have two-way communications in good working order?

Yes, the driver had a two-way mobile radio in good working order.

If used, was the lift in good working order?

The lift was not used for the duration of this Trip Observation.

Was there safe and appropriate seating for all passengers?

There were only two passengers during this observation. Safe and appropriate seating was available for both passengers.

Did the driver properly use the lift and secure the passenger? If no, please explain.

No, the lift was not used. Both passengers were ambulatory.

Comments:

This Trip Observation was limited to a relatively short period of time and pick-up of only two passengers was possible due to my schedule.

Following are a few observations and are provided solely for sharing information and should be considered my opinion alone.

1. The driver performed a thorough inspection of the vehicle prior to beginning the route.
2. The driver was using a dual system for documenting; paper and tablet. Tablets were being tested in a pilot phase.
3. Following inspection of the vehicle, the driver returned to the office to “clock-in” for work. It was my observation that the employee was conducting the inspection and not being paid although the inspection is a task assigned to the driver.
4. The driver engaged in conversation with me only through my prompting. The driver was not uncourteous to the passengers or to me. However, the driver did not engage the passengers in any conversation following the initial greeting.

When I asked passengers about their experience with CTC; neither were willing to elaborate on this question. One passenger simply stated it was “okay”, the other passenger indicated by physical gestures that the service was “mediocre”.

**Level of Competition
Worksheet 2**

1. Inventory of Transportation Operators in the Service Area

	Column A Operators Available	Column B Operators Contracted in the System.	Column C Include Trips	Column D % of all Trips
Private Non-Profit	1	1	1,014	1.01%
Private For-Profit	1	1	99,620	98.99%
Government				
Public Transit Agency				
Total	2			

2. How many of the operators are coordination contractors? **One**
3. Of the operators included in the local coordinated system, how many have the capability of expanding capacity? **Maruti has the capability to expand with additional drivers.**

Does the CTC have the ability to expand? **Yes**

4. Indicate the date the latest transportation operator was brought into the system.
October 2015

5. Does the CTC have a competitive procurement process? **Yes**

6. In the past five (5) years, how many times have the following methods been used in selection of the transportation operators?

Once

<input type="checkbox"/>	Low bid	<input checked="" type="checkbox"/>	Requests for proposals
<input type="checkbox"/>	Requests for qualifications	<input type="checkbox"/>	Requests for interested parties
<input type="checkbox"/>	Negotiation only		

Which of the methods listed above was used to select the current operators?

Negotiation

7. Which of the following items are incorporated in the review and selection of transportation operators for inclusion in the coordinated system?

<input checked="" type="checkbox"/>	Capabilities of operator
	Age of company
<input checked="" type="checkbox"/>	Previous experience
	Management
<input checked="" type="checkbox"/>	Qualifications of staff (Key)
	Resources
	Economies of Scale
	Contract Monitoring
	Reporting Capabilities
	Financial Strength
	Performance Bond
<input checked="" type="checkbox"/>	Responsiveness to Solicitation

	Scope of Work
<input checked="" type="checkbox"/>	Safety Program
	Capacity
	Training Program
	Insurance
<input checked="" type="checkbox"/>	Accident History
<input checked="" type="checkbox"/>	Quality
	Community Knowledge
	Cost of the Contracting Process
<input checked="" type="checkbox"/>	Price
	Distribution of Costs
	Other: (list)

8. If a competitive bid or request for proposals has been used to select the transportation operators, to how many potential operators was the request distributed in the most recently completed process?

How many responded? 5

The request for bids/proposals was distributed:

 X **Locally** X **Statewide** X **Nationally**

9. Has the CTC reviewed the possibilities of competitively contracting any services other than transportation provision (such as fuel, maintenance, etc...)? **Yes**

Level of Availability (Coordination) Worksheet 3

Planning – What are the coordinated plans for transporting the TD population? **Transportation Disadvantaged Service Plan (TDSP)**

Public Information – How is public information distributed about transportation services in the community? **Articles in local paper, brochures at agencies, ride guides, web site, through the LCB, radio, events, public service announcements, and Facebook.**

Certification – How are individual certifications and registrations coordinated for local TD transportation services? **The certifications are processed in the office.**

Eligibility Records – What system is used to coordinate which individuals are eligible for special transportation services in the community? **Eligibility records are consistent with the TDSP. They are maintained through the transportation software and filed.**

Call Intake – To what extent is transportation coordinated to ensure that a user can reach a Reservationist on the first call? **There are two reservationists; the lines rollover to the supervisor and other staff if the lines are busy.**

Reservations – What is the reservation process? How is the duplication of a reservation prevented? **Computer software allows for scheduling without duplication.**

Trip Allocation – How is the allocation of trip requests to providers coordinated? **N/A.**

Scheduling – How is the trip assignment to vehicles coordinated? **Scheduler and software assigns trips to the drivers and assigns trips to vehicles accordingly.**

Transport – How are the actual transportation services and modes of transportation coordinated? **The scheduler uses data collected for next day trips to develop manifests for drivers, by vehicle and two-way communication and tablets are used for add-on and changes.**

Dispatching – How is the real time communication and direction of drivers coordinated? **Dispatch is available to drivers by two way communication and tablets.**

General Service Monitoring – How is the overseeing of transportation operators coordinated? **Daily with on-site observation. Monthly, Quarterly and Annual monitoring for contracted operator.**

Daily Service Monitoring – How are real-time resolutions to trip problems coordinated? Dispatch, receptions and supervisor are located in the same office. **Two-way communications is maintained with the drivers and road supervisor.**

Trip Reconciliation – How is the confirmation of official trips coordinated? **Through the driver manifests, road supervisors and office staff validating paperwork/data.**

Billing – How is the process for requesting and processing fares, payments, and reimbursements coordinated? **Monthly invoices through office and county staff. Fares and co-pays are collected daily**

Reporting – How is operating information reported, compiled, and examined? **Using the transportation software, the trip data is used to produce the necessary reports.**

Cost Resources – How are costs shared between the coordinator and the operators (s) in order to reduce the overall costs of the coordinated program? **Cost are shared by sharing facilities, using county fuel contract and maintenance staff.**

Information Resources – How is information shared with other organizations to ensure smooth service provision and increased service provision? **Through the local coordinating board, advertising, community, center meetings, and Facebook.**

Overall – What type of formal agreement does the CTC have with organizations, which provide transportation in the community? **The CTC has operator contract.**

EXPENDITURES (CTC/Operators ONLY / Do NOT include Coordination Contractors!)

	2017	2018	2019	% Change 17-18	% Change 18-19	
Operating Expenditures						
Labor	\$ 43,687	\$ 181,400	\$ 185,000	315.2%	2.0%	The County now has 4 full time temporary employee that assist with public transit operations. The increase in materials & supplies is due to the fact that the county purchases fuel directly and the total is no longer included in the contractor's budget. The increase in utilities is due to the fact that the County pays utilities directly and this line item is no longer included in the contractor's budget. The increase in contracted transportation service included an increase in the billable hourly rate as well as the contractor is performing more paratransit trips which is increasing the cost of the paratransit service.

Worksheet for Program-wide Rates

CTC: Okaloosa County E Version 1.4
 County: Okaloosa

1. Complete Total Projected Passenger Miles and ONE-WAY Passenger Trips (GREEN cells) below

- Do **NOT** include trips or miles related to Coordination Contractors!
- Do **NOT** include School Board trips or miles UNLESS.....
- INCLUDE** all ONE-WAY passenger trips and passenger miles related to services you purchased from your transportation operators!
- Do **NOT** include trips or miles for services provided to the general public/private pay UNLESS..
- Do **NOT** include escort activity as passenger trips or passenger miles unless charged the full rate for service!
- Do **NOT** include fixed route bus program trips or passenger miles!

PROGRAM-WIDE RATES		Fiscal Year
Total <u>Projected</u> Passenger Miles =	248,355	2018 - 2019
Rate Per Passenger Mile = \$	2.40	
Total <u>Projected</u> Passenger Trips =	22,274	
Rate Per Passenger Trip \$	26.77	
		Avg. Passenger Trip Length 11.1 Miles

Rates If No Revenue Funds Were Identified As Subsidy Funds	
Rate Per Passenger Mile = \$	4.68
Rate Per Passenger Trip \$	52.17

Once Completed, Proceed to the Worksheet entitled "Multiple Service Rates"

Vehicle Miles

The miles that a vehicle is scheduled to or actually travels from the time it pulls out from its garage to go into revenue service to the time it pulls in from revenue service.

Vehicle Revenue Miles (VRM)

The miles that vehicles are scheduled to or actually travel while in revenue service. Vehicle revenue miles exclude:

- Deadhead
- Operator training, and
- Vehicle maintenance testing, as well as
- School bus and charter services.

Passenger Miles (PM)

The cumulative sum of the distances ridden by each passenger.

Worksheet for Multiple Service Rates

CTC: Okaloosa Count Version 1.4
 County: Okaloosa

1. Answer the questions by completing the GREEN cells starting in Section I for all services
2. Follow the DARK RED prompts directing you to skip or go to certain questions and sections based on previous answers

SECTION I: Services Provided

1. Will the CTC be providing any of these Services to transportation disadvantaged passengers in the upcoming budget year?.....

Ambulatory	Wheelchair	Stretcher	Group
<input checked="" type="radio"/> Yes	<input checked="" type="radio"/> Yes	<input checked="" type="radio"/> Yes	<input type="radio"/> Yes
<input type="radio"/> No	<input type="radio"/> No	<input type="radio"/> No	<input checked="" type="radio"/> No
Go to Section II for Ambulatory Service	Go to Section II for Wheelchair Service	Go to Section II for Stretcher Service	STOP! Do NOT Complete Sections II - V for Group Service

SECTION II: Contracted Services

1. Will the CTC be contracting out any of these Services TOTALLY in the upcoming budget year?....

Ambulatory	Wheelchair	Stretcher	Group
<input type="radio"/> Yes	<input type="radio"/> Yes	<input type="radio"/> Yes	<input type="radio"/> Yes
<input checked="" type="radio"/> No	<input checked="" type="radio"/> No	<input checked="" type="radio"/> No	<input checked="" type="radio"/> No
Skip # 2, 3 & 4 and Go to Section III for Ambulatory Service	Skip # 2, 3 & 4 and Go to Section III for Wheelchair Service	Skip # 2, 3 & 4 and Go to Section III for Stretcher Service	Do Not Complete Section II for Group Service

2. If you answered YES to #1 above, do you want to arrive at the billing rate by simply dividing the proposed contract amount by the projected Passenger Miles / passenger trips?.....

Ambulatory	Wheelchair	Stretcher	Group
<input checked="" type="radio"/> Yes	<input checked="" type="radio"/> Yes	<input checked="" type="radio"/> Yes	<input type="radio"/> Yes
<input type="radio"/> No	<input type="radio"/> No	<input type="radio"/> No	<input checked="" type="radio"/> No

3. If you answered YES to #1 & #2 above, how much is the proposed contract amount for the service?
 How many of the total projected Passenger Miles relate to the contracted service?
 How many of the total projected passenger trips relate to the contracted service?

Leave Blank	Leave Blank	Leave Blank	Do NOT Complete Section II for Group Service
\$ 477,871	\$ 122,847		
199,355	49,000

TRANSPORTATION AGREEMENT

(the "Agreement")

by and between

LOGISTICARE SOLUTIONS, LLC ("LGTC")

and

OKALOOSA COUNTY BOARD OF COUNTY COMMISSIONERS ("Provider")

WHEREAS, LGTC provides transportation brokerage services to eligible Participants ("Participants") for the provision of non-emergency transportation services in the State of Florida under contract (the "Client Contract") to certain public agencies and/or private organizations ("Client"); and

WHEREAS, LGTC wishes to enter into Agreements with qualified transportation companies for the provision of high-quality transportation services; and

WHEREAS, Provider provides, among other things, non-emergency transportation services and wishes to enter into this Agreement for the provision of services under the terms and conditions set forth herein;

NOW, THEREFORE, in consideration of the mutual covenants and agreements herein made, the sufficiency of which is hereby acknowledged, the parties hereto agree as follows:

GENERAL TERMS AND CONDITIONS

1. Definitions. For purposes of this Agreement and all Exhibits, the following terms have the meanings as defined below:

- a) "Agreement" shall mean this Transportation Agreement, including all exhibits, and incorporates by reference the Florida LGTC Provider Manual. Provisions of this Agreement shall prevail in the event of any conflict between this Agreement and any provision of the Provider Manual.
- b) "Client" shall mean the party or entity with whom LGTC has a Client Contract. Although the singular form is used, "Client" shall be understood as plural in the event that LGTC is under agreement with more than one party or entity in the state in which Provider operates.
- c) "Client Contract" shall mean the agreement between LGTC and any other party or entity pursuant to which LGTC provides non-emergency transportation management services for covered Participants. Although the singular form is used, "Client Contract" shall be understood as plural in the event that LGTC is under agreement with more than one party or entity in the state or states in which Provider operates.

CONTRACT # C16-2392-GM
LOGISTICARE SOLUTIONS
NON-EMERGENCY MEDICAL
TRANSPORTATION
EXPIRES: 10/01/2016 W/AUTO RENEWALS

Claims that are denied and returned to Provider because of missing information may be resubmitted with the previously missing information. These claims are subject to a 10% reduction in the amount that would otherwise be due under the invoice if not resubmitted within thirty days of the date the claim was returned to Provider, and will be denied in their entirety if not resubmitted within sixty days of the date the claim was returned to the Provider. Provider shall continue to perform its obligations hereunder regardless of any outstanding contested amounts.

If Provider must first bill Medicare, the 60-day timeframe shall begin on the date of the denial of the claim by Medicare.

LGTC pays properly submitted uncontested invoices weekly by check or electronic transfer within thirty days after submission. If a payment date falls on a holiday payments will be made on the next working weekday.

In the event that the Client is unable or unwilling to pay LGTC amounts validly due under the Client Contract, LGTC may delay payments to Provider until such time as the Client pays the outstanding amounts.

Invoice Requirements

Once per week Provider shall submit to LGTC all completed trip logs pertaining to the previous workweek, including the signatures of the applicable Participants. Improperly completed trip logs will be returned to Provider and payment will be denied for either the entire trip log or for individual trips reported thereon, whichever is applicable. Included with each batch of trip logs, Provider shall submit a summary invoice that will include performance information. Provider shall use trip log and summary invoice sheet forms that are provided by LGTC. LGTC reserves the right to modify the format of the trip log and summary sheet from time to time. Provider may use alternative trip log or summary invoice sheet forms only with the express written consent of LGTC.

Trip logs must be free of excessive changes. Changes on the trip log should be made with a single line through the text so that the original text remains visible (i.e., no whiteouts, blackouts or complete obscuring of original text). Any changes on the trip log should be dated and initialed by the driver. LGTC reserves the right to deny individual trips or entire trip logs that evidence excessive changes pending confirmation of the details of such changes with Provider.

Charges Against Invoices

If requested or otherwise required by the Client Contract, LGTC may provide certain driver and/or attendant training and/or orientation services to Provider free of charge. LGTC's cost to produce the materials distributed to Provider (or employees of Provider) pursuant to these training and/or orientation services will be deducted from Provider's invoice following such training or orientation services.

In addition, LGTC has entered into an agreement with an independent credentialing company for nationwide access to credentialing and screening services for drivers. This company offers the minimum level of credentialing required by LGTC at a highly competitive rate. Provider may use the independent credentialing company and access the rates negotiated by LGTC for such services or it may use an alternative vendor, pre-approved by LGTC, to complete the necessary credentialing requirements. If Provider uses the independent credentialing company then the actual cost of such services shall be deducted from Provider's invoice as a pure pass through cost without additional

Subject: Urgent Please Read - Trip Finalization
Importance: High

Dear Valued Partner,

In an effort to ensure that your company and Secure Transportation receive payment for transportation performed, we are requesting that you finalize all trips within 15 days from the date of service. While this is not a requirement, finalized trips submitted after the timely filing limit for your state may not be paid. We thank you for your cooperation as you continue to provide exceptional service to our passengers.

Estimado Socio,

Para garantizar que su empresa y Secure Transportation reciban el pago por el transporte realizado, estamos solicitando que finalice todos los viajes dentro de quince días a partir de la fecha de servicio. Aunque esto no es un requisito, los viajes finalizados después de la fecha límite pudieran no ser pagados. Agradecemos su cooperación mientras Usted continua un servicio excepcional a nuestros miembros.

If you have any questions please contact ldiaz@securetransportation.com

Regards,

Martin Garate Partner Network Liaison
