

# How to Read Your Water & Sewer Bill

Account Number

Service Dates and # of days in billing period.

Water consumption graph.

The summary of all payments, adjustments and balances due.

This area reflects charges for both water and sewer. Also, any additional credits and charges on your account will be listed here.

Any Special Notes will appear in this area.

Current Reading taken from your meter.

Your current meter reading minus your previous meter reading equals your current usage in thousands of gallons.

PAST DUE AMOUNT is the past due balance. Please pay this amount immediately to avoid interruption of services.

This area will show the service DISCONNECT DATE for a past due amount.

TOTAL AMOUNT DUE is the summary of all calculated current and past charges.

### Usage History

Please view your 2017 Annual Drinking Water Quality Report at <http://www.myokaloosa.com/sites/default/files/users/WUser/2017WaterReport.pdf>  
It contains important information about the source and quality of your drinking water. We detected 13 contaminants in the Main System, 11 contaminants in the Bluewater/Raintree System and 12 contaminants in the Mid-County System. One of the Main System contaminants (lead at customer's taps) was above the EPA acceptable level. Our system complied with, or is in the process of complying with all required follow up to this exceedance. To receive a paper copy of the report please call (850) 651-7133 or check the box [ ] and return the entire bill to our office.

**A 10% late charge will be added to your account if current charges have not been paid by the due date**
