CHAPTER I – HUMAN RESOURCES RULES

Section A – Adoption

By action of the Board, the Human Resources Policy Manual was adopted and became effective October 1, 1975.

Section B – Purpose

- 1) The purpose of this manual is to set forth policies and guidelines relative to employee benefits and procedures under the Board. It provides employees with sufficient understanding of their privileges and benefits as well as their duties and responsibilities.

This policy manual has been created and adopted by the Board of County Commissioners in an effort to provide managers, supervisors and employees with a clear understanding of the human resources policies and procedures of the County. This policy manual is not intended to create any type of contract between the employee and the County, nor is it intended to endow any employee with a property interest in his/her employment or any aspect thereof.

- 2) Unless stated otherwise, benefit provisions contained herein do not apply to part-time, temporary, probationary or emergency relief employees.
- 3) Rules and individual department policies not in conflict with this manual are not affected and are valid.
- 4) In order to modify any portion of this Human Resources Policy Manual, the Board must approve the revision.
- 5) These policies are adopted to provide for the recruitment and development of the best available employee for each position in Okaloosa County. They provide for establishing orderly procedures for administering the human resources system in such a way as to be consistent with the following merit principles:
 - a) Recruiting, selecting and advancing employees on the basis of their relative ability, knowledge and skills including open competition of qualified applicants for initial appointments;
 - b) Establishing pay rates consistent with the principles of equal pay for equal work;
 - c) Training employees, as needed, to assure high quality performance;
 - d) Retaining employees on the basis of the adequacy of their performance, correcting inadequate performance and separating employees whose inadequate performance cannot be corrected;
 - e) Assuring fair treatment of applicants and employees in all aspects of human resources administration without regard to actual or perceived race, color, national origin or ancestry, religion, sex, disability, sexual orientation, gender identity, political affiliation, marital status, age or genetic information and with proper regard for their privacy and constitutional rights;
 - f) Establishing procedures for the presentation and adjustment of employee grievances;

- g) Okaloosa County has traditionally operated without a union and has done so with pride. We feel the working environment at Okaloosa County is good. County philosophy includes goals of maintaining a climate of excellent employee relations showing respect for the rights and dignity of employees, as well as striving for employee satisfaction through fair compensation, comprehensive benefits and job security. We try to treat all employees fairly and as individuals. From time to time there have been, and perhaps will be again some problems, but we have always been able to solve them, without the intervention of an “outside union.”

Today’s society places enough pressures and burdens on employees and employers alike without the possible complication that history shows sometimes comes when outsiders enter the relationship between a county and its employees. You as an individual are important to Okaloosa County. We believe a union cannot solve any problems that you and the County working together cannot solve ourselves. We urge you to speak for yourself directly to us. You do not have to pay union dues to have our attention.

In our opinion, unionization often brings about the loss of many employee rights and is a stumbling block to those employees who show initiative and want to get ahead. Further, we believe unionization often hinders operational flexibility so important and necessary to a healthy and amicable working environment. We hope that you share our view and that you will work with us in the achievement of our goal for you and the people of Okaloosa County.

Section C – Interpretation

These policies are intended to cover most human resources problems and actions that will arise. Those not specifically covered shall be interpreted by the Human Resources Director with the advice of the County Administrator. Such interpretations shall be in keeping with the intent of these policies.

Section D – Saving Clause

If any chapter, section or other portion of these regulations is found to be invalid by a duly constituted authority, it shall not affect the validity of the balance of these regulations.

CHAPTER III – AMERICANS WITH DISABILITIES ACT STATEMENT, PROHIBITED HARASSMENT POLICY AND AFFIRMATIVE ACTION FOR EQUAL OPPORTUNITY PLAN

Revised and effective – 04-16-2024

Section A – Americans With Disabilities Act

It is the intent of Okaloosa County to comply with the mandates of the Americans with Disabilities Act as amended in 2008. In that regard, qualified individuals with disabilities are encouraged to apply for positions and the County will reasonably accommodate such individuals. In circumstances where a disabled individual is the most qualified for a position, with or without a reasonable accommodation, that individual will be selected. It is primarily the responsibility of the disabled applicants and employees to call to the County's attention any need for a reasonable accommodation in testing or with respect to the position the individual seeks or holds.

Employees who believe they have not been afforded their rights under the Americans with Disabilities Act as amended in 2008 may file a complaint by contacting the EEO Officer or Human Resources & Risk Management Director, by following the procedure outlined in the Complaint Resolution Procedure chapter below.

Section B – ADA Accommodation: Service Animals

Okaloosa County does not allow animals in the workplace; however, an individual with a disability may request a reasonable accommodation under the Americans with Disabilities Act to bring a service animal to work when medically necessary.

In general, a service animal is an animal trained to work or perform tasks for the benefit of an individual with a disability, such as guiding individuals with impaired vision, alerting individuals to an impending seizure, or pulling a wheelchair and fetching dropped items. An emotional support animal is not a service animal.

Okaloosa County Human Resources & Risk Management Department will evaluate all requests to bring a service animal into the workplace to determine if the accommodation is reasonable and can be provided without undue hardship. Employees may be asked to bring the service animal to the workplace to demonstrate the animal's training and ability to be in the workplace without disruption.

If an accommodation is granted to allow a service animal in the workplace, the arrangement may be permitted on a temporary or trial basis. The employee must be in full control of the animal at all times. The care and supervision of the animal is solely the responsibility of the employee.

The County may exclude or remove any animal from the premises, including a service animal, if the animal is out of control and the animal's handler does not take effective action to control it, or if the animal's behavior poses a direct threat to the health and safety of others. The employee is expected to clean and dispose of all animal waste appropriately.

All animals need to be immunized against rabies and other diseases common to that type of animal. All vaccinations must be current, and animals must be in good health.

Service animals must wear an owner identification tag (which includes the name and phone number of the owner) at all times.

Animals must be on a leash, harness or other type of restraint at all times, unless the owner/partner is unable to retain an animal on a leash due to a disability. If a leash, harness or other type of restraint interferes with the service animal's work or the individual's disability prevents using these devices, the individual must maintain control of the animal through voice,

signal, or other effective controls.

Section C – Prohibited Harassment Policy

1) Overall Statement

Okaloosa County is committed to providing its employees with a workplace free of unlawful harassment. The County maintains a strict policy prohibiting discrimination or harassment on the basis of actual or perceived race, national origin, color, religion, sex, physical or mental disability, sexual orientation, gender identity, genetic information, age, marital status, political affiliation, or protected activity.

This prohibition applies to all employees, vendors, and customers of the County. No county employee is expected to tolerate any conduct prohibited by this policy from anyone while at work or engaged in County business. The County does not consider conduct in violation of this policy to be within the course and scope of employment and does not sanction such conduct on the part of any employee, including supervisory and management employees.

2) Prohibition Against Harassment

As mentioned in the overall statement above, the County prohibits discrimination or harassment on the basis of actual or perceived race, national origin, color, religion, sex, physical or mental disability, sexual orientation, gender identity, genetic information, age, marital status, political affiliation, or protected activity. Such prohibited harassment includes, but is not limited to, the following examples of offensive conduct:

- a) Physical conduct such as assault, unwanted touching, or blocking normal movement;
- b) Retaliation for making or threatening to make harassment reports to the County, or for participating in an investigation into harassment allegations;
- c) Verbal conduct such as threats, epithets, derogatory comments, or slurs;
- d) Visual conduct such as derogatory posters, photographs, cartoons, drawings, or gestures;
- e) Written communications containing statements that may be offensive to individuals in a particular protected group, such as racial or ethnic stereotypes or caricatures.

If you feel that you or any of your fellow employees have experienced unlawful harassment on the job, please file a complaint by contacting the EEO Officer, Human Resources & Risk Management Director or any suitable member of management. Use the Complaint Resolution Policy and Procedure.

3) Prohibition Against Sexual Harassment

Okaloosa County is opposed to and will not tolerate sexual harassment in the workplace. Sexual harassment is defined as unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature when:

- a) Submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment;
- b) Submission to or rejection of such conduct by an individual is used as the basis for employment decisions affecting the individual;
- c) Such conduct has the purpose of unreasonably interfering with an individual's work performance or creating an intimidating, hostile, or offensive working environment.

Sexual harassment includes but is not limited to the following examples of prohibited offensive conduct:

- a) Unwanted sexual advances;
- b) Offering employment benefits in exchange for sexual favors;
- c) Making or threatening retaliation after a negative response to sexual advances;
- d) Visual conduct such as leering, making indecent or sexual gestures, and displaying sexually suggestive objects, pictures, cartoons, calendars or posters;
- e) Verbal conduct such as making or using derogatory comments, using demeaning or inappropriate terms (such as "Babe", "sweet heart", or "honey"), telling sexually explicit jokes and making comments about an employee's body or attire;
- f) Written or electronic communication of a sexual nature, suggestive or obscene letters, notes or invitations, whether in hard copy or via a computer or other electronic device;
- g) Verbal sexual advances or propositions;
- h) Physical conduct such as unwanted touching, assault, impeding, or blocking movements;
- i) Sabotaging work;
- j) Retaliation for making harassment reports or threatening to report harassment.

Note that not all of these are sexual in nature. In some of these examples the behavior is based on gender (such as sabotaging a woman's work) and is therefore considered sexual harassment. Note also that sexual harassment can occur between employees of the same sex. It is unlawful for any employee to sexually harass any other employee, regardless of gender, gender identity, sexual orientation or any other protected class.

If you feel that you or any of your fellow employees have experienced sexual harassment on the job, please file a complaint by contacting the EEO Officer, Human Resources & Risk Management Director or any suitable member of management. Use the Complaint Resolution Procedure.

Section D – Prohibition Against Retaliation

Okaloosa County strictly prohibits retaliation against any employee by another employee or by the County through the actions of its supervisors and managers. Employees are protected against retaliation for:

- 1) Using the County's Complaint Resolution Policies and Procedures or Grievance Procedure;
- 2) Reporting harassment;
- 3) Filing, testifying, assisting, or participating in any manner in any investigation, proceeding or hearing conducted by the County or a government enforcement agency.

Section E – Employee Responsibilities, Complaint Rights, Complaint Resolution Policy and Resolution Procedures for Prohibited Harassment

Okaloosa County establishes the following procedure for reporting, investigating, and resolving claims of racial or sexual harassment or other types of equal opportunity claims or prohibited harassment.

1) Employee Duties Regarding Harassment

- a) Any employee who believes he/she has been subjected to harassment prohibited by this policy should immediately tell the harasser to stop the unwanted behavior. The employee shall also be required to immediately report the behavior, preferably in writing, to the EEO Officer, Human Resources & Risk Management Director, or any member of management (Supervisor position and above).
- b) If an employee observes or becomes aware of unlawful harassing conduct engaged in or suffered by a county employee, regardless of whether the observing employee is directly affected, the employee is required to immediately report that information, preferably in writing, to the EEO Officer, Human Resources & Risk Management Director, or any member of management.

2) Harassment Complaint Right

Employees who believe they have been unlawfully harassed or discriminated against, including sexual harassment, shall have the right to file a formal complaint with any member of management, the Human Resources & Risk Management Director, or the EEO Officer.

3) Harassment Complaint Resolution Policy

This procedure is in addition to the Grievance Procedure set forth in the Grievance/Appeal Procedure Chapter XXI and does not replace that procedure. For Chapter III related issues, employees shall utilize this procedure.

The County encourages any person who believes he or she has been unfairly treated or harassed due to their actual or perceived race, national origin, color, religion, sex, physical or mental disability, sexual orientation, gender identity, genetic information, age, marital status, political affiliation, or protected activity to utilize the Complaint Resolution Procedure. It is the County's intent to take timely and appropriate corrective action, including discipline,

whenever it determines that unlawful harassment has occurred in violation of this policy. The goal of such corrective action will be to stop the unlawful harassment, correct its effects if possible, and ensure that it does not recur.

Employees are required to report such harassment as soon as possible because a timely investigation is much more productive. It is difficult for the County to investigate such allegations if they are not reported timely. Witnesses may have departed the County's employment, memories may have faded, and the County may be less able to accomplish an in-depth investigation if complaints are not brought to attention expeditiously.

Although reporting prohibited harassment is mandatory, the County recognizes that sometimes people are reluctant to come forward with claims of harassment, favoritism or unfair treatment and may wait weeks, months, or even years to do so, and because the County does not want anyone to be precluded from voicing their concern, this procedure is always available, even with older claims that should have been reported earlier.

This policy applies to every person in county employ and to applicants for county employment.

4) Harassment Complaint Resolution Procedure

- 1) Any employee who wishes to make a complaint under this procedure should contact the EEO Officer, the Human Resources & Risk Management Director or any member of management. Any complaint may be made orally initially, but Human Resources will request the complaint be reduced to writing when formally being reported.
- 2) Any member of management who receives a report of prohibited harassment must immediately notify Human Resources. Any and all complaints or observations of unlawful harassment will be investigated as promptly and as thoroughly as possible by Human Resources. To investigate the complaint, Human Resources may interview witnesses, research files and/or take such action deemed necessary.
- 3) The Human Resources & Risk Management Director may recommend to the County Administrator any remedial relief considered appropriate including back pay, transfer, promotion, etc. The Human Resources & Risk Management Director may also recommend any disciplinary action found appropriate up to and including dismissal. The type of discipline administered will depend on the severity of the conduct, as well as any other factors presented in the particular circumstances. If disciplinary action is appropriate, the department director will take such action. If the claim is against a department director, such disciplinary action will be taken by the County Administrator. However, nothing contained herein shall prevent the County Administrator from taking actions against department directors at any time.
- 4) The employee who made the complaint will be made aware of the determination as to whether unlawful harassment occurred. If the determination resulted in discipline of any employee (e.g., written reprimand, suspension or dismissal), a copy of the actual notice of disciplinary action will be placed in the employee's human resources file.
- 5) Because of the extremely sensitive nature of these types of claims and cases, investigators may request all persons interviewed to keep the contents of their interview

confidential to the extent permitted by law. To the extent permitted by law, all complaints, reports and recommendations will be kept confidential.

- 6) Supervisory and management employees who discuss cases in which they or any of their employees are involved with anyone other than those persons directly involved, will be subject to discipline, including dismissal, unless they have been given specific instructions to the contrary.
- 7) This procedure does not create any property rights or extend the time to file a grievance under the Grievance/Appeal Procedure or in any way constitute a waiver of any other statute of limitations.

Section F – Affirmative Action for Equal Opportunity Plan

1) Statement of County Policy

The Board prohibits unlawful discrimination, and will strive to ensure that all aspects of county employment are equally available to all minorities, on the same basis and under the same terms and conditions as they are available to non-minorities.

The County believes that special measures and efforts are appropriate to preclude discrimination within its organization. The County will accordingly assure a determined and sustained effort in support of this belief and policies outlined in this equal employment opportunity program.

Pursuant to the goals of this program, all management and supervisory employees will share in the responsibility for implementing the program, and management performance in the area of equal employment opportunity will be evaluated in the same way that performance or other assigned duties are evaluated. Violations of this program for Affirmative Action for Equal Opportunity (hereafter program) will meet with appropriate action.

In order to effectively promote this program, the County may seek the assistance of appropriate entities including suppliers, government agencies, educational institutions, civil rights organizations and other community organizations.

It is the responsibility of each member of management, to give this program his/her full support by leadership and personal example. In addition, it is the duty of every county employee to create a job environment that is conducive to this program. 2) Terms of Program

Okaloosa County's policy statement on equal opportunity and non-discrimination is contained in this chapter. Okaloosa County will take affirmative action to ensure the implementation and enforcement of its Affirmative Action for Equal Opportunity program. ii) In addition to these responsibilities, the Human Resources & Risk Management Director is also to provide for periodic review of applicable recruitment practices, training programs, hiring and promotion practices, and other applicable human resources practices to remove any impediments that may exist for minorities and females. This review shall include, but not be limited to:

- (1) Regular discussions with managers and supervisors to assure that the County's affirmative action program is being followed;

- (8) Assurance that efforts will continue to be made to find qualified minority and female applicants through local recruitment organizations, and other organizations created to promote the employment opportunities of minorities and females.

3) Dissemination of Policy

Okaloosa County recognizes that knowledge and understanding of the program is crucial to its effective implementation. Therefore, the County will take steps to disseminate to the workforce and the community its policy regarding this Affirmative Action for Equal Employment Opportunity program.

a) Dissemination of the Equal Employment Opportunity Policy Within the County.

- i) Human Resources staff will discuss the program at employee orientation and management training programs and at other appropriate meetings. During these discussions the County's commitment to the program will be stressed. All participants will also be encouraged to use the Complaint Resolution Procedure and will be assured that any good faith claim will not result in retaliation.
- ii) Notice of the program, as well as a copy of the program, will be prominently posted

on bulletin boards.

- iii) Periodic references to the program will be made in county publications.
- iv) Through the above and other such steps, the County will communicate to the employees the specifics of the program in order that employees may know of and avail themselves of its benefits.

b) External Dissemination of the County's Equal Employment Opportunity Policy.

- i) The County will include the County's Affirmative Action for Equal Employment Opportunity statement on the website for the electronic application system.

4) Review of Recruitment and Hiring Process

- a) See the Employment, Vacancies and Promotions/Transfers Chapter for procedures followed regarding employment, vacancies and promotions/transfers.
- b) The County will offer training on interviewing skills to all supervisory staff and other appropriate employees at the time of implementation of this policy and as appropriate thereafter. Deviations may be made from the recruitment and hiring procedures only with the agreement of the department director and Human Resources & Risk Management Director.

The Human Resources & Risk Management Director shall periodically review recruitment and hiring procedures to ensure that they are meeting affirmative action and equal opportunity objectives.

5) Analysis by Department of Current Workforce Complement.

A major focus of this program is to ensure that qualified minorities (to include females) are appropriately represented in all aspects and levels of County management.

- a) Therefore, the program coordinator, or designee who shall report to the program coordinator, shall analyze the placement, transfer, and promotion procedures. The coordinator or designee shall review all departments of the County to determine whether or not minorities (to include females) are represented in the employee and management complement.
- b) Once the departments have been reviewed, then the following criteria, among other factors, should be considered to determine whether or not, (and if so, how) the workforce may be diversified through placement, promotion or transfer.
 - i) Are the jobs in the department desirable in terms of:
 - (1) Current wages;
 - (2) Opportunity for promotion?
 - ii) What is the turnover rate and if low, is there an opportunity to create vacancies through promotions, voluntary transfers, etc.?

iii) Have affirmative efforts been made in the past to recruit minorities (to include females) for these positions? If so, were they successful in generating qualified applicants? If not, what changes can be made to better ensure receipt of applications from qualified minorities and females?

6) Complaint Procedure for Program of Affirmative Action for Equal Employment Opportunity

See the Complaint Resolution Policy and Procedures Section.

Failure to follow any of these procedures in this program of Affirmative Action for Equal Opportunity shall not be grounds to invalidate any hire or employment decision, nor to create any right, expectation of right, or other property interest in any applicant, would be applicant or employee.

CHAPTER IV – ORGANIZATION FOR HUMAN RESOURCES ADMINISTRATION

Section A – Board of County Commissioners

The Board shall:

- 1) Approve the Human Resources Policy Manual and any subsequent amendments or revisions thereto;
- 2) Approve the Compensation Plan and all amendments thereto;
- 3) Confirm department director appointments.

Section B – Human Resources & Risk Management Director

The Human Resources & Risk Management Director shall be responsible to the County Administrator for the administration and technical direction of the Okaloosa County human resources program.

Section C – County Administrator

The County Administrator shall:

- 1) Recommend to the Board the pay and position classification plan;
- 2) Select, employ, and supervise all employees, and fill all vacancies, positions or employment under the jurisdiction of the Board; provided, however, the employment of all department directors shall require confirmation by the Board;
- 3) Suspend, discharge or remove any employee under the jurisdiction of the County Administrator, pursuant to procedures adopted by the Board.

CHAPTER V – CLASSIFICATION PLAN

Revised and effective – 3-24-2026

Section A – Purpose

The Classification Plan is the foundation upon which a comprehensive human resources program is built. The Classification Plan is used as a guide to:

- 1) recruit and examine candidates for employment.
- 2) provide a systematic arrangement and inventory of positions.
- 3) determine appropriate salary ranges.
- 4) provide uniform terminology of jobs.
- 5) aid in managing organizational structure, clarifying lines of authority and identifying responsibility.

Section B – Job Descriptions

- 1) Each job description lists the minimum requirements or qualifications needed to perform the job such as education, work experience, and other qualifications.
- 2) Job descriptions are descriptive and explanatory and are not necessarily inclusive of all duties performed. They are designed to generally indicate the types of duties and level of responsibilities assigned to a position. Employees may be required to perform duties which are not included within their job description. All County employees are expected to perform duties as assigned, including assignments related to declared emergencies.
- 3) Human Resources shall maintain a master set of all approved job descriptions which shall constitute the official Classification Plan. The official record shall show all amendments to the original plan. The copies of the job descriptions may include the date of adoption and/or the last revision.
- 4) Each time a department, or portion thereof, is substantially reorganized, the department director should submit new job descriptions or Job Assessment Tools (JAT) for all affected positions to Human Resources.
- 5) Human Resources may request department directors to complete a JAT at any time when there is reason to believe there has been a significant and on-going change in duties and responsibilities of one or more positions.
- 6) Human Resources shall make active job descriptions available on the County Human Resources & Risk Management website.

Section C – Position Titles

- 1) The official title of a budgeted position in the classification plan shall be used to designate the position in all budget estimates, payrolls, and other official records, documents, vouchers, and communications in connection with all human resources processes.
- 2) Any other title approved by an appointing authority may be used as a “working title” in departmental correspondence not having to do with administrative human resources processes covered in these rules.

Section D – Classification of New Positions

- 1) Whenever a new position is created, a JAT shall be submitted to Human Resources to describe in detail the duties of such position. Human Resources shall create new job descriptions which indicate a general statement of job, minimum qualifications, examples of work, and other requirements of such positions. In order to verify the position has been appropriately allocated, a desk audit and/or interview with the department director or designee, or the incumbent director may be required by Human Resources after a new position is created and occupied.
- 2) Recommendations for new positions may be completed throughout the fiscal year and are not necessarily restricted to the budget request process. Departments wishing to establish new positions should first discuss with the appropriate level Administrator for tentative approval. If tentatively approved, the department should either review the classification plan for an existing job title to use or complete the JAT available on the Human Resources & Risk Management website page and forward it to their assigned Human Resources contact for further instructions and consideration.
- 3) The Human Resources & Risk Management Director shall review and provide recommendations for approval or disapproval to the County Administrator on all proposed position creations, allocations, reallocations, and abolishment.
- 4) The County Administrator shall review and approve or disapprove recommendations of the department director and Human Resources & Risk Management Director regarding all proposed creations, allocations, reallocations and abolishment of positions.

Section E – Reclassification of Positions

The Human Resources & Risk Management Director may recommend changing the classification of existing positions when it is believed a position is incorrectly classified. This will include recommendations for changing the exemption status of a position and/or pay grade. Such action is called reclassification and must be reviewed and approved by the County Administrator. Requests for Job Title Change may be approved by the Human Resources & Risk Management Director when it is the only change being requested.

Directors who believe a position may need to be re-evaluated are encouraged to coordinate with Human Resources and complete a JAT. If an employee believes that his/her position is improperly classified, the employee should express their concerns to his/her department director. Reclassification requests shall be submitted in writing to Human Resources and shall contain a statement of justification, facts and any other pertinent information necessary to fully evaluate the reclassification issue. As part of the reclassification process the appropriate rate of pay and pay grade shall be evaluated. All employees occupying reclassified positions, at a

minimum, shall fall within the pay range and shall meet the minimum qualifications of the position. Depending on the position reclassification, an employee may have their pay raised or lowered (as appropriate) to not only be within the pay range, but also to be equitable to other similarly positioned employees based on the position responsibilities, the employee's time of service with the County, employee qualifications, and any other pertinent information.

Section F – Position Control

All positions in the County are established and maintained each fiscal year in accordance with customary budget and generally accepted accounting procedures. The request for additional positions not approved through the budget process shall be coordinated through the Human Resources & Risk Management Department. Requests to establish new positions will be reviewed by, and approved at the discretion of, the County Administrator and upon approval of the Board.

Section G – Abolishment of Positions

Whenever there is justification for abolishing a position such as lack of work, reorganization, lack of funds, or other reasons, the department director shall make such recommendation to Human Resources. The Human Resources & Risk Management Director shall review the request and present recommendation, along with the department's request for consideration, to the County Administrator for approval.

Section H – Maintenance of the Classification Plan

The Human Resources & Risk Management Director shall be custodian of the Classification Plan and shall be responsible for its maintenance and updates as necessary.

Any change in the Classification Plan, such as establishing new positions, abolishing positions, reclassifying positions, or pay grade changes for positions, require prior review by the Human Resources & Risk Management Director and the approval of the County Administrator.

CHAPTER VI – COMPENSATION PLAN

Revised and effective – 03-24-2026

Section A – Purpose

The Compensation Plan is designed as a fair and equitable method for payment of employees in the County. The Plan shall establish a basic salary schedule as approved by the Board. The salary ranges shall include minimum and maximum rates of pay for all positions included in the Classification Plan. In addition to the basic salary schedule, the Compensation Plan consists of two (2) salary components that shall be used to adjust employee compensation. These two (2) mechanisms include market adjustments and merit increases.

Section B – Market Adjustment (Optional)

The market adjustment is the component which is used to ensure the salary structure is adjusted equally across-the-board to reflect changes in the wage index. Two (2) considerations dictate whether a wage adjustment will be administered: changes in the wage index based upon references such as the Bureau of Labor Statistics (BLS), and the budgetary constraints of the County. Each year, the Board shall vote on the applicability and ability of Okaloosa County to apply a wage adjustment(s) to the salary structure. When applicable and when funds are available, an increase will be applied equally to all ranges and may be applied equally to all employee salaries.

Section C – Merit Increase

This compensation strategy outlines the guidelines related to the application of merit increases for years the Board approves funding for this program.

- 1) The merit increase component is designed to reward job performance, therefore, serving as an incentive system. Base salary increases are awarded to employees whose performance exceeds expectation and is consistently competent and/or above standard. The performance pay system is based upon the principle that performance which exceeds expectation should be rewarded because such performance is a greater contribution to the County than average or below standard performance. The merit increase is strictly used to monetarily reward above standard performance.
- 2) Employees whose performance is evaluated to exceed expectation may receive a base salary increase up to three percent (3%).
- 3) Employees at the maximum of their salary ranges and deserving of a merit increase will be awarded a lump sum equivalent to fifty percent (50%) of the annual increase the employee would have received had he/she not been at the maximum of the salary range.
- 4) Employees who have received disciplinary action (reprimand or above), within the year prior to the time when the merit increase shall go in effect, are not eligible for the increase.

Section D – Starting Rates for New Employees

- 1) A new employee shall be paid at least the minimum rate of pay for their position. Exceptions may be granted upon the written prior approvals of the department director, the appropriate Deputy County Administrator, the County Administrator, and the Human Resources & Risk

Management Director.

- 2) The minimum rate for each position is based upon the assumption a new employee meets the minimum qualifications stated in the class specifications. Human Resources will coordinate with departments to ensure the minimum qualifications for positions are aligned with the desired proficiency levels to meet business needs.

If a selected candidate exceeds the minimum qualifications stated in the class specification, the candidate may be appointed at a higher rate up to ten percent (10%) above the minimum of the salary range or advanced appointment rate for the classification upon the written approval of the Department Director and the Human Resources & Risk Management Director. Appointments up to the maximum of the salary range may be authorized by the County Administrator. These cases shall be thoroughly analyzed and measured against objective qualification standards, including, but not limited to, related job experience, education background, comparable market data, internal salary equity, available resources, and federal wage and hour laws. Consideration shall be given to review and compare the salaries of employees in similar positions.

Section E – Market Impact Positions

- 1) Certain positions may be designated by the County Administrator as market impact positions based on the following criteria:
 - a) High turnover.
 - b) Difficulty in recruiting candidates.
 - c) Difficulty in filling the position.
- 2) For positions designated as market impact positions, Human Resources may:
 - a) Conduct a market survey of salaries being offered and paid by other organizations.
 - b) Identify the market rate for the position.
 - c) Raise the hiring rate for the position to the market rate.
- 3) For market impact positions in which there are incumbents in addition to vacancies, adjustments may be made to current incumbent based on input and approval from the Department Director, appropriate Deputy County Administrator, the County Administrator, and the Human Resources & Risk Management Director. Factors such as recent performance and/or any disciplinary actions may be considered in determining if an adjustment is to be made.
- 4) Positions designated as market impact will be reviewed as necessary to determine whether the designation should be continued. In cases where the status is discontinued, all salary adjustments awarded because of the status will remain in force. No future salary adjustments will be awarded based on market impact designation unless the position is re-designated as market impact at a future date.

Section F – Promotional Increases

1) Policy

When an employee is promoted to a position of a higher grade, the employee's salary will increase at least to the minimum or hiring salary of the new grade. If an employee is at or above the minimum salary, a maximum of a ten percent (10%) increase may be authorized by the department director and the Human Resource & Risk Management Director. Promotions up to the maximum of the salary range may be authorized by the County Administrator.

2) Procedures for Determining Promotional Increase

- a) After a thorough analysis of internal equity and measurement against objective qualification standards, the department director will recommend the amount of the promotional increase within the standards stated in this policy.
- b) Final approval for all promotional increases must be made by the Human Resources & Risk Management Director or the County Administrator, with recommendations from the department director and Deputy County Administrator as appropriate.
- c) The decision regarding a promotional increase shall reflect the promoted employee's experience and qualifications in comparison with other employees' backgrounds in the same job.

- d) The maximum allowable pay for FTO and/or Alternate Shift Commander duties in any one (1) week is \$25.
- e) EMS Shift Training Officers are not eligible for the FTO and Alternate Shift Commander Stipend. The maximum allowable EMS special pay for an employee in any one (1) week is \$50.

Section H – Incentive Pay

1) Airports Ramp Control Incentive Pay

2) Code Enforcement Incentive Pay

The positions of Code Enforcement Officer and Code Enforcement Supervisor will be awarded a five percent (5%) increase upon obtaining the following certification issued by the Florida Association of Code Enforcement:

A Three- and one-half percent (3½%) incentive will be awarded for the Coastal Structural license if the employee has not already received an incentive or promotion for that license prior to October 1, 2000.

The following standard licenses are the only ones considered for a seven percent (7%) increase in administration of this incentive structure:

- a) Plumbing
- b) Commercial
- c) Electric
- d) Mechanical

e) Fire Safety

4) Correctional Officer Incentive Pay

Okaloosa County follows the guidelines outlined in the Florida Statutes on incentive pay for Correctional Officers. Under Florida Statutes, full-time Correctional Officers are eligible to participate in the salary incentive program.

- a) Eligible Correctional Officers receive \$20 per month for each successfully completed 80-hour training unit, capped at \$120 per month for the training incentive.
- b) Eligible Correctional Officers also receive a maximum \$30 per month for an Associate's degree and an additional \$50 per month for a Bachelor's degree or higher. The combination of both incentives is not to exceed \$130 per month.

Section I – Bilingual Pay Differential

Non-exempt positions will be designated for bilingual pay differential when a second language is critical to efficiently providing services in the normal day-to-day operations of the unit.

- 1) A limited number of employees in designated positions will be eligible for bilingual pay differential. Department directors will submit written requests to Human Resources, outlining the requirements for bilingual skills for positions and requesting bilingual pay differential for employees.
- 2) Incumbents or new hires in designated positions must demonstrate the required level of oral proficiency through a designated testing authority of the County to be eligible for bilingual pay differential.
- 3) Bilingual pay differential will be paid to non-exempt employees at the rate of \$.50 per hour in addition to the base pay.
- 4) In the event an employee moves to a position that is not designated as eligible for bilingual pay differential, the premium payment will cease.

Section J – Effects of Demotion

When an employee is demoted (to include voluntary demotion) to a position in a lower pay grade, the employee shall be paid at a rate which is within the approved range for the grade of the new position and shall likely be paid a lower wage. The rate of pay shall be determined and coordinated by the Human Resources & Risk Management Director and department director, taking into consideration the circumstances surrounding, and the reasons for the demotion. An employee receiving a demotion may be required to serve a probationary period in the new position.

Section K – Employee Transfers (Lateral)

When an employee is transferred to a position in the same pay grade, such transfer shall not change the date from which eligibility for consideration for a merit increase shall be counted. Generally, in a lateral transfer, the employee's salary will remain the same. However, if the employee's salary is less than the hiring rate and the employee exceeds the minimum qualifications stated in the class specification, the employee may be transferred at a higher rate

consistent with the new hire policy upon the written approval of the department director and the Human Resources & Risk Management Director.

Section L – Temporary Work at a Higher Classification

An employee may be required to work at a higher classification on a temporary, incidental or emergency basis and may do so for a period of 30 days or less with no increase in pay. If an employee is required to perform the required work for a period exceeding 30 days, the employee may be given a temporary appointment (or provisional appointment) to the higher position and be paid an appropriate rate for the higher classification. The employee's pay will increase to at least the minimum or hiring salary of the new grade, or if the employee is at or above the minimum salary, a maximum of a ten percent (10%) increase may be granted. At the conclusion of the assignment, the employee's pay shall revert to the authorized rate established for the employee's regular position. Any such temporary increase granted shall not affect the employee's eligibility for normal merit increases. Temporary assignments may not exceed six (6) months without approval for extension in writing by the Human Resources & Risk Management Director and the County Administrator.

Section M – Pay Adjustments

The County Administrator, in coordination with the Human Resources & Risk Management Director and upon the written request with justification and approval of the department director, shall have authority under limited circumstances to authorize pay adjustments for employees. This provision is restricted to circumstances such as, but not limited to, a significant increase in responsibility or scope of discretion of the position, or extraordinary market conditions. The amount of the pay adjustment shall take into consideration the performance and tenure of the employee; difficulty recruiting and filling the position with a quality candidate; loss of institutional knowledge; internal equity; pay adjustment amount being requested; supporting market data for the request; and the department's budgetary impact.

At times, it may be appropriate to award a temporary pay adjustment. The County Administrator, in coordination with the Human Resources & Risk Management Director and upon a written request with justification and approval of the department director, shall have authority under limited circumstances to authorize temporary pay adjustments for employees. This provision is restricted to circumstances such as, but not limited to, a temporary increase in workload or responsibility. Temporary pay adjustments may not exceed six (6) months without approval for extension in writing by the Human Resources & Risk Management Director and the County Administrator.

Section N – Shift Differential Pay

- 4) Shift differential pay is not applicable in the following instances:
 - a) Where employees are on official leave.
 - b) Where employees are participating in out-of-town training or seminar activities.

Section O – Overtime/Compensatory Time/Call Back Pay and Stand-By

1) Overtime Compensation

a) Exempt Employees

Executive, professional, administrative, and computer employees, as defined in the Fair Labor Standards Act, are normally exempt from overtime except as described in the section on Pay for Work During Emergencies or Disasters. All department directors are included in this exemption. However, when an emergency arises requiring attendance for abnormal and prolonged periods, or the employee is required to perform services outside the normal scope and responsibilities called for in their position and when a non-exempt employee is unavailable or unsuitable to perform the work, overtime compensation will be authorized as appropriate by the County Administrator with notification to the Board. Exempt employees are hired for an annual salary rate to accomplish a job for the County. Although generally expected to be present and working for the total hours of the normal workweek, exempt employees are allowed some latitude with respect to time spent at work. For example, a manager who works numerous additional hours to complete a project may, with his/her department director's permission, take some time off work at a later date.

b) Non-Exempt Employees

All hourly and non-exempt salaried employees, except for Correctional Officers and designated 12-hour shift Non-Certified Corrections Technicians, are entitled to overtime compensation after 40 hours of work in a seven (7) day workweek. Unless overtime is given in the form of compensatory time off as provided below, hourly employees (except Correctional Officers and Non-Certified Corrections Technicians) shall receive time and one half (1½) their regular rate of pay for all hours worked more than 40 per workweek.

c) Correctional Officers and Designated 12-Hour Shift Non-Certified Corrections Technicians

Correctional Officers and Designated 12-Hour Shift Non-Certified Corrections Technicians, shall receive time and one-half (1½) their regular rate of pay for all hours worked in excess of 86 in a 14-day work period.

d) Hours Worked on Holidays

For hourly employees, all hours worked on a county-approved 'actual' calendar holiday will be paid at one and one half (1½) times the employee's regular rate, with an additional eight (8) hours paid at the employee's regular straight time rate unless the employee is already being paid at overtime rate at the time of the holiday. Under that circumstance, employees will be paid at two and one quarter (2¼) times the employee's regular rate, with an additional eight (8) hours paid at the employee's regular rate. Employees working on "observed" holidays, other than the 'actual' calendar holiday, will be paid at the employee's applicable straight time or overtime rate. As an alternative to receiving eight (8) hours of holiday pay, an employee may be allowed to take eight (8) hours off at another time within 60 days. Hours worked on a holiday are paid in this manner regardless of whether the employee has fulfilled the work period requirements outlined below.

e) General Requirements

Paid time off for leave (annual, sick, civil, military, etc.) will not be counted as hours worked for purposes of determining overtime compensation for non-exempt, non-represented employees. Holiday leave will count as hours worked for purposes of determining overtime for all non-exempt employees.

Overtime is to be avoided except during peak loads or emergencies. During critical emergencies, as determined by the department director, non-exempt employees will receive pay at the rate of time and one half (1½) regardless of actual hours worked in the workweek. Examples of critical emergencies may include public water outage, public sewer overflow, road closures from weather events, traffic control device repairs, etc.

Employees are strictly prohibited from working overtime without permission in advance from their supervisor.

2) Call Back and Stand-by Pay

a) Stand-by

A non-exempt employee on stand-by, regardless of whether he/she is called to work, will be paid the following:

- i) One (1) hour per day on weekdays.
- ii) Two (2) hours per day on weekends and county-approved actual calendar holidays.

Stand-by pay will be at the employee's applicable straight time or overtime rate.

b) Call Back

All hours worked on call back will receive pay at a rate of time and one half (1½) for all hours worked, regardless of the number of hours worked in the workweek. Hours

worked includes travel time from and to the employees' home.

3) Compensatory Time

Exempt employees are not eligible to earn or accrue compensatory time off. All non-exempt hourly employees may be granted compensatory time off in lieu of overtime at the rate of one and one-half (1½) times the actual hours worked, subject to the following:

- a) Compensatory time off may only be given pursuant to an agreement or understanding (oral or written) between the department director, or designee in writing for specific positions, and the employee prior to the actual performance of work.
- b) Subject to the approval of the Department Director, Correctional Officers may accrue up to 480 hours of compensatory time off and all other employees may accrue up to 240 hours of compensatory time off. Overtime worked over these limits must be compensated in cash.
- c) Compensatory leave must be used prior to using PTO.
- d) Employees may choose to receive payment for accrued compensatory time off in cash upon the employee's separation of employment or upon entry into the Florida State Retirement System Deferred Retirement Option Program (DROP).
- e) Compensatory time off will be allowed within a reasonable period after requesting its use, so long as it does not unduly disrupt the operations of the department.
- f) For record keeping and reporting purposes, compensatory time off earned and taken must be accounted for in the payroll system by entries on biweekly time reports.

Section P – Pay for Work During Emergencies or Disasters

1) Policy

The following pay procedures apply when a catastrophic emergency or disaster is declared by the Board, County Administrator or designee.

2) Definitions

- a) Emergency Leave – Time off with pay during regularly scheduled working hours when county offices are closed and employees are released from duty due to an emergency or disaster.
- b) Pre/Post Emergency/Disaster Pay – One and a half times (1½) the employee's straight time rate of pay. Pre/Post Emergency/Disaster Pay will be paid to non-director-level exempt and non-exempt employees who 1) are designated by their department directors to work before or after disasters or emergencies; and 2) work when county offices are closed and all other employees are released by the County Administrator.
- c) Emergency Pay – Two (2) times the employee's straight time rate of pay. Emergency Pay will be paid to non-director-level exempt and non-exempt employees who 1) are designated by their department directors to work during an emergency/disaster or when emergency/disaster conditions occur; 2) work when county offices are closed and all other

employees are released by the County Administrator; and 3) the work occurs within a specified timeframe as defined by the County Administrator.

Department directors who perform emergency related work when county offices are closed and all other employees are released by the County Administrator will be paid at the straight time rate for hours worked, up to a maximum of 12 hours pay in each 24-hour period. The County Administrator and/or Deputy County Administrators are not eligible to receive additional compensation during an emergency/disaster.

3) Procedures

- a) All county employees have an emergency management obligation to be available for working assignments before, during, and after disasters/emergencies. Employees will be notified and trained or instructed in their emergency disaster assignments annually. Employees are required to report, either by phone or in person, to their department's designated contact point prior to and immediately after a disaster/emergency to receive work assignments. Assignments will typically include clean-up, repair, answering citizen phone lines, manning Emergency Operations Center (EOC) positions, and working at community distribution centers or comfort stations. Because these assignments are essential to the recovery of the community after an emergency or disaster, failure to respond or be available for assignment will be considered cause for disciplinary action, up to and including termination of employment.
- b) Pre/Post Emergency/Disaster Pay will begin when county offices are officially closed and the County Administrator, or designee, releases employees. When emergency conditions warrant, Emergency Pay will be paid for time worked during a specified timeframe as defined by the County Administrator. Pre/Post Emergency/Disaster Pay will be paid continuously for all hours worked after the Emergency Pay timeframe defined by the County Administrator until normal business hours resume. This policy shall not be interpreted to provide employees with Emergency Leave and Pre/Post Emergency/Disaster or Emergency Pay concurrently for the same period of time (double and a half or triple time).
- c) Exempt and non-exempt county employees who are designated by their department directors to work before, during or after emergencies or disasters will be compensated for time worked at the applicable pay rate regardless of whether or not they have 40 hours paid in the workweek. In accordance with the Fair Labor Standards Act, employees required to be on site and available for duties will be paid at applicable pay rates. Employees on site for personal convenience or safety who are not working will not be paid.
- d) If a county vehicle is not available for use by an employee assigned to disaster or emergency duties under this policy, the employee will be eligible for mileage reimbursement for use of a personal vehicle from the location of his/her usual work assignment to the location of the disaster or emergency assignment.
- e) Exempt and non-exempt employees, who are released from duty by the County Administrator or designee during normal work hours, will be compensated at their usual rates of pay for their regularly scheduled hours. Employees who are released from duty and already on official leave during this time will not be charged leave and will receive their usual rates of pay for the same number of hours as the other employees who are

released from duty. Employees participating in out-of-town, work-related activities do not qualify for Pre/Post Emergency/Disaster pay, Emergency Pay or Emergency Leave, unless environmental circumstances warrant and authorized by the County Administrator or designee.

- f) Due to the Emergency Management obligation of all county employees, employees placed on alert during an emergency or disaster are not entitled to stand-by pay, unless they are otherwise on routine stand-by.
- g) Exempt employees are required to submit exception reports to document time worked for which emergency pay is payable; however, exempt employees are not required to submit exception reports for emergency leave.
- h) Part-time, relief and temporary employees are not eligible to receive Emergency Leave, Pre/Post Emergency/Disaster Pay, or Emergency Pay.

Section Q – Pay for Out-of-Town Travel

While on overnight out-of-town travel assignments, non-exempt employees should be paid during their normal working hours on non-working days (e.g., Sunday), as well as on their regular working days.

Section R – Pay Day

- 1) All employees are paid biweekly (every two (2) weeks). The pay period begins on Sunday at 11:00 PM and ends the following Sunday at 10:59 PM.
- 2) Employees will receive their pay every other Thursday.
- 3) Electronic paystubs, for those signed up for direct deposit, will be delivered to the email designated by the employee. Delivering a paper paystub/check to anyone other than the payee is prohibited unless the employee has authorized such delivery in writing.
- 4) Salary and/or leave advances will not be granted under any circumstance without the approval of the County Administrator.

Section S – Safe Harbor Policy

- 1) Policy
 - a) It is the policy and practice of the County to compensate employees for all time worked and to do so in compliance with all applicable state and federal laws. To ensure that employees are paid properly for all time worked and that no improper deductions are made, employees must record correctly all work time and review their paychecks promptly to identify and to report all errors. No one who is eligible for overtime should perform any work that is not authorized and recorded on his/her timecard or timesheet. While all-time worked will be paid, even if not authorized, working without authorization is a violation of County policy that could lead to disciplinary action.
 - b) The County makes every effort to ensure that employees are paid correctly. Occasionally, however, inadvertent mistakes can happen. When a mistake does happen and is called to the attention of management, a correction will be made promptly. If an

employee believes a mistake has occurred (including any improper deductions, underreported hours of work or other errors) or if an employee has any questions, the reporting procedure outlined below must be used.

2) Non-Exempt Employees

Employees classified as non-exempt (which means they are eligible for overtime pay) must maintain a record of the total hours worked each day. These hours must be accurately recorded on a biweekly timesheet that will be provided by management. Each employee must sign and date his/her timecard or timesheet to verify that the reported hours worked are complete and accurate. Timecards or timesheets must accurately reflect all regular and overtime hours worked, any absences, early or late arrivals and early or late departures. At the end of each pay period, employees must submit their completed timecard or timesheet to their supervisor for verification and approval. Employees should not sign their timecard or timesheet unless it is accurate. If a timecard or timesheet is not accurate, the supervisor must be notified immediately. When each paycheck is received, employees should verify immediately that they were paid correctly for all regular and overtime hours worked each workweek.

3) Exempt Employees

- a) Employees classified as exempt from the Fair Labor Standards Acts (FLSA) overtime pay requirements will receive a salary that is intended to compensate for all hours worked for the County. This salary initially will be established at the time of hire or when first classified as an exempt employee.
- b) It is the County's policy to comply with the salary basis requirements of the FLSA. Therefore, managers are prohibited from making any improper deductions from the salaries of exempt employees.
- c) Under federal law, deductions from the salaries of exempt employees are permissible under certain circumstances, including but not limited to the following:
 - i) The first or last week of employment in the event less than a full week is worked.
 - ii) Any full work week in which no work is performed;
 - iii) Full day disciplinary suspensions for major safety violations or significant infractions of important written workplace conduct rules; or
 - iv) Family and Medical Leave absences (either full or partial day absences).
- d) It is not an improper deduction to require the use of PTO for full or partial day absences for personal reasons, sickness, disability or other reasons. Pursuant to attendance and leave policies, employees who are absent for all or part of a workday may apply accrued paid time off to that missed work time. After all paid time off is exhausted, no partial day deductions will be made from the salary of a salaried exempt employee unless permitted by law.

4) Violations and Reporting Procedures

- a) It is a violation of the County's policy for any employee to falsify a timecard or time sheet

or to alter another employee's timecard or timesheet. It is also a serious violation of County policy for any employee or manager to instruct another employee to incorrectly or falsely report hours worked or to alter another employee's timecard or timesheet to under- or over-report hours worked (or to fail to report any such misconduct). Report any violations of this policy immediately to the Human Resources Director or designee. It is not a violation of the County's policy for a timekeeper, supervisor or other management official to make corrections to a timecard or time sheet to ensure compliance with county policies.

- b) Non-exempt employees must not work any hours outside of their scheduled workday unless their supervisor has authorized the unscheduled work. Employees must not start work early, finish work late, work during a meal break or perform any other extra or overtime work unless authorized to do so and that time is recorded on their timecard or time sheet. Employees are prohibited from performing any "off-the-clock" work. "Off-the-clock" work means work performed but not reported on biweekly timesheets to include but not limited to reading, sending or otherwise work e-mails during non-working hours. Any employee who fails to report or inaccurately reports any hours worked will be subject to disciplinary action, up to and including dismissal.
- c) Questions about deductions from pay or wages may be directed to the Human Resources Director or designee. Employees who believe their pay has been subject to any improper deductions or does not accurately reflect hours worked should immediately report the matter to their supervisor, manager, director or the Human Resources & Risk Management Director or designee. Any member of management who receives a report of pay discrepancies must immediately notify the Human Resources & Risk Management Director or designee.
- d) Reports of improper deductions will be promptly investigated by the Human Resources & Risk Management Director or designee. If it is determined that an improper deduction has occurred, the employee will be promptly reimbursed for any improper deduction made.

Every report will be fully investigated, and corrective action will be taken where appropriate, up to and including dismissal for any employee(s) who violates this policy. The County will not allow any form of retaliation against individuals who report alleged violations of this policy or who cooperate in the County's investigation of such reports. Any form of retaliation in violation of this policy will result in disciplinary action, up to and including dismissal.

CHAPTER VII – EMPLOYMENT, VACANCIES AND PROMOTIONS/TRANSFERS

- 2) Previous work history;
- 3) Objectives to provide affirmative action for equal employment opportunity;
- 4) Experience;
- 5) Other valid and appropriate criteria.

Preference is given to certain veterans and spouses of veterans as provided by Chapter 295, Laws of Florida.

Section A – Vacant Positions

When an employee is separating their employment, a period of two (2) weeks overlapping of two (2) employees in one (1) position will be allowed for training purposes. Longer periods of overlap may be permitted for more complicated positions, as funding permits, and with the approval of the County Administrator.

- 1) Job Vacancy Postings
 - a) Upon a department's request to fill a properly budgeted, non-frozen position, Human Resources will distribute an Internal and/or External Job Vacancy posting based on the preference of the department, for a minimum of one calendar week.  - b) Human Resources will include the e-mail addresses of employees in active lay-off status, if available, to the weekly e-mail distribution list vacant positions.

 - f) After the closing date to apply, applicants believed to meet the minimum qualifications as noted in the job posting, and/or specified by the hiring department through supplemental

questions in the job posting, will be referred to the department to include applicants claiming veteran's preference which will be identified to ensure appropriate preference is given. Background checks will be conducted on prospective employees. Background checks are to be completed by either Human Resources or by departmental staff trained in background checks, as applicable, with Corrections or Public Safety positions requiring department specific or mandated checks outside the scope of and beyond checks conducted by Human Resources. Reference checks may be completed by Human Resources or by the hiring department if staff have received training to complete reference checks. The hiring department should coordinate their efforts to conduct reference checks with Human Resources to ensure work efforts are not duplicated.

- g) At the close of all interviews, the hiring manager shall forward the hiring recommendation to Human Resources along with the criteria and basis for their selection as well as all interview notes and documentation related to the posting. Human Resources will examine the department's selection and either process the hire after completion of any final criminal background checks, applicable pre-hire drug testing, and any other due diligence to complete the hiring process or communicate with the hiring department if any hiring issues arise. Recommendations will be forwarded by Human Resources to the County Administrator for approval as necessary.

Section B – Filing of Applications

- 6) Hiring managers are encouraged to coordinate with Human Resources to view the employee files for any prior County employee being considered for re-hire.

They may only

be considered for rehire with proof of completion of a substance abuse/treatment program after their prior separation from County employment. This provision is applicable to all County employment opportunities to include relief, part-time, and temporary employment through the County directly or through a contracted staffing agency. Note: The following section referencing PTO (Paid Time Off) will be effective for all employees October 1, 2024. This policy is non-applicable to members of collateral bargaining units at this time.

Section F – Paid Time Off (PTO)

The purpose of Paid Time Off, hereinafter known as PTO is to establish a leave program that allows eligible BOCC employees flexibility in planning for and taking time off. PTO combines personal business or recreation, doctor appointments and unexpected absences such as illness or illness in the family, into a single system that simplifies accountability and tracking.

Accrual of PTO begins on the date of employment for all regular employees, and in most cases, ends with the date of separation. Regular employees for the purposes of PTO are all employees except relief, seasonal, and temporary employees. For the purpose of computing PTO taken, only normal working days/schedules are to be counted as leave.

PTO shall be earned based on the following schedule for regular employees:

| Year of Service | PTO Leave Accrued Each Month |
|------------------------------------------------------|-------------------------------------|
| Less than 2 years of service | 14 |
| More than 2 years but less than 5 years of service | 16 |

| More than 10 years but less than 15 years of service | 20 |
| More than 15 years but less than 20 years of service | 21 |
| 20 years or more of service | 22 |

PTO accrual for fractions of a month shall be prorated based on hours credited in a pay status. Please see the schedule below:

| <u>Date of Employment</u> | <u>Leave</u> |
|---------------------------|--------------|
| 1-7 | 100% |
| 8-14 | 75% |
| 15-21 | 50% |
| 22-31 | 25% |

| <u>Date of Termination</u> | <u>Leave</u> |
|----------------------------|--------------|
| 1-7 | 25% |
| 8-14 | 50% |
| 15-21 | 75% |
| 22-31 | 100% |

Section G – Eligibility

All full-time, regularly scheduled employees are eligible to earn PTO. All part-time employees who work a regularly established schedule may earn PTO after one (1) year of service at one-half (1/2) the rate of regular full-time employees, except that the accrual rates shall not increase with additional years of employment.

- 4) No leave without pay will be allowed when the employee has accrued PTO leave to cover the period of leave and is eligible to use PTO leave. However, use of PTO leave is strictly prohibited for absences covered by workers' compensation. Employees on military leave who have exhausted their annual 240 hours paid military leave may elect to use leave without pay for additional military assignments.

Section I – Use of PTO

- 1) Employees shall begin accruing PTO on the beginning date of employment and are eligible to use leave as accrued.
- 2) Employees retiring or separating from the County may use no more than two (2) scheduled days of PTO per week within the last three (3) months of employment. Exceptions must be approved by the County Administrator.
- 3) Any PTO leave taken and any terminal leave to be paid must be reported on biweekly time reports and exception reports.
- 4) Minimum Charge – One quarter (1/4) hour is the minimum charge for leave, and additional leave is charged in multiples of one-quarter (1/4) hour.

5) Certification by Physician

For the following reasons, a medical certification signed by a licensed physician may be required by the employee's department director to substantiate a request for PTO:

- a) Leave of any duration if absence from duty recurs frequently or habitually provided the employee has been notified or warned that a physician's certification will be required.
- b) To support a request for FMLA leave, and a fitness for duty report to return to work.

Section J – Approval of PTO Leave Requests

- 1) An employee must request PTO in advance in accordance with current Policies and Procedures of the employee's Department/Division so conflicts may be avoided and coverage assured. Approval of PTO is based on the needs of the department and is not guaranteed. The determination of the Department Director on the matter of scheduled PTO shall be final.
- 2) Leave requests in excess of two (2) consecutive weeks must be approved by the Department Director. Leave requests in excess of two (2) consecutive weeks by a Department Director must be approved by the respective Deputy County Administrator to which they report.

Section K – PTO Advances

- 2) An employee may choose to receive a lump sum payment of PTO, either at the time the employee enters the DROP Program or after the employee's DROP participation ends. Employees participating in the DROP Program shall continue to accrue PTO. If an employee chooses to receive the maximum lump sum payment of 480 hours of PTO at the time the employee enters the DROP, no further lump sum payments shall be made.
- 3) Employees that have previously taken a leave payout when entering the DROP Program are only eligible for payout of PTO hours at the time of separation equal to the difference of 480 hours minus the prior payout of hours.

- a) Any employee terminating employment with the County who is alleged to have committed, aided or abetted in any theft, embezzlement, fraud, official misconduct or bribery during employment shall have their leave balance held in abeyance until the completion of the investigation. If the investigation reveals the allegations to be unsubstantiated, the County will authorize the payment of PTO leave in accordance with this Section. Any employee terminating who has completed their initial or extended probationary period shall forfeit all rights and benefits under this Section if they are:

Within five (5) business days of the issuance of the determination by the Human Resources & Risk Management Director, the employee may seek review of that determination by the County Administrator. The County Administrator, or a designee, shall review the basis for the determination and relevant material submitted by the employee and either uphold or reverse the determination of the County. The decision shall be final.
- c) The appeal and review of any determination relating to the forfeiture of rights and benefits under this Section is separate from any appeal and review of an adverse employment action under the County's grievance process.

The First Report of Injury Form, completed by the employee and signed by the supervisor and/or department director, and the Supervisor's Accident/Incident Investigation Report Form, completed by the employee's supervisor, should be forwarded to the Risk Management Department within 24 hours.

Section E – Retirement

- 1) Complete and up-to-date information on retirement is available; contact the Human Resources Department for facts.
- 2) At retirement, an employee may be paid for annual leave up to the maximum limits prescribed in this policy. Employees electing to participate in the Florida State Retirement System

Deferred Retirement Option Program (DROP) may choose to receive payment for unused annual leave up to the prescribed maximum limits upon entry into the DROP. Employees choosing this option will continue to accrue annual leave and may use it in accordance with the Annual Leave (Vacation) Section, but will not then be eligible for payment of any remaining unused annual leave upon actual termination of employment with the County.

Section F – Employee Assistance Program (EAP)

Okaloosa County is committed to maintaining and strengthening our most important resources – our employees. In support of this tradition, the Board has initiated an Employee Assistance Program (EAP). We recognize that many kinds of personal and emotional problems which often affect job performance can be resolved more readily if they are properly identified, diagnosed and appropriately treated. Problems included under this program are marital, child or other family problems, persistent anxiety, substance abuse, stress problems, financial, or other distractive concerns. The establishment of the EAP will provide a confidential short-term counseling and referral service for eligible employees and their immediate family members. This EAP reflects the County's concern for the well-being of its employees as well as its dedication to the effective accomplishment of its goals.

The County will not impose or imply any moral judgment on an employee who utilizes or refuses to utilize the EAP.

The County encourages an employee who is experiencing problems to take it upon themselves to seek assistance from the EAP. All communications and information received by the counselors of the program through such a self-referral process will be kept strictly confidential. No one other than the individual and the counselor will know how the program is being used by the individual. Work absences for evaluations or treatments will be handled in accordance with already established benefit programs and policies.

When a supervisor becomes aware of a developing pattern of unsatisfactory job performance that cannot be corrected through the County's corrective procedures or the employee's own efforts, the employee may be encouraged or required to seek help through an administrative referral. It is recognized that it is not the role of any supervisor or manager to attempt to diagnose or resolve the employee's personal problems. However, it is the responsibility of the supervisor to be explicit about the job performance expectations of an employee, and to take appropriate disciplinary action in the event that the employee's job performance fails to meet acceptable standards. The administrative referral is an additional tool that allows the supervisor to assist troubled employees to correct their problems, thus retaining a valuable employee.

In the case of administrative referral, the EAP shall report to the referring administrator whether or not the original screening interview took place. Further information regarding the employee's diagnosis or the fact of the person's further involvement in the program will be released only with prior written authorization from the employee or client. The decision to seek counseling and accept treatment is the responsibility of the individual employee. However, continued employment may be made contingent upon the employee following through on the administrative referral and the EAP provider's resulting recommendations.

Participation in the EAP does not excuse employees from complying with county policies or from meeting normal job requirements during or after receiving assistance. Nor will participation in the EAP prevent the County from taking disciplinary action against any employee for performance problems that occur before or after the employee's seeking assistance through the

program.

1) Procedures

- a) Eligibility – All full-time county employees who have completed their probationary period shall be considered eligible for the EAP. The county I.D. Badge will be required for identification purposes.
- b) Expense to Employee – If the problem focuses on a single issue, or if the client is reasonably in control of his/her situation and if the counselor determines that short-term counseling is required, counseling will be provided by the EAP as a free service up to the maximum number of sessions as outlined in the EAP contract.

If the problem requires a specific type of professional assistance or agency, the counselor will then refer the client to an appropriate referral service. The provisions of the employee's health benefit program govern any possible reimbursement for these services.

- c) Client Records and Confidentiality – A minimum of client records will be maintained by the EAP provider agency. All records will be locked in a secured file cabinet, and only EAP provider staff members will be allowed access to those records.

No records of an employee whose involvement with the EAP is self-referred will appear in the employee's human resources record, nor will his/her program involvement affect, in any way, his/her promotional opportunities or job security.

- d) Program Access – Any employee can directly contact the EAP provider agency for an appointment.

Section G – Educational Reimbursement Program

1) Educational Reimbursement Policy

- b) The Human Resources Director will forward the approved reimbursement request with supporting receipts to the Finance Department for payment.
- c) Reimbursement for tuition and books will be made only to employees who are on the active payroll when payment is due.

- e) Refunds shall be limited subject to the availability of funds and the number of participants in the program.
- f) Transportation must be provided by the employee and is not reimbursable.
- g) An employee who voluntarily terminates his/her employment with the County, will be required to repay the County for tuition and books reimbursements made to the employee based on the following scale:

| <u>Course completion date vs. termination date</u> | <u>Reimbursement</u> |
|----------------------------------------------------|----------------------|
| Less than 1 year | 100% |
| At least 1 year but less than 2 years | 75% |
| At least 2 years but less than 3 years | 50% |
| More than 3 years | 0% |

Upon severing their relationship with the County, the amount to be refunded may be deducted from the employee's final paycheck or other arrangements must be made for full repayment in accordance with the scale.

CHAPTER XI – TRAINING ACTIVITIES

Section A – Purpose

The Board is interested in the growth and development of all its employees. Training and development programs are provided to assist the County in meeting its goals and objectives.

Each department is responsible for developing and implementing individualized training that affects their particular operations and/or procedures. The Human Resources Department will assist in establishing departmental training and development priorities in conjunction with the needs and objectives of the County.

Section C – New Employee Orientation

New Employee Orientation has two phases:

Phase I is conducted by a Human Resources Department representative who acquaints new employees with Okaloosa County policies and procedures and coordinates completion of all required employment forms.

Phase II is conducted by the appropriate departmental supervisor who orients new employees to the work site and explains the specific obligations and procedures required for the job.

CHAPTER XII – POLITICAL ACTIVITIES

- 1) The law does not prohibit a state or local officer or employee from voting as desired or from expressing an individual opinion on political subjects and candidates. The law also does not prohibit an employee from voluntarily engaging in political management or campaigning. What is prohibited generally is coercing other employees to engage in such activity, improper use of official authority or influence.
- 2) An employee may not:
 - a) Take any part in a political campaign while on duty.
 - b) Use his/her official authority or influence for the purpose of interfering with or affecting the result of an election or nomination for office.
 - c) Directly or indirectly coerce, attempt to coerce, command, or advise a state or local officer or employee to pay, lend, or contribute anything of value to a party, committee, organization, agency or person for political purposes.
- 3) Florida Statutes 99.012 or its successor in function places some restrictions on certain county employees qualifying for public office. County employees not affected by F.S. 99.012 may seek any elected position (municipal, county, state or federal) without resigning or taking a leave of absence, providing campaigning does not interfere with their normal job performance.

CHAPTER XIII – CODE OF CONDUCT

Revised and effective – 3-24-2026

Section A – Personal and/or Romantic Relationships

Okaloosa County BCC holds its employees to the highest ethical and professional standards. As such, this policy was created to outline guidelines regarding employees having romantic relationships within the workplace. The goal is to protect the well-being of our employees and retain a professional working environment.

County employees are encouraged to develop and maintain professional relationships in the workplace. This policy does not prevent the development of friendships or even romantic relationships between most coworkers, but it does establish boundaries with regard to those relationships and as to how relationships are conducted during working hours and within the working environment. Romantic relationships are permitted so long as these relationships are not otherwise prohibited herein and do not interfere with the effective functioning of the workplace and goals of the County. Romantic relationships are considered a personal relationship between individuals beyond friendship and otherwise intimate, that generally may involve some or all the following: physical/ sexual contact, potentially lunch or after-hours social dates, cohabitation, and non-work related: phone calls, pictures/emails/texts and other private personal communication between individuals of an intimate nature.

1) Prohibited Personal Relationships

The following employees are prohibited from being involved in romantic relationships and working for the County based on their positions. Violations may be subject to disciplinary action up to and including termination. Progressive discipline shall not be required. Existing relationships in violation of these policies shall be required to be disclosed and the parties to be separated. The following are prohibited romantic relationships:

- a) Any supervisor-subordinate in the same supervisory chain.
- b) Any Director position and above in the County with any other Board of County Commission employee. Existing employees in this situation shall be grandfathered.

2) Disclosure of Consensual, Non-prohibited, Romantic Relationships.

If two BCC County employees become romantically involved, they must immediately disclose the relationship by completing and submitting a Relationship Disclosure Form to the Human Resources Department. This is not required for existing married individuals already on file with the County. Human Resources will work with the Department(s) housing the employees(s) to determine if accommodation may be made to ensure that County operations are not impacted by the relationship. This may include considering transferring one or both employees to other departments. In cases where a transfer is not viable, the employees involved will either have to determine which is to resign voluntarily, or both may be terminated. Failure to disclose a personal relationship may result in disciplinary action up to and including termination for the first offense.

Employees who engage in consensual, non-prohibited, romantic relationships must conduct themselves in an appropriate professional manner while on County property and during working hours. They should not engage in any inappropriate behaviors that may cause their coworkers to feel embarrassed, awkward or uncomfortable. This includes, but is not limited to, intimate contact at the workplaces such as kissing, *prolonged hugging*,

hand holding, massaging, and personal texting, emails and calls.

Additionally, employees are prohibited from involvement in all employment actions (i.e., discipline, promotion, and similar actions) related to the person they are having a romantic relationship with. When a conflict or the potential for conflict arises because of a romantic relationship between employees, even if non-prohibited, the employees may be separated by reassignment or termination from employment.

Section B – Ethics, Purchasing and Gifts

- 2) Any attempt by an employee or officer to realize personal gain through conduct which is inconsistent with the proper discharge of the employee's duties shall have committed a breach of public trust which constitutes a conflict of interest. In addition, Okaloosa County will disclose in writing identified conflicts of interest to the contracting, granting, appropriating, etc. agency in accordance with the awarding agency's policy. - 3) No employee shall solicit nor accept gifts, gratuities, favors, anything of monetary value or loans from organizations, business concerns, or individuals with whom the employee has official relationships or business of the Okaloosa County government. All employees must guard against relationships that might be construed as evidence of favoritism, coercion, unfair advantage or collusion.
- 4) No employee or officer of Okaloosa County shall participate in the selection, award, or administration of a contract funded by public financial assistance which includes contracts, grants, cooperative agreements, appropriations, etc. if a real or apparent conflict of interest would be involved. However, any employee or any member of an employee's immediate family who holds a financial interest in a disclosed blind trust shall not be deemed to have a conflict of interest with regard to matters pertaining to that financial interest.

Employees may not present themselves as acting in an official capacity when responding to reference requests for vendors/contractors.

Employees who choose to provide a personal reference (outside of work) must clearly state that the reference is given in a personal capacity only and does not represent the County.

Section C – Vendor/Contractor References

 - d) When the vehicle cannot move due to adverse weather conditions or mechanical failure;
 - e) When necessary to provide air conditioning/heat to prevent a safety or health emergency;
 - f) When approved by a supervisor for certain jobs that may require constant in and out of vehicles (i.e., meter readers, ambulance drivers, site visits); or

- g) When detained due to County business; such as work-related phone calls or paperwork.
- 5) Any tampering or attempts to remove or disable the GPS equipment is strictly prohibited.
- 6) Only the Fleet Operations Division, or a Department delegate if authorized in writing by the Fleet Operations Division Manager, is authorized to install, service, or remove the GPS equipment. The data derived from the GPS units may be used to schedule vehicle maintenance.
- 7) County-issued vehicles are to be used for conducting county business within the jurisdiction of Okaloosa County. Operating a vehicle outside the County's jurisdiction, unless previously authorized, is prohibited.
- 8) Employees are responsible for compliance with all provisions of this policy when operating County-issued vehicles. For purposes of this policy, the actual driver and/or operator of each vehicle shall be the employee responsible for such compliance.
- 9) It is the responsibility of supervisors to ensure the requirements of this policy are understood by their subordinate employees. In the event of a violation, it is the responsibility of the appropriate supervisor to enforce this policy. Any required disciplinary action deemed necessary must be approved and documented by Human Resources and shall be included in the employee's personnel file.
- 10) Each department shall be responsible for monitoring their respective department's GPS units. Risk Management will monitor the GPS reports for reoccurring policy and safety violations and will coordinate with the individual departments and Human Resources accordingly.
- 11) Any violation of the provisions of this policy may result in disciplinary action up to and including termination.

CHAPTER XX – DISCIPLINARY ACTIONS

Section C – Application of Disciplinary Action

- 1) Although internal consistency in administering discipline (both departmentally and county-wide) is desirable, numerous factors should be considered in determining the appropriate level of discipline to be assessed at each successive step.

- 2) Some of the factors involved include time intervals between offenses, effectiveness of prior disciplinary actions, willingness to improve, overall work performance, job attitudes, and disciplinary actions previously taken with other comparable employees for similar offenses.
- 3) Some infractions may be more serious in one case, because of the employee's responsibilities than in another case. For example, failure to be at an assigned workstation would be a more serious offense for a dispatcher or watchman than for a secretary or maintenance worker.
- 4) A repetition of the same offense or other serious offenses indicates that more severe disciplinary measures should be administered.
- 5) Certain offenses are of such a serious nature that immediate discharge upon first offense is applicable. Prior to any proceedings to dismiss an employee, the department director will contact the Human Resources & Risk Management Director and review that human resources' file.
- 6) When circumstances permit, department directors are encouraged to pursue a philosophy of "progressive discipline" by administering gradually increasing disciplinary actions for each successive instance of employee misconduct. Each level of progressive discipline shall be fully documented for inclusion in the employee's human resources file.
- 7) Incidents of misconduct may differ in individual cases from somewhat similar incidents, and the county retains the right to treat each incident on an individual basis without creating a precedent for cases that arise in the future.
- 8) These provisions are not to be construed as a limitation upon the retained rights of the County, but are to be used as a guide.

Section D – Disciplinary Action Procedures

- 1) Contact the Human Resources Director prior to administering discipline. All disciplinary actions must be signed by the Human Resources Director or designee prior to administering.
- 2) All disciplinary actions must be documented on the Okaloosa County Disciplinary Action Form. These forms are available in the Human Resources Department.
- 3) Authority – Most disciplinary actions are initiated by the immediate supervisor. In general, the final authority to approve a disciplinary action is related to the type of action taken:

| TYPE OF ACTION | AUTHORITY TO APPROVE |
|-------------------|----------------------|
| Written Reprimand | Supervisor |
| Suspension | Department Director |
| Dismissal | Department Director |
| Demotion | Department Director |

Section E – Types of Disciplinary Action

1) Written Reprimand

In situations where an oral warning or counseling has not resulted in the expected improvement, or when an employee commits a more serious offense, a written reprimand should be given to the employee. The Okaloosa County Disciplinary Action Form is available in the Human Resources Department and should include incident(s) detailed description, specific times, dates, locations, employees involved, and rules violated. The reprimand should indicate an expected date of improvement or period allowable for improvement.

2) Suspension

In the event of continued and repetitive offenses for which the employee has already received oral or written reprimands, or where the nature of the offense is relatively serious, an employee may be suspended for a specific period of time.

Such suspension shall be without pay and, if for more than one (1) day, shall be issued on a consecutive working day basis. A suspended employee may not be permitted to work on his/her normal day(s) off, nor take paid leave time, nor make up the time by working overtime, in lieu of a payroll loss for the period of suspension. The Okaloosa County Disciplinary Action Form showing the number of days and specific dates of suspension, in order for the appropriate payroll computation to be made, should be sent to Human Resources with an acknowledgement from the employee.

In cases where an investigation may have to be made of the employee's conduct or of the seriousness of the offense, an employee should be placed on indefinite suspension which may later be changed to dismissal depending on the results of the investigation. Such suspension may be with or without pay.

3) Dismissal

For non-remedial lesser offenses, repetition of serious offenses, or on the first occurrence of an extremely serious offense, an employee may be dismissed from county employment. The Okaloosa County Disciplinary Action Form must be sent to the Human Resources Department for the employee's file, to document this action. Prior to any proceedings to dismiss an employee, the department director will contact the Human Resources Director and review that employee's file.

CHAPTER XXI – GRIEVANCE/APPEAL PROCEDURE

Revised and effective – 05-04-2021

Section A – Policy

The County provides a grievance procedure to promote prompt and responsible resolution of issues raised by employees. This procedure may be used freely without fear of retaliation, and the Human Resources Department is available to assist throughout the procedure. The internal process outlined below should be used if an individual disagrees with a supervisor's action including any disciplinary action. If the problem involves prohibited harassment, reference to those policies should be made to initiate a complaint. When unsure which policy applies, contact should be made with a Human Resources HR Representative for assistance.

Section B – Definitions

A "grievance" is defined as a dispute alleging a violation of a policy, rule or procedure contained in the Human Resources Policy Manual.

1) The term "days" as used in this Chapter shall mean working days.

The Grievance Form is the document on which the employee provides the details of the grievance in writing. The form is available on the Human Resources Department page of the Okaloosa County website.

Section C – Eligibility to File a Grievance

Regular full-time and regular part-time employees, excluding department directors, shall be eligible to file a grievance under these provisions. Employees serving in a probationary status are not eligible to file a grievance. Management decisions that are fundamentally subjective in nature, including employee performance appraisals, are not grievable. In the event that there is a conflict regarding whether a dispute is grievable under this policy, the matter shall be resolved by the County Administrator or his/her designee. Employees terminated for cause are not eligible for this internal process.

Section D – Informal Discussion (Immediate Supervisor)

An employee having a grievance should first discuss it on an informal basis with his/her immediate supervisor. If the matter is not resolved by such informal discussion, then the employee has recourse to the grievance procedure, as set forth in this policy. At this time the immediate supervisor should advise the employee(s) of his/her grievance/appeal rights.

Section E – Procedures

Any employee who feels that he/she wishes to file a grievance may contact the Human Resources Department for procedural guidance.

Grievances shall be presented and addressed in the following manner:

Step 1 – Section Level (Non-Director Next level Supervisor/Manager)

- a) An employee having a grievance shall, within five (5) days following the date of the grievable issue, submit to the supervisor a Grievance Form, citing in detail (i) the facts on which the grievance is based, (ii) the provision(s) of the HR Policy Manual allegedly violated, and (iii) the relief requested. Failure to include any of these aspects on the grievance form may result in the grievance being dismissed.
- b) The supervisor and/or department senior manager may have a meeting with the employee to discuss the grievance.
- c) The supervisor and/or senior department manager shall communicate a decision in writing to the employee within five (5) days following receipt of the Grievance Form, with copy to the Director and Human Resources Department.

Step 2 – Department Level (Director)

- a) If the grievance is not resolved at Step 1, and the employee desires additional review, the employee shall submit the original grievance form and the official outcome from step 1 in writing to the department director within five (5) days after receipt of the decision at Step 1.
- b) The department director may have a meeting with the employee to discuss the grievance. The supervisor and/or senior department manager may also be requested to attend this meeting.
- c) The department director shall communicate a decision in writing to the employee within five (5) days following receipt of the written grievance, with copy to the appropriate Deputy County Administrator and the Human Resources Department.
- d) The grieving employee is responsible for ensuring grievances not resolved in steps 1 or 2 are forwarded in the process as outlined in step 3.

Step 3 – County Administrator Level

- a) If the grievance is not resolved at Step 2, and the employee desires additional review, the employee must submit the grievance form along with the official decisions rendered in steps 1 and 2 in writing to Human Resources, within five (5) days after receipt of the decision at Step 2.
- b) The Human Resources Department will coordinate with the County Administrator to appoint a designee to review the grievance. The designee shall review the record to date and the facts of the matter and make a recommendation in writing within 10 days to the County Administrator with feedback from Human Resources. The reviewer may seek various documents, consult with other parties (i.e., HR or legal) and/or meet with involved employees as necessary.
- c) The County Administrator, or designee, will review the factual determination and recommendation of the reviewer and will either sign as concurring with that

recommendation or render another decision, in writing. The decision at this step shall be final. The County Administrator shall provide his/her decision within ten (10) business days from the date HR presents the recommendation for consideration.

Section F – Time Limits

- 1) Failure to initiate a grievance within the time limit in the previous section shall be deemed a waiver of the grievance.
- 2) Failure at any step of this procedure, by the employee, to submit a grievance to the next step within the specified time limit shall be deemed to be acceptance of the decision at that step.
- 3) Failure at any step by the supervisor/department director, of this procedure to communicate the decision of a grievance within the specified time limit shall permit the employee to proceed to the next step.
- 4) The number of days indicated at each step should be considered as a maximum, and every effort should be made to expedite the process. However, the time limits specified in any step of this procedure may be extended, in any specific instance, by mutual agreement.

Section G – General Provisions

- 1) If a grievance arises from the action of an official higher than the supervisor, the grievance may be initiated at Step 2 or 3, as appropriate, by submitting a Grievance Form within the time limit as set forth in Step 1.
- 2) The filing or pendency of any grievance under the provisions of this chapter shall in no way operate to impede, delay, or interfere with the right of the County to take the action regarding the matter complained of, subject to the final disposition of the grievance.
- 3) An employee who resigns from employment shall be deemed to have waived the right to initiate or to process a grievance under the provisions of this chapter.
- 4) Nothing in this chapter shall be construed to prevent or discourage informal discussion between an employee and his/her supervisor(s) on matters of concern to the employee.
- 5) Employees are not entitled to representation during this process.
- 6) Employees working in positions represented by a union are not eligible to utilize this process and should follow the grievance process as outlined in the appropriate collective bargaining agreement.

CHAPTER XXII – SEPARATIONS

All employees separating their employment will personally go to the Human Resources Department to process out. Failure to complete this separation process and return all issued county property will result in the final pay check being held. An employee may be separated from the service of Okaloosa County by any one of the methods as described below.

Section A – Types of Separation from County Service

Separations and/or terminations from positions in the county service shall be designated as one of the following types:

- 1) Resignation;
- 2) Compulsory Resignation;
- 3) Layoff or Reduction in Force;
- 4) Disability;
- 5) Loss of License or Other Requirements;
- 6) Dismissal or Unsatisfactory Service Separation;
- 7) Death;
- 8) Retirement.

Section B – Resignation

To resign in good standing, an employee will give notice in writing to the department director or appointing authority at least 14 calendar days prior to termination date. Department directors must give one (1) months' notice. Normally, failure to comply with this rule shall be entered on the service record of the employee and result in a denial of re-employment rights. However, the department director or appointing authority, with the approval of the Human Resources Director, may exempt from any or all of these penalties an employee who has given less than the required notice, if in their judgment, exceptional circumstances warrant such exemption.

Section C – Compulsory Resignation

An employee who, without valid reason, fails to report to work for three (3) consecutive work days without authorized leave shall be separated from the payroll and reported as a compulsory resignation.

Section D – Reduction in Force (Layoff) Policy

- 1) An employee may be laid off when it becomes necessary by reason of, but not limited to: lack of work, shortage of funds, abolishment of a position, or changes in organizational structure. This action does not reflect discredit upon the service of the

employee. Employees affected by such reductions in force shall receive not less than two (2) weeks written notice of termination of employment, if possible.

The order of such layoffs shall be based on overall performance record, disciplinary record, training and experience, attendance, length of service with the County, and other valid and appropriate criteria. When two (2) employees are relatively equal with respect to these factors, the less senior employee will be laid off.

Laid off regular employees will receive full payment for all accrued annual leave at the employee's current rate of pay, up to the maximum limits prescribed in this policy.

Regular employees with less than 10 years of continuous services with Okaloosa County who are laid off shall receive payment for twenty-five percent (25%) of accrued sick leave, up to a maximum of 240 hours. Regular employees with more than 10 years of continuous service with Okaloosa County who are laid off shall receive payment for accrued sick leave in accordance with the schedule stated in this policy.

Employees who are laid off may apply for internal vacancies for a period equal to one-half ($\frac{1}{2}$) of the employee's service of employment with the County at the time of layoff or one (1) year, whichever is less.

2) Recall

The anniversary date for a laid off employee who is recalled shall be adjusted forward by the number of days that the employee was laid off.

For purposes of annual and sick leave accrual rate, recalled employees shall retain credit for prior service. Recalled employees shall have any accrued annual and sick leave for which the employee did not receive any payment at the time of layoff restored. The employee may have all annual and sick leave restored if the employee repays the full amount of payment received within 60 days following reinstatement.

The employee may be paid at a rate comparable to others in the same job classification with a comparable length of service, if the department budget will permit.

Recalled employees shall be granted first day coverage in health, life and dental insurance.

Section E – Loss of License or Other Job Requirements

Any employee, who is unable to do his/her job adequately because of loss of a necessary license or other requirement, shall be separated by a layoff or placed in a class not requiring same license or requirements.

Section F – Dismissals

Dismissals are involuntary terminations of county employment.

Prior to any proceedings to dismiss an employee, the department director will contact the Human Resources Director and review that employee's human resources file.

Section G – Death

Separation shall be effective as of the last day paid prior to the employee's death or the date of death, if it was paid. All compensation due to the employee as of the effective date of separation shall be paid to the beneficiary, surviving spouse, or to the estate of the employee as determined by law or by executed form in the employee's human resources file.

Section H – Retirement

All full-time and part-time employees are covered by the Florida Retirement System.

A person must have separated their employment with the County (or have a foreseeable separation date) to apply for retirement benefits.

There are several types of retirement and the Human Resources Department has up-to-date information concerning retirement.

CHAPTER XXIII – DRUG-FREE WORKPLACE POLICY

Revised and effective – 07-01-2025

Okaloosa County is committed to maintaining a drug-free workplace. There are three separate policies governing the federally and state defined drug-free workplace programs.

- 1) Section A covers both the federal Drug-Free Workplace Act of 1988 and the 1990 amendments to the Florida Workers' Compensation Law.
- 2) Section B implements the U.S. Department of Transportation's (DOT) Federal Motor Carrier Safety Administration's (FMCSA) regulations for covered employees.
- 3) Section C implements the U.S. Department of Transportation's (DOT) Federal Transit Administration's (FTA) regulations for covered employees.

Some employees are required to follow the procedures in more than one section of this policy, depending on the capacity that they are working in at the time of the event.

Section A – Drug-Free Workplace Policy (Effective September 9, 1997)

1) Statement of Policy

Okaloosa County strives to provide a safe work environment and encourages personal health. In this regard, the County considers the abuse of drugs on the job to be an unsafe, counter-productive work practice. Furthermore, we see substance abuse as a serious threat to our staff and community. With these objectives in mind, the County has established the following policy with regard to the use, possession, and sale of illegal drugs and alcohol at work. Anyone observing a violation of this policy must report it to his or her immediate supervisor and/or Human Resources.

Drug addiction is a complex, yet treatable condition. For this reason, our substance abuse program is targeted at alleviating the problem at the community level by involving both our employees and their families. Our commitment to eradicating substance abuse in the community reflects our firm belief that by building this community, we build our county.

The ultimate goal of this policy is to balance our respect for individual privacy with our need to keep a safe and drug-free environment. Our intention is to prevent and treat substance abuse. We encourage those who use drugs or abuse alcohol to seek help in overcoming their problem.

Any employee found with the presence of illegal drugs and/or alcohol in his/her system, in possession of, using, selling, trading, or offering for sale illegal drugs during working hours, shall be subject to disciplinary action up to and including termination.

Substance abuse includes possession, use, purchase or sale of drugs on county premises (includes all buildings, facilities, grounds, parking lots, vehicles, equipment and other real and personal property under the control of the Okaloosa County Board of County Commissioners). It also includes reporting to work under the influence of alcohol or with illegal drugs in an employee's system.

It is the responsibility of county supervisors to counsel an employee whenever they see changes in performance that suggest an employee may have a drug or alcohol problem. The supervisors should suggest that the employee seek appropriate professional help with the problem.

Any and all information gathered as a result of the drug testing program is confidential and shall not be disclosed except in accordance with procedures allowed under the Federal/State statutes, professional licensing regulations, or county policy.

Prior to testing, employees and job applicants shall be given a written policy statement. The ultimate goal of this policy is to balance our respect for individual privacy with our need to keep a safe and drug free environment within government through fair and reasonable drug testing methods for the protection of public employees and employers. Our intention is to prevent and treat substance abuse.

2) CBD Products

The Agricultural Improvement Act of 2018, Pub. L. 115-334, (Farm Bill) removed hemp from the definition of marijuana under the Controlled Substances Act. Under the Farm Bill, hemp-derived products containing a concentration of up to 0.3% tetrahydrocannabinol (THC) are not controlled substances. THC is the primary psychoactive component of marijuana. Any product, including “Cannabidiol” (CBD) products, with a concentration of more than 0.3% THC remains classified as marijuana, a Schedule I drug under the Controlled Substances Act.

The labeling of many CBD products may be misleading because the products could contain higher levels of THC than what the product label states. The Food and Drug Administration (FDA) does not currently certify the levels of THC in CBD products, so there is no Federal oversight to ensure that the labels are accurate. The FDA has cautioned the public that: “Consumers should beware purchasing and using any [CBD] products.” The FDA has stated: “It is currently illegal to market CBD by adding it to a food or labeling it as a dietary supplement.” Also, the FDA has issued several warning letters to companies because their products contained more CBD than indicated on the product label.

Drug Screens test for marijuana and not CBD. Since the use of CBD products could lead to a positive marijuana drug test result, employees should exercise caution when considering whether to use CBD products.

3) Over the Counter or Prescription Medications

An employee who has been prescribed or issued a drug or who is otherwise taking a non-prescribed drug which could impair their ability to perform their job must immediately notify their supervisor so a determination can be made about whether the employee can safely perform his or her job. Employees may be required to provide evidence of valid prescriptions.

Note: While medical marijuana is legal in the state of Florida, it remains an illegal Schedule I controlled substance under federal law. In compliance with the Drug-Free Workplace Act and County policy, the use of marijuana, including medical marijuana, is

strictly prohibited for all County employees. Employees are not permitted to work under the influence of marijuana, and a positive drug test result for marijuana will result in disciplinary action, up to and including termination. Possession or issuance of a valid medical marijuana card will not be accepted as a valid explanation for a positive drug test result.

4) Requirement to Report Conviction

As a condition of employment, employees must abide by the terms of this policy and must notify the County in writing of any conviction of a violation of a criminal drug statute occurring in the workplace no later than five (5) calendar days after such conviction.

5) Definitions

- a) Drug - alcohol, including distilled spirit, wine, a malt beverage or an intoxicating liquor, a cannabinoid, marijuana (THC metabolite), cocaine, opiates or opioids, amphetamines, phencyclidine (PCP and analogs) hallucinogens, methaqualone, barbiturates, benzodiazepines, a synthetic narcotic, stimulants, club drugs, dissociative drugs, hallucinogens, designer drug or a metabolite of any of the substances listed in this paragraph.
- b) Prescription or nonprescription medication – a drug or medication obtained pursuant to a prescription as defined by s. 893.02 or a medication that is authorized pursuant to federal or state law for general distribution and use without a prescription in the treatment of human diseases, ailments, or injuries.
- c) Job Applicant – Means a person who has been offered a position with the County, conditioned upon meeting the requirements of the Drug Free Workplace Policy.
- d) Detectable Amount – The cut-off levels established by the governing authority for screening and confirmation.
- e) “Safety-Sensitive” or “Mandatory Testing” position – a job assignment which requires the employee to carry a firearm, work closely with an employee who carries a firearm, perform life-threatening procedures, work with heavy or dangerous machinery, work as a safety inspector, work with children, work with detainees in the correctional system, work with confidential information or documents pertaining to criminal investigations, work with controlled substances, or a job assignment which requires an employee security background check, pursuant to s. 110.1127, or a job assignment in which a momentary lapse in attention could result in injury or death to another person.
- f) “Special Risk” position – a position that is required to be filled by a person certified under Chapter 633 Firefighter, or Chapter 943 Law Enforcement and Correctional Officer.
- g) Medical Review Officer (MRO) – a licensed medical physician, employed with or contracted with the County, who has knowledge of substance abuse disorders, laboratory testing procedures, and chain of custody collection procedures; who verifies positive, confirmed test results; and who has the necessary medical training

to interpret and evaluate an employee's positive test result in relation to the employee's medical history, and other relevant biomedical information.

6) Policy and Work Rules

The county policy is to employ a workforce free from the use of illegal drugs either on or off the job and the abuse of alcohol in the workplace. Any employee in violation of this policy is subject to disciplinary action, to include termination, even for the first offense. It is a standard of conduct of the employees of this County that employees shall not use illegal drugs or abuse legal ones. In order to maintain this standard, the County shall establish and maintain the programs and rules set forth in this policy.

a) General Procedures

Employees and applicants will be required to provide a blood, breath, or urine specimen (or any other approved specimen which detects the presence of drug or alcohol) for testing. The County will pay for required drug and alcohol tests. The applicant or employee shall pay costs of non-required tests.

b) Prohibited Conduct

This county policy specifically prohibits employees from possessing, using, consuming, transferring, selling, buying, or attempting to buy, sell or transfer any illegal drug or alcohol while at work or while on county property. Possession includes having the substance on the employee's person, vehicle or other personal property and/or in the employee's body, blood or urine in an amount above the threshold levels established by the Florida Department of Health and Human Services. This prohibition applies while an employee is on county business or at any time between the beginning and the end of the employee's workday, whether on county property or not. Furthermore, the unlawful manufacture, distribution, dispensing, possession or use of a controlled substance is prohibited in the workplace.

Any employee who violates this policy is guilty of misconduct and is subject to discipline including termination or suspension without pay from employment, even for a first offense. Failure to submit to a required medical or physical examination or test is misconduct and is grounds for termination.

c) Refusal to Test

Refusal to submit to testing includes, but is not limited to:

- i) Failure to provide an adequate specimen for testing without valid medical explanation.
- ii) Providing an adulterated or substituted specimen.
- iii) Delaying or failure to appear or remain at the testing facility within a reasonable time after being instructed to do so; and
- iv) Leaving the scene of an accident or failing to remain available for testing after an accident.

A refusal to test will be treated as a positive test result. Applicants who refuse to

test will not be offered employment and employees who refuse to test will be disciplined, up to and including termination. Refusal to take a drug or alcohol test may result in the employee forfeiting his or her eligibility for medical and indemnity benefits under State Workers' Compensation; and is cause for automatic termination of the employee which may also cause denial of Unemployment Compensation.

d) Initial Test

The initial screen for all drugs except alcohol shall use an immunoassay or other scientifically accepted method approved by the Agency for Health Care Administration. For alcohol, the initial test may be the enzyme methodology or other approved method. For alcohol testing, all levels equal to or exceeding .02% shall be considered presumptively positive.

e) Confirmation Test

A positive finding will generate a confirmation test through a scientifically accepted method approved by the Agency for Health Care Administration and the results will be kept confidential. A copy of any positive can be received by the employee by submitting his/her request in writing.

f) Confidentiality

All information, interviews, reports, statements, memoranda, and drug and alcohol test results may not be received in evidence, discovery, or disclosed without a written consent by the donor, except when compelled by a hearing officer or a court of competent jurisdiction, or where otherwise permitted by law.

g) Pre-Employment Drug Screening

Consistent with the county policy opposing drug abuse and our commitment to a safe working environment, we have implemented a pre-employment drug testing policy. Safety-sensitive job applicants shall undergo screening for the presence of illegal drugs as a condition of employment. Safety-sensitive job applicants will be required to voluntarily submit to a urinalysis test at a laboratory chosen by the County after signing a consent and release form. Safety-sensitive job applicants must successfully pass the drug screen urinalysis prior to beginning work.

The County will not discriminate against applicants for employment because of past drug abuse. This Drug-Free Workplace Policy concerns current abuse of drugs that may prevent employees from properly and safely performing their job duties.

All testing will be done by certified laboratories. All test results will be checked by an MRO to assure accuracy. All testing, sample collection, storage, handling and chain of custody will be done in accordance with the Florida Agency on Health Care Administration rules and regulations.

h) Active Employee Drug Testing

i) This County has adopted screening practices to identify employees who use illegal drugs. As a condition of continued employment, no employee shall report

to work, or perform work, with illegal drugs or alcohol in his/her body. Every employee shall submit to drug screening:

- (1) When there is reasonable suspicion to believe that an employee is using or has used illegal drugs;

Circumstances that could indicate a drug problem and considered reasonable suspicion are:

- (a) Observed drug use during work hours on county premises;
 - (b) Observable physical signs;
 - (c) Incoherent mental state;
 - (d) Marked changes in personal behavior that are otherwise unexplainable;
 - (e) Deteriorating work performance that is otherwise unexplainable;
 - (f) Accidents or other actions that provide reasonable cause to believe the employee may be under the influence;
 - (g) Other behavior associated with possible drug use.
- (2) When there is a report of drug use, provided by a reliable and credible source;
 - (3) When there is any mishap or accident involving, caused by, or contributed to by an employee in which injury to a person or persons (requires a physician) occurs;
 - (4) Where damage to property in the amount of \$1,000 or greater has occurred;
 - (5) Upon return from extended absence of six (6) months;
 - (6) As part of a general physical, if required, to ensure fitness for duty.

Our County is a drug-free workplace for the benefit of all employees, customers and the community. State law provides for the possible denial of workers' compensation benefits for employees who are injured while working and subsequently test positive (Florida Rule 38F-9.001 (2) (a)) (W.C. Act 440.102 (5)) and the denial of unemployment compensation. The use of illegal drugs will not be tolerated or subsidized.

i) Testing

All testing will be done at certified laboratories. An MRO will analyze all results. All testing, sample collection, storage, handling, and chain of custody will be done in accordance with appropriate federal and state regulations. All test results will be maintained in a confidential file.

The County will provide an employee [upon request within seven (7) days] a written

report regarding the circumstances that formed the basis for reasonable suspicion. The original and signed report will be maintained in a confidential file.

If a test is not conclusive because of possible tampering or adulteration, a second test will be requested. The second sample collection may be observed. If a test is rejected because of purposeful adulteration, the employee shall be terminated.

Documentation of a positive drug test result will be placed in the employee's confidential file within five (5) working days of notification of the positive test result.

If an employee is tested for reasonable suspicion, documentation of this test, regardless of the test result, will be placed in the employee's confidential file within five (5) working days of receipt of the test results.

All information received in regard to drug testing results will be maintained in separate confidential files and only be used for the purposes of complying with the Drug-Free Workplace Policy.

i) Reasonable Suspicion Testing

Where reasonable suspicion exists that an employee is using or has used drugs in violation of this policy, the employee may not be allowed to work. The employee may be provided safe transportation to a collection facility, and depending on the extent of the observed impairment, accompanied by the supervisor or another employee.

If an employee is tested for reasonable suspicion, documentation will be placed in the employee's confidential file within five working days of the reasonable suspicion test. The County will provide an employee (upon their request) with a written report regarding the circumstances that formed the basis for reasonable suspicion. The original and signed report will be maintained in the confidential human resource records.

ii) Random Drug Testing

All designated safety-sensitive employees will be randomly tested for drugs. Human Resources shall maintain a list of job descriptions classified as safety-sensitive by the County. A computer program or other independent, bias-free method shall be used to select names of employees for random testing.

iii) Unscheduled Drug Testing

All regular safety-sensitive employees shall be tested for drugs at unscheduled intervals.

iv) Extended Absence Drug Testing

Safety-sensitive employees who return to work after an extended absence of six (6) months will be required to take a drug test comparable to the pre-employment screening.

v) Rehabilitative Drug-Testing

Employees who are afforded the opportunity to complete a rehabilitation or employee assistance program and who successfully complete the program will be required to submit to a Return-to-Duty test and Follow-up testing for up to two years following completion of the program. Follow-up testing will be unannounced and on a quarterly, semiannual, or annual basis for up to two years thereafter. Employees not complying with these conditions, or testing positive at any time during or following the rehabilitation or employee assistance program, will be terminated from employment.

vi) Routine Fitness for Duty

The County will require an employee to submit to a drug test if the test is conducted as part of a routinely scheduled fitness for duty medical examination that is required for all members of an employment classification or group.

j) Employee Assistance Program (EAP)

The management of Okaloosa County is aware that many personal or health problems can and do interfere with an employee's ability to perform on the job.

The County offers an EAP for employees and their dependents as part of its employee benefits. The EAP provides confidential assessment, referral, and short-term counseling to the employees whose personal health problems are interfering with their job performance.

The EAP can be accessed by an employee through self-referral or as a referral by a supervisor. Refer to the section on Employee Assistance Program for the complete county EAP policy and procedures.

Human Resources has a list of contacts of the EAP and other mental health facilities available in the area.

k) Grounds for Discipline or Termination

This county policy specifically prohibits employees from possessing, using, consuming, transferring, selling, buying, or attempting to buy, sell or transfer any illegal drug or alcohol while at work or while on county property. Possession includes having the substance on the employee's person, vehicle or other personal property and/or in the employee's body, blood, or urine in an amount above the threshold levels established by the Florida Department of Health and Human Services. This prohibition applies while an employee is on county business or at any time between the beginning and the end of the employee's workday, whether on county property or not. Any employee who violates this policy is guilty of misconduct and is subject to discipline including termination or suspension without pay from employment, even for a first offense.

Failure to submit to a required medical or physical examination or test is misconduct and is grounds for termination. The County will use the Federal Department of Transportation guidelines to determine a refusal to test in the case of shy bladder or

shy lung. In the case of shy bladder or shy lung, the employee will have seven (7) working days to secure documentation from a physician establishing the physical condition. In the case of psychological cause, the diagnosis must have been made prior to the test. Diagnosis such as typical anxiety is not acceptable.

An employee who purposely tampers with or alters a specimen is guilty of misconduct and is subject to discipline including termination or suspension without pay from employment, even for a first offense.

Employees tested for reasonable suspicion may be suspended without pay or placed in non-safety-sensitive jobs pending the results of the required test and/or investigation. An employee with a negative result will be reinstated (if suspended) with full back pay and/or return to previous duties. A positive test will result in immediate action up to, and including, termination of employment.

l) Responsibilities of the Employee

- i) As a condition of employment, employees must abide by the terms of this policy and must notify the County in writing of any conviction of a violation of a criminal drug statute occurring in the workplace no later than five (5) calendar days after such a conviction.
- ii) The employee must notify his/her supervisor of any drug or medication that may affect or impair his/her judgment or job performance or safety.
- iii) The employee or job applicant must notify the laboratory of any administrative or civil action planned as a result of a positive test within five (5) working days from receipt of notification.

The employee has the right to contest the result of a positive drug test, in writing, within five (5) working days of being notified in writing of the positive test result. The employee has a right to a copy of the test result, upon request, and to have the sample taken to a certified lab to be re-tested at the employee's expense.

m) Rights of the Employee/Job Applicant

- i) An employee or job applicant who receives a positive confirmed drug test may contest or explain in writing the result to the MRO within five (5) working days of receipt of the written test results.
- ii) The employee or job applicant has the right to consult the MRO for technical information regarding the effects of prescription medication on the drug test.
- iii) An employee or job applicant may, by written request, have his/her specimen re-tested at the laboratory of their choice, at their expense.
- iv) The employee can request, in writing, within seven (7) days a written report regarding the circumstances that formed the basis for their reasonable suspicion testing.

n) Drugs that May be Tested For

The County may test for any or all of the following (they are listed by chemical name and brand or common name):

| | |
|-----------------|------------------------------------------------------------------------------------------------------------------------------|
| Alcohol | (booze, drink) |

7) Conclusion

The county Drug-Free Workplace Policy is not intended to be abusive or discriminatory nor to come into conflict with any public policy. This County considers drug testing to be only one of several steps to achieve a safe, healthy, and productive atmosphere for its employees. This policy is available for inspection by the job applicant or employees during regular business hours. This policy supersedes any information provided to applicants and/or employees either written or oral and reserves the right to change the provisions of this policy and testing program at any time in the future without prior notice and does not constitute a contract for employment.

Effective – 01-01-2025

1) Statement of Policy

Okaloosa County has a firm commitment to provide employees with a safe and drug/alcohol-free work environment. In order to accomplish this goal, and comply with Federal Motor Carrier Safety Administration (FMCSA) Drug and Alcohol Testing Regulations (49 C.F.R. Part 40 and 382), all employees (and applicants for employment) that perform duties covered by DOT/FMCSA regulations are covered by these policies and procedures IN ADDITION TO all other County policies and procedures related to alcohol and drug use. Individuals performing the following duties or in the following positions are covered by these regulations and this policy summary.

Individuals are covered by these policies and procedures at any time when there is any possibility that they may be required to perform any duties for the County which are covered by DOT/FMCSA regulations. This means all provisions of this policy apply, including those requiring no use of alcohol in any form within 4 hours of performing any such duties, depending upon the applicable DOT/FMCSA prohibition based upon the individual's duties.

All DOT/FMCSA alcohol and drug testing performed on individuals will be in accordance with required DOT/FMCSA procedures. These include the use of special testing forms, trained personnel, and special processes and handling to ensure the integrity and accuracy of the testing process. Information related to testing will be treated as confidential except as required to comply with DOT/FMCSA requirements, safeguard the safety of personnel and the public, or as otherwise legally required.

DOT/FMCSA drug testing includes taking urine and/or oral fluid samples which are sent to Federally certified testing laboratories to test for the presence of amphetamines, marijuana, cocaine, opioids, and phencyclidine (PCP). Positive test results will be reviewed by a qualified physician a Medical Review Officer (MRO), to determine if the individual has a legitimate medical explanation for a positive test result.

- p) Refuse to submit (to an alcohol or controlled substances test)

A driver:

- i) Fails to appear for any test (except a pre-employment test)
 - ii) Fails to remain at the testing site until the testing process is complete.
 - iii) Fails to provide adequate breath for testing without a valid medical explanation after he or she has received notice of the requirement for breath testing in accordance with federal regulations, or
 - iv) Fails to provide adequate urine or oral fluid for controlled substances testing without a valid medical explanation after he or she has received notice of the requirement of drug testing in accordance with Federal regulations, or
 - v) Engages in conduct that clearly obstructs the testing process.
- q) Saliva Alcohol Test (initial test only) – in alcohol testing: the Screening Test Technician may use the saliva ASD in the initial test, if positive, the confirmation must be a breath alcohol test.
- r) Screening Test (initial test):

- i) In alcohol testing: a procedure to determine if an employee has a prohibited concentration of alcohol in his or her system by a saliva ASD or a breath test.
- ii) In drug testing: an immunoassay screen to eliminate "negative" urine specimens from further consideration.
- s) Substance Abuse – refers to patterns of use that result in health consequences or impairment in social, psychological, and occupational functioning.

4) Prohibitions

The Department of Transportation (DOT) defines the restrictions for the use of both alcohol and controlled substances.

a) Alcohol Use

- i) Since alcohol is a legal substance, the prohibitions for its use are closely tied to the performance of FMCSA safety-sensitive functions. The DOT/FMCSA regulations prohibit a driver from reporting for duty or remaining on duty requiring the performance of FMCSA safety-sensitive functions while having an alcohol concentration of 0.04 or greater. No employer having knowledge that a driver has an alcohol concentration of 0.04 or greater shall permit the driver to perform or continue to perform FMCSA safety-sensitive functions.
- ii) An employee with an alcohol concentration of 0.02 or greater but less than 0.04, must be removed from performing FMCSA safety-sensitive functions for an employer, including driving a commercial motor vehicle, nor shall an employer permit the driver to perform or continue to perform FMCSA safety-sensitive functions, until the start of the driver's next regularly scheduled duty period, but not less than 24 hours following administration of the test. The employer is prohibited from taking additional action under FMCSA authority against an employee based solely on the employee's behavior and appearance. The County may have, however, additional policies under the County's own authority.

iii) Prohibitions for Alcohol

- (1) An employee may not report to duty or stay on FMCSA safety-sensitive duty
 - (a) with an alcohol concentration of 0.02 or greater,
 - (b) while in possession of alcohol

- (c) if using alcohol; or
- (d) within four (4) hours of using alcohol.

- (2) An employee may not perform an FMCSA safety-sensitive function who has a concentration of 0.04 or greater for any DOT/FMCSA employer until an evaluation by an SAP and has completed the recommended treatment.
- (3) An employee who has had an accident may not use alcohol until post-accident testing is done or for a period of eight (8) hours, whichever comes first. Employees cannot refuse to submit to alcohol testing. The County reserves the right to take disciplinary action against any employee who refuses to be tested.

b) Drug Use

The FMCSA prohibits the use of controlled substances by covered employees. Employees who use drugs are considered medically unqualified to perform FMCSA safety sensitive functions. Anyone observing a violation of this policy must report it to his or her immediate supervisor.

i) Prohibitions for drugs, controlled substances:

- (1) Employees may not report for duty or stay on FMCSA safety-sensitive duty while using any controlled substance. The exception to this prohibition is if a physician has prescribed the substance and has advised the employee that it does not interfere with the performance of FMCSA safety-sensitive duties.
- (2) Employees may not report for duty or stay on FMCSA safety-sensitive duty if they have tested positive for a controlled substance.
- (3) The County reserves the right to require employees to report the use of any therapeutic drugs. Also, the County reserves the right to remove employees from FMCSA safety-sensitive duties until a physician's opinion can justify safe resumption of FMCSA safety-sensitive functions.

c) Consequences

An employee who has violated any of the prohibitions concerning alcohol misuse with a concentration of 0.04 or greater or a positive drug test, including a refusal to be tested, will be removed from any FMCSA safety-sensitive function and will not be allowed to return to a FMCSA safety-sensitive function with the County until an evaluation by a Substance Abuse Professional (SAP) has been done and any recommended treatment has been completed. The County reserves the right to take disciplinary action against an employee who violates these alcohol/drug prohibitions. The employee shall not be disciplined until a positive test result is communicated to the County. However, if the employee's conduct in connection with the substance/alcohol abuse amounts to conduct for which the County may otherwise discipline the employee, the County may take action prior to knowing a positive test result. If the employee fails to complete the program, or fails to or cannot be rehabilitated, they may be terminated from their employment with the County.

An employee found to have an alcohol concentration of 0.02, but less than 0.04, will not be allowed to return to an FMCSA safety-sensitive position for 24 hours.

d) Drug and Alcohol Clearinghouse

The Clearinghouse is a secure online database that gives employers, FMCSA, State Driver Licensing Agencies, and State law enforcement personnel real-time information about CDL driver drug and alcohol program violations.

i) Pre-employment Query

ii) Requirement: Employers must query the Clearinghouse before employing a driver for FMCSA safety-sensitive functions to check for any violations related to controlled substances and alcohol testing.

iii) Details the query should reveal:

(1) Verified positive, adulterated, or substituted drug test results.

(2) Alcohol tests with a concentration of 0.04 or higher.

(3) Refusal to submit to a test.

(4) Knowledge of on-duty, pre-duty, post-accident alcohol use, or controlled substance use.

iv) Process: A full query requires the driver's specific consent, releasing detailed information to the employer.

e) Annual Query

i) Requirement: Employers must query the Clearinghouse annually for all drivers subject to testing.

ii) Details:

(1) A limited query can be used with the driver's consent, indicating if information exists without revealing specifics.

(2) If a limited query shows information, a full query must be conducted within 24 hours, or the driver must cease FMCSA safety-sensitive functions until cleared.

f) Notification and Recordkeeping

i) Employer Notification: FMCSA will notify employers if any violations are reported within 30 days following a query.

ii) Prohibition: Employers must not employ or allow a driver to perform FMCSA safety-sensitive functions if the Clearinghouse shows unresolved violations unless the driver has completed the required return-to-duty process.

- iii) Recordkeeping: Employers must retain query records and responses for three years.
- g) Driver Consent and Access
- i) Consent: Employers must obtain written or electronic consent from drivers before querying the Clearinghouse. The driver must provide consent through the Clearinghouse for full queries.
 - ii) Driver Notification: Drivers will be notified by FMCSA of any entry, revision, removal, or release of information concerning them in the Clearinghouse.
 - iii) Access: Drivers can review their information in the Clearinghouse after registering.
- h) Reporting Requirements
- i) MRO Reporting: Medical Review Officers must report drug violations, including verified positives and refusals.
 - ii) Employer Reporting:
 - (1) Controlled Substances: Refusals not requiring MRO determination, actual knowledge of drug use, and negative return-to-duty test results.
 - (2) Alcohol: Tests with 0.04 concentration or higher, refusals, actual knowledge of use, and negative return-to-duty test results.

For more detailed information, refer to <https://clearinghouse.fmcsa.dot.gov/Learn>

i) Required Testing

The Federal Motor Carrier Safety Administration (FMCSA) requires drug and alcohol testing for commercial driver's license (CDL) holders. There are five situations in which testing can be done to determine the presence of alcohol and/or drugs. Here is a brief description of each:

i) Pre-employment Testing

Pre-employment testing for drugs is required:

- (1) Before a new hire is permitted to perform any FMCSA safety-sensitive function.
- (2) When a person transfers into an FMCSA safety-sensitive function from elsewhere in the County that is non-safety-sensitive.
- (3) If a driver is removed from a random testing pool for more than 30 days, he must again be pre-employment tested.
- (4) Pre-employment testing for alcohol is permitted only if it applies to all CDL drivers.

ii) Post-accident Testing

Post-accident drug and alcohol testing is required:

- (1) Following an accident where there is a fatality.
- (2) A driver receives a citation and there is bodily injury requiring medical treatment away from the scene.
- (3) A driver receives a citation, and a vehicle is towed away from the scene.

NOTE: Post-accident alcohol testing should be done within two (2) hours of the accident. If it cannot be done within eight (8) hours, it should not be done.

NOTE: Employees must submit to post-accident drug testing within 32 hours.

iii) Random Testing

Unannounced random testing of the County employees engaged in FMCSA safety-sensitive functions will be done each year. Drivers, who are randomly selected from a pool, must be tested just before, during or immediately after performing an FMCSA safety-sensitive function. Random testing is done on a percentage basis:

- (1) Ten percent (10%) of the Random Pool must be tested for alcohol annually.
- (2) Fifty percent (50%) of the Random Pool must be randomly tested for controlled substances annually.

iv) Reasonable Suspicion

Drug and/or alcohol testing can be performed if a County management official or supervisor has reasonable suspicion to believe that a covered employee's behavior or appearance may indicate drug or alcohol use.

The determination to test for reasonable suspicion must be based on:

- (1) The observation of a trained supervisor or County official who has received the training required by the alcohol and drug ruling (supervisor training).
- (2) Specific, clearly stated observations concerning the appearance, behavior, speech or body odors of the driver.
- (3) Observations made just before, during or just after the performance of FMCSA safety-sensitive functions.

v) Return-to-duty and Follow-up Testing

A driver who violates this policy and/or federal requirements for continuing to perform FMCSA safety-sensitive functions. The employer must order direct

observation for Return-to-duty collections.

The following test results are required:

- (1) An alcohol concentration of less than 0.02
- (2) A verified negative controlled substances test

The employer must order direct observation for Follow-Up collections when the driver does return to a FMCSA safety-sensitive function. The federal rules and this policy call for a minimum of six (6) unannounced tests during the first year back in a FMCSA safety-sensitive position and can extend up to five years as recommended by the Substance Abuse Professional.

j) Refusal to Test

- i) A refusal to be tested for alcohol or controlled substances constitutes a violation, and the County reserves the right to take additional disciplinary action against an employee who refuses to be tested. Employees who are directed by the County or a supervisor to report to an approved collection facility, for a drug/alcohol test under the conditions noted as "Required Testing" and who refuse to submit, or who fails to appear within a reasonable time as determined by the County, are considered a "no show" and will be deemed a positive drug screen.

5) Alcohol Testing Procedures and Employee Safeguards

a) Breath Alcohol Technician (BAT)

- i) A "breath alcohol technician" is an individual who instructs and assists individuals in the alcohol testing process and operates an "evidentiary breath testing" device (EBT). The BAT is required to be properly trained, as follows:
- ii) Proficiency shall be demonstrated by successful completion of a course of instruction that, at a minimum, provides training in the principals of EBT methodology, operation, and calibration checks; the fundamentals of breath analysis for alcohol content; and the procedures required in this part for obtaining a breath sample, and interpreting and recording EBT results.
- iii) Only courses of instruction for operation of EBT's that are equivalent to the Department of Transportation (DOT) model course, as determined by the National Highway Traffic Safety Administration (NHTSA), may be used to train BATs to proficiency.
- iv) The course of instruction shall provide documentation that the BAT has demonstrated competence in the operation of the specific EBT(s) he/she will use.
- v) Any BAT who will perform an external calibration check of an EBT shall be trained to proficiency in conducting the check on the particular model of EBT.

- vi) The BAT shall receive additional training, as needed, to ensure proficiency, concerning new or additional devices or changes in technology that he/she will use.
- vii) Okaloosa County will establish documentation of the training and proficiency test of each BAT it uses to test County employees.
- viii) A BAT-qualified supervisor of an employee may conduct the alcohol test for that employee only if another BAT is unavailable.
- ix) A supervisor or management official, who makes a "reasonable suspicion" determination as to a DOT/FMCSA covered employee, shall not test that employee.

b) Evidential Breath Testing (EBT) Device

- i) EBT's used to perform alcohol tests on the County employees are approved by the National Highway Traffic Safety Administration (NHTSA) and are placed on the "Conforming Products list of Evidential Breath Measurement Devices" (CPL).
- ii) An EBT used for a screening test of a County employee will be capable of printing out results and numbering each result sequentially. A logbook may also be kept.
- iii) The EBT used will have a Quality Assurance Plan (QAP) developed by the manufacturer and approved by NHTSA. Okaloosa County will remove from service any EBT that fails a calibration check as set forth in the QAP.

c) Breath Alcohol Testing Form/Logbook

A federally approved alcohol testing form will be used to ensure the integrity of the test result, properly identify the employee with the test result, and serve as a documented record of the testing event.

The logbook, if used, will become additional documentation of the testing event by providing a sequential test number, date, name of BAT, location of test, quantified test result and initials of the employee for each test.

d) Preparation for Testing

Alcohol testing will be conducted in a location that affords, to the greatest extent practicable, visual and aural privacy to the County employee being tested.

The employee is required to show positive identification (picture I.D.) to the BAT and may request the BAT to also show positive identification. Employees who have no I.D. on their person shall have their identity confirmed by their supervisor.

The BAT must supervise only one (1) employee's use of the EBT at a time and must not leave the testing site while the test is in progress.

e) Screening Test Procedure

After the employee has been positively identified, the alcohol screening test procedure will be conducted using any federally approved method. With breath alcohol testing:

- i) The employee will provide the STT or BAT with identifying information and employer information to be entered onto the Breath or Saliva Alcohol Testing Form. The employee will be asked to certify, by signature, that the information provided is correct. A refusal by an employee to sign the certification will be regarded as a refusal to take the test.
- ii) An individually sealed mouthpiece will be opened in view of the employee and attached to the EBT or ASD.
- iii) The BAT will instruct the employee to blow forcefully into the mouthpiece for at least six (6) seconds or until the EBT indicates that an adequate amount of breath has been obtained.
- iv) After showing the employee the quantitative alcohol concentration results printed out by the EBT or ASD, the BAT will enter the results, test number, testing device, serial number of the EBT, time, and date on the proper section of the Breath or Saliva Alcohol Testing Form. The BAT may also record the test number, date, name of BAT, location, and quantified test result in the logbook. The employee will then initial the logbook.
- v) Depending on the result, the following procedures apply:
 - (1) Depending on whether the result is less than 0.02 or greater, the following procedures will be done:
 - (a) If the result is less than 0.02, the BAT or STT will date the form and sign the certification to the effect that all procedures were followed as required by DOT/FMCSA regulations. No further testing is required. The BAT will transmit the result of less than 0.02 to the County designated official in a confidential manner, and the County official will receive and store the information and ensure that confidentiality is maintained. The employee will receive a copy of the alcohol form.

NOTE: Failure of the employee to sign the alcohol test form or initial the logbook after a test has been conducted will be noted by the BAT in the remarks section of the alcohol form.

NOTE: If a test result printed by the EBT does not match the displayed result, the BAT shall note the disparity in the remarks section, both BAT and employee will initial the remarks. The test result will be considered invalid, and the employee and the County will be notified.

- (b) If the result is 0.02 or greater, a confirmation test will be performed. If the confirmation test is performed by a different BAT, the BAT who conducted the screening test will complete and sign the form and logbook entry. The BAT will give the employee a copy of the alcohol form.

f) Confirmation Testing Procedures

If a different BAT is conducting the confirmation test, the new BAT will require positive identification of the employee, explain the testing procedure, and initiate a new Breath Alcohol Testing Form, requiring a repetition of information and certification by signature. In addition, the following instructions must be followed:

- i) The BAT will instruct the employee not to eat, drink, or put any object or substance in his/her mouth and, to the extent possible, not belch, for at least 15 minutes. The BAT will explain that the reason for these instructions is to ensure against an artificially high reading. The BAT will note in the "Remarks" section of the form any non-compliance with instructions.
- ii) The confirmation test will be conducted between 15 and 20 minutes after the completion of the screening test.
- iii) A new mouthpiece will be opened and used for the confirmation test.
- iv) Before the confirmation test is administered for each employee, the BAT will ensure that the EBT registers 0.00 on an air blank. If the reading is greater than 0.00, after two (2) attempts, that EBT will not be used for testing.
- v) Any EBT taken out of service because of failure to register 0.00 on an air blank will not be returned to service until an external calibration is conducted and the EBT is, once again, to be found within tolerance limits.
- vi) In the event that the screening and confirmation test results are not identical, the confirmation test result is to be deemed to be the final result upon which any action will be taken in compliance with federal rules or County authority.
- vii) The BAT will affix the confirmation test printout to the Breath Alcohol Test Form using tamper-evident tape.
- viii) Following completion of the test, the BAT will date and sign the form. The employee will also sign the certification statement at the designated place.
- ix) The refusal of the employee to sign the alcohol form will not defeat the test result, but will be noted by the BAT in the "Remarks" section.
- x) Disparity between the displayed result and the printed result will be "noted," signed by employee and BAT, and will be considered an invalid test.
- xi) The BAT will transmit all results to Okaloosa County in a confidential manner. The BAT will ensure immediate transmission to Okaloosa County of results that require Okaloosa County to prevent an employee from performing a FMCSA safety-sensitive function.
- xii) Okaloosa County will designate one or more representatives for the purpose of receiving and handling alcohol testing results in a confidential manner. All communications by BATs to Okaloosa County concerning the alcohol testing results of employees will be to a designated Okaloosa County representative.

k) Employee Test Information

The County will maintain employee test information records in a secure manner, so that disclosure of information to unauthorized persons does not occur. Employee test information will only be released as required by law or as expressly authorized. The release of employee test information is allowed in the following instances:

- i) An employee will have access to any of his/her alcohol testing records upon written request.
- ii) The County will allow any DOT-authorized agency access to facilities and records in connection with the County alcohol misuse prevention program,
- iii) When requested, the County will disclose post-accident testing information to the National Transportation Safety Board (NTSB) as part of an accident investigation.
- iv) The County may disclose information to the employee or to a decision-maker in a lawsuit, grievance, or other proceeding initiated by or on behalf of the employee.
- v) The County will release information regarding an employee's alcohol testing records as directed by the specific, written consent of the employee authorizing release of the information to an identified person.

l) Drug Testing Procedures and Employee Safeguards

i) Chain of Custody

The Okaloosa County employee drug testing program will utilize a clear and well-documented procedure for collection, shipment and accession of urine specimens from the specimen collection site to the laboratory. For this purpose, a standard drug testing Custody and Control Form will be used.

ii) Definition of Chain of Custody

Federal regulations define chain of custody as “procedures to account for the integrity of each urine specimen by tracking its handling and storage from point of specimen collection to final disposition of the specimen.”

iii) The Custody and Control Form

The drug testing Custody and Control Form is used to document the chain of custody to the laboratory. These forms are multiple-part carbonless forms to allow for copies to be retained by the laboratory, to be shared by the MRO, the employee, and the Okaloosa County designated representatives. These forms will be maintained as a permanent record on which all necessary identifying data and the collection process are retained.

iv) Preparation for Testing

In addition to using a custody and control form, other safeguard procedures, in preparation of testing, include:

- (1) Use of clean, single use collection container
- (2) Use of a tamper-evident system
- (3) Shipping Container designed to adequately protect the specimen bottles from shipment damage in the transport of specimens from the collection site to the laboratory.
- (4) Written procedures and instructions for collection site person.

m) Written Procedures

Employees shall give either a blood sample, breath sample, saliva sample and/or a urine sample at a hospital, clinic, approved collection facility, or accredited testing laboratory, as designated by the County.

The written procedures for the collection site person emphasize that the collection site person is responsible for maintaining the integrity of the specimen collection and transfer process.

Unless it is impractical for any other individual to perform this function, a direct supervisor of an employee will not serve as the collection site person for testing purposes.

In any case, where a collection is monitored or directly observed, the collection site person will be of the same gender as the employee/donor.

n) Specimen Collection Security Procedures

The collection site will be in a secure location, closed to allow for maximum privacy. Security procedures require restricted access to collection materials and specimens. No unauthorized individuals will be permitted access to the collection site. No one other than the collection site person may handle specimens prior to their being placed securely in the mailing container.

To minimize the chance of error, the collection site person will collect only one specimen at any given time. The collection procedure for each specimen is completed when the specimen has been sealed and initialed, the custody and control form has been executed, and the employee has departed the collection site.

o) Laboratory Analysis

In compliance with the DOT/FMCSA drug testing regulations, Okaloosa County will only authorize laboratories certified by the Department of Health and Human Services (DHHS) to be used for the analysis of urine specimens for the Okaloosa County drug-testing program.

Certified laboratories, utilized by Okaloosa County, will take security measures to ensure accurate identification of each specimen. Internal Custody and Control Forms will be used at all times to track each specimen from the time it is received to the time it is destroyed.

Research Triangle Park, NC 27701

NOTE: See Appendix A for more information on initial screening and confirmation testing.

p) Reporting of Results

The certified laboratory, chosen by the County to analyze specimens of covered employees, will report the test results directly to the County designated Medical Review Officer (MRO). Both positive and negative results will be reported in a secure and confidential manner, and never verbally.

The report, as certified by the responsible laboratory individual, will indicate the drug/metabolites tested for, whether the results are positive or negative, the specimen number signed by the County and the drug testing laboratory identification number.

The laboratory will also transmit to the MRO the certified copy of the chain of custody and control form and will identify the individual at the laboratory responsible for the day-to-day management of the laboratory process.

As the Medical Review Officer (MRO), it's imperative to maintain confidentiality when reporting results. Verified positive tests, immediate collection orders, adulterated or substituted specimens, and refusals to test must be reported to the Designated Employer Representative (DER) on the same day or the next business day of verification. Direct telephone contact with the DER is preferred, followed by appropriate documentation. You must ensure proper identification when contacting the DER and provide a comprehensive report containing all necessary information. Transmission of MRO reports to the DER must occur within two days of verification, using fax, courier, mail, or electronic means, with security measures in place to protect data integrity. These reports cannot be modified by anyone other than the MRO.

q) Review of Results/MRO

The MRO, designated by Okaloosa County to review drug test results, will be a fully licensed physician and possess knowledge of drug abuse disorders. It is the primary responsibility of the MRO to review and interpret positive results obtained from the laboratory. The MRO will assess and determine whether alternate medical explanations could account for the positive test results.

To accomplish this task, the MRO may conduct medical interviews of the individual, review the individual's medical history and review any other relevant bio-medical

factors. Additionally, the MRO will examine all medical records and data made available by the tested individual, such as evidence of prescribed medications. The MRO will not consider any drug test results that arise from collection or analysis that do not comport with regulations.

The MRO will give the individual testing positive an opportunity to discuss the test results prior to making a final decision. After the final decision is made, the MRO will notify Okaloosa County.

r) Testing of Split Sample

The MRO will notify each employee who has a confirmed positive test that the employee has 72 hours in which to request a test of the split specimen. If the employee makes such a request, the MRO will direct, in writing, the laboratory to provide the split specimen to another certified laboratory for analysis. If the analysis of the split specimen fails to reconfirm the presence of the drug(s) or metabolite(s) found in the primary specimen, or if the split specimen is unavailable, inadequate for testing or unsuitable, the MRO will cancel the test and report cancellation and the reason for it to the DOT/FMCSA, Okaloosa County, and the employee.

s) MRO Unable to Contact Employee

If Okaloosa County's' designated MRO, after making and documenting all reasonable efforts is unable to contact a tested employee, the MRO will contact a designated management official of the County to arrange for the individual to contact the MRO prior to going on duty. The MRO may verify a positive test without having communicated with the employee about the results of the test if:

- i) The employee expressly declines the opportunity to discuss the results of the test, or
 - ii) If the DER has successfully made and documented a contact with the employee and instructed the employee to contact the MRO and more than 72 hours have passed since the time the DER contacted the employee.
 - iii) If neither the MRO nor the DER, after making and documenting all reasonable efforts, has been able to contact the employee within ten (10) days of the date on which you received the test result from the laboratory.
- DOT tests take precedence over non-DOT tests and must be completed before any non-DOT testing begins. After a DOT urine drug test, any leftover urine must be discarded, and a separate sample collected for non-DOT testing.
 - Only tests explicitly authorized by DOT regulations are permitted on DOT specimens. Additional drug testing or DNA testing on DOT specimens is prohibited.
 - During a DOT urine drug test conducted as part of a DOT-required physical examination, medical tests related to the examination may be performed on remaining specimens after the DOT portion is sealed.

- Non-DOT drug or alcohol tests conducted as part of a physical examination to assess medical qualification for a license or certificate are not considered DOT tests and do not fall under DOT regulations.
- Results of non-DOT tests cannot override or invalidate DOT test results. Employers must not disregard a positive DOT test based on negative non-DOT results or DNA test results questioning specimen identity.
- The DOT Custody and Control Form (CCF) and Alcohol Testing Form (ATF) must not be used for non-DOT testing, and vice versa. Employers must always use the appropriate form for DOT-mandated tests.
- DOT drug or alcohol tests cannot be conducted on individuals who are not considered DOT-regulated employees according to DOT regulations.

6) Referral, Evaluation, and Treatment

The DOT drug testing rules, following the Omnibus Act of 1991, require employees to be provided with an opportunity for alcohol and/or drug abuse treatment. The rules, however, do not require that the employer pay for rehabilitation or hold a job open for an employee who violates a DOT drug and alcohol regulation. The County will provide a listing of SAPs readily available to the employee with names, addresses, and telephone numbers.

a) Specifically, the alcohol and drug ruling require:

- i) That the employee who violates alcohol or drug prohibitions be advised of the resources available to evaluate and resolve the problem.
- ii) That the employee be evaluated by a substance abuse professional (SAP) to determine what assistance is necessary.
- iii) That before returning to FMCSA safety-sensitive duties an employee must:
 - (1) if assistance was recommended, the employee must be follow-up evaluated by a Substance Abuse Professional (SAP) to determine if treatment recommendations were followed.
 - (2) produce a return-to-duty alcohol test of 0.02 alcohol concentration or less if violation was alcohol related; and/or produce a verified negative return-to-duty drug test if the violation was drug related.
 - (3) be subject to a minimum of six (6) unannounced follow-up tests within the first year back to work.

NOTE: Follow-up testing can be required for up to five (5) years after return to work.

b) Employee Test Information

Okaloosa County will maintain records relating to employee test information, and related to violations of this policy, in a secure manner, so that disclosure of

information to unauthorized persons does not occur. Employee test information will only be released as required by law or as expressly authorized by the employee.

The release of employee test information is allowed in the following instances:

- i) An employee will have access to any of his/her alcohol testing records upon written request;
- ii) Okaloosa County will allow any DOT-authorized agency access to facilities and records in connection with the alcohol misuse prevention program;
- iii) When requested, Okaloosa County will disclose post-accident testing information to the National Transportation Safety Board (NTSB) as part of an accident investigation;
- iv) Okaloosa County may disclose information to the employee or to a decision-maker in a lawsuit, grievance, or other proceeding initiated by or on behalf of the employee arising from the results of an alcohol/drug test pursuant to this policy, or from the county's determination that the employee engaged in prohibited conduct.

Okaloosa County will release information regarding an employee's alcohol testing records as directed by the specific, written consent of the employee authorizing release of the information to an identified person. All DOT results will be released to prospective employer(s) upon request.

- c) DOT Drug and Alcohol Policy Addendum – Commercial Driver's License Drug and Alcohol Clearinghouse.

Beginning January 6, 2020, a repository created by the FMCSA will collect information on drivers' DOT drug and alcohol violations occurring under the County's FMCSA DOT testing program.

- i) The County must report DOT/FMCSA drug and alcohol testing program violations to the Clearinghouse. Motor carriers, medical review officers, third-party administrators (TPA/Consortiums), and substance abuse professionals (SAPs) must provide information when a driver:
 - ii) Tests positive for drugs or alcohol;
 - iii) Refuses required drug and or alcohol testing;
 - iii) Undergoes the return to duty drug and alcohol rehabilitation process.

- d) The following records will be collected and maintained in the Clearinghouse:
- i) A verified positive adulterated or substituted drug test result;
 - ii) An alcohol confirmation test with a concentration of 0.04 or higher;
 - iii) A refusal to submit to any test;
 - iv) An employer's report of actual knowledge, as defined, including:
 - (1) On duty alcohol use;
 - (2) Pre-duty alcohol use;
 - (3) Alcohol use following an accident;
 - (4) Control substances use.
 - v) A substance abuse professional report of the successful completion of the return-to-duty process;
 - vi) An employer's report of completion of the follow-up testing.

FMCSA requires motor carrier employers to:

- (1) Query the system for information on drivers and applicants;
- (2) Search the database annually for current employees.

Before the County may gain access to the information in the Clearinghouse, the driver must grant consent. Failure to provide consent will prevent the County from using the CDL driver in a FMCSA safety-sensitive function.

Civil Penalties for an employer, employee, medical review officer, or service agent who violates the regulations implementing the Drug and Alcohol Clearinghouse will cost \$5,833 for a single DOT violation.

Section C – Substance and Alcohol Misuse Policy DOT FTA – For Employees
Performing Maintenance on Revenue Service Vehicles or
Equipment

Effective – 01-01-2025

1) Statement of Policy

This policy complies with 49 CFR Part 655, as amended and 49 CFR Part 40, as amended. Copies of Parts 655 and 40 are available in the drug and alcohol program manager's office and can be found on the internet at the Federal Transit Administration (FTA) Drug and Alcohol Program website <http://transit-safety.fta.dot.gov/DrugAndAlcohol/>.

All covered employees are required to submit to drug and alcohol tests as a condition of

employment in accordance with 49 CFR Part 655.

Portions of this policy are not FTA-mandated but reflect Okaloosa County's policy. These additional provisions are identified by bold text.

In addition, DOT has published 49 CFR Part 32, implementing the Drug-Free Workplace Act of 1988, which requires the establishment of drug-free workplace policies and the reporting of certain drug-related offenses to the FTA.

All Okaloosa County employees are subject to the provisions of the Drug-Free Workplace Act of 1988.

The unlawful manufacture, distribution, dispensation, possession or use of a controlled substance is prohibited in the covered workplace. An employee who is convicted of any criminal drug statute for a violation occurring in the workplace shall notify the County no later than five days after such conviction.

2) Employee Applicability

This policy applies to every person, including an applicant or transferee, who performs or will perform a "safety-sensitive function" as defined in Part 655, section 655.4.

You are a covered employee if you perform any of the following:

- i) Operating a revenue service vehicle, in or out of revenue service
 - ii) Operating a non-revenue vehicle requiring a commercial driver's license
 - iii) Controlling movement or dispatch of a revenue service vehicle
 - iv) Maintaining (including repairs, overhaul and rebuilding) of a revenue service vehicle or equipment used in revenue service.
 - v) Carrying a firearm for security purposes
- a) The County positions classified as FTA safety-sensitive include:
- i) Equipment Technician;
 - ii) Certified Equipment Technician;
 - iii) Master Equipment Technician;
 - iv) Lead Equipment Technician;
 - v) Transit Shop Foreman;
 - vi) Shop Supervisor;

3) Prohibited Behavior

Use of illegal drugs is prohibited at all times. Prohibited drugs include:

- i) Marijuana (THC)
- ii) Cocaine
- iii) Phencyclidine (PCP)
- iv) Opioids
- v) Amphetamines

All covered employees are prohibited from performing or continuing to perform FTA safety-sensitive functions while having an alcohol concentration of 0.04 or greater.

All covered employees are prohibited from consuming alcohol while performing FTA safety-sensitive job functions or while on-call to perform FTA safety-sensitive job functions. If an on-call employee has consumed alcohol, they must acknowledge the use of alcohol at the time that they are called to report for duty. If the on-call employee claims the ability to perform his or her FTA safety-sensitive function, he or she must take an alcohol test with a result of less than 0.02 prior to performance.

All covered employees are prohibited from consuming alcohol within four (4) hours prior to the performance of FTA safety-sensitive job functions.

All covered employees required to take a post-accident test are prohibited from consuming alcohol for eight (8) hours following involvement in an accident or until he or she submits to the post-accident drug and alcohol test, whichever occurs first.

4) Consequences for Violations

Following a positive drug or alcohol (BAC at or above 0.04) test result or test refusal, the employee will be immediately removed from FTA safety-sensitive duty and provided with contact information for Substance Abuse Professionals (SAPs).

Following a BAC of 0.02 or greater, but less than 0.04, the employee will be immediately removed from FTA safety-sensitive duties until the start of their next regularly scheduled duty period (but for not less than eight hours) unless a retest results in the employee's alcohol concentration being less than 0.02.

5) Treatment/Discipline

Per Okaloosa County policy, any employee who tests positive for drugs or alcohol (BAC at or above 0.04) or refuses to test will result in termination of employment.

6) Pre-employment Drug and Alcohol Background Checks

In accordance with 49 CFR Part 40.25, the County must make and document good faith efforts to perform drug and alcohol background checks for all applicants applying for an FTA safety-sensitive position and all current employees applying for transfer into an FTA safety-sensitive position. Testing information will be requested from each of the applicant's previous FTA covered employers during the two (2) years prior to the date of application. The County must obtain the applicant's written consent for the release of their drug and alcohol testing information from their previous FTA covered employers to the County. Applicants refusing to provide written consent are prohibited from performing FTA safety-sensitive functions for the County.

FTA Safety-sensitive applicants who have previously violated the USDOT testing program must provide documentation that they have successfully completed the USDOT's Return-to-Duty process with a DOT-qualified Substance Abuse Professional (SAP). Failure to provide satisfactory documentation will exclude the applicant from being hired or transferred into an FTA safety-sensitive position with the County.

7) Circumstances for Testing

a) Pre-Employment Testing

A negative pre-employment drug test result is required before an employee can first perform FTA safety-sensitive functions. If a pre-employment test is cancelled, the individual will be required to undergo another test and successfully pass with a verified negative result before performing FTA safety-sensitive functions.

If a covered employee has not performed an FTA safety-sensitive function for 90 or more consecutive calendar days and has not been in the random testing pool during that time, the employee must take and pass a pre-employment test before he or she can return to an FTA safety-sensitive function.

A covered employee or applicant who has previously failed or refused a DOT/FTA drug and/or alcohol test must provide proof of having successfully completed a referral, evaluation, and treatment plan meeting DOT requirements.

b) Random Testing

Random drug and alcohol tests are unannounced and unpredictable, and the dates for administering random tests are spread reasonably throughout the calendar year. Random testing will be conducted at all times of the day when FTA safety-sensitive functions are performed.

Testing rates will meet or exceed the minimum annual percentage rate set each year by the FTA administrator. The current year testing rates can be viewed online at www.transportation.gov/odapc/random-testing-rates.

The selection of employees for random drug and alcohol testing will be made by a scientifically valid method, such as a random number table or a computer-based random number generator. Under the selection process used, each covered employee will have an equal chance of being tested each time selections are made.

A covered employee may only be randomly tested for alcohol misuse while the employee is performing FTA safety-sensitive functions, just before the employee is to perform FTA safety-sensitive functions, or just after the employee has ceased performing such functions. A covered employee may be randomly tested for prohibited drug use anytime while on duty.

Each covered employee who is notified of selection for random drug or random alcohol testing must immediately proceed to the designated testing site.

c) Reasonable Suspicion Testing

All covered employees shall be subject to a drug and/or alcohol test when Okaloosa County has reasonable suspicion to believe that the covered employee has used a prohibited drug and/or engaged in alcohol misuse. A reasonable suspicion referral for testing will be made by a trained supervisor or other trained County official on the basis of specific, contemporaneous, articulable observations concerning the appearance, behavior, speech, or body odors of the covered employee.

Covered employees may be subject to reasonable suspicion drug testing any time while on duty. Covered employees may be subject to reasonable suspicion alcohol testing while the employee is performing FTA safety-sensitive functions, just before the employee is to perform FTA safety-sensitive functions, or just after the employee has ceased performing such functions.

d) Post-Accident Testing

Covered employees shall be subject to post-accident drug and alcohol testing under the following circumstances:

i) Fatal Accidents

As soon as practicable following an accident involving the loss of a human life, drug and alcohol tests will be conducted on each surviving covered employee operating the public transportation vehicle at the time of the accident. In addition, any other covered employee whose performance could have contributed to the accident, as determined by Okaloosa County using the best information available at the time of the decision, will be tested.

ii) Non-fatal Accidents

As soon as practicable following an accident not involving the loss of a human life, drug and alcohol tests will be conducted on each covered employee operating the public transportation vehicle at the time of the accident if at least one of the following conditions is met:

- (1) The accident results in injuries requiring immediate medical treatment away from the scene, unless the covered employee can be completely discounted as a contributing factor to the accident.

- (2) One or more vehicles incurs disabling damage and must be towed away from the scene, unless the covered employee can be completely discounted as a contributing factor to the accident.
- (3) The vehicle is a rail car, trolley car or bus, or vessel, and is removed from operation, unless the covered employee can be completely discounted as a contributing factor to the accident.

In addition, any other covered employee whose performance could have contributed to the accident, as determined by Okaloosa County using the best information available at the time of the decision, will be tested.

A covered employee subject to post-accident testing must remain readily available, or it is considered a refusal to test. Nothing in this section shall be construed to require the delay of necessary medical attention for the injured following an accident or to prohibit a covered employee from leaving the scene of an accident for the period necessary to obtain assistance in responding to the accident or to obtain necessary emergency medical care.

8) Testing Procedures

All FTA drug and alcohol testing will be conducted in accordance with 49 CFR Part 40, as amended.

a) Dilute Urine Specimen

If there is a negative dilute test result, Okaloosa County will accept the test result and there will be no retest, unless the creatinine concentration of a negative dilute specimen was greater than or equal to 2 mg/dL, but less than or equal to 5 mg/dL.

Dilute negative results with a creatinine level greater than or equal to 2 mg/dL but less than or equal to 5 mg/dL require an immediate recollection under direct observation (see 49 CFR Part 40, section 40.67).

b) Split Specimen Test

In the event of a verified positive test result, or a verified adulterated or substituted result, the employee can request that the split specimen be tested at a second laboratory. Okaloosa County guarantees that the split specimen test will be conducted in a timely fashion. The County may seek reimbursement for the cost of the split specimen test.

9) Refusal to Test

As a covered employee, you have refused to test if you:

- a) Fail to appear for any test (except a pre-employment test) within a reasonable time, as determined by Okaloosa County.

- b) Fail to remain at the testing site until the testing process is complete. An employee who leaves the testing site before the testing process commences for a pre-employment test has not refused to test.
- c) Fail to provide a specimen for a drug or alcohol test. An employee who does not provide a specimen because he or she has left the testing site before the testing process commenced for a pre-employment test has not refused to test.
- d) In the case of a directly observed or monitored urine drug collection, fail to permit monitoring or observation of your provision of a specimen.
- e) Fail to provide a sufficient specimen for a drug or alcohol test without a valid medical explanation.
- f) Fail or decline to take a second drug test as directed by the collector or Okaloosa County.
- g) Fail to undergo a medical evaluation as required by the MRO or Okaloosa County's Designated Employer Representative (DER).
- h) Fail to cooperate with any part of the testing process.
- i) Fail to follow an observer's instructions to raise and lower clothing and turn around during a directly observed urine drug test.
- j) Possess or wear a prosthetic or other device used to tamper with the collection process.
- k) Admit to the adulteration or substitution of a specimen to the collector or MRO.
- l) Refuse to sign the certification at Step 2 of the Alcohol Testing Form (ATF).
- m) Fail to remain readily available following an accident.

As a covered employee, if the MRO reports that you have a verified adulterated or substituted test result, you have refused to take a drug test.

As a covered employee, if you refuse to take a drug and/or alcohol test, you incur the same consequences as testing positive and will be immediately removed from performing FTA safety-sensitive functions and provided with contact information for SAPs.

10) Reporting of Results

The certified laboratory, chosen by the County to analyze specimens of covered employees, will report the test results directly to the County designated Medical Review Officer (MRO). Both positive and negative results will be reported in a secure and confidential manner, and never verbally.

The report, as certified by the responsible laboratory individual, will indicate the drug/metabolites tested for, whether the results are positive or negative, the specimen number signed by the County and the drug testing laboratory identification number.

The laboratory will also transmit to the MRO the certified copy of the chain of custody and control form and will identify the individual at the laboratory responsible for the day-to-day management of the laboratory process.

As the Medical Review Officer (MRO), it's imperative to maintain confidentiality when reporting results. Verified positive tests, immediate collection orders, adulterated or substituted specimens, and refusals to test must be reported to the Designated Employer Representative (DER) on the same day or the next business day of verification. Direct telephone contact with the DER is preferred, followed by appropriate documentation. You must ensure proper identification when contacting the DER and provide a comprehensive report containing all necessary information. Transmission of MRO reports to the DER must occur within two days of verification, using fax, courier, mail, or electronic means, with security measures in place to protect data integrity. These reports cannot be modified by anyone other than the MRO.

11) Role of the Medical Review Officer (MRO)

The role of the MRO is to review and verify laboratory confirmed test results obtained through a DOT-covered employer's testing program. When a non-negative drug test result is received, the MRO will communicate with the donor (employee) to determine if a legitimate medical explanation exists. When a legally prescribed medication has produced a non-negative result, the MRO will verify the prescription and report the result as "negative" to the County. Medical conditions and other information obtained by the MRO during the interview with the donor will be maintained in a confidential manner. However, if the MRO believes that a medication prescribed to the donor may pose a significant safety risk, the MRO will require the donor to contact his/her prescribing physician and request that the physician contact the MRO within five (5) business days. The MRO and prescribing physician will consult to determine if the employee's medication use presents a significant safety risk. The County will be notified by the MRO when the outcome of the consultation results in a determination that the donor's medication use presents a significant safety risk. If the employee's prescribing physician fails to respond, the safety concern will be reported to the County. Based on the MRO recommendation, the County may deem the employee medically disqualified from performing FTA safety-sensitive functions. The MRO assigned to review and verify laboratory drug test results for the County is:

12) Voluntary Self-Referral

Any employee who has a drug and/or alcohol abuse problem and has not been notified of the requirement to submit to reasonable suspicion, random or post-accident testing or has not refused a drug or alcohol test may voluntarily refer her or himself to a supervisor or to Human Resources, who will refer the individual to a substance abuse counselor for evaluation and treatment.

The substance abuse counselor will evaluate the employee and make a specific recommendation regarding the appropriate treatment. Employees are encouraged to voluntarily seek professional substance abuse assistance before any substance use or dependence affects job performance.

Any FTA safety-sensitive employee who admits to a drug and/or alcohol problem will immediately be removed from his/her FTA safety-sensitive function and will not be allowed to perform such function until successful completion of a prescribed rehabilitation program.

13) Prescription Drug Use

The appropriate use of legally prescribed drugs and non-prescription medications is not prohibited. However, the use of any substance which carries a warning label that indicates that mental functioning, motor skills, or judgment may be adversely affected must be reported to your supervisor and the Human Resource Division. Medical advice should be sought, as appropriate, while taking such medication and before performing FTA safety-sensitive duties.

APPENDIX A

Every specimen is required to undergo an initial screen followed by confirmation of all positive screen results. This screen-confirmation process utilizes highly sophisticated techniques to detect minute levels of prohibited substances in urine.

Federal drug testing rules require the use of immunoassay in the initial screening process. The following table shows the initial cutoff levels that are to be used by the laboratory when screening specimens to determine whether they are negative.

Urine Testing Cutoff Concentrations

As a laboratory, you must use the cutoff concentrations displayed in the following table for initial and confirmatory drug tests. All cutoff concentrations are expressed in nanograms per milliliter (ng/mL). The table follows:

| Initial test analyte | Initial test cutoff¹ | Confirmatory test analyte | Confirmatory test cutoff concentration |
|-------------------------------------------|----------------------------------------|----------------------------------|-----------------------------------------------|
| Marijuana metabolites (THCA) ² | 50 ng/mL ³ | THCA | 15 ng/mL. |
| Cocaine metabolite (Benzoylecgonine) | 150 ng/mL ³ | Benzoylecgonine | 100 ng/mL. |
| Codeine/ Morphine | 2000 ng/mL | Codeine Morphine | 2000 ng/mL. 2000 ng/mL. |
| Hydrocodone/ Hydromorphone | 300 ng/mL | Hydrocodone Hydromorphone | 100 ng/mL. 100 ng/mL. |
| Oxycodone/ Oxymorphone | 100 ng/mL | Oxycodone Oxymorphone | 100 ng/mL. 100 ng/mL. |
| 6-Acetylmorphine | 10 ng/mL | 6-Acetylmorphine | 10 ng/mL. |
| Phencyclidine | 25 ng/mL | Phencyclidine | 25 ng/mL. |
| Amphetamine/ Methamphetamine | 500 ng/mL | Amphetamine Methamphetamine | 250 ng/mL. 250 ng/mL. |
| MDMA ⁴ /MDA ⁵ | 500 ng/mL | MDMA MDA | 250 ng/mL. 250 ng/mL. |

¹For grouped analytes (i.e., two or more analytes that are in the same drug class and have the same initial test cutoff):

Immunoassay: The test must be calibrated with one analyte from the group identified as the target analyte. The cross-reactivity of the immunoassay to the other analyte(s) within the group must be 80 percent or greater; if not, separate immunoassays must be used for the analytes within the group.

Alternate technology: Either one analyte or all analytes from the group must be used for calibration, depending on the technology. At least one analyte within the group must have a concentration equal to or greater than the initial test cutoff or, alternatively, the sum of the analytes present (i.e., equal to or greater than the laboratory's validated limit of quantification) must be equal to or greater than the initial test cutoff.

²An immunoassay must be calibrated with the target analyte, Δ -9-tetrahydrocannabinol-9-carboxylic acid (THCA).

³Alternate technology (THCA and Benzoylecgonine): When using an alternate technology initial test for the specific target analytes of THCA and Benzoylecgonine, the laboratory must use the same cutoff for the initial and confirmatory tests (i.e., 15 ng/mL for THCA and 100ng/mL for Benzoylecgonine).

⁴Methylenedioxyamphetamine (MDMA).

⁵Methylenedioxyamphetamine (MDA).

(b) On an initial drug test, you must report a result below the cutoff concentration as negative. If the result is at or above the cutoff concentration, you must conduct a confirmation test.

(c) On a confirmation drug test, you must report a result below the cutoff concentration as negative and a result at or above the cutoff concentration as confirmed positive.

(d) You must report quantitative values for morphine or codeine at 15,000 ng/mL or above. [65 FR 79526, Dec. 19, 2000, as amended at 75 FR 49862, August 16, 2010; 77 FR 26473, May 4, 2012; 82 FR 52244, November 13, 2017]

Oral Fluid Testing Cutoff Concentrations

As a laboratory, you must use the cutoff concentrations displayed in the following table for initial and confirmatory drug tests for oral fluid specimens. All cutoff concentrations are expressed in nanograms per milliliter (ng/mL). The table follows:

| INITIAL TEST ANALYTE | INITIAL TEST CUTOFF ¹ | CONFIRMATORY TEST ANALYTE | CONFIRMATORY TEST CUTOFF CONCENTRATION |
|-------------------------------------|----------------------------------|--------------------------------|----------------------------------------|
| Marijuana (THC) ² | 4 ng/mL ³ | THC | 2 ng/mL. |
| Cocaine/Benzoylecgonine | 15 ng/mL | Cocaine Benzoylecgonine | 8 ng/mL. 8 ng/mL. |
| Codeine/Morphine | 30 ng/mL | Codeine Morphine | 15 ng/mL. 15 ng/mL. |
| Hydrocodone/Hydromorphone | 30 ng/mL | Hydrocodone Hydromorphone | 15 ng/mL. 15 ng/mL. |
| Oxycodone/Oxymorphone | 30 ng/mL | Oxycodone Oxymorphone | 15 ng/mL. 15 ng/mL. |
| 6-Acetylmorphine | 4 ng/mL ³ | 6-Acetylmorphine | 2 ng/mL. |
| Phencyclidine | 10 ng/mL | Phencyclidine | 10 ng/mL. |
| Amphetamine/Methamphetamine | 50 ng/mL | Amphetamine Methamphetamine | 25 ng/mL. 25 ng/mL. |
| MDMA ⁴ /MDA ⁵ | 50 ng/mL | MDMA MDA | 25 ng/mL. 25 ng/mL. |

¹ For grouped analytes (i.e., two or more analytes that are in the same drug class and have the same initial test cutoff):

Immunoassay: The test must be calibrated with one analyte from the group identified as the target analyte. The cross reactivity of the immunoassay to the other analyte(s) within the group must be 80 percent or greater; if not, separate immunoassays must be used for the analytes within the group.

Alternate technology: Either one analyte or all analytes from the group must be used for calibration, depending on the technology. At least one analyte within the group must have a concentration equal to or greater than the initial test cutoff or, alternatively, the sum of the analytes present (*i.e.*, with concentrations equal to or greater than the laboratory's validated limit of quantification) must be equal to or greater than the initial test cutoff.

² An immunoassay must be calibrated with the target analyte.

³ *Alternate technology (THC and 6-AM):* The confirmatory test cutoff must be used for an alternate technology initial test that is specific for the target analyte (*i.e.*, 2 ng/mL for THC, 2 ng/mL for 6-AM).

⁴ Methylenedioxymethamphetamine (MDMA).

⁵ Methylenedioxyamphetamine (MDA).

Procedures for the Release of Alcohol and Controlled Substances Test Information by Previous Employer:

The County must obtain from any previous employer of a FTA covered employee any information concerning the employee's participation in a controlled substances and alcohol testing program.

The County must obtain and review the information listed below from any employer for which the employee performed FTA safety-sensitive functions in the previous two (2) years for covered employees. The information obtained must include:

- 1) Information on the employee's alcohol test in which a breath alcohol concentration of 0.04 or greater was indicated.
- 2) Information on the employee's-controlled substances test in which a positive result was indicated.
- 3) Any refusal to submit to a required alcohol or controlled substances test.

If the employee stops performing FTA safety-sensitive functions for the County before the expiration of the 14-day period or before the County has obtained the information listed above, the County must still obtain the information.

The County must provide to each of the FTA covered employee's previous employers a written authorization from the employee for release of the required information. The release of this information may take the form of personal interviews, telephone interviews, letters, or any other method which ensures confidentiality. The County must maintain a written, confidential record with respect to each past employer contacted.

The County may not use a FTA covered employee to perform FTA safety-sensitive functions if the County obtains information indicating the employee has tested positive for controlled substances, tested at or above 0.04 breath alcohol concentration, or refused to test, unless the County has evidence the employee has been evaluated by and complied with the recommendations of a Substance Abuse Professional and passed a return-to-duty test.

CHAPTER XXIV – HEALTH CRISIS MANAGEMENT POLICY

Effective – 05-04-2021

Section A – Pandemic Disease/Virus

1) Policy

The purpose of this policy is to provide employees with sufficient understanding of their employment related duties and responsibilities when a pandemic disease/virus has been determined. To minimize the effect of any disease outbreak, disease control measures may be ordered to include a broad array of actions: isolation and quarantine orders and social distancing measures are likely to be used.

The Okaloosa County Health Department Director will recommend activation and deactivation of contingency plans to County officials, and the County Administrator will determine when the provisions of this pandemic disease/virus policy become effective and end. During periods of pandemic disease/virus, the County Administrator shall have authority to vary from established policies and procedures to the extent necessary to carry on efficient operations of the county to include approving and authorizing separate pandemic and infectious disease policies related to departments with unique characteristics to be required to provide enhanced protective measures for the public and employees.

2) Staffing During a Pandemic

In the event of a pandemic disease/virus, staffing and backfill of existing positions will be of primary concern in order to provide essential services and other services to the public. In order to adequately meet the staffing needs, the following may occur:

- a) Approved leave may be rescinded.
- b) Employees may be required to work from home, may be assigned special duty, or be assigned to other work units, locations or shifts with minimal notice.

3) Leave and Pay During a Pandemic Disease/Virus

- a) Pandemic diseases/viruses are serious because most or all people would not have immunity and a large number of persons can be affected. In order to prevent the spread of disease/virus, the following measures will be taken:
 - i) Any employee with designated symptoms during a pandemic disease/virus epidemic will be required to stay at home to prevent the spread of disease/virus.
 - ii) Any employee who reports to work with designated symptoms during a pandemic disease/virus will be sent home upon approval of the department director or designee.

- iii) Administrative leave is not an entitlement but may be granted if a department is forced to close due to a pandemic disease/virus and those employees cannot be redeployed to another location. Administrative leave may also be considered for those employees forced to isolate or quarantine either due to exhibiting symptoms, potential exposure, or as a result of guidance issued from a healthcare professional in order to provide for the safety of the workforce and stop potential spread of the disease/virus. The decision to grant such leave and the length of the leave will be handled on a case-by-case basis as requested by the Department Director where the employee is assigned and as approved by the County Administrator or designee.
- b) A pandemic would not be a short, sharp event leading immediately to commencement of a recovery phase. Instead, a pandemic will be a weeks-long to months-long event, and there could be more than one wave of infections during a pandemic period. For these reasons, the emergency leave and pay procedures outlined in the Pay for Work During Emergencies or Disasters section of the Compensation Plan Chapter of this policy do not apply.
- c) To the extent possible, compensation provisions will not be suspended but may be streamlined in order to administer payroll in a timely manner. Employees are to ensure the appropriate pay codes are used in order to allow for proper documenting of time as applicable.
- d) In the event of day care and/or school closures:
 - i) Employees should have a family care succession plan in place and make every effort to come to work; however, in the event the employee cannot report to work, leave must be taken for time off in accordance with the Attendance and Leave Chapter.
 - ii) Employees will not be allowed to bring their children to work.
 - iii) Sick leave may not be used by healthy parents taking care of healthy children.

The purpose of the Information Technology Department is to provide and maintain an organized, shared information infrastructure that enables our County to share data, services and reduce duplication of effort. The management of technology and data in a coherent, organized county-wide effort is necessary to ensure limited money, resources, and time are wisely allocated and efficiently utilized to provide effective, efficient government in Okaloosa County.

A centralized Information Technology Department ensures users the maximum benefit of technology without having to acquire the expertise to setup, configure and maintain networks, operating systems, application software and databases. Therefore, employees are allowed to use computer equipment to do their jobs in the most efficient manner possible.

Section B – Scope and Applicability

All County employees, contract employees, contingent workers, volunteers, interns and vendors using County computer equipment shall use the equipment for authorized business purposes and in accordance with this policy. This policy does not cover the use of office automation equipment such as calculators, typewriters, radios or televisions unless these devices are attached to County computer equipment or the County network. All employees using computer equipment are required to read and comply with this policy. By using any item of computer equipment, County employees consent to all provisions of this policy.

Section C – Policy

The Information Technology Department is responsible for directing the management of all technology and data for the County. This policy defines the responsibilities of Information Technology Department personnel and of authorized users. Just as Information Technology Department personnel are not required to perform authorized users' jobs, authorized users are not required to perform Information Technology Department personnel jobs. Therefore, all employees can use computer equipment to do their jobs in the most efficient manner possible.

The Okaloosa County Board of County Commissioners' networks will be protected by one (1) or more firewalls which are controlled exclusively by the Information Technology Director. There will be no access to the County networks except through these firewalls without the expressed, written approval of the Information Technology Director. Conversely, there will be no access from within the County networks to resources outside the networks except through these firewalls or with the expressed, written approval of the Information Technology Director. The objective is to ensure that the Information Technology Department controls all access that exists either into or out of the network and to ensure that the Information Technology Department has the opportunity to enact acceptable

solutions that are consistent with security objectives of the County. Any network equipment utilized on County's networks must be configured by Information Technology Department personnel. County employees will not access another network, (e.g., Public Patron Internet or wireless networks) with County equipment or on County time.

Computer equipment, networks and data must be protected from internal sources as well as external sources. It is the responsibility of the Information Technology Director and each department director to ensure that each individual is given the access to the computer equipment and data that he/she needs to do his/her job. Department director approval is required, with the documented need for "at home" or off-site use. A current list of equipment at employees' residences must be kept by the respective department directors and submitted to the Information Technology Director. Conversely, it is the Information Technology Director and each department director's responsibility to allow employees access to only the computer equipment, networks and data that he/she needs to do his/her job. Therefore, only authorized computer equipment and peripherals purchased and/or supported by the County and approved by the Information Technology Department will be allowed to connect to County networks. For example, but not limited to, no Universal Serial Bus (USB) thumb drives, portable drives, cameras, video, telephones or wireless devices of any type are to be purchased or connected by any means without the Information Technology Department's approval. County users with "Aircards" or access to other wireless devices of this type (including when traveling) must be used for official County business only. Non-County devices must follow the guidelines and procedures established by the Information Technology Department.

It is the policy of the County that the use of the Internet by County employees is permitted and encouraged where such use is suitable for business purposes and supports the goals and objectives of the County and its departments. Employee access to the Internet must be with a browser installed by the Information Technology Department. The Internet is to be used in a manner that is consistent with the normal execution of an employee's job responsibilities. Computer networks designed for public use, such as wireless, the Library Cooperative, Conference Center and Airport patron Internets, are not for County employees' use on County time. Internet traffic must pass through firewall and filtering software. Exceptions are made for County employees travel with prior approval from the Information Technology Department.

Section E – Text Messaging

All Okaloosa County electronic business communication should be completed primarily through County e-mail. Due to the County's obligation to comply with Florida's Public Records law and its technology limitations, County employees may only communicate by text message when the message being sent and/or received is considered transitory in nature and has no archival value as defined by the Department of State, Division of Archives, Bureau of Records Management.

"Transitory" refers to short-term value based upon the content and purpose of the message, not the format or technology used to transmit it. Examples of transitory messages include, but are not limited to, reminders to employees about scheduled meetings or appointments; most telephone messages (whether in paper, voice mail, or other electronic form); announcements of office events such as holiday parties or group lunches; and recipient copies of announcements of agency-sponsored events such as exhibits, lectures, workshops, etc. Transitory messages are not intended to formalize or perpetuate knowledge and do not set policy, establish guidelines or procedures, certify a transaction, or become a receipt.

Using a wireless communication device to text while driving presents an unsafe condition and employees shall not compose, read or send text or e-mail messages while driving.

Furthermore, County employees should have no reasonable expectation of privacy when texting from a County issued wireless device.

Section F – Use of Equipment

Telephones, cellular phones, voicemail systems, fax machines, and computers, including electronic mail systems (e-mail) and Internet are provided for county business use and personal use of these devices is generally prohibited except as expressly authorized. (See “Personal Use Defined” below).

Inappropriate messages and information include, but are not limited to, those that are for personal benefit and those involving discriminatory, hostile, suggestive, obscene, or otherwise unsuitable language and content.

Violations of this policy will be considered grounds for disciplinary action, up to and including dismissal of employment. Employees are prohibited from e-mailing the entire County directory. Only the County Administrator and approved personnel may e-mail the entire Okaloosa County directory.

Section G – Monitoring

Communications through county devices is subject to monitoring by the county for business purposes.

Section H – Personal Use Defined

Employees are required to obtain their department directors’ permission before they engage in personal use of any communications equipment. In addition, employees must reimburse the County for any cost of personal use upon department receipt of itemized billing.

In an effort to reduce staff time in reconciling monthly itemized cell phone bills to identify personal calls, employees may authorize a bi-weekly payroll deduction amount determined by the County Administrator to cover personal calls. The bi-weekly deduction will continue until such time the employee and department initiates an action to discontinue personal use.

Section I – Public Records

Information generated on e-mail and by computer is a public record subject to public inspection and is not confidential, unless specifically cited by statute. Users are responsible for assuring that any public records that are confidential by statute are safeguarded in a manner consistent with the practices normally provided for public records in a paper format.

To ensure full compliance with the Public Records Law, Chapter 119 Florida Statutes, and the governing public’s right to access public records, all employees and elected officials with current or existing County e-mail accounts are required to use County e-mail accounts for all County business. No other e-mail accounts may be used to conduct County business. As it is for all documents, requirements for retention of e-mail are determined by content. It is each department's responsibility to evaluate e-mail for content to determine the length of time and how the message must be retained, just as it does with paper documentation. Methods of retaining e-mail documents include saving messages to files on floppy disk, hard drive, or printing messages and filing in a paper file. The Information Technology Department is available to advise users in the specifics of different methods. Retention schedules must be followed in accordance with the State Library and Archives of Florida.
