CHAPTER I - HUMAN RESOURCES RULES

Section A – Adoption

By action of the Board, the Human Resources Policy Manual was adopted and became effective October 1, 1975.

Section B – Purpose

- 1) The purpose of this manual is to set forth policies and guidelines relative to employee benefits and procedures under the Board. It provides employees with sufficient understanding of their privileges and benefits as well as their duties and responsibilities.

This policy manual has been created and adopted by the Board of County Commissioners in an effort to provide managers, supervisors and employees with a clear understanding of the human resources policies and procedures of the County. This policy manual is not intended to create any type of contract between the employee and the County, nor is it intended to endow any employee with a property interest in his/her employment or any aspect thereof.

- 2) Unless stated otherwise, benefit provisions contained herein do not apply to part-time, temporary, probationary or emergency relief employees.
- 3) Rules and individual department policies not in conflict with this manual are not affected and are valid.
- 4) In order to modify any portion of this Human Resources Policy Manual, the Board must approve the revision.
- 5) These policies are adopted to provide for the recruitment and development of the best available employee for each position in Okaloosa County. They provide for establishing orderly procedures for administering the human resources system in such a way as to be consistent with the following merit principles:
 - a) Recruiting, selecting and advancing employees on the basis of their relative ability, knowledge and skills including open competition of qualified applicants for initial appointments;
 - b) Establishing pay rates consistent with the principles of equal pay for equal work;
 - c) Training employees, as needed, to assure high quality performance;
 - d) Retaining employees on the basis of the adequacy of their performance, correcting inadequate performance and separating employees whose inadequate performance cannot be corrected;

- e) Assuring fair treatment of applicants and employees in all aspects of human resources administration without regard to actual or perceived race, color, national origin or ancestry, religion, sex, disability, sexual orientation, gender identity, political affiliation, marital status, age or genetic information and with proper regard for their privacy and constitutional rights;
- f) Establishing procedures for the presentation and adjustment of employee grievances;
- g) Okaloosa County has traditionally operated without a union and has done so with pride. We feel the working environment at Okaloosa County is good. County philosophy includes goals of maintaining a climate of excellent employee relations showing respect for the rights and dignity of employees, as well as striving for employee satisfaction through fair compensation, comprehensive benefits and job security. We try to treat all employees fairly and as individuals. From time to time there have been, and perhaps will be again some problems, but we have always been able to solve them, without the intervention of an “outside union.”

Today’s society places enough pressures and burdens on employees and employers alike without the possible complication that history shows sometimes comes when outsiders enter the relationship between a county and its employees. You as an individual are important to Okaloosa County. We believe a union cannot solve any problems that you and the County working together cannot solve ourselves. We urge you to speak for yourself directly to us. You do not have to pay union dues to have our attention.

In our opinion, unionization often brings about the loss of many employee rights and is a stumbling block to those employees who show initiative and want to get ahead. Further, we believe unionization often hinders operational flexibility so important and necessary to a healthy and amicable working environment. We hope that you share our view and that you will work with us in the achievement of our goal for you and the people of Okaloosa County.

Section C - Interpretation

These policies are intended to cover most human resources problems and actions that will arise. Those not specifically covered shall be interpreted by the Human Resources Director with the advice of the County Administrator. Such interpretations shall be in keeping with the intent of these policies.

Section D – Saving Clause

CHAPTER III – AMERICANS WITH DISABILITIES ACT STATEMENT, PROHIBITED HARASSMENT POLICY AND AFFIRMATIVE ACTION FOR EQUAL OPPORTUNITY PLAN

Revised and effective 05-18-2021

Section A – Americans With Disabilities Act Statement

It is the intent of Okaloosa County to comply with the mandates of the Americans with Disabilities Act as amended in 2008. In that regard, qualified individuals with disabilities are encouraged to apply for positions and the County will reasonably accommodate such individuals. In circumstances where a disabled individual is the most qualified for a position, with or without a reasonable accommodation, that individual will be selected. It is primarily the responsibility of the disabled applicants and employees to call to the County's attention any need for a reasonable accommodation in testing or with respect to the position the individual seeks or holds.

Employees who believe they have not been afforded their rights under the Americans with Disabilities Act as amended in 2008 may file a complaint by contacting the EEO Officer or Human Resources Director, by following the procedure outlined in the Complaint Resolution Procedure chapter below.

Section B – Prohibited Harassment Policy

1) Overall Statement

Okaloosa County is committed to providing its employees with a workplace free of unlawful harassment. The County maintains a strict policy prohibiting discrimination or harassment on the basis of actual or perceived race, national origin, color, religion, sex, physical or mental disability, sexual orientation, gender identity, genetic information, age, marital status, political affiliation, or protected activity.

This prohibition applies to all employees, vendors, and customers of the County. No county employee is expected to tolerate any conduct prohibited by this policy from anyone while at work or engaged in County business. The County does not consider conduct in violation of this policy to be within the course and scope of employment and does not sanction such conduct on the part of any employee, including supervisory and management employees.

2) Prohibition Against Harassment

As mentioned in the overall statement above, the County prohibits discrimination or harassment on the basis of actual or perceived race, national origin, color, religion, sex, physical or mental disability, sexual orientation, gender identity, genetic information, age, marital status, political affiliation, or protected activity. Such prohibited harassment includes, but is not limited to, the following examples of offensive conduct:

- a) Physical conduct such as assault, unwanted touching, or blocking normal movement;
- b) Retaliation for making or threatening to make harassment reports to the County, or for participating in an investigation into harassment allegations;
- c) Verbal conduct such as threats, epithets, derogatory comments, or slurs;

- d) Visual conduct such as derogatory posters, photographs, cartoons, drawings, or gestures;
- e) Written communications containing statements that may be offensive to individuals in a particular protected group, such as racial or ethnic stereotypes or caricatures.

If you feel that you or any of your fellow employees have experienced unlawful harassment on the job, please file a complaint by contacting the EEO Officer, Human Resources Director or any suitable member of management. Use the Complaint Resolution Policy and Procedure.

3) Prohibition Against Sexual Harassment

Okaloosa County is opposed to and will not tolerate sexual harassment in the workplace. Sexual harassment is defined as unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature when:

- a) Submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment;
- b) Submission to or rejection of such conduct by an individual is used as the basis for employment decisions affecting the individual;
- c) Such conduct has the purpose of unreasonably interfering with an individual's work performance or creating an intimidating, hostile, or offensive working environment.

Sexual harassment includes but is not limited to the following examples of prohibited offensive conduct:

- a) Unwanted sexual advances;
- b) Offering employment benefits in exchange for sexual favors;
- c) Making or threatening retaliation after a negative response to sexual advances;
- d) Visual conduct such as leering, making indecent or sexual gestures, and displaying sexually suggestive objects, pictures, cartoons, calendars or posters;
- e) Verbal conduct such as making or using derogatory comments, using demeaning or inappropriate terms (such as "Babe", "sweet heart", or "honey"), telling sexually explicit jokes and making comments about an employee's body or attire;
- f) Written or electronic communication of a sexual nature, suggestive or obscene letters, notes or invitations, whether in hard copy or via a computer or other electronic device;
- g) Verbal sexual advances or propositions;
- h) Physical conduct such as unwanted touching, assault, impeding, or blocking movements;
- i) Sabotaging work;
- j) Retaliation for making harassment reports or threatening to report harassment.

Note that not all of these are sexual in nature. In some of these examples the behavior is based on gender (such as sabotaging a woman's work) and is therefore considered sexual harassment. Note also that sexual harassment can occur between employees of the same sex. It is unlawful for any employee to sexually harass any other employee, regardless of gender, gender identity, sexual orientation or any other protected class.

If you feel that you or any of your fellow employees have experienced sexual harassment on the job, please file a complaint by contacting the EEO Officer, Human Resources Director or any suitable member of management. Use the Complaint Resolution Procedure.

Section C – Prohibition Against Retaliation

Okaloosa County strictly prohibits retaliation against any employee by another employee or by the County through the actions of its supervisors and managers. Employees are protected against retaliation for:

- 1) Using the County's Complaint Resolution Policies and Procedures or Grievance Procedure;
- 2) Reporting harassment;
- 3) Filing, testifying, assisting, or participating in any manner in any investigation, proceeding or hearing conducted by the County or a government enforcement agency.

Section D – Employee Responsibilities, Complaint Rights, Complaint Resolution Policy and Resolution Procedures for Prohibited Harassment

Okaloosa County establishes the following procedure for reporting, investigating, and resolving claims of racial or sexual harassment or other types of equal opportunity claims or prohibited harassment.

- 1) Employee Duties Regarding Harassment
 - a) Any employee who believes he/she has been subjected to harassment prohibited by this policy should immediately tell the harasser to stop the unwanted behavior. The employee shall also be required to immediately report the behavior, preferably in writing, to the EEO Officer, Human Resources Director, or any member of management (Supervisor position and above).
 - b) If an employee observes or becomes aware of unlawful harassing conduct engaged in or suffered by a county employee, regardless of whether the observing employee is directly affected, the employee is required to immediately report that information, preferably in writing, to the EEO Officer, Human Resources Director, or any member of management.

2) Harassment Complaint Right

Employees who believe they have been unlawfully harassed or discriminated against, including sexual harassment, shall have the right to file a formal complaint with any member of management, the Human Resources Director, or the EEO Officer.

3) Harassment Complaint Resolution Policy

This procedure is in addition to the Grievance Procedure set forth in the Grievance/Appeal Procedure Chapter XXI and does not replace that procedure. For Chapter III related issues, employees shall utilize this procedure.

The County encourages any person who believes he or she has been unfairly treated or harassed due to their actual or perceived race, national origin, color, religion, sex, physical or mental disability, sexual orientation, gender identity, genetic information, age, marital status, political affiliation, or protected activity to utilize the Complaint Resolution Procedure. It is the County's intent to take timely and appropriate corrective action, including discipline, whenever it determines that unlawful harassment has occurred in violation of this policy. The goal of such corrective action will be to stop the unlawful harassment, correct its effects if possible, and ensure that it does not recur.

Employees are required to report such harassment as soon as possible because a timely investigation is much more productive. It is difficult for the County to investigate such allegations if they are not reported timely. Witnesses may have departed the County's employ, memories may have faded and the County may be less able to accomplish an in-depth investigation if complaints are not brought to attention expeditiously.

Although reporting prohibited harassment is mandatory, the County recognizes that sometimes people are reluctant to come forward with claims of harassment, favoritism or unfair treatment and may wait weeks, months, or even years to do so, and because the County does not want anyone to be precluded from voicing their concern, this procedure is always available, even with older claims that should have been reported earlier.

This policy applies to every person in county employ and to applicants for county employment.

4) Harassment Complaint Resolution Procedure

- a) Any employee who wishes to make a complaint under this procedure should contact the EEO Officer, the Human Resources Director or any member of management. Any complaint may be made orally initially, but Human Resources will request the complaint be reduced to writing when formally being reported.
- b) Any member of management who receives a report of prohibited harassment must immediately notify the Human Resources Department. Any and all complaints or observations of unlawful harassment will be investigated as promptly and as thoroughly as possible by the Human Resources Department. To investigate the complaint, the Human Resources Department may interview witnesses, research files and/or take such action deemed necessary.
- c) The Human Resources Director may recommend to the County Administrator any remedial relief considered appropriate including back pay, transfer, promotion, etc. The Human Resources Director may also recommend any disciplinary action found appropriate up to and including dismissal. The type of discipline administered will depend on the severity of the conduct, as well as any other factors presented in the particular circumstances. If disciplinary action is appropriate, the department director will take such action. If the claim is against a department director, such disciplinary action will be taken by the County Administrator. However, nothing contained herein shall prevent the County Administrator from taking actions against department directors at any time.

- d) The employee who made the complaint will be made aware of the determination as to whether unlawful harassment occurred. If the determination resulted in discipline of any employee (e.g., written reprimand, suspension or dismissal), a copy of the actual notice of disciplinary action will be placed in the employee's human resources file.
- e) Because of the extremely sensitive nature of these types of claims and cases, investigators may request all persons interviewed to keep the contents of their interview confidential to the extent permitted by law. To the extent permitted by law, all complaints, reports and recommendations will be kept confidential.
- f) Supervisory and management employees who discuss cases in which they or any of their employees are involved with anyone other than those persons directly involved, will be subject to discipline, including dismissal, unless they have been given specific instructions to the contrary.
- g) This procedure does not create any property rights or extend the time to file a grievance under the Grievance/Appeal Procedure or in any way constitute a waiver of any other statute of limitations.

Section E – Affirmative Action for Equal Opportunity Plan

1) Statement of County Policy

The Board prohibits unlawful discrimination, and will strive to ensure that all aspects of county employment are equally available to all minorities, on the same basis and under the same terms and conditions as they are available to non-minorities.

The County believes that special measures and efforts are appropriate to preclude discrimination within its organization. The County will accordingly assure a determined and sustained effort in support of this belief and policies outlined in this equal employment opportunity program.

Pursuant to the goals of this program, all management and supervisory employees will share in the responsibility for implementing the program, and management performance in the area of equal employment opportunity will be evaluated in the same way that performance or other assigned duties are evaluated. Violations of this program for Affirmative Action for Equal Opportunity (hereafter program) will meet with appropriate action.

In order to effectively promote this program, the County may seek the assistance of appropriate entities including suppliers, government agencies, educational institutions, civil rights organizations and other community organizations.

It is the responsibility of each member of management, to give this program his/her full support by leadership and personal example. In addition, it is the duty of every county employee to create a job environment that is conducive to this program. Overall responsibility for the direction of this program, and its implementation, will reside with the Human Resources Director, who will serve as the County's Affirmative Action Coordinator.

3) Dissemination of Policy

Okaloosa County recognizes that knowledge and understanding of the program is crucial to its effective implementation. Therefore, the County will take steps to disseminate to the workforce and the community its policy regarding this Affirmative Action for Equal Employment Opportunity program.

- a) Dissemination of the Equal Employment Opportunity Policy Within the County.
 - i) Human Resources staff will discuss the program at employee orientation and management training programs and at other appropriate meetings. During these discussions the County's commitment to the program will be stressed. All participants will also be encouraged to use the Complaint Resolution Procedure and will be assured that any good faith claim will not result in retaliation.
 - ii) Notice of the program, as well as a copy of the program, will be prominently posted on bulletin boards.
 - iii) Periodic references to the program will be made in county publications.
 - iv) Through the above and other such steps, the County will communicate to the employees the specifics of the program in order that employees may know of and avail themselves of its benefits.

- b) External Dissemination of the County's Equal Employment Opportunity Policy.

The County will include the County's Affirmative Action for Equal Employment Opportunity statement on the website for the electronic application system.

4) Review of Recruitment and Hiring Process

- a) See the Employment, Vacancies and Promotions/Transfers Chapter for procedures followed regarding employment, vacancies and promotions/transfers.
- b) The County will offer training on interviewing skills to all supervisory staff and other appropriate employees at the time of implementation of this policy and as appropriate thereafter. Deviations may be made from the recruitment and hiring procedures only with the agreement of the department director and Human Resources Director.

The Human Resources Director shall periodically review recruitment and hiring procedures to ensure that they are meeting affirmative action and equal opportunity objectives.

5) Analysis by Department of Current Workforce Complement.

A major focus of this program is to ensure that qualified minorities (to include females) are appropriately represented in all aspects and levels of County management.

- a) Therefore the program coordinator, or designee who shall report to the program coordinator, shall analyze the placement, transfer, and promotion procedures. The coordinator or designee shall review all departments of the County to determine whether or not minorities (to include females) are represented in the employee and management complement.

- b) Once the departments have been reviewed, then the following criteria, among other factors, should be considered to determine whether or not, (and if so, how) the workforce may be diversified through placement, promotion or transfer.
 - i) Are the jobs in the department desirable in terms of:
 - (1) Current wages;
 - (2) Opportunity for promotion?
 - ii) What is the turnover rate and if low, is there an opportunity to create vacancies through promotions, voluntary transfers, etc.?
 - iii) Have affirmative efforts been made in the past to recruit minorities (to include females) for these positions? If so, were they successful in generating qualified applicants? If not, what changes can be made to better ensure receipt of applications from qualified minorities and females?
- 6) Complaint Procedure for Program of Affirmative Action for Equal Employment Opportunity

See the Complaint Resolution Policy and Procedures Section.

Failure to follow any of these procedures in this program of Affirmative Action for Equal Opportunity shall not be grounds to invalidate any hire or employment decision, nor to create any right, expectation of right, or other property interest in any applicant, would be applicant or employee.

CHAPTER IV – ORGANIZATION FOR HUMAN RESOURCES ADMINISTRATION

Section A – Board of County Commissioners

The Board shall:

- 1) Approve the Human Resources Policy Manual and any subsequent amendments or revisions thereto;
- 2) Approve the Compensation Plan and all amendments thereto;
- 3) Confirm department director appointments.

Section B – Human Resources Director

The Human Resources Director shall be responsible to the County Administrator for the administration and technical direction of the Okaloosa County human resources program.

Section C – County Administrator

The County Administrator shall:

- 1) Recommend to the Board the pay and position classification plan;
- 2) Select, employ, and supervise all employees, and fill all vacancies, positions or employment under the jurisdiction of the Board; provided, however, the employment of all department directors shall require confirmation by the Board;
- 3) Suspend, discharge or remove any employee under the jurisdiction of the County Administrator, pursuant to procedures adopted by the Board.

CHAPTER V – CLASSIFICATION PLAN

Revised and effective 12-15-2020

Section A – Purpose

The Classification Plan is the foundation upon which a comprehensive human resources program is built. The Classification Plan is used as a guide to:

- 1) recruit and examine candidates for employment;
- 2) provide a systematic arrangement and inventory of positions;
- 3) determine appropriate salary ranges;
- 4) provide uniform terminology of jobs; and
- 5) aid in managing organizational structure, clarifying lines of authority and identifying responsibility.

Section B – Job Descriptions

- 1) Each job description lists the minimum requirements or qualifications needed to perform the job such as education, work experience, and other qualifications.
- 2) Job descriptions are descriptive and explanatory and are not necessarily inclusive of all duties performed. They are designed to generally indicate the types of duties and level of responsibilities assigned to the job. Employees may be required to perform duties that are not included within their job description. All County employees are expected to perform duties as assigned, to include assignments related to declared emergencies.
- 3) Human Resources shall maintain a master set of all approved job descriptions which shall constitute the official Classification Plan. The official record shall show all amendments to the original plan. The copies of the job descriptions may include the date of adoption and/or the last revision.
- 4) Each time a department or portion thereof is substantially reorganized, the department director should submit new Job Descriptions or Job Description Questionnaires for all affected positions to Human Resources.
- 5) Human Resources may request department directors to submit job description questionnaires at any time when there is reason to believe there has been a significant and on-going change in duties and responsibilities of one or more positions.
- 6) Human Resources shall make copies of all active job descriptions available on the County Human Resources website.

Section C – Position Titles

- 1) The official title of a budgeted position in the classification plan shall be used to designate the position in all budget estimates, payrolls, and other official records, documents, vouchers, and communications in connection with all human resources processes.
- 2) Any other title approved by an appointing authority may be used as a “working title” in departmental correspondence not having to do with administrative human resources processes covered in these rules.

Section D – Classification of New Positions

- 1) Human Resources shall create new job descriptions for positions upon receipt of the prescribed forms indicating a statement of duties, responsibilities, and requirements of such positions from the department director. Whenever a new position is created, a Job Description Questionnaire should be submitted to Human Resources to describe in detail the duties of such position. A desk audit and/or interview with the incumbent or department director may be required by Human Resources after a new position is created and occupied, in order to verify that the position has been appropriately allocated.
- 2) Recommendations for new positions may be completed throughout the fiscal year and are not necessarily restricted to the budget request process. Departments wishing to establish new positions should first discuss with the appropriate level Administrator for tentative approval. If tentatively approved, the department should either review the classification plan for an existing job title to use or complete the Job Description Questionnaire available on the Human Resources website and forward to their assigned Human Resources contact for further instructions and consideration.
- 3) The Human Resources Director shall review and provide recommendations for approval or disapproval to the County Administrator on all proposed position creations, allocations, reallocations, and abolishment.
- 4) The County Administrator shall review and approve or disapprove recommendations of the Director and Human Resources Director regarding all proposed creations, allocations, reallocations and abolishment of positions.

Section E – Reclassification of Positions

The Human Resources Director may recommend changing the classification of existing positions when it is believed that a position is incorrectly classified. This will include recommendations changing the exemption status of a position. Such action is called reclassification and must be reviewed and approved by the County Administrator. Directors who believe a position may need to be re-evaluated are encouraged to coordinate with Human Resources and complete the established job evaluation form. If an employee believes that his/her position is improperly classified, the employee should express their concerns to his/her department director. Reclassification requests shall be submitted in

writing and shall contain a statement of justification, facts and any other pertinent information necessary to fully evaluate the reclassification issue. As part of the reclassification process the appropriate rate of pay and pay grade shall be evaluated. All employees occupying reclassified positions at a minimum, shall fall within the pay range and shall meet the qualifications of the position. Depending on the position reclassification an employee may have their pay raised or lowered (as appropriate) to not only be within the pay range, but based on the position responsibilities, time of service with the County, employee qualifications, consideration of the rate of pay and equity for other similarly positioned employees, and any other pertinent information.

Section F – Position Control

All positions in the County are established and maintained through a budget each fiscal year in accordance with established budget and accounting procedures. The establishment of additional positions not approved through the budget process shall be coordinated through the Human Resources Department and will be reviewed and approved at the discretion of the County Administrator, and upon approval of the Board as required

Section G – Abolishment of Positions

Whenever there is justification for abolishing a position such as lack of work, reorganization, lack of funds, or other reason, the department director shall make such recommendation to Human Resources. The Human Resources Director shall review the request and present such recommendations along with the department's request for consideration to the County Administrator.

Section H – Maintenance of the Classification Plan

The Human Resources Director shall be custodian of the official Pay Classification Plan and shall be responsible for its maintenance and updates as necessary.

Any change in the Classification Plan, such as establishing new positions, abolishing positions, reclassifying positions, or pay grade changes for positions require prior review by the Human Resources Director and the approval of the County Administrator.

CHAPTER VI – COMPENSATION PLAN

Section A – Purpose

The Compensation Plan is designed as a fair and equitable method for payment of employees in the County. The Plan shall establish a basic salary schedule as approved by the Board. The salary ranges shall include minimum and maximum rates of pay for all positions included in the Classification Plan. In addition to the basic salary schedule, the Compensation Plan consists of two (2) salary components that shall be used to adjust employee compensation. These two (2) mechanisms include market adjustments and performance awards.

Section B – Market Adjustment (Optional)

The market adjustment is the component that is used to ensure that the salary structure is adjusted equally across-the-board to reflect changes in the wage index. Two (2) considerations dictate whether or not a wage adjustment will be administered: changes in the wage index based upon references such as the Bureau of Labor Statistics (BLS), and the budgetary constraints of the County. Each year, the Board shall vote on the applicability and ability of Okaloosa County to apply a wage adjustment(s) to the salary structure. When applicable and when funds are available, an increase will be applied equally to all ranges, and may be applied equally to all employee salaries.

Section C – Performance Award

- 1) The performance award component is designed to reward job performance, therefore, serving as an incentive system. Base salary increases are awarded to employees whose performance is evaluated as consistently competent and/or above standard. The performance pay system is based upon the principle that standard, or above, performance should be rewarded because such performance is a greater contribution to the County than below standard performance. The performance award is strictly used to monetarily reward standard or above standard performance.
- 2) Employees whose performance is evaluated as consistently satisfactory and/or above satisfactory may receive a base salary increase up to three percent (3%).
- 3) Employees at the maximum of their salary ranges and deserving of performance awards will be awarded a lump sum equivalent to fifty percent (50%) of the annual increase the employee would have received had he/she not been at the maximum of the salary range.

Section D – Starting Rates for New Employees

- 1) In most cases, a new employee shall be paid the minimum rate of pay for the position. Exceptions may be granted upon the written prior approval of the department director and the Human Resources Director.
- 2) The minimum rate for each position is based upon the assumption that a new employee meets the minimum qualifications stated in the class specifications. In

the event that qualified applicants cannot be located for a given position, consideration should be given to establishing a new position at a lower grade that will reflect lower level duties and corresponding lower entrance requirements.

- 3) If a selected candidate exceeds the minimum qualifications stated in the class specification and will not accept appointment at the minimum rate for the position, the candidate may be appointed at a higher rate up to ten percent (10%) above the minimum of the salary range upon the written approval of the department director and the Human Resources Director. Appointments up to the maximum of the salary range may be authorized by the County Administrator. These cases should be thoroughly analyzed and measured against objective qualification standards including, but not limited to, related job experience, educational background, comparable market data, internal salary equity, available resources, and Federal Wage and Hour laws. Consideration should be given to review and compare the salaries of employees in similar positions. In addition, every effort should first be made to recruit a qualified employee who will accept appointment at the minimum rate for the position.

Section E – Market Impact Positions

- 1) Certain positions may be designated by the County Administrator as market impact positions based on the following criteria:
 - a) High turnover;
 - b) Difficulty in recruiting candidates;
 - c) Difficulty in filling the position.
- 2) For positions designated as market impact positions, the Human Resources Director shall:
 - a) Conduct a market survey of salaries being offered and paid by other organizations;
 - b) Identify the market rate for the position;
 - c) Raise the hiring rate for the position to the market rate.
- 3) For market impact positions in which there are incumbents in addition to vacancies, the following will apply:
 - a) For incumbents whose most recent performance appraisal is at or above the level of “meets expectations”, raise the current salary of the incumbent by the same percentage as calculated between the old hiring rate and the new market rate, taking into consideration salary adjustments based on additional certifications or qualifications;

- b) If the incumbent initially fails to qualify for this market impact adjustment but is evaluated at a later date as “meets expectations” or above, the incumbent’s salary shall be adjusted to the full market percentage as of the date of the most recent evaluation. This provision applies only as long as the position remains designated as a market impact position.
- 4) Positions designated as market impact will be reviewed no later than annually for the designation to be renewed or discontinued. In cases where the status is discontinued, all salary adjustments awarded as a result of the status will remain in force. No future salary adjustments will be awarded based on market impact designation unless the position is re- designated as market impact at a future date.

Section F – Promotional Increases

1) Policy

When an employee is promoted to a position in a higher grade, the employee’s salary will increase at least to the minimum or hiring salary of the new grade. If an employee is at or above the minimum salary, a maximum of a ten percent (10%) increase may be authorized by the department director and the Human Resource Director. Promotions up to the maximum of the salary range may be authorized by the County Administrator.

2) Procedures for Determining Promotional Increase

- a) After a thorough analysis of internal equity and measurement against objective qualification standards, the department director will recommend the amount of the promotional increase within the standards stated in this policy.
- b) Final approval for all promotional increases must be made by the Human Resources Director or the County Administrator, with recommendations from the department director.
- c) The decision regarding a promotional increase shall reflect the promoted employee’s experience and qualifications in comparison with other employees’ backgrounds in the same job.

Section G – EMS Special Pay

1) Special Teams Pay

- a) Members of designated special teams will be paid \$25 per week for each week they are involved in team training or activities of a special team.
- b) The maximum allowable pay for special teams in any one (1) week is \$25.

2) Field Training Officer (FTO) and Alternate Shift Commander Stipend

- a) FTO’s will be paid \$25 per week for each week they serve in the capacity of FTO for at least 24 hours.

- b) Employees who are required to fill in for absent Shift Commanders for less than 30 days will be paid \$25 per week for each week they serve in the capacity of Alternate Shift Commander for at least 24 hours.
 - c) Hours worked in the same week as a FTO and Alternate Shift Commander may be combined to reach 24 hours.
 - d) The maximum allowable pay for FTO and/or Alternate Shift Commander duties in any one (1) week is \$25.
- 3) EMS Shift Training Officers are not eligible for the FTO and Alternate Shift Commander Stipend. The maximum allowable EMS special pay for an employee in any one (1) week is \$50.

Section H – Construction Inspectors Incentive Pay

Any Construction Inspector III possessing more than two (2) standard licenses (not including Coastal Structural) will be awarded a seven percent (7%) increase for each standard license in excess of two (2), with the exception of a three and one half percent (3½%) incentive for the possession of the Coastal Structural license, for which they have not already received an incentive or promotion prior to October 1, 2000.

The following standard licenses are the only ones considered for a seven percent (7%) increase in administration of this incentive structure:

Residential 1 & 2 Family Dwellings Building

Plumbing Commercial Electric Mechanical

Firesafety (a maximum of two (2) Construction Inspector III's may receive Firesafety incentive pay concurrently)

In addition, a three and one half percent (3½%) increase will be awarded for possession of the following standard license:

Coastal Structural

Section I – Correctional Officer Incentive

Okaloosa County follows the guidelines outlined in the Florida Statutes for incentive pay on Correctional Officers. Under Florida Statutes, full-time, Correctional Officers are eligible to participate in the salary incentive program. Eligible Correctional Officers receive \$20 per month for each successfully completed 80-hour training unit, capped at \$120 per month for the training incentive. Officers also receive a maximum \$30 per month for an Associate's degree and an additional \$50 per month for a Bachelor Degree or higher. The combination of both incentives is not to exceed \$130 per month.

Section J – Code Enforcement Incentive Pay

The positions of Code Enforcement Officer and Code Enforcement Supervisor will be awarded a five percent (5%) increase upon obtaining the following certification issued by the Florida Association of Code Enforcement:

Level II

Certification Level

III Certification

Certified Code Enforcement Professional Certification (CEP)

A copy of the certification must be submitted to Human Resources to effect the increase.

Section K – Bilingual Pay Differential

Non-exempt positions will be designated for bilingual pay differential when a second language is critical to efficiently providing services in the normal day-to-day operations of the unit.

- 1) A limited number of employees in designated positions will be eligible for bilingual pay differential. Department directors will submit written requests to Human Resources, outlining the requirements for bilingual skills for positions and requesting bilingual pay differential for employees.
- 2) Incumbents or new hires in designated positions must demonstrate the required level of oral proficiency through the authorized testing entity of the County to be eligible for bilingual pay differential.
- 3) Bilingual pay differential will be paid to non-exempt employees at the rate of 50 cents per hour in addition to the base pay.
- 4) In the event an employee moves to a position that is not designated as eligible for bilingual pay differential, the premium payment will cease.

Section L – Effects of Demotion

When an employee is demoted to a lower position, the employee shall be paid at a rate that is within the approved range for the lower position. The rate of pay shall be set by the Human Resources Director, taking into consideration the circumstances surrounding, and the reasons for, the demotion. An employee receiving a demotion will be required to serve a new probationary period in the new position.

Section M – Employee Transfers (Lateral)

When an employee is transferred to a position in the same pay grade, such transfer shall not change the date from which eligibility for consideration for a performance award shall be counted. Generally, the employee's salary will remain the same.

However, if the selected candidate's salary is less than the hiring rate, and he/she exceeds the minimum qualifications stated in the class specification, the employee may be transferred at a higher rate consistent with the new hire policy upon the written approval of the department director and the Human Resources Director.

Section N – Temporary Work at a Higher Classification

An employee may be required to work at a higher classification on a temporary, incidental or emergency basis and may do so for a period of 30 days or less at no increase in pay. If the employee is required to perform the duties for a period exceeding 30 days, the employee may be given an emergency appointment (or provisional appointment) to the higher position and be paid the appropriate rate for the higher classification. The employee's salary will increase at least to the minimum or hiring salary of the new grade, or if the employee is at or above the minimum salary, a maximum of a ten percent (10%) increase may be granted. At the conclusion of the assignment, the employee's pay shall revert to the authorized rate established for the employee's regular position. Any such temporary increase granted shall not affect the employee's eligibility for normal merit advancements. Temporary assignment may not exceed six (6) months with written approval for extension by the Human Resources Director and approval by the County Administrator.

Section O– Pay Adjustments

The County Administrator, in coordination with the Human Resources Director and upon the written request with justification and approval of the department director, shall have authority under limited circumstances to authorize pay adjustments for employees. This provision is restricted to circumstances such as, but not limited to, a significant increase in responsibility or scope of discretion of the position, or extraordinary market conditions. Award of the pay adjustment shall take into consideration the performance and tenure of the employee; difficulty recruiting and filling the position with a quality candidate; loss of institutional knowledge; internal equity; pay adjustment amount being requested; supporting market data for the request; and the department's budgetary impact.

Section P– Shift Differential Pay

- 1) Shift differential pay is designed as an incentive for non-exempt employees designated to work evening or night shifts as defined below:
 - a) Evening Shift – Start time at or after 11:00 AM to 5:59 PM;

- 2) The shift differential pay at the start of the shift will be effective throughout that work shift, extending until the employee is released from duty.

- 3) Shift differential will be paid to employees at the flat rate of 25 cents per hour for the evening shift and 50 cents per hour for the night shift.
- 4) Shift differential pay is not applicable in the following instances:
 - a) Where employees are hired to work 2912 hours per year;
 - b) Where employees are hired to work as emergency relief EMT's or Paramedics;
 - c) Where employees are on official leave;
 - d) Where employees are participating in out-of-town training or seminar activities;
 - e) Where employees are performing work-related travel;
 - f) Where non-shift workers are called into work overtime for less than a full shift;
 - g) Where non-shift workers are flexing time for special projects.

Section Q– Overtime/Compensatory Time/Call Back Pay and Stand-By

1) Overtime Compensation

a) Exempt Employees

Executive, professional, administrative, and computer employees, as defined in the Fair Labor Standards Act, are normally exempt from overtime except as described in the Section on Pay for Work During Emergencies or Disasters. All department directors are included in this exemption. However, when an emergency arises requiring attendance for abnormal and prolonged periods, or the employee is required to perform services outside the normal scope and responsibilities called for in their position and when a non-exempt employee is unavailable or unsuitable to perform the work, overtime compensation will be authorized as appropriate by the County Administrator with notification to the Board. Exempt employees are hired for an annual salary rate to accomplish a job for the County. Although generally expected to be present and working for the total hours of the normal workweek, exempt employees are allowed some latitude with respect to time spent at work. For example, a manager who works numerous additional hours to complete a project may, with his/her department director's permission, take some time off work at a later date.

b) Non-Exempt Employees

All hourly and non-exempt salaried employees, with the exception of Correctional Officers, are entitled to overtime compensation after 40 hours of work in a seven (7) day workweek. Unless overtime is given in the form of compensatory time off as provided below, hourly employees (except correctional officers) shall receive time and one half (1½) their regular rate of pay for all hours worked in excess of 40 per workweek.

c) Correctional Officers

Correctional Officers shall receive time and one half (1 ½) their regular rate of pay for all hours worked in excess of 86 in a 14 day work period.

d) Hours Worked on Holidays

For hourly employees, all hours worked on a county-approved actual calendar holiday will be paid at one and one half (1 ½) times the employee's regular rate, with an additional eight (8) hours paid at the employee's regular straight time rate unless the employee is already being paid at overtime rate at the time of the holiday. Under that circumstance, employees will be paid at two and one quarter (2 ¼) times the employee's regular rate, with an additional eight (8) hours paid at the employee's regular rate. As an alternative to receiving eight (8) hours of holiday pay an employee may be allowed to take eight (8) hours off at another time within 60 days. Hours worked on a holiday are paid in this manner regardless of whether the employee has fulfilled the work period requirements outlined below.

e) General Requirements

Overtime is to be avoided except during peak loads or in emergencies. Employees are strictly prohibited from working overtime without permission in advance from their supervisor.

Paid time off for leave (annual, sick, holiday, civil, military, emergency, etc.), shall be counted as hours worked for purposes of determining entitlement to overtime compensation. For record keeping purposes, overtime must be submitted on the time report and should include the total number of hours and the date the overtime was worked.

2) Call Back and Stand-by Pay

a) Stand-by

A non-exempt employee on stand-by, regardless of whether he/she is called to work, will be paid the following:

- i) One (1) hour per day on weekdays;
- ii) Two (2) hours per day on weekends and county-approved actual calendar holidays.

Stand-by pay will be at the employee's applicable straight time or overtime rate. Any employee called into work while working stand-by will also receive pay for all hours worked at his/her applicable straight time or overtime rate. Hours worked includes travel time from and to the employee's home.

b) Call Back

Any non-exempt employee called into work will receive pay for all hours worked at his/her applicable straight time or overtime rate. Hours worked includes travel time from and to the employee's home.

3) Compensatory Time

Exempt employees are not eligible to earn or accrue compensatory time off. All non-exempt hourly employees may be granted compensatory time off in lieu of overtime at the rate of one and one-half (1 ½) times the actual hours worked, subject to the following:

- a) Compensatory time off may only be given pursuant to an agreement or understanding (oral or written) between the department director and the employee prior to the actual performance of work;
- b) Subject to the approval of the department director, law enforcement and correctional officers may accrue up to 480 hours of compensatory time off and all other employees may accrue up to 240 hours of compensatory time off. Overtime worked over these limits must be compensated in cash;
- c) Compensatory leave must be used prior to use of annual leave;
- d) Employees may choose to receive payment for accrued compensatory time off in cash upon the employee's separation of employment or upon entry into the Florida State Retirement System Deferred Retirement Option Program (DROP);
- e) Compensatory time off will be allowed within a reasonable period of time after requesting its use, so long as it does not unduly disrupt the operations of the department;
- f) For record keeping and reporting purposes, compensatory time off earned and taken must be accounted for in the payroll system by entries on biweekly time reports.

Section R– Pay for Work During Emergencies or Disasters

1) Policy

The following pay procedures apply when a catastrophic emergency or disaster is declared by the Board, County Administrator or designee.

2) Definitions

- a) Emergency Leave – Time off with pay during regularly scheduled working hours when county offices are closed and employees are released from duty due to an emergency or disaster.

- b) Pre/Post Emergency/Disaster Pay – One and a half times (1 ½) the employee's straight time rate of pay. Pre/Post Emergency/Disaster Pay will be paid to non-director-level exempt and non-exempt employees who 1) are designated by their department directors to work before or after disasters or emergencies; and 2) work when county offices are closed and all other employees are released by the County Administrator.
- c) Emergency Pay – Two (2) times the employee's straight time rate of pay. Emergency Pay will be paid to non-director-level exempt and non-exempt employees who 1) are designated by their department directors to work during an emergency/disaster or when emergency/disaster conditions occur; 2) work when county offices are closed and all other employees are released by the County Administrator; and 3) the work occurs within a specified timeframe as defined by the County Administrator.

Department directors who perform emergency related work when county offices are closed and all other employees are released by the County Administrator will be paid at the straight time rate for hours worked, up to a maximum of 12 hours pay in each 24 hour period. The County Administrator and/or Deputy County Administrator are not eligible to receive additional compensation during an emergency/disaster.

3) Procedures

- a) All county employees have an emergency management obligation to be available for working assignments before, during, and after disasters/emergencies. Employees will be notified and trained or instructed in their emergency disaster assignments annually. Employees are required to report, either by phone or in person, to their department's designated contact point prior to and immediately after a disaster/emergency in order to receive work assignments. Assignments will typically include clean-up, repair, answering citizen phone lines, manning Emergency Operations Center (EOC) positions, and working at community distribution centers or comfort stations. Because these assignments are essential to the recovery of the community after an emergency or disaster, failure to respond or be available for assignment will be considered cause for disciplinary action, up to and including termination of employment.
- b) Pre/Post Emergency/Disaster Pay will begin when county offices are officially closed and the County Administrator, or designee, releases employees. When emergency conditions warrant, Emergency Pay will be paid for time worked during a specified timeframe as defined by the County Administrator. Pre/Post Emergency/Disaster Pay will be paid continuously for all hours worked after the Emergency Pay timeframe defined by the County Administrator until normal business hours resume. This policy shall not be interpreted to provide employees with Emergency Leave and Pre/Post Emergency/Disaster or Emergency Pay concurrently for the same period of time (double and a half or triple time).
- c) Exempt and non-exempt county employees who are designated by their department directors to work before, during or after emergencies or disasters

will be compensated for time worked at the applicable pay rate regardless of whether or not they have 40 hours paid in the workweek. In accordance with the Fair Labor Standards Act, employees required to be on site and available for duties will be paid at applicable pay rates. Employees on site for personal convenience or safety who are not working will not be paid.

- d) If a county vehicle is not available for use by an employee assigned to disaster or emergency duties under this policy, the employee will be eligible for mileage reimbursement for use of a personal vehicle from the location of his/her usual work assignment to the location of the disaster or emergency assignment.
- e) Exempt and non-exempt employees, who are released from duty by the County Administrator or designee during normal work hours, will be compensated at their usual rates of pay for their regularly scheduled hours. Employees who are released from duty and already on official leave during this time will not be charged leave and will receive their usual rates of pay for the same number of hours as the other employees who are released from duty. Employees participating in out-of-town, work-related activities do not qualify for Pre/Post Emergency/Disaster pay, Emergency Pay or Emergency Leave, unless environmental circumstances warrant and authorized by the County Administrator or designee.
- f) Due to the Emergency Management obligation of all county employees, employees placed on alert during an emergency or disaster are not entitled to stand-by pay, unless they are otherwise on routine stand-by.
- g) Exempt employees are required to submit exception reports to document time worked for which emergency pay is payable; however, exempt employees are not required to submit exception reports for emergency leave.
- h) Part-time, relief and temporary employees are not eligible to receive Emergency Leave, Pre/Post Emergency/Disaster Pay, or Emergency Pay.

Section S – Pay for Out of Town Travel

While on overnight out of town travel assignments, a non-exempt employee should be paid during their normal working hours on non-working days (e.g., Sunday), as well as on their regular working days.

Section T – Pay Day

- 1) All employees are paid biweekly (every two (2) weeks). The week begins on Sunday at 11:00 PM and ends the following Sunday at 10:59 PM.
- 2) Employees will receive their checks every other Thursday and the Finance Department will have the paychecks ready at 11:00 AM.
- 3) Delivering a check to other than the payee is prohibited unless the employee has authorized such delivery in writing.

- 4) The Finance Officer and/or designated representative will periodically distribute payroll checks to individuals in each department and maintain a log of said distributions. This “test for checks” will be done randomly and unannounced.
- 5) Salary advance will not be granted under any circumstance.

Section U – Safe Harbor Policy

1) Policy

- a) It is the policy and practice of the County to compensate employees for all time worked and to do so in compliance with all applicable state and federal laws. To ensure that employees are paid properly for all time worked and that no improper deductions are made, employees must record correctly all work time and review their paychecks promptly to identify and to report all errors. No one who is eligible for overtime should perform any work that is not authorized and recorded on his/her time card or timesheet. While all time worked will be paid, even if not authorized, working without authorization is a violation of County policy that could lead to disciplinary action.
- b) The County makes every effort to ensure that employees are paid correctly. Occasionally, however, inadvertent mistakes can happen. When a mistake does happen and is called to the attention of management, a correction will be made promptly. If an employee believes a mistake has occurred (including any improper deductions, underreported hours of work or other error) or if an employee has any questions, the reporting procedure outlined below must be used.

2) Non-Exempt Employees

- a) Employees classified as non-exempt (which means they are eligible for overtime pay), must maintain a record of the total hours worked each day. These hours must be accurately recorded on a biweekly timesheet that will be provided by management. Each employee must sign and date his/her time card or timesheet to verify that the reported hours worked are complete and accurate. Time cards or timesheets must accurately reflect all regular and overtime hours worked, any absences, early or late arrivals and early or late departures. At the end of each pay period, employees must submit their completed time card or timesheet to their supervisor for verification and approval. Employees should not sign their time card or timesheet unless it is accurate. If a time card or timesheet is not accurate, the supervisor must be notified immediately. When each pay check is received, employees should verify immediately that they were paid correctly for all regular and overtime hours worked each workweek.

3) Exempt Employees

- a) Employees classified as exempt from the Fair Labor Standards Acts (FLSA) overtime pay requirements, will receive a salary that is intended to

compensate for all hours worked for the County. This salary initially will be established at the time of hire or when first classified as an exempt employee.

- b) It is the County's policy to comply with the salary basis requirements of the FLSA. Therefore, managers are prohibited from making any improper deductions from the salaries of exempt employees.
- c) Under federal law, there are certain circumstances where deductions from the salaries of exempt employees are permissible. For example, deductions may be made for, but not limited to, the following:
 - i) The first or last week of employment in the event less than a full week is worked;
 - ii) Any full workweek in which no work is performed;
 - iii) Full day disciplinary suspensions for major safety violations or significant infractions of important written workplace conduct rules; or
 - iv) Family and Medical Leave absences (either full or partial day absences).
- d) It is not an improper deduction to require the use of vacation, sick or other forms of paid time off for full or partial day absences for personal reasons, sickness, disability or other reasons. Pursuant to attendance and leave policies, employees who are absent for all or part of a work day may apply accrued paid time off to that missed work time. After all paid time off is exhausted, no partial day deductions will be made from the salary of a salaried exempt employee unless permitted by law.

4) Violations and Reporting Procedures

- a) It is a violation of the County's policy for any employee to falsify a time card or time sheet or to alter another employee's time card or time sheet. It is also a serious violation of County policy for any employee or manager to instruct another employee to incorrectly or falsely report hours worked or to alter another employee's time card or timesheet to under- or over-report hours worked (or to fail to report any such misconduct). Report any violations of this policy immediately to the Human Resources Director or designee. It is not a violation of the County's policy for a timekeeper, supervisor or other management official to make corrections to a time card or time sheet in order to ensure compliance with county policies.
- b) Non-exempt employees must not work any hours outside of their scheduled work day unless their supervisor has authorized the unscheduled work. Employees must not start work early, finish work late, work during a meal break or perform any other extra or overtime work unless authorized to do so and that time is recorded on their time card or timesheet. Employees are prohibited from performing any "off-the clock" work. "Off-the- clock" work means work performed but not reported on biweekly timesheets to include but not limited to reading, sending or otherwise work e-mails during non-working hours. Any employee who

fails to report or inaccurately reports any hours worked will be subject to disciplinary action, up to and including dismissal.

- c) Questions about deductions from pay or wages by exempt and non-exempt employees may be directed to the Human Resources Director or designee. Employees who believe they have been subject to any improper deductions or their pay does not accurately reflect hours worked should immediately report the matter to their supervisor, manager, director or the Human Resources Director or designee. Any member of management who receives a report of pay discrepancies must immediately notify the Human Resources Director or designee.
- d) Reports of improper deductions will be promptly investigated by the Human Resources Director or designee. If it is determined that an improper deduction has occurred, the employee will be promptly reimbursed for any improper deduction made.
- e) Every report will be fully investigated and corrective action will be taken where appropriate, up to and including dismissal for any employee(s) who violates this policy. The County will not allow any form of retaliation against individuals who report alleged violations of this policy or who cooperate in the County's investigation of such reports. Any form of retaliation in violation of this policy will result in disciplinary action, up to and including dismissal.

CHAPTER VII – EMPLOYMENT, VACANCIES AND PROMOTIONS/TRANSFERS

Background and reference checks will be conducted on all prospective employees. Background checks are to be completed by either the Human Resources Department or by departmental staff trained in background checks as applicable with Corrections or Public Safety positions requiring department specific or mandated checks outside the scope of and beyond checks conducted by Human Resources. Reference checks may be completed by Human Resources or by the hiring department if staff have received training to complete reference checks. The hiring department should coordinate their efforts to conduct reference checks with Human Resources to ensure work efforts are not duplicated.
- g) At the close of all interviews, the hiring manager shall forward the hiring recommendation to Human Resources along with the criteria and basis for their selection as well as all interview notes and documentation related to the posting. Human Resources will examine the department's selection and either process the hire after completion of any final criminal background checks, applicable pre-hire drug testing, and any other due diligence to complete the hiring process or communicate with the hiring department if any hiring issues arise. Recommendations will be forwarded by Human Resources to the County Administrator for approval as necessary.

- 2) At retirement, an employee may be paid for annual leave up to the maximum limits prescribed in this policy. Employees electing to participate in the Florida State Retirement System Deferred Retirement Option Program (DROP) may choose to receive payment for unused annual leave up to the prescribed maximum limits upon entry into the DROP. Employees choosing this option will continue to accrue annual leave and may use it in accordance with the Annual Leave (Vacation) Section, but will not then be eligible for payment of any remaining unused annual leave upon actual termination of employment with the County.

Section F – Employee Assistance Program (EAP)

Okaloosa County is committed to maintaining and strengthening our most important resources – our employees. In support of this tradition, the Board has initiated an Employee Assistance Program (EAP). We recognize that many kinds of personal and emotional problems which often affect job performance can be resolved more readily if they are properly identified, diagnosed and appropriately treated. Problems included under this program are marital, child or other family problems, persistent anxiety, substance abuse, stress problems, financial, or other distractive concerns. The establishment of the EAP will provide a confidential short-term counseling and referral service for eligible employees and their immediate family members. This EAP reflects the County's concern for the well-being of its employees as well as its dedication to the effective accomplishment of its goals.

The County will not impose or imply any moral judgment on an employee who utilizes or refuses to utilize the EAP.

The County encourages an employee who is experiencing problems to take it upon themselves to seek assistance from the EAP. All communications and information received by the counselors of the program through such a self-referral process will be kept strictly confidential. No one other than the individual and the counselor will know how the program is being used by the individual. Work absences for evaluations or treatments will be handled in accordance with already established benefit programs and policies.

When a supervisor becomes aware of a developing pattern of unsatisfactory job performance that cannot be corrected through the County's corrective procedures or the employee's own efforts, the employee may be encouraged or required to seek help through an administrative referral. It is recognized that it is not the role of any supervisor or manager to attempt to diagnose or resolve the employee's personal problems. However, it is the responsibility of the supervisor to be explicit about the job performance expectations of an employee, and to take appropriate disciplinary action in the event that the employee's job performance fails to meet acceptable standards. The administrative referral is an additional tool that allows the supervisor to assist troubled employees to correct their problems, thus retaining a valuable employee.

In the case of administrative referral the EAP shall report to the referring administrator whether or not the original screening interview took place. Further information regarding the employee's diagnosis or the fact of the person's further involvement in the program will be released only with prior written authorization from the employee or client. The decision to seek counseling and accept treatment is the responsibility of the individual employee. However, continued employment may be made contingent upon the employee following through on the administrative referral and the EAP provider's resulting recommendations.

Participation in the EAP does not excuse employees from complying with county policies or from meeting normal job requirements during or after receiving assistance. Nor will participation in the EAP prevent the County from taking disciplinary action against any employee for performance problems that occur before or after the employee's seeking assistance through the program.

1) Procedures

- a) Eligibility – All full-time county employees who have completed their probationary period shall be considered eligible for the EAP. The county I.D. Badge will be required for identification purposes.
- b) Expense to Employee – If the problem focuses on a single issue, or if the client is reasonably in control of his/her situation and if the counselor determines that short-term counseling is required, counseling will be provided by the EAP as a free service up to the maximum number of sessions as outlined in the EAP contract.

If the problem requires a specific type of professional assistance or agency, the counselor will then refer the client to an appropriate referral service. The provisions of the employee's health benefit program govern any possible reimbursement for these services.

- c) Client Records and Confidentiality – A minimum of client records will be maintained by the EAP provider agency. All records will be locked in a secured file cabinet, and only EAP provider staff members will be allowed access to those records.

No records of an employee whose involvement with the EAP is self-referred will appear in the employee's human resources record, nor will his/her program involvement affect, in any way, his/her promotional opportunities or job security.

- d) Program Access – Any employee can directly contact the EAP provider agency for an appointment.

- c) Reimbursement for tuition and books will be made only to employees who are on the active payroll when payment is due.

- e) Refunds shall be limited subject to the availability of funds and the number of participants in the program.
- f) Transportation must be provided by the employee and is not reimbursable.

At least 2 years but less than 3 years	50%

CHAPTER XII – POLITICAL ACTIVITIES

- 1) The law does not prohibit a state or local officer or employee from voting as desired or from expressing an individual opinion on political subjects and candidates. The law also does not prohibit an employee from voluntarily engaging in political management or campaigning. What is prohibited generally is coercing other employees to engage in such activity, improper use of official authority or influence.
- 2) An employee may not:
 - a) Take any part in a political campaign while on duty.

99.012 may seek any elected position (municipal, county, state or federal) without resigning or taking a leave of absence, providing campaigning does not interfere with their normal job performance.

CHAPTER XIII – CODE OF CONDUCT

Revised and effective 05-18-2021

Section A – Personal and/or Romantic Relationships

Okaloosa County BCC holds its employees to the highest ethical and professional standards. As such, this policy was created to outline the guidelines regarding employees having romantic relationships within the workplace. The goal is to protect the well-being of our employees and retain a professional working environment.

County employees are encouraged to develop and maintain professional relationships in the workplace. This policy does not prevent the development of friendships or even romantic relationships between most coworkers, but it does establish boundaries with regard to those relationships and as to how relationships are conducted during working hours and within the working environment. Romantic relationships are permitted so long as these relationships are not otherwise prohibited herein and do not interfere with the effective functioning of the workplace and goals of the County. Romantic relationships are considered a personal relationship between individuals beyond friendship and otherwise intimate, that generally may involve some or all of the following: physical/sexual contact, potentially lunch or after-hours social dates, cohabitation, and non-work related: phone calls, pictures/emails/texts and other private personal communication between individuals of an intimate nature.

1) Prohibited Personal Relationships

The following employees are prohibited from being involved in romantic relationships and working for the County based on their positions. Violations may be subject to disciplinary action up to and including termination. Progressive discipline shall not be required. Existing relationships in violation of these policies shall be required to be disclosed and the parties to be separated. The following are prohibited romantic relationships:

- a) Any supervisor-subordinate in the same supervisory chain.
- b) Any Director position and above in the County with any other Board of County Commission employee. Existing employees in this situation shall be grandfathered.
- c) Any romantic relationships in the following para-military departments (temporary employees excluded) – Corrections, EMS, and Public Safety. With a temporary employee, a) and b) above still apply.

2) Disclosure of Consensual, Non-prohibited, Romantic Relationships.

If two BCC County employees become romantically involved, they must immediately disclose the relationship by completing and submitting a Relationship Disclosure Form to the Human Resources Department. This is not required for existing married individuals already on file with the County. Human Resources will work with the Department(s) housing the employee(s) to determine if an accommodation may be made to ensure that County operations are not impacted by the relationship. This may include consideration of transferring one or both employees to other

departments. In cases where a transfer is not viable, the employees involved will either have to determine which is to resign voluntarily, or both may be terminated. Failure to disclose a personal relationship may result in disciplinary action up to and including termination for the first offense.

Employees who engage in consensual, non-prohibited, romantic relationships must conduct themselves in an appropriate professional manner while on County property and during working hours. They should not engage in any inappropriate behaviors that may cause their coworkers to feel embarrassed, awkward or uncomfortable. This includes, but is not limited to, intimate contact at the workplaces such as: *kissing, prolonged hugging, hand holding, massaging, and personal texting, emails and calls.*

Additionally, employees are prohibited from involvement in all employment actions (i.e. disciplinary, promotion, and similar actions) related to the person they are having the romantic relationship with. When a conflict or the potential for conflict arises because of a romantic relationship between employees, even if non-prohibited, the employees may be separated by reassignment, or terminated from employment.

In addition, Okaloosa County will disclose in writing identified conflicts of interest to the contracting, granting, appropriating, etc. agency in accordance with the awarding agency's policy. Any employee who violates these standards of conduct is guilty of misconduct and may be subject to discipline up to and including dismissal.
- 3) No employee shall solicit nor accept gifts, gratuities, favors, anything of monetary value or loans from organizations, business concerns, or individuals with whom the employee has official relationships or business of the Okaloosa County government. These limitations are not intended to prohibit the acceptance of articles of negligible value which are distributed generally, not to prohibit employees from accepting social courtesies which promote good public relations, nor to prohibit employees from obtaining loans from regular lending institutions. All employees must guard against relationships that might be construed as evidence of favoritism, coercion, unfair advantage or collusion.
- 4) No employee or officer of Okaloosa County shall participate in the selection, award, or administration of a contract funded by public financial assistance which includes

Section C – Application of Disciplinary Action

- 1) Although internal consistency in administering discipline (both departmentally and county- wide) is desirable, numerous factors should be considered in determining the appropriate level of discipline to be assessed at each successive step.
- 2) Some of the factors involved include time intervals between offenses, effectiveness of prior disciplinary actions, willingness to improve, overall work performance, job attitudes, and disciplinary actions previously taken with other comparable employees for similar offenses.
- 3) Some infractions may be more serious in one case, because of the employee's responsibilities than in another case. For example, failure to be at an assigned workstation would be a more serious offense for a dispatcher or watchman than for a secretary or maintenance worker.
- 4) A repetition of the same offense or other serious offenses indicates that more severe disciplinary measures should be administered.
- 5) Certain offenses are of such a serious nature that immediate discharge upon first offense is applicable. Prior to any proceedings to dismiss an employee, the department director will contact the Human Resources Director and review that human resources file.
- 6) When circumstances permit, department directors are encouraged to pursue a philosophy of "progressive discipline" by administering gradually increasing disciplinary actions for each successive instance of employee misconduct. Each level of progressive discipline shall be fully documented for inclusion in the employee's human resources file.
- 7) Incidents of misconduct may differ in individual cases from somewhat similar incidents, and the county retains the right to treat each incident on an individual basis without creating a precedent for cases that arise in the future.
- 8) These provisions are not to be construed as a limitation upon the retained rights of the County, but are to be used as a guide.

Section D – Disciplinary Action Procedures

- 1) Contact the Human Resources Director prior to administering discipline. All disciplinary actions must be signed by the Human Resources Director or designee prior to administering.
- 2) All disciplinary actions must be documented on the Okaloosa County Disciplinary Action Form. These forms are available in the Human Resources Department.

- 3) Authority – Most disciplinary actions are initiated by the immediate supervisor. In general, the final authority to approve a disciplinary action is related to the type of action taken:

TYPE OF ACTION	AUTHORITY TO APPROVE
Written Reprimand	Supervisor
Suspension	Department Director
Dismissal	Department Director
Demotion	Department Director

Section E – Types of Disciplinary Action

1) Written Reprimand

In situations where an oral warning or counseling has not resulted in the expected improvement, or when an employee commits a more serious offense, a written reprimand should be given to the employee. The Okaloosa County Disciplinary Action Form is available in the Human Resources Department and should include incident(s) detailed description, specific times, dates, locations, employees involved, and rules violated. The reprimand should indicate an expected date of improvement or period allowable for improvement.

2) Suspension

In the event of continued and repetitive offenses for which the employee has already received oral or written reprimands, or where the nature of the offense is relatively serious, an employee may be suspended for a specific period of time.

Such suspension shall be without pay and, if for more than one (1) day, shall be issued on a consecutive working day basis. A suspended employee may not be permitted to work on his/her normal day(s) off, nor take paid leave time, nor make up the time by working overtime, in lieu of a payroll loss for the period of suspension. The Okaloosa County Disciplinary Action Form showing the number of days and specific dates of suspension, in order for the appropriate payroll computation to be made, should be sent to Human Resources with an acknowledgement from the employee.

In cases where an investigation may have to be made of the employee’s conduct or of the seriousness of the offense, an employee should be placed on indefinite suspension which may later be changed to dismissal depending on the results of the investigation. Such suspension may be with or without pay.

3) Dismissal

For non-remedial lesser offenses, repetition of serious offenses, or on the first occurrence of an extremely serious offense, an employee may be dismissed from county employment. The Okaloosa County Disciplinary Action Form must be sent to the Human Resources Department for the employee’s file, to document this action. Prior to any proceedings to dismiss an employee, the department director will contact the Human Resources Director and review that employee’s file.

CHAPTER XXI – GRIEVANCE/APPEAL PROCEDURE

Revised and effective 05-04-2021

Section A – Policy

The County provides a grievance procedure to promote prompt and responsible resolution of issues raised by employees. This procedure may be used freely without fear of retaliation, and the Human Resources Department is available to assist throughout the procedure. The internal process outlined below should be used if an individual disagrees with a supervisor's action including any disciplinary action. If the problem involves prohibited harassment, reference to those policies should be made to initiate a complaint. When unsure which policy applies, contact should be made with a Human Resources HR Representative for assistance.

Section B – Definitions

A "grievance" is defined as a dispute alleging a violation of a policy, rule or procedure contained in the Human Resources Policy Manual.

- 1) The term "days" as used in this Chapter shall mean working days.

The Grievance Form is the document on which the employee provides the details of the grievance in writing. The form is available on the Human Resources Department page of the Okaloosa County website.

Section C – Eligibility to File a Grievance

Regular full-time and regular part-time employees, excluding department directors, shall be eligible to file a grievance under these provisions. Employees serving in a probationary status are not eligible to file a grievance. Management decisions that are fundamentally subjective in nature, including employee performance appraisals, are not grievable. In the event that there is a conflict regarding whether a dispute is grievable under this policy, the matter shall be resolved by the County Administrator or his/her designee. Employees terminated for cause are not eligible for this internal process.

Section D – Informal Discussion (Immediate Supervisor)

An employee having a grievance should first discuss it on an informal basis with his/her immediate supervisor. If the matter is not resolved by such informal discussion, then the employee has recourse to the grievance procedure, as set forth in this policy. At this time the immediate supervisor should advise the employee(s) of his/her grievance/appeal rights.

Section E – Procedures

Any employee who feels that he/she wishes to file a grievance may contact the Human Resources Department for procedural guidance.

Grievances shall be presented and addressed in the following manner:

Step 1 – Section Level (Non-Director Next level Supervisor/Manager)

- a) An employee having a grievance shall, within five (5) days following the date of the grievable issue, submit to the supervisor a Grievance Form, citing in detail (i) the facts on which the grievance is based, (ii) the provision(s) of the HR Policy Manual allegedly violated, and (iii) the relief requested. Failure to include any of these aspects on the grievance form may result in the grievance being dismissed.
- b) The supervisor and/or department senior manager may have a meeting with the employee to discuss the grievance.
- c) The supervisor and/or senior department manager shall communicate a decision in writing to the employee within five (5) days following receipt of the Grievance Form, with copy to the Director and Human Resources Department.

Step 2 – Department Level (Director)

- a) If the grievance is not resolved at Step 1, and the employee desires additional review, the employee shall submit the original grievance form and the official outcome from step 1 in writing to the department director within five (5) days after receipt of the decision at Step 1.
- b) The department director may have a meeting with the employee to discuss the grievance. The supervisor and/or senior department manager may also be requested to attend this meeting.
- c) The department director shall communicate a decision in writing to the employee within five (5) days following receipt of the written grievance, with copy to the appropriate Deputy County Administrator and the Human Resources Department.
- d) The grieving employee is responsible for ensuring grievances not resolved in steps 1 or 2 are forwarded in the process as outlined in step 3.

Step 3 – County Administrator Level

- a) If the grievance is not resolved at Step 2, and the employee desires additional review, the employee must submit the grievance form along with the official decisions rendered in steps 1 and 2 in writing to Human Resources, within five (5) days after receipt of the decision at Step 2.
- b) The Human Resources Department will coordinate with the County Administrator to appoint a designee to review the grievance. The designee shall review the record to date and the facts of the matter and make a recommendation in writing within 10 days to the County Administrator with feedback from Human Resources. The reviewer may seek various documents, consult with other parties (i.e. HR or legal) and/or meet with involved employees as necessary.

- c) The County Administrator, or designee, will review the factual determination and recommendation of the reviewer and will either sign as concurring with that recommendation or render another decision, in writing. The decision at this step shall be final. The County Administrator shall provide his/her decision within ten (10) business days from the date HR presents the recommendation for consideration.

Section F – Time Limits

- 1) Failure to initiate a grievance within the time limit in the previous section shall be deemed a waiver of the grievance.
- 2) Failure at any step of this procedure, by the employee, to submit a grievance to the next step within the specified time limit shall be deemed to be acceptance of the decision at that step.
- 3) Failure at any step by the supervisor/department director, of this procedure to communicate the decision of a grievance within the specified time limit shall permit the employee to proceed to the next step.
- 4) The number of days indicated at each step should be considered as a maximum, and every effort should be made to expedite the process. However, the time limits specified in any step of this procedure may be extended, in any specific instance, by mutual agreement.

Section G – General Provisions

- 1) If a grievance arises from the action of an official higher than the supervisor, the grievance may be initiated at Step 2 or 3, as appropriate, by submitting a Grievance Form within the time limit as set forth in Step 1.
- 2) The filing or pendency of any grievance under the provisions of this chapter shall in no way operate to impede, delay, or interfere with the right of the County to take the action regarding the matter complained of, subject to the final disposition of the grievance.
- 3) An employee who resigns from employment shall be deemed to have waived the right to initiate or to process a grievance under the provisions of this chapter.
- 4) Nothing in this chapter shall be construed to prevent or discourage informal discussion between an employee and his/her supervisor(s) on matters of concern to the employee.
- 5) Employees are not entitled to representation during this process.
- 6) Employees working in positions represented by a union are not eligible to utilize this process and should follow the grievance process as outlined in the appropriate collective bargaining agreement.

CHAPTER XXII – SEPARATIONS

All employees separating their employment will personally go to the Human Resources Department to process out. Failure to complete this separation process and return all issued county property will result in the final pay check being held. An employee may be separated from the service of Okaloosa County by any one of the methods as described below.

Section A – Types of Separation from County Service

Separations and/or terminations from positions in the county service shall be designated as one of the following types:

- 1) Resignation;
- 2) Compulsory Resignation;
- 3) Layoff or Reduction in Force;
- 4) Disability;
- 5) Loss of License or Other Requirements;
- 6) Dismissal or Unsatisfactory Service Separation;
- 7) Death;
- 8) Retirement.

Section B – Resignation

To resign in good standing, an employee will give notice in writing to the department director or appointing authority at least 14 calendar days prior to termination date. Department directors must give one (1) months' notice. Normally, failure to comply with this rule shall be entered on the service record of the employee and result in a denial of re-employment rights. However, the department director or appointing authority, with the approval of the Human Resources Director, may exempt from any or all of these penalties an employee who has given less than the required notice, if in their judgment, exceptional circumstances warrant such exemption.

Section C – Compulsory Resignation

An employee who, without valid reason, fails to report to work for three (3) consecutive work days without authorized leave shall be separated from the payroll and reported as a compulsory resignation.

Section D – Reduction in Force (Layoff) Policy

- 1) An employee may be laid off when it becomes necessary by reason of, but not limited to: lack of work, shortage of funds, abolishment of a position, or changes in organizational structure. This action does not reflect discredit upon the service of the

employee. Employees affected by such reductions in force shall receive not less than two (2) weeks written notice of termination of employment, if possible.

The order of such layoffs shall be based on overall performance record, disciplinary record, training and experience, attendance, length of service with the County, and other valid and appropriate criteria. When two (2) employees are relatively equal with respect to these factors, the less senior employee will be laid off.

Laid off regular employees will receive full payment for all accrued annual leave at the employee's current rate of pay, up to the maximum limits prescribed in this policy.

Regular employees with less than 10 years of continuous services with Okaloosa County who are laid off shall receive payment for twenty-five percent (25%) of accrued sick leave, up to a maximum of 240 hours. Regular employees with more than 10 years of continuous service with Okaloosa County who are laid off shall receive payment for accrued sick leave in accordance with the schedule stated in this policy.

Employees who are laid off may apply for internal vacancies for a period equal to one-half ($\frac{1}{2}$) of the employee's service of employment with the County at the time of layoff or one (1) year, whichever is less.

2) Recall

The anniversary date for a laid off employee who is recalled shall be adjusted forward by the number of days that the employee was laid off.

For purposes of annual and sick leave accrual rate, recalled employees shall retain credit for prior service. Recalled employees shall have any accrued annual and sick leave for which the employee did not receive any payment at the time of layoff restored. The employee may have all annual and sick leave restored if the employee repays the full amount of payment received within 60 days following reinstatement.

The employee may be paid at a rate comparable to others in the same job classification with a comparable length of service, if the department budget will permit.

Recalled employees shall be granted first day coverage in health, life and dental insurance.

Section E – Loss of License or Other Job Requirements

Any employee, who is unable to do his/her job adequately because of loss of a necessary license or other requirement, shall be separated by a layoff or placed in a class not requiring same license or requirements.

Section F – Dismissals

Dismissals are involuntary terminations of county employment.

Prior to any proceedings to dismiss an employee, the department director will contact the Human Resources Director and review that employee's human resources file.

Section G – Death

Separation shall be effective as of the last day paid prior to the employee's death or the date of death, if it was paid. All compensation due to the employee as of the effective date of separation shall be paid to the beneficiary, surviving spouse, or to the estate of the employee as determined by law or by executed form in the employee's human resources file.

Section H – Retirement

All full-time and part-time employees are covered by the Florida Retirement System.

A person must have separated their employment with the County (or have a foreseeable separation date) to apply for retirement benefits.

There are several types of retirement and the Human Resources Department has up-to-date information concerning retirement.

CHAPTER XXIII – DRUG-FREE WORKPLACE POLICY

Revised and effective 05-18-2021

Okaloosa County is committed to maintaining a drug-free workplace. There are three separate policies governing the federally and state defined drug-free workplace programs.

- 1) Section A covers both the federal Drug-Free Workplace Act of 1988 and the 1990 amendments to the Florida Workers' Compensation Law.
- 2) Section B implements the U.S. Department of Transportation's (DOT) Federal Motor Carrier Safety Administration's (FMCSA) regulations for covered employees.
- 3) Section C implements the U.S. Department of Transportation's (DOT) Federal Transit Administration's (FTA) regulations for covered employees.

Some employees are required to follow the procedures in more than one section of this policy, depending on the capacity that they are working in at the time of the event.

Section A – Drug-Free Workplace Policy (Effective September 9, 1997)

1) Statement of Policy

Okaloosa County strives to provide a safe work environment and encourages personal health. In this regard, the County considers the abuse of drugs on the job to be an unsafe, counter-productive work practice. Furthermore, we see substance abuse as a serious threat to our staff and community. With these objectives in mind, the County has established the following policy with regard to the use, possession, and sale of illegal drugs and alcohol at work.

Drug addiction is a complex, yet treatable condition. For this reason, our substance abuse program is targeted at alleviating the problem at the community level by involving both our employees and their families. Our commitment to eradicating substance abuse in the community reflects our firm belief that by building this community, we build our county.

The ultimate goal of this policy is to balance our respect for individual privacy with our need to keep a safe and drug-free environment. Our intention is to prevent and treat substance abuse. We encourage those who use drugs or abuse alcohol to seek help in overcoming their problem.

It is county policy that any employee found with the presence of illegal drugs and/or alcohol in his/her system, in possession of, using, selling, trading, or offering for sale illegal drugs during working hours, shall be subject to disciplinary action up to and including discharge.

Substance abuse includes possession, use, purchase or sale of drugs on county premises (includes all buildings, facilities, grounds, parking lots, vehicles, equipment and other real and personal property under the control of the Okaloosa County Board of County Commissioners). It also includes reporting to work under the influence of alcohol or with illegal drugs in an employee's system.

Drugs prescribed by an employee's physician may be taken during work hours. However, the employee is required to notify his/her supervisor if the use of any drug or medication may affect or impair the employee's judgment, job performance, or safety. Under no circumstance will abuse of prescription drugs be tolerated.

Any and all information gathered as a result of this drug testing program is confidential and shall not be disclosed except in accordance with procedures allowed under the Federal/State statutes, professional licensing regulations, or county policy.

It is the responsibility of county supervisors to counsel an employee whenever they see changes in performance that suggest an employee may have a drug or alcohol problem. The supervisors should suggest that the employee seek appropriate professional help with the problem.

As a condition of employment, employees must abide by the terms of this policy and must notify the County in writing of any conviction or a violation of a criminal drug statute occurring in the workplace no later than five (5) calendar days after such conviction.

2) Definitions

- a) Legal Drug – Includes prescribed drugs and over-the-counter drugs that have been legally obtained and are being used solely for the purpose for which they were prescribed or manufactured. Written confirmation from the prescribing physician is required when the Medical Review Officer (MRO) asks the medical reason for the prescription.
- b) Illegal Drug – Any drug that is not legally obtainable, may be legally obtainable but has not been legally obtained, or is being used in a manner or for a purpose other than as prescribed.
- c) Alcohol Abuse – Blood alcohol level of 0.02.
- d) Job Applicant – Means a person who has applied for a position and has been offered employment pending a negative result of a drug test.
- e) Detectable Amount – The cut-off levels established by the governing authority for screening and confirmation.
- f) Safety-Sensitive – These positions as determined by law, usually include positions that involve national security; health; safety; functions that require a high degree of trust and confidence; operation of county vehicles, machinery, or equipment (the mishandling of which may place fellow employees or the general public at risk in the workplace); the handling of hazardous material.
- g) Medical Review Officer (MRO) – a licensed physician (medical doctor or doctor of osteopathy) responsible for receiving laboratory results generated by the county drug testing program. The MRO must have knowledge of substance abuse disorders; and appropriate medical training to interpret and evaluate an individual's confirmed positive test, medical history and other relevant biomedical information.

3) Policy and Work Rules

The county policy is to employ a workforce free from the use of illegal drugs either on or off the job and the abuse of alcohol in the workplace. Any employee in violation of this policy is subject to disciplinary action, which may include termination, even for the first offense. It is a standard of conduct of the employees of this County that employees shall not use illegal drugs or abuse legal ones. In order to maintain this standard, the County shall establish and maintain the programs and rules set forth in this policy.

This county policy specifically prohibits employees from possessing, using, consuming, transferring, selling, buying, or attempting to buy, sell or transfer any illegal drug or alcohol while at work or while on county property. Possession includes having the substance on the employee's person, vehicle or other personal property and/or in the employee's body, blood or urine in an amount above the threshold levels established by the Florida Department of Health and Human Services. This prohibition applies while an employee is on county business or at any time between the beginning and the end of the employee's workday, whether on county property or not. Furthermore, the unlawful manufacture, distribution, dispensing, possession or use of a controlled substance is prohibited in the workplace.

Any employee who violates this policy is guilty of misconduct and is subject to discipline including discharge or suspension without pay from employment, even for a first offense. Failure to submit to a required medical or physical examination or test is misconduct and is grounds for discharge.

Refusal to take a drug or alcohol test is cause for denial of unemployment compensation; forfeiture of medical and indemnity benefits under Florida's Workers' Compensation Act; and automatic termination of employment.

a) General Procedures

An employee under the influence of an illegal drug or alcohol presents a safety hazard to himself/herself and others. Employees in such a condition shall not be allowed to work. First, if possible, the supervisor shall seek another supervisor's opinion concerning the employee's condition. Then the supervisor(s) shall consult privately with the employee to determine his/her condition. The discussion should include inquiries about possible illegal drug or alcohol use. If, in the opinion of the supervisor(s), the employee is unfit for duty, the employee shall be taken to a collection facility to be tested. To assure safe transportation of the employee, he/she shall be taken by the supervisor or a designee. Under no circumstances shall an employee suspected of drug or alcohol use be allowed to drive a vehicle to the testing facility.

b) Initial Test

The initial screen for all drugs except alcohol shall use an immunoassay. For alcohol the initial test shall be the enzyme oxidation methodology. The following cut-off levels shall be used when first screening specimens to find whether they are negative or need to be tested further with the gas chromatography/mass spectrometry (GC/MS) test.

All levels equal to or exceeding the following shall be reported as positive:

Alcohol	0.02 g/210 liters of breath or 100 ml of blood
Amphetamines	1000 ng/ml
Cannabinoids	50 ng/ml
Cocaine	300 ng/ml
Phencyclidine	25 ng/ml
Opiates	2000 ng/ml
Barbiturates	300 ng/ml
Benzodiazepines	300 ng/ml
Synthetic Narcotics	
Methadone	300 ng/ml
Propoxyphene	300 ng/ml

c) Confirmation Test

A positive finding will generate a confirmation test through the GC/MS method and the results will be kept confidential. A copy of any positive can be received by the employee by submitting his/her request in writing. As drug testing technology is constantly improving, and state and federal laws governing said testing are changing almost as rapidly, the County may change the cut-off levels without notice. The cut-off levels in effect for the GC/MS at the time of this printing are as follows:

Alcohol	0.02 g/210 liters of breath or 100 ml of blood
Amphetamines	500 ng/ml
Cannabinoids	15 ng/ml
Cocaine	150 ng/ml
Phencyclidine	25 ng/ml
Opiates	2000 ng/ml
Barbiturates	150 ng/ml
Benzodiazepines	150 ng/ml
Synthetic Narcotics	
Methadone	150 ng/ml
Propoxyphene	150 ng/ml

d) Pre-Employment Drug Screening

Consistent with the county policy opposing drug abuse and our commitment to a safe working environment, we have implemented a pre-employment drug testing policy. Safety-sensitive job applicants shall undergo screening for the presence of illegal drugs as a condition of employment. Safety-sensitive job applicants will be required to voluntarily submit to a urinalysis test at a laboratory chosen by the County after signing a consent and release form. Safety-sensitive job applicants must successfully pass the drug screen urinalysis prior to beginning work.

The County will not discriminate against applicants for employment because of past drug abuse. This Drug-Free Workplace Policy concerns current abuse of drugs that may prevent employees from properly and safely performing their job duties.

All testing will be done by certified laboratories. All test results will be checked by a MRO to assure accuracy. All testing, sample collection, storage, handling and chain of custody will be done in accordance with the Florida Agency on Health Care Administration rules and regulations.

e) Active Employee Drug Testing

i) This County has adopted screening practices to identify employees who use illegal drugs. As a condition of continued employment, no employee shall report to work, or perform work, with illegal drugs or alcohol in his/her body. Every employee shall submit to drug screening:

(1) When there is reasonable suspicion to believe that an employee is using or has used illegal drugs;

(2) When there is a report of drug use, provided by a reliable and credible source;

(3) When there is any mishap or accident involving, caused by, or contributed to by an employee in which injury to a person or persons (requires a physician) occurs;

(4) Where damage to property in the amount of \$1,000 or greater has occurred;

(5) Upon return from extended absence of six (6) months;

(6) As part of a general physical, if required, to ensure fitness for duty.

ii) Circumstances that could indicate a drug problem and considered reasonable suspicion are:

(1) Observed drug use during work hours on county premises;

(2) Observable physical signs;

(3) Incoherent mental state;

(4) Marked changes in personal behavior that are otherwise unexplainable;

(5) Deteriorating work performance that is otherwise unexplainable;

(6) Accidents or other actions that provide reasonable cause to believe the employee may be under the influence;

(7) Other behavior associated with possible drug use.

iii) Our County is a drug-free workplace for the benefit of all employees, customers and the community. State law provides for the possible denial of workers' compensation benefits for employees who are injured while working and subsequently test positive (Florida Rule 38F-9.001 (2) (a)) (W.C. Act 440.102 (5)) and the denial of unemployment compensation. The use of illegal drugs will not be tolerated or subsidized.

f) Testing

All testing will be done at certified laboratories. A MRO will analyze all results. All testing, sample collection, storage, handling, and chain of custody will be done in accordance with appropriate federal and state regulations. All test results will be maintained in a confidential file.

The County will provide to an employee [upon request within seven (7) days] a written report regarding the circumstances that formed the basis for reasonable suspicion. The original and signed report will be maintained in a confidential file.

If a test is not conclusive because of possible tampering or adulteration, a second test will be requested. The second sample collection may be observed. If a test is rejected because of purposeful adulteration, the employee shall be terminated.

Documentation of a positive drug test result will be placed in the employee's confidential file within five (5) working days of notification of the positive test result.

If an employee is tested for reasonable suspicion, documentation of this test, regardless of the test result, will be placed in the employee's confidential file within five (5) working days of receipt of the test results.

All information received in regard to drug testing results will be maintained in separate confidential files and only be used for the purposes of complying with the Drug-Free Workplace Policy.

i) Random Drug Testing

All designated safety-sensitive employees will be randomly tested for drugs. The Human Resources Department shall maintain a list of job descriptions classified as safety-sensitive by the County. A computer program or other independent, bias-free method shall be used to select names of employees for random testing.

ii) Unscheduled Drug Testing

All regular safety-sensitive employees shall be tested for drugs at unscheduled intervals.

iii) Extended Absence Drug Testing

Safety-sensitive employees who return to work after an extended absence of six (6) months will be required to take a drug test comparable to the pre-employment screening.

iv) Rehabilitative Drug-Testing

Employees who successfully complete a rehabilitation program, or as part of their rehabilitation program may return to work, must agree to follow-up drug testing for two (2) years following a return to duty and/or completion of a rehabilitation program if he/she continued to work. Testing will consist of an initial test, then testing once each quarter for the remainder of the two (2) years (all post

rehabilitative testing will be unannounced). Employees not complying with these conditions or testing positive at any time during or following rehabilitation shall be terminated from employment.

v) Routine Fitness for Duty

The County will require an employee to submit to a drug test if the test is conducted as part of a routinely scheduled fitness for duty medical examination that is required for all members of an employment classification or group.

g) Employee Assistance Program (EAP)

The management of Okaloosa County is aware that many personal or health problems can and do interfere with an employee's ability to perform on the job.

The County offers an EAP for employees and their dependents as part of its employee benefits. The EAP provides confidential assessment, referral, and short-term counseling to the employees whose personal health problems are interfering with their job performance.

The EAP can be accessed by an employee through self-referral or as a referral by a supervisor. Refer to the section on Employee Assistance Program for the complete county EAP policy and procedures.

The Human Resources Department has a list of contacts of EAP and other mental health facilities available in the area.

h) Grounds for Discipline or Termination

This county policy specifically prohibits employees from possessing, using, consuming, transferring, selling, buying, or attempting to buy, sell or transfer any illegal drug or alcohol while at work or while on county property. Possession includes having the substance on the employee's person, vehicle or other personal property and/or in the employee's body, blood, or urine in an amount above the threshold levels established by the Florida Department of Health and Human Services. This prohibition applies while an employee is on county business or at any time between the beginning and the end of the employee's workday, whether on county property or not. Any employee who violates this policy is guilty of misconduct and is subject to discipline including discharge or suspension without pay from employment, even for a first offense.

Failure to submit to a required medical or physical examination or test is misconduct and is grounds for discharge. The County will use the Federal Department of Transportation guidelines to determine a refusal to test in the case of shy bladder or shy lung. In the case of shy bladder or shy lung, the employee will have seven (7) working days to secure documentation from a physician establishing the physical condition. In the case of psychological cause, the diagnosis must have been made prior to the test. Diagnosis such as typical anxiety is not acceptable.

An employee who purposely tampers or alters a specimen is guilty of misconduct and is subject to discipline including discharge or suspension without pay from employment, even for a first offense.

Employees tested for reasonable suspicion may be suspended without pay or placed in non-safety-sensitive jobs pending the results of the required test and/or investigation. An employee with a negative result will be reinstated (if suspended) with full back pay and/or return to previous duties. A positive test will result in immediate action up to, and including, termination of employment.

i) Responsibilities of the Employee

- i) As a condition of employment, employees must abide by the terms of this policy and must notify the County in writing of any conviction of a violation of a criminal drug statute occurring in the workplace no later than five (5) calendar days after such a conviction.
- ii) The employee must notify his/her supervisor of any drug or medication that may affect or impair his/her judgment or job performance or safety.
- iii) The employee or job applicant must notify the laboratory of any administrative or civil action planned as a result of a positive test within five (5) working days from receipt of notification.
- iv) The employee has the right to contest the result of a positive drug test, in writing, within five (5) working days of being notified in writing of the positive test result. The employee has a right to a copy of the test result, upon request, and to have the sample taken to a certified lab to be re-tested at the employee's expense.

j) Rights of the Employee/Job Applicant

- i) An employee or job applicant who receives a positive confirmed drug test may contest or explain in writing the result to the MRO within five (5) working days of receipt of the written test results.
- ii) The employee or job applicant has the right to consult the MRO for technical information regarding the effects of prescription medication on the drug test.
- iii) An employee or job applicant may, by written request, have his/her specimen re-tested at the laboratory of their choice, at their expense.
- iv) The employee can request, in writing, within seven (7) days a written report regarding the circumstances that formed the basis for their reasonable suspicion testing.

k) Drugs that May be Tested For

The County may test for any or all of the following (they are listed by chemical name and brand or common name):

Alcohol	(booze, drink)
Amphetamines	(biphphetamine, desoxyn, dexedrine, speed)
Cannabinoids	(marijuana, hashish, hash, hash oil, pot, joint, roach, grass, weed, reefer)

Opiates	(opium, Dover's powder, paregoric, parepectolin)
Barbiturates	(phenobarbital, tuinal, amytal)
Benzodiazepines	(ativan, azene, clonopin, dalmene, diazepam, halcion, librium, poxipam, restoril, serax, tranxene, valium, veratrine, xanax)
Methadone	(dolophine, methadose)
Propoxyphene	(darvocet, darvon N, dolene)

4) Conclusion

The county Drug-Free Workplace Policy is not intended to be abusive or discriminatory nor to come into conflict with any public policy. This County considers drug testing to be only one of several steps to achieve a safe, healthy, and productive atmosphere for its employees. This policy is available for inspection by the job applicant or employees during regular business hours. This policy supersedes any information provided to applicants and/or employees either written or oral and reserves the right to change the provisions of this policy and testing program at any time in the future without prior notice and does not constitute a contract for employment.

Section B – Substance and Alcohol Misuse Policy DOT FMCSA for CDL Holders (Effective: March 14, 1995)

1) Statement of Policy

Okaloosa County has a firm commitment to provide employees with a safe and drug/alcohol-free work environment. In order to accomplish this goal, and comply with Federal Motor Carrier Safety Administration (FMCSA) Drug and Alcohol Testing Regulations (49 C.F.R. Part 40 and 382), Okaloosa County has implemented this policy, that will provide the necessary guidelines and procedures to augment measures taken in the past to achieve a drug/alcohol-free workplace.

Within this context, an alcohol and drug-testing program, designed to help prevent accidents and injuries resulting from the misuse of alcohol and drugs, will be inaugurated on the effective date of this policy. All drivers of commercial motor vehicles

(CMV's) who are required to hold commercial driver's licenses (CDL's) are subject to the provisions of this policy and will be alcohol and drug tested, accordingly.

All employees (and applicants for employment) who perform duties covered by DOT FMCSA regulations are covered by these policies and procedures in addition to any and all other County policies and procedures related to alcohol and drug use.

2) Applicability

County employees subject to the provisions of this policy, are those DOT covered employees who hold CDL's and include, but are not limited to:

- a) Full-time, regularly employed drivers;
- b) Casual, intermittent or occasional drivers;
- c) Leased drivers;
- d) Independent, owner-operator contractors who are either directly employed by or under lease to Okaloosa County or who operate commercial motor vehicles (CMV's) at the direction of or with the consent of Okaloosa County.

3) Definitions

Many of the following defined terms are used throughout this policy and many other terms may be helpful in better understanding the alcohol/drug testing procedures.

- a) Alcohol – Intoxicating agent in beverage alcohol, ethyl alcohol, or other low molecular weight alcohol, including methyl and isopropyl alcohol.
- b) Alcohol Concentration/Content – Alcohol in a volume of breath (shown as grams of alcohol/210 liters of breath) as indicated by an evidential breath test (EBT).
- c) Alcohol Use – Consumption of any beverage, mixture, or preparation, including medications, containing alcohol.
- d) Breath Alcohol Technician (BAT) – An individual who instructs and assists individuals in the alcohol testing process and operates an evidential breath testing (EBT) device.

- h) Confirmation Test In Alcohol Testing - A second test, following a screening test with a result of 0.02 or greater, that provides quantitative data of alcohol concentration.
- i) Confirmation Test In Controlled Substance Testing – A second test to identify the presence of a specific drug or metabolite. In order to ensure reliability and accuracy, this test is separate from and uses a different technique and chemical principal from that of the screening test. Gas chromatography/mass spectrometry (GC/MS) is the only authorized confirmation method of cocaine, marijuana, opiates, amphetamines and phencyclidine (PCP).
- j) Controlled Substances – For purposes of this policy, the terms “drugs” and “controlled substances” are interchangeable and have the same meaning. Unless otherwise specified, these terms refer to:

- l) Medical Review Officer (MRO) – A licensed physician (medical doctor or doctor of osteopathy) responsible for receiving laboratory results generated by Okaloosa County drug testing program. 4) Prohibitions

a) Alcohol Use

- i) Since alcohol is a legal substance, the prohibitions for its use are closely tied to the performance of safety-sensitive functions.
- ii) Prohibitions for alcohol
 - (1) A safety-sensitive employee may not report for duty or remain on duty requiring the performance of a safety-sensitive function (a) with an alcohol concentration of 0.04 or greater, (b) if using alcohol; or, (c) within four (4) hours of using alcohol. In addition, no safety-sensitive employee shall be on duty or operate a commercial motor vehicle while in the possession of alcohol (unless it is manifested and transported as part of a shipment).
 - (2) A safety-sensitive employee who has had an accident may not use alcohol until post-accident testing is done or for a period of eight (8) hours, whichever comes first.
 - (3) Safety-sensitive employees cannot refuse to submit to testing. Okaloosa County reserves the right to take disciplinary actions against any employee who refuses to be tested for alcohol.

b) Controlled Substances Use

- i) Prohibitions for controlled substances
 - (1) Safety-sensitive employees may not report for duty or remain on duty requiring the performance of safety-sensitive functions, while using any controlled substance. The exception to this prohibition is if a physician has prescribed the substance and has advised the safety-sensitive employee that it does not interfere with the ability to safely operate a motor vehicle or perform safety-sensitive functions.
 - (2) Safety-sensitive employees may not report for duty or remain on duty or perform safety-sensitive functions if they have tested positive for a controlled substance.
 - (3) Okaloosa County reserves the right to require safety-sensitive employees to report the use of any therapeutic drugs. Also, Okaloosa County reserves the right to remove employees from safety-sensitive duties until a physician's opinion can justify safe resumption of safety-sensitive functions.
 - (4) Safety-sensitive employees cannot refuse to submit to controlled substance testing. Okaloosa County reserves the right to take disciplinary actions against any safety-sensitive employee who refuses to be tested for controlled substances.

c) Consequences

A safety-sensitive employee who has violated any of the prohibitions concerning alcohol misuse or controlled substances use, including a refusal to be tested, will be removed from any safety-sensitive function and will not be allowed to return to a safety-sensitive function with Okaloosa County until an evaluation by a Substance Abuse Professional (SAP) has been done and any recommended treatment has been completed. Okaloosa County reserves the right to take disciplinary action against any safety-sensitive employee who violates these alcohol/drug prohibitions up to and including termination.

Anyone found to have an alcohol concentration of 0.02, but less than 0.04, will not be allowed to return to a safety-sensitive position for 24 hours, or until another alcohol test is administered with an alcohol concentration of 0.02 or less. Federal regulations require that no further actions can be taken under this policy solely on the basis of a test result showing an alcohol concentration of less than 0.04. This does not prevent the County from taking disciplinary action otherwise consistent with any other county policy, which is consistent with law.

5) Referral, Evaluation, and Treatment

- a) Safety-sensitive employees who violate any of the prohibitions concerning alcohol misuse or controlled substance use will be provided with an opportunity for alcohol or drug abuse treatment. Federal regulations do not require that the employer pay for rehabilitation or hold a job open for a safety-sensitive employee.
- b) Specifically, federal regulations require:
 - i) That the employees who violate alcohol or drug prohibitions be advised of the resources available to evaluate and resolve the problem;
 - ii) That the safety-sensitive employee be evaluated by a SAP to determine what assistance is necessary.
- c) If the County decides to allow a safety-sensitive employee to return to work, before returning to safety-sensitive duties, the employee must:
 - i) Produce a return-to-duty alcohol test of 0.02 alcohol concentration or less (if violation was alcohol related); or produce a verified negative return-to-duty controlled substances test (if violation was drug related);
 - ii) Be subject to a minimum of six (6) unannounced follow-up tests within the first year back to work;
 - iii) If assistance was recommended, the DOT covered employee must be evaluated by a SAP to determine if treatment recommendations were followed. The County will direct the DOT covered employee to undergo return-to-duty and follow-up testing for both alcohol and controlled substances, at the recommendation of the SAP. Follow-up testing can be done for up to five (5) years after return to work.

6) Required Testing

There are five (5) situations in which testing can be done to determine the presence of alcohol and/or drugs.

a) Pre-Employment Testing

Pre-employment testing is required:

- i) Before a new hire is permitted to perform any safety-sensitive function;
- ii) When a person transfers into a safety-sensitive function from elsewhere in the County that is non-safety-sensitive.

b) Post-Accident Testing

Post-accident drug and alcohol testing is required following an accident involving a commercial motor vehicle as follows:

- i) Fatal Accidents – A human life is lost; or
- ii) Non-Fatal Accidents – The driver was cited for a moving traffic violation and either (1) or (2) applies:
 - (1) Injury that required an injured person to leave the scene of the accident for immediate medical attention; or
 - (2) Vehicle that received damage causing the vehicle to be towed away from the accident by a tow truck or another type of vehicle.

Post-accident tests will be done as soon as possible, however in any case, all reasonable efforts shall be made to test the employee within two (2) hours of the accident, but not after eight (8) hours for alcohol testing and 32 hours for drug testing. The County will document the reasons any test was not performed during these time periods.

When reporting the accident, the employee is required to report whether the accident resulted in the loss of life or moving violation. It is then the responsibility of the supervisor to arrange for testing under the prescribed procedures herein.

Employees who are subject to post-accident testing shall remain readily available for the test or may be deemed to have refused the test. However, employees are not required to delay necessary medical attention for injured people following an accident. Employees shall not be prohibited from leaving the scene of the accident for the period of time necessary to obtain assistance in responding to the accident or to obtain necessary emergency medical care.

The results of a urine, saliva or breath test for the use of prohibited drugs or alcohol misuse conducted by federal, state, or local officials having independent authority for the test may be used to satisfy this section, provided the tests comply with applicable federal, state, or local testing requirements and the results of the tests are obtained by the County.

c) Random Testing

Unannounced random testing of County employees engaged in safety-sensitive functions will be done each year. Employees, who are randomly selected from a pool, must be tested for alcohol just before, during or immediately after performing a safety-sensitive function. A DOT FMCSA covered employee may be randomly tested for prohibited drug use anytime while on duty. Random testing is done on a percentage basis:

- i) Ten percent (10%) of DOT FMCSA covered employees must be randomly tested for alcohol annually.
- ii) Fifty percent (50%) of DOT FMCSA covered employees must be randomly tested for controlled substances annually.

d) Reasonable Suspicion

Testing can also be done if a County management official or supervisor has reasonable suspicion to believe that an employee's behavior or appearance may indicate alcohol or drug use in violation of this policy. The determination to test for reasonable suspicion must be based on:

- i) The observation of a supervisor or County official who has received the training required by federal regulations. Supervisor training requires at least 60 minutes of training on alcohol misuse and 60 minutes of training on controlled substances. The training shall cover the physical, behavioral, speech and performance indicators of probable alcohol misuse and use of controlled substances;
- ii) Specific, clearly stated observations concerning the appearance, behavior, speech or body odors of the DOT covered employee. An alcohol test is authorized only if the observation is made during, just before, or just after the employee performs safety-sensitive functions.

The time and documentation constraints for administering a reasonable suspicion alcohol test following the observations are the same as the time requirements for post-accident testing. In addition, a written record shall be made of the observations leading to a controlled substance test, signed by the supervisor or official who made the observation, within 24 hours of the observed behavior or before the results of the test are released, whichever is earlier.

e) Return-to-Duty and Follow-Up Testing

- i) Return-to-duty testing is required for an employee who violates this policy and/or federal requirements for continuing to perform safety-sensitive functions. Prior to returning to duty requiring performance of safety-sensitive functions, the following test results are required on a return-to-duty test:

- (1) An alcohol concentration of less than 0.02 (after engaging in prohibited conduct concerning alcohol);

(2) A verified negative controlled substance test (after engaging in prohibited conduct concerning controlled substances).

ii) Unannounced follow-up testing, as directed by a substance abuse professional, is required for an employee who engages in prohibited conduct, if the employee does return to safety-sensitive functions. Follow-up testing for alcohol will be conducted just before, during, or after performing safety-sensitive functions. The federal rules and this policy calls for a minimum of six (6) unannounced tests during the first year back in a safety-sensitive position.

f) Refusal to Test

A refusal to be tested for alcohol or controlled substances constitutes a violation of County policy and will be interpreted in the same way as a positive test for alcohol or controlled substances. Okaloosa County reserves the right to take additional disciplinary actions against an employee who refuses to be tested.

7) Alcohol Testing Procedures and Employee Safeguards

a) Breath Alcohol Technician (BAT)

i) A “breath alcohol technician” is an individual who instructs and assists individuals in the alcohol testing process and operates an “evidentiary breath testing” device (EBT). The BAT is required to be properly trained, as follows:

(1) Proficiency shall be demonstrated by successful completion of a course of instruction that, at a minimum, provides training in the principals of EBT methodology, operation, and calibration checks; the fundamentals of breath analysis for alcohol content; and the procedures required in this part for obtaining a breath sample, and interpreting and recording EBT results.

(2) Only courses of instruction for operation of EBT’s that are equivalent to the Department of Transportation (DOT) model course, as determined by the National Highway Traffic Safety Administration (NHTSA), may be used to train BAT’s to proficiency.

(3) The course of instruction shall provide documentation that the BAT has demonstrated competence in the operation of the specific EBT(s) he/she will use.

(4) Any BAT who will perform an external calibration check of an EBT shall be trained to proficiency in conducting the check on the particular model of EBT.

(5) The BAT shall receive additional training, as needed, to ensure proficiency, concerning new or additional devices or changes in technology that he/she will use.

(6) Okaloosa County will establish documentation of the training and proficiency test of each BAT it uses to test County employees.

A BAT-qualified supervisor of an employee may conduct the alcohol test for that employee only if another BAT is unavailable.

A supervisor or management official, who makes a “reasonable suspicion” determination as to a DOT covered employee, shall not test that employee.

b) Evidential Breath Testing (EBT) Device

An EBT used for a screening test of a County employee will be capable of printing out results and numbering each result sequentially. A logbook may also be kept.

The EBT used will have a Quality Assurance Plan (QAP) developed by the manufacturer and approved by NHTSA. Okaloosa County will remove from service any EBT that fails a calibration check as set forth in the QAP.

c) Breath Alcohol Testing Form/Logbook

A federally approved alcohol testing form will be used to ensure the integrity of the test result, properly identify the employee with the test result, and serve as a documented record of the testing event.

The logbook, if used, will become additional documentation of the testing event by providing a sequential test number, date, name of BAT, location of test, quantified test result and initials of the employee for each test.

d) Preparation for Testing

Alcohol testing will be conducted in a location that affords, to the greatest extent practicable, visual and aural privacy to the County employee being tested.

The employee is required to show positive identification (picture I.D.) to the BAT and may request the BAT to also show positive identification. Employees who have no I.D. on their person shall have their identity confirmed by their supervisor.

The BAT must supervise only one (1) employee's use of the EBT at a time and must not leave the testing site while the test is in progress.

e) Screening Test Procedure

After the employee has been positively identified, the alcohol screening test procedure will be conducted using any federally approved method. With breath alcohol testing:

- i) The employee will provide the BAT with identifying information and employer information to be entered onto the Breath Alcohol Testing Form. The employee will be asked to certify, by signature, that the information provided is correct. A refusal by an employee to sign the certification will be regarded as a refusal to take the test.
- ii) An individually sealed mouthpiece will be opened in view of the employee and attached to the EBT.

- iii) The BAT will instruct the employee to blow forcefully into the mouthpiece for at least six (6) seconds or until the EBT indicates that an adequate amount of breath has been obtained.
- iv) After showing the employee the quantitative alcohol concentration results printed out by the EBT, the BAT will enter the results, test number, testing device, serial number of the EBT, time and date on the proper section of the Breath Alcohol Testing Form. If the EBT device prints the test results directly onto the form, the BAT will show the employee the result displayed on the device. If the EBT device provides a printed result, but does not print the result directly onto the form, the BAT will show the employee the results displayed on the device; then affix the test result printout to the Breath Alcohol Test Form in the designated space, using a method that will provide clear evidence of removal (e.g., tamper-evident tape). The BAT may also record the test number, date, name of BAT, location, and quantified test result in the logbook. The employee will then initial the logbook.
- v) Depending on the result, the following procedures apply:

- (1) If the result is less than 0.02, the BAT will date the form and sign the certification to the effect that all procedures were followed as required by federal regulations.

No further testing is required. The BAT will transmit the result of less than 0.02 to a County designated official in a confidential manner, and the County official will receive and store the information so as to ensure that confidentiality is maintained. The employee will receive a copy of the alcohol form.

Failure of the employee to sign the alcohol test form or initial the logbook after a test has been conducted will be noted by the BAT in the remarks section of the alcohol form but will not be considered a refusal to be tested.

If a test result printed by the EBT does not match the displayed result, the BAT shall note the disparity in the remarks section, both BAT and employee will initial the remarks. The test result will be considered invalid and the employee and County will be so notified.

- (2) If the result is 0.02 or greater, a confirmation test will be performed. If the confirmation test will be performed by a different BAT, the BAT who conducted the screening test will complete and sign the form and logbook entry. The BAT will give the employee a copy of the alcohol form.

f) Confirmation Testing Procedures

If a different BAT is conducting the confirmation test, the new BAT will require positive identification of the employee, explain the testing procedure, and initiate a new Breath Alcohol Testing Form, requiring a repetition of information and certification by signature. In addition, the following instructions must be followed:

- i) The BAT will instruct the employee not to eat, drink, or put any object or substance in his/her mouth and, to the extent possible, not belch, for at least 15 minutes. The BAT will explain that the reason for these instructions is to ensure against an artificially high reading. The BAT will note in the "Remarks" section of the form any non-compliance with instructions.
- ii) The confirmation test will be conducted between 15 and 20 minutes of the completion of the screening test.
- iii) A new mouthpiece will be opened and used for the confirmation test.
- iv) Before the confirmation test is administered for each employee, the BAT will ensure that the EBT registers 0.00 on an air blank. If the reading is greater than 0.00, after two (2) attempts, that EBT will not be used for testing.

Any EBT taken out of service because of failure to register 0.00 on an air blank will not be returned to service until an external calibration is conducted and the EBT is, once again, to be found within tolerance limits.

- v) In the event that the screening and confirmation test results are not identical, the confirmation test result is to be deemed to be the final result upon which any action will be taken in compliance with federal rules or County authority.
- vi) The BAT will affix the confirmation test printout to the Breath Alcohol Test Form using tamper-evident tape.
- vii) Following completion of the test, the BAT will date and sign the form. The employee will also sign the certification statement at the designated place.

The refusal of the employee to sign the alcohol form will not defeat the test result, but will be noted by the BAT in the "Remarks" section.

Disparity between the displayed result and the printed result will be "noted," signed by employee and BAT, and will be considered an invalid test.

- viii) The BAT will transmit all results to Okaloosa County in a confidential manner. The BAT will ensure immediate transmission to Okaloosa County of results that require Okaloosa County to prevent an employee from performing a safety-sensitive function.
- ix) Okaloosa County will designate one or more representatives for the purpose of receiving and handling alcohol testing results in a confidential manner. All communications by BAT's to Okaloosa County concerning the alcohol testing results of employees will be to a designated Okaloosa County representative.

8) Drug Testing Procedures and Employee Safeguards

a) Chain of Custody

The Okaloosa County employee drug testing program will utilize a clear and well-documented procedure for collection, shipment and accession of urine specimens

from the specimen collection site to the laboratory. For this purpose, a standard drug testing Custody and Control Form will be used.

b) Definition of Chain of Custody

Federal regulations define chain of custody as “procedures to account for the integrity of each urine specimen by tracking its handling and storage from point of specimen collection to final disposition of the specimen.”

c) The Custody and Control Form

The drug testing Custody and Control Form is used to document the chain of custody to the laboratory. These forms are multiple-part carbonless forms to allow for copies to be retained by the laboratory, to be shared by the MRO, the employee, and the Okaloosa County designated representatives. These forms will be maintained as a permanent record on which all necessary identifying data and the collection process are retained.

d) Preparation for Testing

In addition to using a Custody and Control Form, other safeguard procedures, in preparation of testing, include:

- i) Use of clean, split specimen bottles;
- ii) Use of a tamperproof seal system;
- iii) Use of a shipping container that can be sealed and initialed after depositing both specimen and Custody and Control Form documentation; and
- iv) Written procedures and instructions for collection site person.

e) Written Procedures

The written procedures for the collection site person emphasize that the collection site person is responsible for maintaining the integrity of the specimen collection and transfer process.

Unless it is impractical for any other individual to perform this function, a direct supervisor of an employee will not serve as the collection site person for testing purposes.

In any case, where a collection is monitored or directly observed, the collection site person will be of the same gender as the employee/donor.

f) Specimen Collection Security Procedures

The collection site will be a secure location, closed to allow for maximum privacy. Security procedures require restricted access to collection materials and specimens. No unauthorized individuals will be permitted access to the collection site. No one other than the collection site person may handle specimens prior to their being

placed securely in the mailing container. The split sample method will be used, resulting in a primary specimen of 30 ML, and a split sample of 15 ML.

To minimize the chance of error, the collection site person will collect only one (1) specimen at any given time. The collection procedure for each specimen is completed when the urine bottles have been sealed and initialed, the Custody and Control Form has been executed, and the employee has departed the collection site.

g) Laboratory Analysis

In compliance with the drug testing regulations, Okaloosa County will only authorize laboratories certified by the Department of Health and Human Services (DHHS) to be used for the analysis of urine specimens for the Okaloosa County drug-testing program.

Certified laboratories, so utilized by Okaloosa County, will take security measures to ensure accurate identification of each specimen. Internal Custody and Control Forms will be used at all times to track each specimen from the time it is received to the time it is destroyed. See Appendix A for more information on initial screening and confirmation testing.

h) Reporting of Results

The certified laboratory, chosen by Okaloosa County to analyze urine specimens of covered employees, will report the test results directly to Okaloosa County's designated MRO. Both positive and negative results will be reported in a secure and confidential manner. The MRO may report test results to the County using any method of communication; however, in all cases the MRO shall forward to the County within three (3) business days of the completion of the review, a signed, written notification containing the following:

- i) That the test being reported was conducted in accordance with the requirements of this policy;
- ii) The name of the employee tested;
- iii) The type of test conducted (random, post-accident, etc.);
- iv) The date and location of the test collection;
- v) The identity of the person taking the collection, conducting the analysis, and serving as MRO;
- vi) The verified test results, and if positive, the identity of the controlled substance(s) for which the test verified positive.

The report, as certified by the responsible laboratory individual, will indicate the drug/metabolites tested for, whether the results are positive or negative, the specimen number assigned by Okaloosa County and the drug testing laboratory identification number. Only specimens confirmed by GC/MS testing as positive are reported as positive.

The laboratory will also transmit to the MRO the original or certified copy of the Custody and Control Form and will identify the individual at the laboratory responsible for the day-to-day management of the laboratory process.

i) Review of Results/MRO

The MRO, designated by Okaloosa County to review drug test results, will be a fully licensed physician and possess knowledge of drug abuse disorders. It is the primary responsibility of the MRO to review and interpret positive results obtained from the laboratory. The MRO will assess and determine whether alternate medical explanations could account for the positive test results.

To accomplish this task, the MRO may conduct medical interviews of the individual, review the individual's medical history and review any other relevant bio-medical factors. Additionally, the MRO will examine all medical records and data made available by the tested individual, such as evidence of prescribed medications. The MRO will not consider any drug test results that arise from urine collection or analysis that do not comport with regulations.

The MRO will give the individual testing positive an opportunity to discuss the test results prior to making a final decision. After the final decision is made, the MRO will notify Okaloosa County.

j) Testing of Split Sample

The MRO will notify each employee who has a confirmed positive test that the employee has 72 hours in which to request a test of the split specimen. If the employee makes such a request, the MRO will direct, in writing, the laboratory to provide the split specimen to another certified laboratory for analysis. If the analysis of the split specimen fails to reconfirm the presence of the drug(s) or metabolite(s) found in the primary specimen, or if the split specimen is unavailable, inadequate for testing or unsuitable, the MRO will cancel the test and report cancellation and the reason for it to the DOT, Okaloosa County, and the employee.

k) MRO Unable to Contact Employee

If Okaloosa County's' designated MRO, after making and documenting all reasonable efforts, is unable to contact a tested employee, the MRO will contact a designated management official of Okaloosa County to arrange for the individual to contact the MRO prior to going on duty or within 24 hours, whichever is earlier. If the County is unable to contact the employee after reasonable efforts, he/she will be placed on temporary medically unqualified status, or unpaid medical leave. The MRO may verify a positive test without having communicated with the employee about the results of the test if:

- i) The safety-sensitive employee expressly declines the opportunity to discuss the results of the test; or
- ii) Within five (5) days after a documented contact by a designated management official of Okaloosa County instructing the employee to contact the MRO, the employee has not done so.

I) Employee Test Information

Okaloosa County will maintain records relating to employee test information, and related to violations of this policy, in a secure manner, so that disclosure of information to unauthorized persons does not occur. Employee test information will only be released as required by law or as expressly authorized by the employee. The release of employee test information is allowed in the following instances:

- i) An employee will have access to any of his/her alcohol testing records upon written request;
- ii) Okaloosa County will allow any DOT-authorized agency access to facilities and records in connection with the alcohol misuse prevention program;
- iii) When requested, Okaloosa County will disclose post-accident testing information to the National Transportation Safety Board (NTSB) as part of an accident investigation;
- iv) Okaloosa County may disclose information to the employee or to a decision-maker in a lawsuit, grievance, or other proceeding initiated by or on behalf of the employee arising from the results of an alcohol/drug test pursuant to this policy, or from the county's determination that the employee engaged in prohibited conduct.

Okaloosa County will release information regarding an employee's alcohol testing records as directed by the specific, written consent of the employee authorizing release of the information to an identified person. All DOT results will be released to prospective employer(s) upon request.

9) DOT Drug and Alcohol Policy Addendum – Commercial Driver's License Drug and Alcohol Clearinghouse.

Beginning January 6, 2020, a repository created by the FMCSA will collect information on drivers' DOT drug and alcohol violations occurring under the County's FMCSA DOT testing program.

The County must report DOT drug and alcohol testing program violations to the Clearinghouse. Motor carriers, medical review officers, third-party administrators (TPA/Consortiums), and substance abuse professionals (SAPs) must provide information when a driver:

1. Tests positive for drugs or alcohol;
2. Refuses required drug and or alcohol testing;
3. Undergoes the return to duty drug and alcohol rehabilitation process.

The following records will be collected and maintained in the Clearinghouse:

1. A verified positive adulterated or substituted drug test result;
2. An alcohol confirmation test with a concentration of 0.04 or higher;
3. A refusal to submit to any test;
4. An employer's report of actual knowledge, as defined, including:
 - a. On duty alcohol use;
 - b. Pre-duty alcohol use;
 - c. Alcohol use following an accident;
 - d. Control substances use.
5. A substance abuse professional report of the successful completion of the return-to-duty process;
6. An employer's report of completion of the follow-up testing.

FMCSA requires motor carrier employers to:

1. Query the system for information on drivers and applicants;
2. Search the database annually for current employees.

Before the County may gain access to the information in the Clearinghouse, the driver must grant consent. Failure to provide consent will prevent the company from using the CDL driver in a safety-sensitive function.

Civil Penalties for an employer, employee, medical review officer, or service agent who violates the regulations implementing the Drug and Alcohol Clearinghouse will cost \$5,833 for a single DOT violation.

Section C – Substance and Alcohol Misuse Policy DOT FTA – For Employees Performing Maintenance on Revenue Service Vehicles or Equipment

Revised and effective February 20, 2018

1) Testing Program Background

The Omnibus Transportation Employee Testing Act of 1991 (OTETA) directed the United States Department of Transportation (USDOT) to promulgate regulations outlining the procedures for transportation workplace drug and alcohol testing. The USDOT regulations titled, "Procedures for Transportation Workplace Drug and Alcohol Testing" are codified as 49 CFR Part 40. The regulations ensure uniform practices for specimen collections, laboratory analysis, medical review, result reporting and the Return-to-Duty process for violating employees. The regulations are applicable to safety-sensitive employees in transportation workplaces throughout the nation (transit, railroad, aviation, commercial drivers, etc.).

The OTETA also directed each transportation administration to craft industry-specific regulations that define which employees are subject to testing, the testing circumstances, policy statement requirements and training requirements, relevant to that industry. The County is required to comply with both the USDOT regulations described above, as well as the Federal Transit Administration regulations "Prevention of Prohibited Drug Use and Alcohol Misuse in Transit Operations" which are codified as 49 CFR Part 655.

2) Employee Applicability

a) This policy and the USDOT/FTA testing program apply to all s. 49 U.S.C. Chapter 53, Section 5311 ("5311") grant funded safety-sensitive Okaloosa County ("County") employees. The policy also applies to 5311 covered volunteers who are required to hold a Commercial Drivers License (CDL) and 5311 covered volunteers that receive remuneration in excess of actual expenses accrued while carrying out assigned duties. Adherence to this policy and the USDOT/FTA testing program is a condition of employment in a 5311 covered safety-sensitive position with the County. All employees of the County who perform, or could be called upon to perform, any of the following duties are defined as 5311 covered safety-sensitive employees:

- i) Operate a public transportation vehicle, while in or out of service;
- ii) Operate an ancillary vehicle when the vehicle requires a commercial driver's license;
- iii) Control the movement of a public transportation vehicle;
- iv) Perform maintenance on a vehicle or equipment used in public transportation; or
- v) Carry a firearm for security purposes.

b) The County positions classified as safety-sensitive include:

- i) Fleet Operations Division Manager;
- ii) Equipment Technician;
- iii) Certified Equipment Technician;
- iv) Master Equipment Technician;
- v) Lead Equipment Technician;
- vi) Paint and Body Technician;
- vii) Shop Foreman;
- viii) Senior Shop Foreman;
- ix) Shop Supervisor;
- x) Welder.

3) USDOT/FTA Prohibited Drug Classes

- a) Amphetamines;
- b) Cocaine;
- c) Marijuana;
- d) Opioids;
- e) Phencyclidine (PCP).

4) Pre-employment Drug and Alcohol Background Checks

In accordance with 49 CFR Part 40.25, the County must make and document good faith efforts to perform drug and alcohol background checks for all applicants applying for a safety-sensitive position and all current employees applying for transfer into a safety-sensitive position. Testing information will be requested from each of the applicant's previous DOT covered employers during the two (2) years prior to the date of application. The County must obtain the applicant's written consent for the release of their drug and alcohol testing information from their previous DOT covered employers to the County. Applicants refusing to provide written consent are prohibited from performing safety-sensitive functions for the County.

Safety-sensitive applicants who have previously violated the USDOT testing program must provide documentation that they have successfully completed the USDOT's Return-to-Duty process with a DOT-qualified Substance Abuse Professional (SAP). Failure to provide satisfactory documentation will exclude the applicant from being hired or transferred into a safety-sensitive position with the County.

5) Pre-Employment Testing

All applicants for safety-sensitive positions shall undergo a pre-employment urine drug test. The County must receive a Medical Review Officer (MRO)-verified negative drug test result prior to the applicant's first performance of any safety-sensitive function, including behind-the-wheel training.

If an applicant's pre-employment urine drug test result is verified as positive, the applicant will be excluded from consideration for employment in a safety-sensitive position with the County. The applicant will be provided a list of USDOT-qualified Substance Abuse Professionals (SAP).

An employee returning from an extended leave period of 90 consecutive days or more, and whose name was also removed from the random testing pool for 90 days or more, must submit to a pre-employment urine drug test. The County must be in receipt of a negative drug test result prior to the employee resuming any safety-sensitive function.

6) Random Testing

Safety-sensitive employees will be subject to random, unannounced testing. The County will perform random testing in a manner that meets or exceeds the FTA

minimum annual testing requirements, as amended. The selection of employees for random testing will be made using a scientifically valid method. All safety-sensitive employees will have an equal chance of being selected each time a random draw is performed. Random alcohol tests will be conducted just before, during or just after the employee's performance of a safety-sensitive function. Random drug tests may be conducted anytime an employee is on duty, on call for duty or on standby for duty.

Once an employee is notified that they have been selected for a random test, they must proceed immediately to the testing location. Failure to proceed immediately may be deemed a refusal to test.

7) Reasonable Suspicion Testing

All safety-sensitive employees must submit to reasonable suspicion drug and/or alcohol testing when a supervisor or County official trained in detecting signs and symptoms of drug use or alcohol misuse has made specific, contemporaneous, articulable observations concerning an employee's appearance, speech, behavior and/or body odor. Reasonable suspicion testing for alcohol misuse will occur when observations are made just before, during, or just after the employee's performance of a safety-sensitive function. Reasonable suspicion testing for prohibited drugs may be conducted anytime an employee is on duty or on standby for duty and a trained supervisor has made the observations.

8) Post-Accident Testing

a) Fatal Accidents: Safety-sensitive employees must submit to post-accident drug and alcohol testing following an accident involving a public transportation vehicle that results in the loss of human life. In addition to a surviving operator of the vehicle, any other surviving safety-sensitive employee whose performance could have contributed to the accident must also be tested.

b) Non-Fatal Accidents: All safety-sensitive employees whose actions cannot be completely discounted as a contributing factor must submit to post-accident drug and alcohol testing when a non-fatal accident meets one (1) or more of the following thresholds:

- i) An individual suffers bodily injury and immediately receives medical treatment away from the scene;
- ii) One (1) or more vehicles incurs disabling damage that requires the vehicle(s) to be towed away from the accident scene; or
- iii) If the public transportation vehicle is a rail car, trolley car, trolley bus or vessel and has been removed from service.

The County officials will use the best information available at the scene, to determine if a safety-sensitive employee's performance can be completely discounted as a contributing factor to the accident.

Post-accident drug and alcohol tests will be conducted as soon as practicable following the accident. Any safety-sensitive employee involved in an accident must refrain from

alcohol use for eight (8) hours following the accident or until the employee undergoes a post-accident alcohol test. Any safety-sensitive employee who leaves the scene of the accident without a justifiable reason or explanation prior to submitting to drug and alcohol testing will be deemed to have refused the test. However, employees are not prohibited from leaving the scene of an accident to obtain assistance in responding to the accident or to obtain necessary emergency medical care.

9) Urine Specimen Collections

Urine specimen collections will be conducted in accordance with USDOT rule, 49 CFR Part 40, as amended. Collectors will be appropriately trained and qualified to perform urine specimen collections for USDOT covered employers. Urine specimen collectors will use the split-specimen collection method and will afford the donor (employee) the greatest degree of privacy permitted per 49 CFR Part 40, as amended. When an observed collection is required, the observer will be of the same gender as the donor (employee).

10) Refusal to Submit to Urine Drug Testing

The following actions constitute a “refusal to test” in accordance with 49 CFR Part 40, as amended:

- a) Failure to appear for any test within a reasonable time, as determined by the County, consistent with applicable DOT agency regulations, after being directed to do so by the County (pre-employment testing not applicable);
- b) Failure to remain at the testing site until the testing process is completed (after the process has been started);
- c) Failure to provide a urine specimen for any drug test required by this part or DOT agency regulations;
- d) In the case of a directly observed or monitored collection in a drug test, fail to permit the observation or monitoring of your provision of a specimen;
- e) Failure to provide a sufficient amount of urine when directed, and it has been determined, through a required medical evaluation, that there was no adequate medical explanation for the failure;
- f) Failure or decline to take an additional drug test the County or collector has directed you to take;
- g) Failure to undergo a medical examination or evaluation, as directed by the MRO as part of the verification process, or as directed by the County;
- h) Failure to cooperate with any part of the testing process (e.g., refuse to empty pockets when directed by the collector, behave in a confrontational way that disrupts the collection process, fail to wash hands after being directed to do so by the collector);

- i) For an observed collection, failure to follow the observer's instructions to raise your clothing above the waist, lower clothing and underpants, and to turn around to permit the observer to determine if you have any type of prosthetic or other device that could be used to interfere with the collection process;
- j) Possessing or wearing a prosthetic or other device that could be used to interfere with the collection process;
- k) Admitting to the collector or MRO that you adulterated or substituted the specimen;
- l) When the MRO verifies your drug test result as adulterated or substituted.

Refusing to submit to a USDOT/FTA required test is a violation of the USDOT/FTA testing program. Employees are required to be immediately removed from safety-sensitive duty and provided a list of USDOT-qualified Substance Abuse Professionals (SAP). Per the County authority, violation of the USDOT/FTA testing program will result in termination of employment.

11) Urine Specimen Analysis

All specimens will be transported or shipped to a laboratory certified by the Department of Health and Human Services (DHHS). All specimens will be analyzed at the laboratory in accordance with 49 CFR Part 40, as amended. The procedures that will be used to test for the presence of prohibited drugs will protect the employee and the integrity of the drug testing process, safeguard the validity of the test results and ensure that the test results are attributed to the correct employee. Laboratory confirmed drug test results will be released only to a certified MRO for review and verification.

a) Negative-Dilute Specimens

Upon receipt of an MRO-verified negative-dilute drug test result with creatinine levels greater than 5 mg/dl and less than 20 mg/dl, the County will require applicants and employees to submit to a second urine collection per 49 CFR Part 40.197. The collection of the second specimen will not be conducted using direct observation procedures. The MRO-verified result of the second urine drug test will be accepted by the County as the final result and the test of record.

The County will apply this policy provision uniformly for all pre-employment and random urine drug tests reported by the MRO to have creatinine levels greater than 5mg/dl but less than 20mg/dl (negative-dilute results).

Once notified that a second collection is required, employees must proceed immediately for testing. An employee's failure to report immediately may be deemed as a refusal to submit to testing, which is a violation of the USDOT/FTA testing program. Per the County authority, violation of the USDOT/FTA testing program will result in termination of employment.

12) Role of the Medical Review Officer (MRO)

The role of the MRO is to review and verify laboratory confirmed test results obtained through a DOT-covered employer's testing program. When a non-negative drug test result is received, the MRO will communicate with the donor (employee) to determine if a legitimate medical explanation exists. When a legally prescribed medication has produced a non-negative result, the MRO will verify the prescription and report the result as "negative" to the County. Medical conditions and other information obtained by the MRO during the interview with the donor will be maintained in a confidential manner. However, if the MRO believes that a medication prescribed to the donor may pose a significant safety risk, the MRO will require the donor to contact his/her prescribing physician and request that the physician contact the MRO within five (5) business days. The MRO and prescribing physician will consult to determine if the employee's medication use presents a significant safety risk. The County will be notified by the MRO when the outcome of the consultation results in a determination that the donor's medication use presents a significant safety risk. If the employee's prescribing physician fails to respond, the safety concern will be reported to the County. Based on the MRO recommendation, the County may deem the employee medically disqualified from performing safety-sensitive functions. The MRO assigned to review and verify laboratory drug test results for the County is:

13) Consequence for MRO-Verified Positive Drug Test

When the County is notified of an MRO-verified positive drug test, or a test refusal due to adulteration or substitution; the violating employee will be immediately removed from safety-sensitive duty and provided a list of DOT-qualified Substance Abuse Professionals (SAP). Applicants will be excluded from hire and provided a list of DOT-qualified Substance Abuse Professionals (SAP). Per the County authority, violation of the USDOT/FTA testing program will result in termination of employment.

14) Split Specimen Testing

As an important employee protection, split specimen collection procedures will be used for all USDOT/FTA urine collections. When an employee challenges an MRO-verified result, he/she may request that the split specimen (bottle B) be tested at a different DHHS certified laboratory that conducted the test of the primary specimen (bottle A). Instructions for requesting the split specimen test will be provided by the MRO during his/her interview with the donor (employee). In accordance with USDOT rule, the County will ensure that the fee to process the split specimen test is covered in order for a timely analysis of the split specimen. The County may seek reimbursement for the cost of the split specimen test.

15) Alcohol Prohibition

Safety-sensitive employees are prohibited from consuming alcohol while performing safety-sensitive functions, within four (4) hours prior to performing a safety-sensitive function, or during the hours that they are on call or standby for duty. No safety-sensitive employee shall report for duty or remain on duty while having an alcohol concentration of 0.02 or greater.

Safety-sensitive employees must not consume alcohol within eight (8) hours following an accident or until the employee submits to post-accident testing, whichever occurs first.

16) Alcohol Testing

All alcohol screening tests and confirmation tests will be performed in accordance with USDOT rule, 49 CFR Part 40. The procedures that will be used to test for alcohol misuse will protect the employee and the integrity of the testing process, safeguard the validity of the test results, and ensure the test results are attributed to the correct employee.

When an alcohol-screening test indicates a blood alcohol concentration (BAC) of 0.02 or greater, a confirmation test will be performed using an evidential breath-testing device listed on the USDOT/ODAPC webpage as an "Approved Evidential Breath Measurement Device". The confirmed blood alcohol concentration (BAC) result will be transmitted by the technician to the County in a confidential manner. A safety-sensitive employee who has a confirmed blood alcohol concentration (BAC) of 0.02 or greater but less than 0.04 will be removed from safety-sensitive duties for a period of at least eight (8) hours or until test results fall below 0.02.

17) Consequence for a USDOT/FTA Confirmed Alcohol Violation

A safety-sensitive employee who has a confirmed blood alcohol concentration (BAC) of 0.04 or greater has violated the USDOT/FTA testing program and will be removed from safety-sensitive duty and provided a list of DOT-qualified Substance Abuse Professionals (SAP). Per the County authority, violation of the USDOT/FTA testing program will result in termination of employment.

18) Refusal to Submit to Alcohol Testing

The following actions constitute a refusal to submit to an alcohol test:

- a) Fail to appear for any test within a reasonable time, as determined by the employer, consistent with applicable DOT agency regulations, after being directed to do so by the employer;
- b) Fail to remain at the testing site until the testing process is complete;
- c) Fail to provide an adequate amount of saliva or breath for any USDOT required alcohol test;

- d) Fail to provide a sufficient breath specimen, and the physician has determined, through a required medical evaluation, that there was no adequate medical explanation for the failure;
- e) Fail to undergo a medical examination or evaluation, as directed by the County;
- f) Fail to sign the certification at Step 2 of the Alcohol Testing Form (ATF);
- g) Fail to cooperate with any part of the testing process.

Refusing to submit to a USDOT/FTA required test is a violation of USDOT/FTA testing program. APPENDIX A

Every specimen is required to undergo an initial screen followed by confirmation of all positive screen results. This screen-confirmation process utilizes highly sophisticated techniques to detect minute levels of prohibited substances in urine. The screening process will comply with federal regulations. Set forth below are current requirements, which are subject to change.

Federal drug testing rules require the use of immunoassay in the initial screening process. The following table shows the initial cut-off levels that are to be used by the laboratory when screening specimens to determine whether they are negative.

INITIAL TEST	TESTING LEVEL (ng/ml)
Marijuana metabolites (THC)	50
Cocaine metabolites	150
Opiates metabolites:	
Codeine/Morphine	2000
Hydrocodone/Hydromorphone	300
Oxycodone/Oxymorphone	100

All specimens identified on the initial screen must be confirmed by gas chromatography/mass spectrometry (GC/MS) at the cut-off levels shown in the next table. All confirmations must be quantitative in their analysis, which means that the specific, scientific level of drug contained in the collected specimen must be known.

CONFIRMATORY TEST	CONFIRMATORY TEST LEVEL (ng/ml)
Marijuana metabolites (THCA)	15
Cocaine metabolites (Benzoylecgonine)	100

CHAPTER XXIV – HEALTH CRISIS MANAGEMENT POLICY

Revised 05-04-2021

Section A – Pandemic Disease/Virus

1) Policy

The purpose of this policy is to provide employees with sufficient understanding of their employment related duties and responsibilities when a pandemic disease/virus has been determined. To minimize the effect of any disease outbreak, disease control measures may be ordered to include a broad array of actions: isolation and quarantine orders and social distancing measures are likely to be used.

The Okaloosa County Health Department Director will recommend activation and deactivation of contingency plans to County officials, and the County Administrator will determine when the provisions of this pandemic disease/virus policy become effective and end. During periods of pandemic disease/virus, the County Administrator shall have authority to vary from established policies and procedures to the extent necessary to carry on efficient operations of the county to include approving and authorizing separate pandemic and infectious disease policies related to departments with unique characteristics to be required to provide enhanced protective measures for the public and employees.

2) Staffing During a Pandemic

In the event of a pandemic disease/virus, staffing and backfill of existing positions will be of primary concern in order to provide essential services and other services to the public. In order to adequately meet the staffing needs, the following may occur:

- a) Approved leave may be rescinded.
- b) Employees may be required to work from home, may be assigned special duty, or be assigned to other work units, locations or shifts with minimal notice.

3) Leave and Pay During a Pandemic Disease/Virus

- a) Pandemic diseases/viruses are serious because most or all people would not have immunity and a large number of persons can be affected. In order to prevent the spread of disease/virus, the following measures will be taken:
 - i) Any employee with designated symptoms during a pandemic disease/virus epidemic will be required to stay at home to prevent the spread of disease/virus.
 - ii) Any employee who reports to work with designated symptoms during a pandemic disease/virus will be sent home upon approval of the department director or designee.

- iii) Administrative leave is not an entitlement but may be granted if a department is forced to close due to a pandemic disease/virus and those employees cannot be redeployed to another location. Administrative leave may also be considered for those employees forced to isolate or quarantine either due to exhibiting symptoms, potential exposure, or as a result of guidance issued from a healthcare professional in order to provide for the safety of the workforce and stop potential spread of the disease/virus. The decision to grant such leave and the length of the leave will be handled on a case by case basis as requested by the Department Director where the employee is assigned and as approved by the County Administrator or designee.
- b) A pandemic would not be a short, sharp event leading immediately to commencement of a recovery phase. Instead, a pandemic will be a weeks-long to months-long event, and there could be more than one wave of infections during a pandemic period. For these reasons, the emergency leave and pay procedures outlined in the Pay for Work During Emergencies or Disasters section of the Compensation Plan Chapter of this policy do not apply.
- c) To the extent possible, compensation provisions will not be suspended but may be streamlined in order to administer payroll in a timely manner. Employees are to ensure the appropriate pay codes are used in order to allow for proper documenting of time as applicable.
- d) In the event of day care and/or school closures:
 - i) Employees should have a family care succession plan in place and make every effort to come to work; however, in the event the employee cannot report to work, leave must be taken for time off in accordance with the Attendance and Leave Chapter.
 - ii) Employees will not be allowed to bring their children to work.
 - iii) Sick leave may not be used by healthy parents taking care of healthy children.

CHAPTER XXIX – COMMUNICATIONS POLICY

Section A – Purpose

The purpose of this policy is to establish the Information Technology Department as the responsible authority for directing technology and data management for the Okaloosa County Board of County Commissioners. This policy specifies or outlines the responsibilities of the Information Technology Department and of authorized users.

The purpose of the Information Technology Department is to provide and maintain an organized, shared information infrastructure that enables our County to share data, services and reduce duplication of effort. The management of technology and data in a coherent, organized county-wide effort is necessary to ensure limited money, resources, and time are wisely allocated and efficiently utilized to provide effective, efficient government in Okaloosa County.

A centralized Information Technology Department ensures users the maximum benefit of technology without having to acquire the expertise to setup, configure and maintain networks, operating systems, application software and databases. Therefore, employees are allowed to use computer equipment to do their jobs in the most efficient manner possible.

Section B – Scope and Applicability

All County employees, contract employees, contingent workers, volunteers, interns and vendors using County computer equipment shall use the equipment for authorized business purposes and in accordance with this policy. This policy does not cover the use of office automation equipment such as calculators, typewriters, radios or televisions unless these devices are attached to County computer equipment or the County network. All employees using computer equipment are required to read and comply with this policy. By using any item of computer equipment, County employees consent to all provisions of this policy.

Section C – Policy

The Information Technology Department is responsible for directing the management of all technology and data for the County. This policy defines the responsibilities of Information Technology Department personnel and of authorized users. Just as Information Technology Department personnel are not required to perform authorized users' jobs, authorized users are not required to perform Information Technology Department personnel jobs. Therefore, all employees can use computer equipment to do their jobs in the most efficient manner possible.

The Okaloosa County Board of County Commissioners' networks will be protected by one (1) or more firewalls which are controlled exclusively by the Information Technology Director. There will be no access to the County networks except through these firewalls without the expressed, written approval of the Information Technology Director. Conversely, there will be no access from within the County networks to resources outside the networks except through these firewalls or with the expressed, written approval of the Information Technology Director. The objective is to ensure that the Information Technology Department controls all access that exists either into or out of the network and to ensure that the Information Technology Department has the opportunity to enact acceptable

solutions that are consistent with security objectives of the County. Any network equipment utilized on County's networks must be configured by Information Technology Department personnel. County employees will not access another network, (e.g. Public Patron Internet or wireless networks) with County equipment or on County time.

Computer equipment, networks and data must be protected from internal sources as well as external sources. It is the responsibility of the Information Technology Director and each department director to ensure that each individual is given the access to the computer equipment and data that he/she needs to do his/her job. Department director approval is required, with the documented need for "at home" or off-site use. A current list of equipment at employees' residences must be kept by the respective department directors and submitted to the Information Technology Director. Conversely, it is the Information Technology Director and each department director's responsibility to allow employees access to only the computer equipment, networks and data that he/she needs to do his/her job. Therefore, only authorized computer equipment and peripherals purchased and/or supported by the County and approved by the Information Technology Department will be allowed to connect to County networks. For example, but not limited to, no Universal Serial Bus (USB) thumb drives, portable drives, cameras, video, telephones or wireless devices of any type are to be purchased or connected by any means without the Information Technology Department's approval. County users with "Aircards" or access to other wireless devices of this type (including when traveling) must be used for official County business only. Non-County devices must follow the guidelines and procedures established by the Information Technology Department.

It is the policy of the County that the use of the Internet by County employees is permitted and encouraged where such use is suitable for business purposes and supports the goals and objectives of the County and its departments. Employee access to the Internet must be with a browser installed by the Information Technology Department. The Internet is to be used in a manner that is consistent with the normal execution of an employee's job responsibilities. Computer networks designed for public use, such as wireless, the Library Cooperative, Conference Center and Airport patron Internets, are not for County employees' use on County time. Internet traffic must pass through firewall and filtering software. Exceptions are made for County employees travel with prior approval from the Information Technology Department.

All Okaloosa County electronic business communication should be completed primarily through County e-mail. "Transitory" refers to short-term value based upon the content and purpose of the message, not the format or technology used to transmit it. Examples of transitory messages include, but are not limited to, reminders to employees about scheduled meetings or appointments; most telephone messages (whether in paper, voice mail, or other electronic form); announcements of office events such as holiday parties or group lunches; and recipient copies of announcements of agency-sponsored events such as exhibits, lectures, workshops, etc. Transitory messages are not intended to formalize or perpetuate knowledge and do not set policy, establish guidelines or procedures, certify a transaction, or become a receipt.

Using a wireless communication device to text while driving presents an unsafe condition and employees shall not compose, read or send text or e-mail messages while driving.

Furthermore, County employees should have no reasonable expectation of privacy when texting from a County issued wireless device.

In addition, employees must reimburse the County for any cost of personal use upon department receipt of itemized billing.

In an effort to reduce staff time in reconciling monthly itemized cell phone bills to identify personal calls, employees may authorize a bi-weekly payroll deduction amount determined by the County Administrator to cover personal calls. The bi-weekly deduction will continue until such time the employee and department initiates an action to discontinue personal use.

Section I – Public Records

Information generated on e-mail and by computer is a public record subject to public inspection and is not confidential, unless specifically cited by statute. Users are responsible for assuring that any public records that are confidential by statute are safeguarded in a manner consistent with the practices normally provided for public records in a paper format.

As it is for all documents, requirements for retention of e-mail are determined by content. It is each department's responsibility to evaluate e-mail for content to determine the length of time and how the message must be retained, just as it does with paper documentation. Methods of retaining e-mail documents include saving messages to files on floppy disk, hard drive, or printing messages and filing in a paper file. The Information Technology Department is available to advise users in the specifics of different methods.
