

Data Collection Form

Part A: Project Information
(To be completed by all Proposers)

Okaloosa RESTORE Advisory Committee

Approved by the Okaloosa RESTORE Advisory Committee: December 4, 2014
Okaloosa County, Florida

1/17/2014

INTRODUCTION

The purpose of this data collection form is to assist Okaloosa County in prioritizing projects submitted for Direct Component (“Pot #1”) funds allocated from the Gulf Coast Restoration Trust Fund through the Resources and Ecosystems Sustainability, Tourist Opportunities and Revived Economies of the Gulf Coast States Act of 2012 (RESTORE Act).

The following terms are used in this data collection form:

- Applicant - the Okaloosa County Board of County Commissioners (BOCC)
- Project Proposer - the individual or organization completing this form
- Responsible Entity - the Okaloosa County BOCC

Prior to initiating this data collection form, it is recommended the Project Proposer download and review the entire form to understand the range of required information. Tools/data required to complete this form may include: permits, interlocal agreements, comprehensive plans, evidence of property ownership, and estimated project costs. Completing all required information in the collection form may require many hours; this will be a function of project complexity and proposer preparedness.

This data collection form differs from the U.S. Treasury Application Form (RESTORE Act Direct Component Guidance and Application to Receive Federal Financial Assistance; August 2014). This data collection form was designed to assist the Okaloosa RESTORE Advisory Committee (ORAC) in their task of developing a recommended list of potential projects for inclusion in the BOCC’s Multi-Year Implementation Plan (MYIP).

Projects that are identified for funding in the MYIP will require additional information from the Project Proposer. Although completion of Part C of this data collection form is not required at this time, the Project Proposer is encouraged to thoroughly review Part C to ensure the ability to fully comply with the minimum information required by the U.S. Treasury for project funding. If a proposed project is ultimately included in the approved MYIP, failure of the Project Proposer to then provide the required project information in Part C may preclude funding for that project.

Per RESTORE Act guidance, the responsible entity shall be solely responsible for the execution of each funded project, including procurement of professional services and/or construction services. The Okaloosa County BOCC (the responsible entity) reserves the right to delegate these services to sub-entities with the demonstrated capability to comply with all County and Federal procurement processes required by the RESTORE Act.

By proposing a project through this data collection form, the Project Proposer acknowledges there is no guarantee the proposed project will be funded. Further, the Project Proposer acknowledges no reimbursement or compensation shall be provided for completing the data collection form or any other activities associated with proposing a project.
